Discussion.

Supervisor Uhl requested that consideration of the foregoing bill be postponed for one week.

Supervisor Mead reported that the Finance Committee had given consideration to the bill, and that unless some reason for the requested postponement was shown, he would object to the postponement.

Supervisors MacPhee and Mancuso reported on the reasons prompting the Finance Committee to report the foregoing bill to the Board, with favorable recommendation.

Thereupon, Supervisor Uhl announced that he wanted to know why, shortly after approving the budget for the coming fiscal year, requests for appropriations from surpluses are being presented; he wanted to know how much money there is in surpluses at the present time; also what these requested funds from surpluses are being spent for.

Whereupon, Supervisor Mead withdrew his objection to postponement.

There being no objection, consideration was *postponed until Monday, June 5, 1944.*

Privilege of the Floor.

Mr. Fred Weidemann, president of the Parkside Improvement Club, was, on motion by Supervisor MacPhee, granted the privilege of the floor. Mr. Weidemann, on behalf of the Parkside Improvement Club, suggested that action on the foregoing bill be postponed, inasmuch as that organization is deeply interested in the various pieces of municipal property owned by the Board of Education in the Parkside District. The district is greatly in need of a library, a police station, playground, babies' aid, etc., and, since the various school properties are not suitable for school purposes, they might well be transferred to other city departments for other uses.

Thereupon, Supervisor MacPhee moved that consideration be postponed for two weeks, and that the City Planning Commission be requested for recommendation in the matter; also, that the Recreation Department, the Board of Education and the City Planning Commission be requested to be represented at that time to discuss the matter.

Supervisor Uhl requested that the Director of Property be requested to bring in list of other properties in the district now owned by the City and County.

No objection, and consideration *postponed until Monday, June 12, 1944.*

Requiring the Market Street Railway to Fulfill Its Paving Obligations as Indicated in C.A.O. Report and to Make Deductions From the Purchase Price Accordingly Irrespective of Negotiations for Purchase of Properties.

(Series of 1939)

Proposal No. 4030, Resolution No., as follows:

Whereas, the People of the City and County of San Francisco have approved the proposal for the purchase of the operative properties of the Market Street Railway Company and negotiations looking to the consummation of such transfer are now in progress, or presently will be undertaken, to acquire said properties for such sum not in excess of \$7,500,000 as the Mayor and the Public Utilities Commission by contract with the Market Street Railway Company shall agree to; and

Whereas, the cost to the Market Street Railway Company to comply with its paving obligations as prescribed under the terms of its permits and franchises, is estimated in varying amounts up to the sum of \$1,600,000, and there is on file in the office of the Board of Supervisors a communication from the Market Street Railway Company, dated January 12, 1944, confirming a verbal statement of its vice-president, Mr. L. V. Newton, to the effect that the company "contemplated during the year 1944 expending for track, paving and roadway maintenance and improvements a sum at least equal to that spent during the year 1943, namely, \$368,000.00"; and

Whereas, in any effective degree whatsoever, to endeavor to rehabilitate and make traversable the tracks of the Market Street Railway Company and the pavement adjacent thereto, it is imperative that at least the aforementioned sum shall be expended by the company this year, prorated by months and that negotiations for the purchase of the company's property shall not be permitted to interfere with nor deter this vitally necessary work; now, therefore, be it

Resolved, That this Board of Supervisors does hereby petition his Honor the Mayor and the Public Utilities Commission and does respectfully request, that the street paving program of the Market Street Rail-

way Company as indicated in its letter of January 12, 1944, be required to progress irrespective of the negotiations for the purchase of the company's operative properties; and be it

Further Resolved, That his Honor the Mayor and the Public Utilities Commission be requested to prepare and hold available, a current estimate of the outstanding obligations of the Market Street Railway Company for paving work agreed to be done this year in amount of \$368,000 and that at the execution of the contract for the purchase of the company's properties, such obligation shall be taken into account and a deduction, equal to the balance of such obligation, made from the price fixed as representing the value of the operative properties of the company intended to be purchased by the City and County of San Francisco.

Referred to Board with "Do Pass" recommendation.

Supervisors Mead and Meyer dissenting.

Supervisor Brown absent.

Discussion.

Supervisor Mancuso moved that the foregoing proposal be re-referred to committee, stating that he was so moving, as a result of statements made in committee by Supervisors Mead and Meyer, and following discussion with the Mayor and with Mr. Marshall Dill of the Public Utilities Commission.

Motion seconded by Supervisor Brown.

Supervisor Colman suggested that Supervisor Mancuso change his motion to provide for indefinite postponement rather than for re-reference to committee.

Supervisor Mancuso, however, stated that he did not believe indefinite postponement would accomplish the purpose desired. He understood from Mr. Marshall Dill that the Board would shortly receive from the Market Street Railway a letter confirming the letter of January 12, in which the company had signified its intention to spend \$368,000 during 1944 on street improvement.

Supervisor Uhl suggested that Supervisor Mancuso should be complimented for his interest in the matter.

Thereupon, there being no objection, the foregoing proposal was re-referred to Joint Finance and Public Utilities Committee.

Amendment.

Supervisor Gallagher, after explaining the purpose of the foregoing legislation, stating that it was intended to establish a Citizens' Defense Corps and abolish the Civilian War Council. It sets up the Mayor as Commander, and the Chief of Police would be the Director of Civilian Defense operations. However, there is one amendment to be made in the bill as presented.

Section 1, Paragraph (B), as presented, reads as follows:

(B) The Citizens' Defense Corps command shall meet monthly upon call by the Mayor, and at such other times as the Mayor shall designate.

The Mayor, Supervisor Gallagher stated, did not believe that monthly meetings were necessary. For that reason the word "monthly" should be deleted, as well as the words "and at such other times as the Mayor shall designate" and he would so move.

No objection, and amendment *approved*, making Paragraph (B) of Section 1 read as follows:

(B) The Citizens' Defense Corps command shall meet upon call by the Mayor.

The Bill, when approved, will eliminate all employments except a secretary that the Mayor may employ.

Thereupon, the roll was called, and Bill No. 2908, as amended and reading as above, was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent: Supervisor Green—1.

ANNUAL SALARY ORDINANCE

Fiscal Year Ending June 30, 1945

(Series of 1939)

Bill No. 2918, Ordinance No. 2743, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1945; continuing, and/or creating and/or establishing these positions; enumerating and including therein on the basis of the normal work week of 40 hours all positions of the officers and employees of the City and County of San Francisco and non-teaching and non-technical employees of the Unified School District created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation thereof, and fixing the methods of computation for payment for services rendered on regular schedules in excess of the normal work week of 40 hours; fixing the method of payment for overtime worked by monthly and per diem employees; and fixing compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year, and for temporary positions; and providing for the method of making effective retitling and reclassifications of positions by the Civil Service Commission pursuant to section 141 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1945. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized, subject to the provisions of this ordinance, to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance; but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such temporary or seasonal positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if the funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

Section 1.1. **Compensation Reserves:** Surpluses existing in appropriations made for personal services shall be transferred by the Controller to a "Compensation Reserve" in the fund of which the appropriation is a part.

Each "Compensation Reserve" is appropriated for the following purposes:

For adjusting the provision for the compensation of an office or a position wherein the amount provided for such compen-

sation is not sufficient to pay the officer or employee returning to such office or position from military or war leave the compensation said officer or employee is legally entitled to receive.

For providing the compensation for an office or a position wherein provision has not been otherwise made to pay an officer or employee returning from military or war leave to a regularly established office or position the compensation said officer or employee is legally entitled to receive.

For adjusting the provision for the compensation of an office or a position wherein the amount provided for such compensation is not sufficient to pay said officer or employee promoted or transferred to said office or position the compensation said officer or employee is legally entitled to receive.

Such amounts as may be required to carry out the above provision shall be transferred by the Controller to the related appropriation upon the request of the department head concerned and that of the Chief Administrative Officer, board or commission for departments under their respective jurisdiction.

Each such request shall require the prior approval of the Secretary of the Civil Service Commission.

No such transfer shall be made from one fund to another.

Surpluses existing in "Compensation Reserve" may also be used for the making of appropriation for other compensation requirements in the manner provided by Charter.

Section 1.2. The Civil Service Commission shall be notified immediately of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. The requisition for such service shall first be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, and the Public Utilities Commission, such action is necessary.

Section 1.3. Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1944-45 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

Section 2. Salary or wage rates herein specified are maximum gross compensations, based on an 8 hour day for per diem employees and 40 hour week for monthly employees, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid the entrance salary or wage fixed for such position in the schedule of compensations adopted by the Board of Super-

visors pursuant to the provisions of Section 151 of the Charter, or if no schedule of compensation has been adopted by the Board of Supervisors for the classification to which said position is allocated or classified, the person appointed to such position shall, pending adoption by the Board of Supervisors of a schedule of compensation for such position, receive the entrance salary or wage proposed by the Civil Service Commission for such position and shall remain at the said entrance rate during the current fiscal year; provided, however, that platform men employed in the Municipal Railway shall advance during the fiscal year in accordance with their seniority within the schedules established herein for their respective classifications.

Section 2.1. Method of Payment:

(a) Employees entering the municipal service in any of the specified classifications enumerated herein on or after July 1, 1944, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained; provided, however, that employees promoted within the service who receive in the lower class a salary higher than the minimum of the compensation schedule for the higher class shall not be reduced to the entrance rate of the promotive class, and provided further that employees transferring in accordance with Civil Service rules may transfer at their current salary. The compensations of all employees receiving less than the minimum of the schedules specified herein for their particular classifications shall be adjusted to the minimum on July 1. Every employee who entered the service by permanent appointment or was promoted in the service on or before July 1, 1943, shall receive on July 1, 1944, and annually thereafter on July first, the salary fixed for his years of service based on his original date of appointment to a permanent position in his present classification; provided, however, that for the fiscal year 1944-45 each such employee shall receive one full increment as established for his particular classification. Provided further that each employee entering the service by permanent appointment or being promoted in the service after July 1, 1943, shall receive on July 1, 1944, the entrance salary for his present classification, and shall receive annually one full increment increase as set forth in the compensation schedule established for his particular classification payable on the first day of the month immediately following his anniversary of employment or promotion; provided, however, that employees promoted in the service during the fiscal year 1943-44 and who are receiving a higher salary than the entrance salary for such promotive class shall not be reduced to the entrance rate of the promotive class and provided further that no annual increment for such employee shall be allowed if the granting of the increment will establish the compensation at a rate beyond which the employee is entitled by reason of accrued years of service in the class. No employee shall receive more than one salary increment annually except for adjustment to the proper step in the compensation schedule on the basis of seniority. No increase in compensation shall cause the salary of an employee to exceed the maximum fixed herein for his classification. No employee, eligible under the above provisions, other than those on military leaves, shall receive a salary increment unless he shall have received compensation for the major portion of the preceding fiscal year.

(b) Persons who have acquired permanent status in a position other than those on military leaves of absence, who are re-employed in the same positions after layoff or leave of absence shall be paid a salary or wage calculated on his years of service based on his original date of appointment to the permanent position to the date of his severance of service.

(c) Provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the prevailing Wage Resolution and in effect at the

time of the award of said contract shall be paid to employees performing work under such contract.

(d) **Intermittent Service:** Permanent employees or temporary employees in classifications for which compensations are fixed herein on a monthly basis, who work less than a five-day week of forty hours as regular condition of employment, and temporary employees in such classifications in positions which are intermittent in service or subject to irregular working schedules, shall be paid on a daily basis derived by dividing the normal monthly compensation by the factor 21.25 days. The Civil Service Commission shall determine which positions shall be subject to the provisions of this section.

Section 2.2. Hours of Work:

(a) Compensations fixed herein on a per diem rate are based on an eight-hour day.

(b) Except as otherwise provided herein, or in the salary standardization ordinance, compensations fixed herein on a monthly basis are based on an eight-hour day and a five-day week. In order that there shall be no diminution of service to the public it shall be the duty of the head of each department to stagger, arrange and assign the work of his department so that a skeleton crew will be on duty in each department which is required to be open on Saturday morning for the conduct of public business, and no officer or employee in such department shall work more than a five-day week, except as part of a skeleton crew to keep such office open on Saturday morning, and except as provided herein. Time worked on Saturday morning as part of a skeleton crew shall be compensated for by equal time off of one-half day in the same or succeeding week. Employees in Division R—Recreation Service and employees in Division X—Library Service may work the 40-hour week schedule within six days.

(c) **Night Shifts:** Seven and one-half hours per day and five days per week shall constitute the normal work day and week for calculating the compensations for employees whose compensations are fixed herein on a monthly basis and who work on night shifts. A night shift is any full time shift which commences after 2 p. m. and prior to 6 a. m.

(d) **Part-Time Services:** Except as provided in subdivision (e) of the salary standardization ordinance a daily work schedule of less than eight hours or a regular schedule of less than five days a week or a night schedule of less than seven and one-half hours shall be considered part-time employment, and compensations therefor shall be fixed herein at a rate based upon the full time rate for the classification, proportionate to the hours worked, with due regard to seniority of service. Provided, however, that these provisions shall not apply to physicians employed in their professional capacity on a call basis or on a regular consultant basis.

(e) **Split Shift:** A straight shift shall be considered as eight hours work within a spread of nine and one-half hours; a working shift of eight hours over a spread of nine and one-half hours, but not to exceed eleven hours per day shall be considered a split shift, and there shall not be more than one split in any one shift. Employees required to work a split shift shall receive fifty cents per day extra, except as provided by Section 125 of the Charter.

(f) **Holidays:** Monthly employees in the City and County service and non-teaching and non-technical employees in the Unified School District shall be allowed the following minimum number of holidays off with pay: New Year's Day, Independence Day, Labor Day, Admission Day, Thanksgiving Day and Christmas Day. Work on such holidays, and other legal holidays heretofore regularly recognized by departments in 1942, shall be considered as overtime worked; provided, however, that employees in services commonly operating seven days per week, who are required to work on any of the above legal holidays or other legal holidays recognized by employing departments in 1942, shall be allowed a day off in lieu of such holiday, in accordance with

the rules of the Civil Service Commission. Employees whose regular day off falls on one of these holidays shall be allowed another day off in lieu thereof.

Section 2.3. Regular Work Schedules of More Than Five Days of Eight Hours:

(a) Straight time payment shall be made for time worked on regular work schedules in excess of five days of eight hours up to and including six days of eight hours on day shifts, or after seven and one-half hours up to and including eight hours per day, and after five days of seven and one-half hours up to and including six days of eight hours on night shifts.

(b) Pursuant to the provisions of Section 4, Subdivision (f) of the Salary Standardization ordinance department heads may require occupants of the following specified positions the salaries for which are based on a monthly basis to work in excess of the five days and 40 hours for day shifts and five days of 7½ hours for night shifts for the number of hours hereinafter specified. Employees required to work in excess of the normal work weeks as above specified shall be compensated as follows:

Day Shifts:

44 hours, 10% above the compensation fixed herein for their respective classifications.

48 hours, 20% above the compensation fixed herein for their respective classifications.

Night Shifts:

40 hours, 6¼% above the compensation fixed herein for their respective classifications.

45 hours, 20% above the compensation fixed herein for their respective classifications.

48 hours, 27½% above the compensation fixed herein for their respective classifications.

Irregular working hours not specifically set forth herein shall be computed at straight time based on the normal work week of 40 hours.

Amendment.

Supervisor MacPhee, in explaining the foregoing proposal, stated that there seemed to be a question as to some of the properties listed therein, and the Finance Committee had been requested to reduce the price on which bids could be accepted for several of the properties. The Finance Committee would like to hear report from the Director of Property.

Mr. J. J. Phillips, thereupon, reported that he had been requested to report on only one parcel, No. 69. Referring to that parcel, on which originally the minimum acceptable bid had been set at \$2,982.94, Mr. Phillips stated that the property was, in his opinion, worth \$3,000, and that \$2,500 should be the minimum bid acceptable instead of the \$1,500, as tentatively set by the Finance Committee.

Thereupon, Supervisor MacPhee, seconded by Supervisor Uhl, moved that the minimum acceptable bid be set at \$2,500.

No objection, and motion carried.

Thereupon, the roll was called and the foregoing resolution, as amended, and reading as above, was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Absent: Supervisors Gartland, Green—2.

Discussion.

Supervisor Uhl announced that at the meeting of May 29, 1944, at which time he had moved for postponement of consideration of the foregoing bill, and the two bills immediately following, he was concerned with the prospective high tax rate, and proposed appropriations from surpluses which, if not dissipated, would relieve the taxpayers of some of their burden.

Mr. Vansano, Director of Public Works, informed the Board that

from the requested \$12,800 appropriation, only \$2,000, for the purchase of a planer, with motor, would come from tax funds; the other items would come from the County Road Fund. The purchase of the planer would save at least \$1,000 per year in cost of work which the department could not now do.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

May 29, 1944—Consideration continued until Monday, June 5, 1944.

Discussion.

The Controller, on request by Supervisor Uhl, in connection with proposed appropriations from surplus, and, as he said, without speaking on the merits of any of the proposed appropriations, reported that the Annual Appropriation Ordinance contemplates a total surplus in the General Fund of \$1,750,000. By whatever sum that amount is reduced, the tax rate will be adversely affected.

Supervisor Uhl opposed the appropriation. The transfer of this amount to the General Fund would result in a saving in the tax rate, and a corresponding reduction in the taxpayers' burden. The Chief Administrative Officer has requested that the bill be re-referred to committee, and he would so move. Motion seconded by Supervisor Sullivan.

Supervisor Mead, in discussing the bill, pointed out that the San Francisco Hospital was a very important institution, and must be kept up. However, he wondered if the Health Department could secure the necessary priorities. He would like an answer to that question, and he would like to hear from the Chief Administrative Officer himself before he would vote for re-reference to committee.

Subsequently during the proceedings, the Chief Administrative Officer announced that some priorities were being obtained, although not all requested. It is believed that during the coming twelve months priorities will be obtained. Unless the plumbing work is done, the maintenance cost of the hospital will increase during the coming fiscal year. He did not think it good business not to make the necessary improvements.

Supervisor Colman realized that each appropriation made would eat into the \$1,750,000 surplus mentioned by the Controller, and so would increase the tax rate, and suggested that if practicable the requested \$116,000 be cut in half. He believed departments should be discouraged from requesting last minute appropriations.

Supervisor MacPhee held that the Supervisors were strong enough to stand up under any demand for raids on surplus. However, he was rather reluctant to do anything about cutting out hospital expenditures. The appropriation should be approved in its entirety.

Mr. Moran and Mr. Adams, representing the Department of Public Health, stressed the importance of the requested improvements. It would not be practical to cut the appropriation in half and so perform only half the work during the current year.

Supervisor Uhl again expressed his opposition to the proposed appropriation, and urged that the matter be re-referred to committee.

Thereupon, the roll was called and the motion for re-reference to committee *failed* by the following vote:

Ayes: Supervisors Colman, Gallagher, Uhl—3.

Noes: Supervisors Brown, MacPhee, Mancuso, Mead, Meyer, Sullivan—6.

Absent: Supervisors Gartland, Green—2.

Whereupon, the roll was again called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Mead, Meyer, Sullivan—8.

No: Supervisor Uhl—1.

Absent: Supervisors Gartland, Green—2.

Providing for the Amount Per Day for Traveling Expenses of Officers and Employees on Official Business During the Fiscal Year 1944-1945.

(Series of 1939)

Bill No. 2923, Ordinance No., as follows:

Providing for the amount per day for traveling expenses of officers and employees on official business during the fiscal year 1944-1945.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1944-1945 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County, or for the purpose of rendering any service to or for the City and County, or for the purpose of officially representing said City and County, or any board, commission, office or department, shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, if any, together with an amount for living expenses not to exceed twenty (\$20) dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion, provided, however, that at the option of the person authorized to leave the City and County of San Francisco on official business, travel may be accomplished in the State of California by such means as the person so authorized deems proper. In extraordinary or emergency cases, transportation to points outside the State of California may be contracted in the most expeditious and expedient manner.

Section 3. The number of days, which shall be used as the basis for computing the allowance for expense other than transportation hereunder shall not exceed the number of days required in traveling and in attending to the business or to the purpose for which the trip is made. Provided, however, that if necessary, two (2) additional days be allowed to consummate traveling arrangements and that days taken up by unavoidable accidents or illness while en route and certified to by a duly licensed physician or surgeon, shall be construed as days devoted to official business.

Section 4. The Controller shall establish rules for the payment of all amounts payable pursuant to Section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

Section 5. The Controller shall advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten (10) days after said person returns to duty in the City and County of San Francisco.

Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee explained the foregoing bill. While the per diem amount that may be spent while traveling on official business is set at \$20 per day, it does not mean that such amount must be appropriated; the bill merely permits such expenditures.

Supervisor Mead urged approval of the measure. There is every justification in considering the matter at this time, and there should be no argument against it, in view of the increased costs of everything. Fifteen dollars per day is not sufficient for city officials to travel in the manner in which they should. Of course, if there are officials who desire to pay their own expenses, that is their right.

Supervisor Colman disagreed with the views expressed by Supervisor Mead. Fifteen dollars per day, in addition to railroad and Pullman fares, he held, was a very liberal allowance, and he would move, as an amendment, that the amount of \$15 be substituted in place of the amount of \$20. Motion seconded by Supervisor Gallagher.

Supervisor Brown suggested that the amendment was out of order, inasmuch as the present ordinance provides for \$15 per diem expenses,

The Chair, however, ruled that the amendment was in order, since the travel expense ordinance must be passed each year.

Supervisor Brown spoke in favor of the bill as presented. His own experience indicated, he stated, and he was obliged to do a great deal of traveling for his own business, that costs have risen—food, hotel rooms and all the other incidentals. He agreed with the position taken by Supervisor Mead, who had stated in his argument that if \$15 per day were adequate at the present time it was more than adequate in the past. The increase in the allowance was in order and he hoped the measure would pass.

Supervisor Mancuso also supported the proposed legislation.

Thereupon, the roll was called and the motion to reduce the amount for travel from \$20 to \$15 per day was *defeated* by the following vote:

Ayes: Supervisors Colman, Gallagher, Uhl—3.

Noes: Supervisors Brown, MacPhee, Mancuso, Mead, Meyer, Sul-livan—6.

Absent: Supervisors Gartland, Green—2.

After further brief discussion, the roll was again called and the fore-going legislation was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, MacPhee, Mancuso, Mead, Meyer, Sul-livan—6.

Noes: Supervisors Colman, Gallagher, Uhl—3.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The failure of the holder of any permit to operate a gasoline supply station for a period of six months as provided for in Section 331, Chapter IV, Part II, of the Municipal Code, which failure is due to the present existing war emergency, shall not be any ground for the revocation of the permit to operate said gasoline supply station and during the period of time which said gasoline supply station is not operated by reason of the present war emergency no license fee shall be charged against the holder of said permit to operate said gasoline supply station.

Section 2. Before the holder of any permit, issued pursuant to the provisions of Section 331 above mentioned, shall be exempt from the payment of a license fee, the holder of said permit shall file with the Bureau of Licenses in the office of the Tax Collector an affidavit stating

that said gasoline supply station is not in operation and the reason for the non-operation thereof.

In Memoriam—Captain William F. Drew.

(Series of 1939)

Supervisor Colman presented:

Proposal No. 4064, Resolution No. 4033, as follows:

Whereas, Captain William F. Drew, medical doctor attached to the 59th Evacuation Hospital, Affiliated Unit of the San Francisco Hospital, was, while stationed at Palermo, Sicily, called from warfare to Eternal Peace; and

Whereas, Captain Drew, son of William J. Drew, the beloved former principal of Mission High School, was a graduate of Stanford University and after having served his internship at San Francisco Hospital and qualifying in post-graduate work at the Cleveland Clinic Foundation, returned to San Francisco to join "the 59th" which was organized and, for some time, commanded by Dr. J. C. Geiger, San Francisco's Director of Public Health; and

Whereas, Captain Drew participated in the action at Casablanca and later, serving with naval amphibious forces, landed with the American Army of Invasion in Sicily; and

Whereas, the expressed sentiments of all those who knew Doctor and Captain Drew characterize him as a doctor of unusual ability, a soldier of the highest caliber and such a man as is loved by men and by God; and

Whereas, while there will ever be with us the cherished memories of Doctor Drew and of his kindly nature and merciful ministrations, these cannot compensate for his untimely loss to the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors observes with deepest regret the passing of Captain William F. Drew and takes this opportunity to convey to his loving wife, to his venerable father and to the other members of his family, expressions of deepest sympathy and regret; and be it

Further Resolved, That when the Board adjourns this day, it does so out of respect to the memory of Captain William F. Drew; and be it

Whereas, the present year of 1944 makes exactly 175 years since San Francisco Bay was thus discovered; now, therefore, be it

Resolved, That the City of San Francisco, through the Board of Supervisors, commemorates this year and calls same to the attention of all our citizens, school children and particularly to students of early San Francisco history; and be it

Further Resolved, That copies of this resolution be sent to the Board of Education, the Superintendent of Schools and to the press so that

(Series of 1939)

Supervisor Colman presented:

Proposal No. 4067, Resolution No. 4035, as follows:

Whereas, the San Francisco Bay Area is a critical region vastly expanded by war upon which problems of the post-war future will rest most heavily; and

Whereas, problems of this region are too big for one county or municipality to solve alone and will require the coordinated effort of nine Bay Counties to avoid dangers of post-war unemployment and to realize the opportunities which lie ahead; and

Whereas, the State of California, through its Reconstruction and Re-employment Commission, is the appropriate agency to direct this effort as it relates to regional development of new industries, world trade, construction of airports, aviation facilities, freeways, rapid transit and all matters that affect our post-war community interests; now, therefore, be it

Resolved, That the Clerk of this Board be and he is hereby directed to wire Governor Earl C. Warren and ask that the special session of the Legislature, meeting June 5th, act to establish a Bay Area office of the State Reconstruction and Re-employment Commission for the purposes indicated in the foregoing resolution.

Referred to the Public Utilities Commission.

Enforcement of Franchise Obligations.

Supervisor MacPhee, reporting for the Finance Committee, suggested, as result of study of Report by the Chief Administrative Officer of report submitted by him on franchise and permit obligations for bridges, tunnels, overhead structures, etc., that the Clerk be instructed to request the Chief Administrative Officer to prepare such legislation as is necessary to transfer authority to him for the purpose of seeing that the obligations imposed by franchises and permits are lived up to, that the public safety is protected at all times, and to see that the people who had the responsibility for the maintenance of such bridges, tunnels, overhead structures, etc., fulfil the provisions of their franchises and permits. The Board, at least, should request the views of the Chief Administrative Officer on the matter.

Urban Redevelopment.

Supervisor MacPhee reported that the Public Buildings, Lands and City Planning Committee would resume its consideration of urban redevelopment on Friday, June 9, 1944, at 4:00 p. m. Since it was desirous that the matter be considered by the County Supervisors Association, at its convention, it was important that the Board give the matter proper consideration. For that reason, he would ask that the subject matter be made a special order of business for Monday, June 12, 1944, at 2:30 p. m.

No objection, and so ordered.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:00 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors June 19, 1944.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Urban Redevelopment.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4078, Resolution No., as follows:

Whereas, the City Planning Commission of the City and County of San Francisco, pursuant to Resolution No. 4004 (Series of 1939), adopted by the Board of Supervisors on May 22, 1944, has outlined a proposal which would give San Francisco and other cities in the state authority to acquire and have redeveloped certain blighted and slum areas; and

Whereas, in a report recently submitted to Congress, it was stated that in the average large city, slums and badly blighted districts represent about 20 per cent of the residential area; that they have 33 per cent of the population, 45 per cent of the major crimes, 60 per cent of the juvenile delinquency, 50 per cent of the arrests, 60 per cent of the tuberculosis victims, 50 per cent of disease, 35 per cent of the fires; that this small section gets 45 per cent of the appropriations for city service, but contributes only 6 per cent of the real estate tax revenues; and

Whereas, the outline of the City Planning Commission indicates that no city in California can develop an effective cure for these urban cancers under present laws; and

Whereas, San Francisco has much to gain from the systematic improvement of its older central areas after the war; and

Whereas, such activities will redound to the benefit of labor, capital and will result in improved housing standards for our citizens; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors does hereby record itself as favoring in principle the proposal outlined by the City Planning Commission and does urge the adoption of a legislative bill to accomplish the general purposes of said proposal; and be it

Further Resolved, That the City Planning Commission shall be authorized and requested to maintain contact with local agencies through-

out California interested in urban redevelopment, with the League of California Cities, County Supervisors' Association, and any other individuals, corporations or jurisdictions to the end that San Francisco shall be fully informed on the progress of these vital proceedings; and be it

Further Resolved, That a copy of this resolution be forwarded, together with the outline, to all Assemblymen and Senators in the State of California.

We Need Urban Redevelopment Legislation in California.

Supervisor MacPhee, in support of his proposal, presented the following:

(The City Planning Commission, pursuant to resolution of the Board of Supervisors, May 22, 1944, has outlined a bill which would give San Francisco and other cities in the State authority to modernize old, outmoded central areas.)

Blighted districts, slums, and areas of low-value, useless property exist in almost all cities of California. They block civic progress and handicap business. Buildings are in various stages of decay. They fall down and burn up, endangering life and other property. Housing is bad and family life crowded, insanitary, and disagreeable. People leave such areas for the suburbs.

In a report recently submitted to Congress it was stated that in the average large city, slums and badly blighted districts represent about 20 per cent of the residential area. They have "33 per cent of the population, 45 per cent of the major crimes, 60 per cent of the juvenile delinquency, 50 per cent of the arrests, 60 per cent of the tuberculosis victims, 50 per cent of disease, 35 per cent of the fires." This small section gets 45 per cent of the appropriations for city service, but contributes only 6 per cent of the real estate tax revenues.

These figures are adjusted averages and are, therefore, not wholly applicable at the present time to San Francisco. The need for both preventive and constructive action can be seen here, however.

No city in California can develop an effective cure for these urban cancers under present laws. This State has not provided its cities with adequate legislative authority for the redevelopment of these low-grade spots. Power must be granted to enable cities to assemble land in these areas, to clear out ugly, old buildings, to redesign and rebuild the street system, and to bring centrally-located properties back into high-grade productive uses.

We are troubled in San Francisco by the drift to the suburbs. Men and women who want a home in a neighborhood of distinction and dignity are being encouraged to leave the city. This can best be

stopped by an aggressive attack upon property blight and decay. The older, close-in areas can be made habitable, and much more attractive than they are now. We can even make them suitable for families with children.

The demand for action and the specific program for improvement of substandard areas should come from officials of the City itself. The whole future of San Francisco may rest upon our ability to reclaim such property. Suitable legal tools are needed, however, for this type of civic improvement. Altogether eight states have enabling legislation permitting corporations to be formed to eliminate blight, and to undertake redevelopment of low-grade, central areas.

Almost all these acts in other states, however, have remained unused. They stress, and control, the private, profit-making aspects of rebuilding. They leave responsibility for action largely to redevelopment corporations. Private interests are expected to provide most of the money. Legal power for the condemnation of the needed land, however, is given to the City. The City is empowered to take property from one group of owners and turn it over to another group. The redevelopment corporation chooses the area where in its judgment the greatest advantage will result. Public interests, the welfare of future citizens, and the rights of present owners in the area are not adequately protected in many of these acts.

Two efforts have been made to carry out private redevelopment projects: One in New York and one in Illinois. Legal questions, based largely upon the right to condemn private property for these purposes, were raised in both states, and an adverse decision was rendered in Illinois. The New York law was upheld in one case, but other suits are pending. It is doubtful if any activity will take place in other states until some of these basic legal questions are settled.

California needs a bill which will give counties and cities full authority to redesign and rebuild substandard areas. A draft bill reflecting the interests of San Francisco in this problem has been prepared. It avoids the errors of older legislation, will meet court tests, and may serve as a model for other states. It will be submitted to the League of California Cities, and to the County Supervisors Association for their support. Action in the 1945 Legislature is contemplated.

The major features of the bill as drawn are as follows:

Being an enabling act, the law must be broad enough to cover the widely varying needs and conditions in cities throughout the State.

Joint public-private action is encouraged; the City would have responsibility for initiating action, buying or condemning land when necessary and making land available for private development and use.

Land acquired for redevelopment with public funds may be sold or leased, or held for public use.

Final decisions on all matters will be made by local elected officials, the Board of Supervisors or city council, the various departments or agencies of the City, performing appropriate tasks in the development of project plans.

California has excellent planning legislation. This bill recognizes the system of city planning now in operation throughout the State and makes the redevelopment of areas in cities part of the process of carrying out the Master Plan.

The question whether use of the power of the City to condemn land for redevelopment is a public purpose is answered by (a) placing responsibility for initiating action upon the municipality, (b) requiring the municipality to develop and present facts showing the need for action, (c) relating the redevelopment program to the Master Plan, (d) establishing

public standards which will assure better living and working conditions in the City, (e) making the enterprise obviously beneficial to the public as well as to private business and industry and, (f) providing for the retention of certain areas or rights in land for public use.

The bill would authorize any agency, public or private, individual or corporate, to undertake a redevelopment project if it has funds and is willing to conform to an official public plan for the area.

Profits from the project would not be limited or under close scrutiny as in other states; public authorities will have to determine in each case whether the results secured justify the public expenditure.

Maximum returns from the standpoint of both public and private interests would depend upon the planning of each project. The procedure outlined would bring all arguments over costs, benefits and advantages into the open.

The bill would permit areas to be used for housing, business, industry, or mixtures thereof and would authorize redevelopment of substandard subdivisions and land under water.

Public housing could be provided to the extent deemed necessary; the procedure for determining policies in such matters would be under the local legislative body.

Provision would be made for the receipt of grants from the State or Federal government for housing for ex-service men; some redevelopment projects could be war memorials.

Redevelopment, as outlined, is recognized as the beginning of a long process of reshaping and modernizing the old city. Each project is in effect a stone laid in the foundations of a new and better city. We must know where we are going, however. The City has centuries ahead of it and its future can now be deliberately planned.

We should plan and direct the rebuilding process, however, so as to avoid as far as possible any repetition of the errors of the past. The new parts of the City that we build must be much better than the part we tear down.

The progressive elimination of structural decay, property blight and bad housing must have a prominent place in our post-war civic improvement program. When our men return from war we must have a planned work program for them. This attack upon older districts may well be our best answer to prospective unemployment. We can put our ex-service men into useful jobs and make good homes for them by this means.

Legislative ways must be opened for more effective joint public-private action in this field. Public funds will be required but private capital can be induced to assume a large part of the burden of building and rebuilding these areas.

The interest of San Francisco in its own future development justifies the preparation of a draft bill for consideration in the Legislature. We want a measure that will be suitable for use in this city. Housing agencies, real estate groups, contractors, labor unions and service men are all concerned. Other cities are also interested. We propose to lead in this progressive movement, because San Francisco has much to gain from the systematic improvement of its older central areas after the war.

Discussion.

Mr. Tilton, in answer to questions by Supervisor Brown, as to the availability of private capital for development of sites, stated that there have been bills introduced in Congress setting up federal funds for

this type of improvement and that a formula could be developed that would be a protection to private capital.

Supervisor Brown then stated that he understood the procedure would be to clear a site and then to seek private capital for development of the site.

Mr. Raymond Smith of the Real Estate Board urged approval of the plan. It is purely enabling legislation. The Board of Supervisors should endorse the philosophy of urban rehabilitation. If the legislation is satisfactory there will be unlimited private capital.

Supervisor Green held that private enterprise did not enter into the matter at all.

Supervisor MacPhee stated that the resolution presented would merely approve a tentative outline. In the tentative plan there is no subsidy set up, as claimed by Supervisor Brown, except that the Board of Supervisors is permitted to sell land at less than its cost.

Mr. Carroll Newburgh, speaking for the Apartment House Industry, requested that in presenting its views to the State Legislature, the Board of Supervisors decline to accept any form of subsidized housing. The Associated Home Builders, he asserted, felt the same way. The Apartment House Industry was opposed to the control of large areas by large holding companies, thus eliminating many private ownerships. There should not be any subsidizing program for financing large companies.

Supervisor Brown moved that the matter be taken into the hands of the Board.

No objection, and so ordered.

Thereupon, Supervisor Brown read from the Fifth Annual Report of the Housing Authority of San Francisco, in which the purpose of slum clearance and the demolition of substandard dwellings were stated. This proposal, continued Supervisor Brown, would provide subsidies for slum clearance, the same as the low cost housing units. He was opposed to the proposal, the same as he was to the low cost housing. Thereupon, he suggested that further consideration be postponed for six months or more, until the Legislature should convene.

Supervisor MacPhee announced that the low cost housing, as mentioned by Supervisor Brown, has no part in the proposal before the Board. The only matter before the Board is approval of tentative enabling act.

Supervisor Mancuso called attention to the first "Resolve" in the proposal, as presented, reading as follows:

"Resolved, That the San Francisco Board of Supervisors does hereby record itself as favoring the proposal outlined by the City Planning Commission and does urge the adoption of a legislative bill to accomplish the purposes of said proposal."

He then moved it be amended by inserting therein, after the word "favoring," the words "in principle," and before the words "purposes of said proposal," the word "general," making the paragraph read as follows:

"Resolved, That the San Francisco Board of Supervisors does hereby record itself as favoring in principle the proposal outlined by the City Planning Commission and does urge the adoption of a legislative bill to accomplish the general purposes of said proposal."

Motion seconded by Supervisor MacPhee.

Supervisor Brown, thereupon, expressed his views that the matter before the Board was a most serious one, and should receive serious consideration. There should be a postponement in order to afford the

opportunity for further hearing, and he would move, therefore, a postponement of eight weeks. Motion seconded by Supervisor Green.

Supervisor MacPhee opposed any delay. It was desired to get the matter before the County Supervisors Association. Several meetings were held on the subject, at which discussions were held and both sides of the question heard.

Supervisor Meyer, in discussing the matter, stated if the proposed legislation would provide better housing, more light, more garden space, etc., and would induce people to return to San Francisco, he would be in favor of it. A movement in that direction should be undertaken.

Supervisor MacPhee further pointed out that any urban rehabilitation should be by private capital. The Housing Authority can condemn property now.

Supervisor Mancuso raised a point of order, stating that Supervisor Brown's motion for postponement was out of order, because of his motion to amend.

The Chair ruled that Supervisor Brown's motion to postpone was in order, and that it took in the entire matter.

Thereupon, Supervisor Mead declared that he could not vote intelligently on the motion to postpone without certain information. He desired the views of Mr. O'Brien of the Housing Authority as to the position of the Authority in the matter.

Whereupon, Mr. O'Brien stated that he understood that the Housing Authority was expressly excluded from the matter before the Board.

Supervisor Meyer opposed postponement, inasmuch as postponement would preclude any possibility of taking up the matter at the County Supervisors meeting.

Supervisor MacPhee also expressed opposition to postponement for the same reason.

Supervisor Uhl opposed postponement, stating nothing could be gained by such postponement. He believed the proposed legislation was a step in progress.

Supervisor MacPhee, in further opposition to the motion for postponement, declared that the time for Supervisor Brown to bring to the Board the opponents of the proposed urban rehabilitation would be when the Board has before it a plan for an actual subsidy. If his objections then are worth while, the Board will support him.

Supervisor Brown disagreed with the views expressed by Supervisor MacPhee, stating that the time to object is when the Board goes on record in favor of a subsidy, which will be right at the present time, if the Board is to approve the resolution before it. While it is true that the Board is not to enact a subsidy at the present time, it is requested to endorse a plan by the City Planning Commission which calls for a subsidy.

Thereupon, the roll was called and the motion to postpone further consideration for eight weeks *failed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Green—4.

Noes: Supervisors MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—6.

Absent: Supervisor Colman—1.

Whereupon, the roll was again called and the motion by Supervisor Mancuso to amend the first "Resolve" in the resolution *carried* by the following vote:

Ayes: Supervisors MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—6.

Noes: Supervisors Brown, Gallagher, Gartland, Green—4.

Absent: Supervisor Colman—1.

The roll was again called on adoption of the proposal, as amended, as follows:

Ayes: Supervisors Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—7.

Noes: Supervisors Brown, Gallagher, Gartland—3.

Absent: Supervisor Colman—1.

Reconsideration.

Before the result of the foregoing vote was announced, Supervisor Brown changed his vote from "No" to "Aye" and moved for reconsideration. Motion seconded by Supervisor Gallagher.

The vote then stood:

Ayes: Supervisors Brown, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—8.

Noes: Supervisors Gallagher, Gartland—2.

Absent: Supervisor Colman—1.

UNFINISHED BUSINESS.

Said market shall be known as the Farmers' Market and its upkeep and maintenance shall be financed by fees charged to producers

who utilize the facilities of said market and by such other funds as may be appropriated therefor in accordance with the budgetary procedure of the Charter; provided that no appropriation shall be made for capital expenditures beyond the amount to be appropriated for the establishment of said market and for its maintenance for the fiscal year 1944-1945, except from the income of said market and then only by appropriation from said income made in accordance with the budgetary procedure provided in the Charter.

Section 2. Said Farmers' Market may be established at that certain site at the intersection of Market Street and Duboce Avenue heretofore used for said purpose or at any other suitable location owned by the City and County.

Section 3. The operation of said Farmers' Market, when established, shall be administered by the Chief Administrative Officer or shall be placed by him under such department under his jurisdiction as he shall deem proper.

Section 4. The Chief Administrative Officer shall appoint a committee of three consisting of a member selected from the fruit and vegetable industry in the City and County of San Francisco, one member who shall represent the producers of fruit and vegetables disposed of at said market and one member shall be selected from the members of the Board of Supervisors and all of said members shall hold office only at the pleasure of the Chief Administrative Officer. Said committee shall advise with the Chief Administrative Officer or with the department head in charge of said market as to the general policies under which said market shall be conducted and generally as to the character and nature of the products to be disposed of therein. Said Chief Administrative Officer shall investigate all recommendations made by said committee and if he deems them proper shall order said policies carried out in said market.

Section 5. All products sold or disposed of or offered for sale in said market shall be subject to inspection by the agricultural department of the City and County of San Francisco to the same extent as like products are subject to inspection when offered for sale by private individuals, firms and corporations.

Section 6. Fees shall be charged to the sellers of all products sold at said Farmers' Market, the amount of which fees shall be fixed by the Board of Supervisors by resolution on the recommendation of the Chief Administrative Officer and the approval of the Controller.

The fees recommended by the Chief Administrative Officer shall be such as according to estimate will be sufficient to pay the operating costs and expenses of said market, and in addition thereto repay to the City and County of San Francisco within the period of two years from and after the date of the establishment of said market any capital expenditures appropriated for said market.

Section 7. The Chief Administrative Officer is hereby authorized to make such rules and regulations as he shall deem proper for the conduct of said market and for the maintenance of sanitary conditions therein and for the identification of persons offering products for sale in said market, which said rules shall not be in conflict with the provisions of this ordinance but shall be in furtherance thereof. Said rules shall be posted in a conspicuous place in said market and when so posted shall be deemed to be promulgated by the Chief Administrative Officer and shall thereafter have the same force and effect as though included in this ordinance.

Section 8. Sales of products made in said market shall be limited to surplus or distressed fresh fruits and vegetables and said products shall be sold or offered for sale only by the grower thereof or by members of his immediate family or by his bona fide employee who is permanently employed in and about the farm or place where said seller

produces said products. No commission shall be paid by the growers or received by other persons involved in the transactions occurring at said market, except such commissions or fees as are paid at said market for the privilege of selling the products thereat.

Section 9. All federal, state laws and regulations, as well as all local ordinances and regulations, applicable to said market and the products offered for sale therein shall be complied with by the seller, and growers utilizing the facilities of said market shall keep the premises used by them in a clean and sanitary condition and shall remove all fruit and vegetable cuttings, trimmings and wrappings and containers at the close of each day.

Section 10. The days and hours during which said Farmers' Market shall operate shall be fixed by the rules and regulations adopted and promulgated by the Chief Administrative Officer, provided that said market shall not operate on Sunday.

Section 11. Any person who makes sales at the Farmers' Market or offers produce for sale in said market and who represents himself falsely as the grower of the produce sold or offered for sale, or holds himself out as a member of the grower's family or as a bona fide employee of the grower, and any person who contracts or arranges with any other person to sell or offer for sale at said market any produce except as provided in this ordinance shall be guilty of a misdemeanor and shall be punished accordingly, and in addition to such punishment said violator may be barred by the Chief Administrative Officer from further use of the facilities of said market.

Section 12. The Chief of Police is authorized to enforce the penal provisions of this ordinance.

Action Rescinded.

Following the foregoing action Supervisor MacPhee announced that there was opposition to the measure, and moved that the Board's action be rescinded so that interested citizens might be heard.

No objection, and action *rescinded*.

Thereupon, on motion by Supervisor MacPhee, Mr. John Brucato was granted the privilege of the floor.

Mr. John Brucato objected to the words "surplus" and "distressed" as used to describe fruits and vegetables. Without a definition of those words the ordinance cannot be enforced, and so is objectionable. The words should be deleted, or proper definitions should be incorporated in the ordinance.

Mr. George Gerhard of the Civic League of Improvement Clubs agreed with the views expressed by the previous speaker. The terms "surplus" and "distressed" should be appropriately defined or deleted. He objected, also, to a member of the Board of Supervisors acting on the Advisory Committee.

Supervisor Mead pointed out that for some time an effort had been made to define the terms in question. The Chief Administrative Officer has agreed to delete the member of the Board of Supervisors, referred to. Legislation to provide for such elimination has been prepared for consideration of the Board. The Chief Administrative Officer himself will be the deciding factor when the two members of the Advisory Committee disagree. The principal issue involved in the getting of the market started. The foregoing legislation should be finally passed.

The Chief Administrative Officer pointed out that, as originally drafted, the ordinance did not mention surplus and distressed fruits and vegetables. However, it was thought advisable that the words be inserted. He would attempt to administer the ordinance as now written. If he should have any difficulty he would come back to the Board.

Miss Whitehead, representing the Women's Chamber of Commerce, remarked that including the terms "surplus" and "distressed," the burden of everything would fall on the Chief Administrative Officer. The main concern should be protection to the consumer and to the legitimate producers and distributors. The produce merchants contend that no surplus or distressed crops have ever existed. Now they want the terms included in the ordinance.

Mr. Gatty, representing produce merchants, denied that the merchants had stated that no surplus or distressed had ever existed. Their claim is that no such crops exist at the present time. The enabling act states that the market should be established to take care of surplus and distressed products. The produce merchants do not oppose the market; they oppose only one phase of it, and that is the use of public funds.

Thereupon, the roll was called and the foregoing bill was again *Finally Passed* by the following vote:

Section 4. Whenever any board, commission or officer shall request the Treasurer to sell any stocks, bonds or other securities held by or under the jurisdiction of said board, commission or officer, and said board, commission or officer shall fix a price below which said stocks, bonds or other securities shall not be sold, said stocks, bonds or other securities shall not be offered for sale, or sold until said price is approved by the Chief Administrative Officer and the Controller.

Section 5. All expense incurred in the matter of the sale of any stocks, bonds or other securities offered for sale, or sold as hereinbefore provided, shall be paid from the proceeds of the sale of the same, or by the department requesting the sale of the same.

Section 6. The provisions of this ordinance shall not apply to any sale of stocks, bonds or other securities held or to be sold by or for the San Francisco City and County Employees Retirement System.

Discussion.

The Clerk presented and read communication from Parkside District Improvement Club, objecting to the sale of city-owned land in the Parkside-Sunset District, pointing out the need for recreation areas and for other facilities, and suggesting that adequate provision be made for the use of unused school properties, not needed for school purposes.

Mr. Fred Weidemann, president of the Parkside District Improvement Club, spoke at length on the needs of the district, supplementing the arguments set forth in the communication just presented.

Mr. Irving Breyer, representing the Board of Education, set forth the views of the Board of Education. The Board of Education, Mr. Breyer stated, was in favor of having city-owned property devoted to the welfare of the children. However, there is a question of policy as

to how that may be worked out. In the past the Board of Education has had to purchase from the city department having jurisdiction, any city-owned property required for school purposes. Now, apparently, the Board of Education is requested to make a gift to other departments of the city government. Mr. Breyer, in closing, suggested that a committee of the Board of Supervisors, or a representative of the Real Estate Department, sit with representatives of the Board of Education for the working out of a plan for a trade of property in order to meet with legal requirements and for the purpose of accomplishing the desired results.

Thereupon, Supervisor MacPhee moved re-reference to committee.

Supervisor Mead opposed re-reference; he agreed with the views expressed by Mr. Weidemann, and held that the matter should be acted on without delay.

Thereupon, the roll was called and the motion to re-refer to committee *carried* by the following vote:

- Ayes: Supervisors Gallagher, Green, MacPhee, Mancuso, Meyer, Uhl—6.
- Noes: Supervisors Brown, Gartland, Mead, Sullivan—4.

Appropriating \$20,000 From the Unappropriated Balance of Funds, Municipal Railway, to Credit of Appropriation No. 365.500.00, to Provide for Engineering, Legal, Accounting and Miscellaneous Expenses, Re Acquisition of the Market Street Railway Company.

(Series of 1939)

Bill No. 2932, Ordinance No., as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Approved by the Public Utilities Commission.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved as to funds available by the Controller.

Approved by the Mayor.

Discussion.

Mr. Robert Scott, representing the Public Utilities Commission, explained the need for the foregoing requested appropriation, pointing out that there was a great deal of work involved in the taking over of the Market Street Railway. There will be engineering expense; inventories of properties, materials and supplies, etc.; accounting expense; stenographic expense. No personal service is involved in legal expense.

Supervisor Uhl announced that he would be willing to give any assistance that might be required, although he was opposed to making such an appropriation at this time.

Supervisor Mancuso suggested re-reference to committee for further consideration. He did not believe \$20,000 was needed. He objected to expenditure for title search, feeling that it was not necessary. Other expenditures can wait.

Supervisor MacPhee disagreed with Supervisor Mancuso as to the need for title search, stating that it was not so much the title search that was advisable, as it was title insurance. He did question the necessity for legal expenses. He believed that any necessary engineering studies could be made by the city's own staff.

Thereupon, Supervisor Mancuso, seconded by Supervisor Uhl, moved that further consideration be postponed until Monday, June 19, 1944.

No objection, and consideration postponed.

Passed for Second Reading.

Appropriating \$3,675 From the Surplus Existing in Funds of the Park Department to Provide Funds for Fencing Work and Construction of Walks at the Giraffe Paddock and Camel Paddock.

(Series of 1939)

Bill No. 2939, Ordinance No., as follows:

Appropriating the sum of \$3,675 from the surplus existing in funds of the Park Department to provide funds for fencing work and construction of walks at the Giraffe Paddock and Camel Paddock.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,675 is hereby appropriated from the surplus existing in Appropriation No. 312.110.01, Permanent Salaries, General Division, Park Department, to the credit of Appropriation No. 312.500.74, to provide funds for fencing work and construction of walks at the Giraffe Paddock and Camel Paddock.

Recommended by the Superintendent of Parks.

Approved by the Board of Park Commissioners.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

Discussion.

Mr. Lloyd Wilson, member of the Board of Park Commissioners, on being granted the privilege of the floor, discussed the foregoing bill at length, explaining it in detail.

Supervisor Mead, in objecting to the requested appropriation, stated that under ordinary circumstances he would be for anything that had to do with construction and employment of men. At the present time, though, he doubted whether there were any men available to perform the necessary work, and if they were available, they should not be doing such kind of work. Because of the shortage of construction men and building mechanics nothing should be done unless it is absolutely necessary or is connected with the war effort. For that reason he could not vote to recommend the the matter to the Board, nor could he vote now to approve it.

Thereupon, Mr. Wilson, in reply, announced that the Park Department intended to use its own people for the work, as far as possible.

Whereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—7.

Noes: Supervisors Brown, Mead, Sullivan—3.

Urban Redevelopment.

(Series of 1939)

Proposal No. 4078, Resolution No., as follows:

Whereas, the City Planning Commission of the City and County of San Francisco, pursuant to Resolution No. 4004 (Series of 1939), adopted by the Board of Supervisors on May 22, 1944, has outlined a

proposal which would give San Francisco and other cities in the state authority to acquire and have redeveloped certain blighted and slum areas; and

Whereas, in a report recently submitted to Congress, it was stated that in the average large city, slums and badly blighted districts represent about 20 per cent of the residential area; that they have 33 per cent of the population, 45 per cent of the major crimes, 60 per cent of the juvenile delinquency, 50 per cent of the arrests, 60 per cent of the tuberculosis victims, 50 per cent of disease, 35 per cent of the fires; that this small section gets 45 per cent of the appropriations for city service, but contributes only 6 per cent of the real estate tax revenues; and

Whereas, the outline of the City Planning Commission indicates that no city in California can develop an effective cure for these urban cancers under present laws; and

Whereas, San Francisco has much to gain from the systematic improvement of its older central areas after the war; and

Whereas, such activities will redound to the benefit of labor, capital and will result in improved housing standards for our citizens; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors does hereby record itself as favoring in principle the proposal outlined by the City Planning Commission and does urge the adoption of a legislative bill to accomplish the general purposes of said proposal; and be it

Further Resolved, That the City Planning Commission shall be authorized and requested to maintain contact with local agencies throughout California interested in urban redevelopment, with the League of California Cities, County Supervisors' Association, and any other individuals, corporations or jurisdictions to the end that San Francisco shall be fully informed on the progress of these vital proceedings; and be it

Further Resolved, That a copy of this resolution be forwarded, together with the outline, to all Assemblymen and Senators in the State of California.

Adopted by the following vote:

Ayes: Supervisors Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—7.

Noes: Supervisors Brown, Gallagher, Gartland—3.

Absent: Supervisor Colman—1.

Before the result of the foregoing vote was announced, Supervisor Brown changed his vote from "No" to "Aye" and moved for reconsideration. Motion seconded by Supervisor Gallagher.

The vote then stood:

Ayes: Supervisors Brown, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—8.

Noes: Supervisors Gallagher, Gartland—2.

Absent: Supervisor Colman—1.

Discussion.

Before taking up the question of reconsideration, the clerk presented and read letters from the Civic League of Improvements Clubs and Associations, and from the Housing Authority of the City and County of San Francisco, setting forth the views of the respective organizations on the question of urban redevelopment.

The Civic League of Improvement Clubs and Associations agreed that the powers of the city for condemnation of property might be appropriately used, but held that the expense of such exercise of power should be solely borne by the property to be improved, and not by gen-

eral taxation. The organization recommended that no properties acquired by condemnation be sold at less than cost, plus amortization and interest as well as legal expenses involved, thus placing the burden of reconstruction on the property where it belongs and not subsidizing such improvements, and creating unfair competition with the owners of adjacent property. The organization felt that to prevent the possibility of future subsidies the Board should not place itself on record as even indirectly being in favor of such subsidies, no matter how well they might be camouflaged.

The Housing Authority of San Francisco stated it was unanimously in favor of the general principles for urban redevelopment as outlined by the Planning Commission, but was opposed to the proposed exclusion of housing authorities. The Authority believed that the major role in any urban redevelopment undertakings in San Francisco should be the job of private enterprise. However, the exclusion of the Housing Authority from participation in urban redevelopment would imply a willingness to assist high and middle income families, by subsidy if necessary, to secure adequate housing, but an unwillingness to assist similarly low income citizens.

Supervisor MacPhee, in discussing the question of reconsideration, stated that he would not object to postponement of reconsideration or to re-reference to committee for further discussion.

Supervisor Colman, thereupon, announced that he would prefer the matter to be re-referred to committee for another hearing, and he would so move. Motion *failed for want of a second*.

The Chair announced that the question was on reconsideration.

Thereupon, Supervisor Colman moved that the question of reconsideration be postponed for one week.

Following brief discussion as to the parliamentary situation, the Chair ruled that the question of reconsideration could not be postponed indefinitely; however, it could be postponed to a definite time.

Thereupon, after further brief discussion, moved that reconsideration be postponed for one week. Motion seconded by Supervisor Green.

Whereupon, the roll was called and the motion to postpone for one week was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer—7.

Noes: Supervisors Brown, Mead, Sullivan, Uhl—4.

Statement by Supervisor Brown.

Following the foregoing vote, Supervisor Brown requested the privilege to present his views on the question of urban redevelopment.

Supervisor Mancuso objected to any statement, inasmuch as reconsideration having been postponed, there was nothing before the Board.

However, after brief discussion, during which Supervisor Brown pointed out that before the foregoing vote was taken, he had announced that he was going away, and desired the privilege of making a statement in the event that the matter was postponed. No one had objected at that time. However, if any member did not wish to extend that courtesy that was his right.

There being no further objection raised, Supervisor Brown then announced that during the past week there had been comment about the question in the press. The record should be straight on the matter. He, Supervisor Brown, did not object to slum clearance or to urban redevelopment, provided it was done in consonance with the principles of the city government. He did not believe that the particular bill before the Board was in consonance. The bill calls for the purchase by

the city, under condemnation proceedings, of areas, and the resale to private individuals at a price lower than that paid for the property by the city. Such practice is subject to a great deal of possible abuse. He did not believe such competition was fair to people who have invested their money in real estate in San Francisco. He was not opposed to slum clearance if it can be done on a reasonable basis.

Report of Supervisor Robert Miller Green on Meeting of the American Shore and Beach Preservation Association and the Federal Beach Erosion Board, Held at the Palmer House, Chicago, May 31 and June 1, 1944.

Supervisor Green, in a preliminary report on the meeting of the American Shore and Beach Preservation Association and the Federal Beach Erosion Board, held at the Palmer House, Chicago, May 31 and June 1, 1944, which he had attended as representative of the Board of Supervisors, stressed the importance of beach and shoreline erosion control. We have been shortsighted in our attitude toward such matter, Supervisor Green declared. Supervisor Green was greatly impressed with the interest and enthusiasm of other sections of the country with respect to beach and shoreline erosion. Federal funds will be available after the war for necessary surveys in connection with this matter, and he had been advised to file a petition for such assistance. San Francisco may be able to get as much as \$25,000 or \$30,000 for surveys. After appropriate surveys San Francisco can undoubtedly get more money from the Federal Government.

Supervisor Green, in closing, stated that he had been talking with Mr. Tilton of the City Planning Commission, and he would, within three or four weeks, present a written report on the subject. In the meantime he would present to the Board, for its approval, draft of a petition to be presented to the District Engineer in San Francisco.

Petition.

Whereas, wind and wave erosion, sand movements and similar conditions are becoming increasingly serious to the preservation and protection of the shoreline of the City and County of San Francisco; and

Whereas, no systematic effort has been made by City, State or Federal agencies to assemble, analyze and interpret the basic facts in connection therewith; and

Whereas, there is immediate need for a survey to assemble, analyze and interpret such facts with a view to the prevention or control of such erosion and sand movements; and

Whereas, a National Beach Erosion Board has been constituted by an Act of Congress dated June 26, 1936; and

Whereas, the policy of the Federal Government re investigations by the Beach Erosion Board is stated in part as follows:

"That it is hereby declared to be the policy of the United States to assist in the construction where Federal interests are involved, but not the maintenance, of works for the improvement and protection of the beaches along the shores of the United States, and to prevent erosion due to the action of waves, tides, and currents, with the purpose of preventing damage to property along the shores of the United States, and promoting and encouraging the healthful recreation of the people. As used in this Act, the word 'beaches' includes all those situated on the coasts of the Atlantic and Pacific Oceans, the Gulf of Mexico, and the estuaries and bays directly connected therewith"; and

Whereas, Section 2a of said Act further provides:

"It shall be the duty of the Secretary of War, through the Beach Erosion Board . . . to make investigations with a view to determine the most suitable methods of beach protection and restoration of beaches in different localities; to advise states, counties, municipalities, or individuals of the appropriate locations for recreational facilities; and to publish from time to time such useful data and informa-

tion concerning the protection of beaches as the Board may deem to be of value to the people of the United States . . ."; and

Whereas, the City and County of San Francisco, by and through its Board of Supervisors, has appropriated and set aside the sum of \$5,000 in its 1944-45 budget for the purpose of such an investigation; and

Whereas, such an investigation is affected with and involves Federal interests in that San Francisco is a strategic city from a military standpoint and that the erosion and landslides hereinbefore referred to are either on United States property or on key roads or arteries connecting such property; and

Whereas it is to the best interests of the Federal Government and the City and County of San Francisco that an immediate survey be made;

Now, therefore, the City and County of San Francisco, by and through its Board of Supervisors, hereby respectfully petitions the United States Beach Erosion Board for an amount equal to San Francisco's appropriation, to-wit, \$5,000, to the end that said contemplated survey may commence forthwith.

Pursuant to request by Supervisor Green, there being no objection, the foregoing petition was *approved for submission to the United States Beach Erosion Board.*

May 29, 1944—Consideration continued until Monday, June 5, 1944.

Explanation of Vote.

Supervisor Uhl, in explanation of his vote, stated:

"My objection to the appropriation of \$116,000 to provide funds for plumbing repairs and replacements at the San Francisco Hospital is

based upon the fact that the matter should have been acted upon when the budget was being considered, or at least as a supplementary item as late as May 10th.

"The fact that the matter was not acted upon during the past six months indicates it was not as important as claimed.

"The Controller has advised that every \$75,000 diverted from this \$116,000 will add one cent to the tax rate; accordingly, if you appropriate this \$116,000 one and one-half cents will be added to the taxpayers' burden.

"I will therefore vote 'No' and request that my statement be published in the Journal."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, by deed dated April 8, 1931, the City and County of San Francisco, a municipal corporation, hereinafter referred to as the City, acquired two easements for water pipe lines and telephone lines, also certain incidental rights, from Jennie T. Sugrue et al. as the owners of a certain 30 acre tract of real property situated in the County of Alameda, State of California; and

Whereas, in order to develop their property for subdivision purposes said owners have requested that the City relinquish to them all rights of the City in said 30 acre tract except the easement for water pipe lines and telephone lines on Parcel 1 described in said deed dated April 8, 1931; and

Whereas, in exchange for such relinquishment said owners have offered to acquire and convey to the City another easement for water pipe lines and telephone lines over certain adjoining land, which easement is hereinafter described as Parcel "A"; and

Whereas, such relinquishment will not inconvenience the City, and it appearing to the Board of Supervisors that public interest and necessity demand the sale or trading thereof; and

Now, therefore, in consideration of the premises and pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for such trading with the Alameda County-East Bay Title Insurance Company, a corporation, as agent for the owners, or their successors in interest, subject to the provisions of this ordinance.

Furtado, also known as Frank Furtado, and Rita Furtado, his wife, to the City and County of San Francisco, a municipal corporation, dated April 25, 1931, and recorded May 9, 1931, in Book 2610 of Official Records of Alameda County, page 156; thence southeasterly along the said last mentioned line 40 feet; thence northeasterly and parallel with said northwesterly line of said 104.88 acre tract 1285.20 feet, more or less, to the said southwesterly line of Hesperian Boulevard; thence along said last mentioned line northwesterly 40 feet to the point of beginning.

Also the right of ingress to and egress from said right of way easement across adjacent lands of the Grantor over any available private roadway or over such route as may be agreed upon, the right to cut any and all existing fences and to install gates therein at such points as may be necessary for the convenience of the Grantee in the enjoyment of the rights herein granted, and the right to protect pipes and/or other structures of the Grantee by means of fences or otherwise; provided, how-

ever, that the Grantee shall not construct fences along the side line of said right of way easement without the consent of the Grantor. If the Grantee should damage the Grantor's roads or fences, the Grantee shall, at its own expense, repair such damage.

Subject to the following express reservations and conditions:

Third: All of said pipe lines and conduits of the Grantee shall be laid, wherever the grade of the land will permit, below the surface of the ground to a minimum depth of 18 inches, but where, on account of ravines or depressions in the land or other causes, it is not practicable to lay said pipe lines and conduits below the surface of the ground, the same may be laid on the surface of the ground, or upon trestles or other structures. Pipe line appurtenances may be constructed above the surface of the ground.

Fourth: The rights and conditions herein set forth shall inure to the benefit of, and bind, the successors and assigns of the respective parties.

Requesting His Honor the Mayor to Proclaim Thursday, June 22, 1944, as "Invasion of Russia Day" and to Appoint Citizens' Committee for Celebration Thereof.

(Series of 1939)

Supervisor Mead presented:

Proposal No. 4090, Resolution No. 4056, as follows:

Whereas, June 22, 1944, marks the third anniversary of the ruthless and wholly unwarranted invasion by the Nazi forces of the Soviet Republic; and

Whereas, the unprecedented sacrifice and devastation which was occasioned by this despicable violation of the rights of the neighbor nation with whom solemnly the Nazi regime had entered into a non-aggression pact is such a violation as to relegate to despair any but a less dauntless nation; and

Whereas, wholly unintimidated by the violence of the Nazi inspired onslaught on the peace-loving nation, the military and national genius of the Russian people became inspired and through perseverance and practical maneuvers resulted, first, in the stemming of the Hun tide and ultimately their utter and humiliating rout; and

Whereas, the patient, sturdy opposition of the Russian people to National Socialism has made possible the preservation of democracy and to prevent the establishment of a universal and ruthless totalitarian system; and

Whereas, because the American people are proud to designate "ally" the Union of Soviet Socialists' Republics and to join with them for the establishment of true freedom throughout the world and for the protection of non-aggressionists; now, therefore, be it

Resolved, That this Board of Supervisors, acting on behalf of the people of the City and County of San Francisco, does hereby tender its expressions of profound gratitude to the people of Soviet Russia for a colossal task well done and does urge His Honor the Mayor to proclaim Thursday, June 22, 1944, "Invasion of Russia Day" and does urge the people of the City and County of San Francisco, upon that day, in some manner to evidence the gratitude which they feel to the heroes of the Union of Soviet Socialist Republics; and be it

Further Resolved, That his Honor the Mayor be and is hereby respectfully requested to appoint a citizens' committee to arrange for proper celebration of this memorable event.

PROPOSED CHARTER AMENDMENT

Supervisor MacPhee presented:

describing and setting forth to the qualified electors of the City and County of San Francisco, a proposal to amend the Charter of said City and County by adding thereto a new subsection, designated Section 142.2, to provide that the Chief Administrative Officer, the Controller, the County Superintendent of Schools and the Manager of Public Utilities, each, may appoint a person to a position of confidential relationship, in their respective offices, one employee who shall not be subject to the Civil Service provisions of the Charter. The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the election to be held on November 7, 1944, a proposal to amend the Charter of said City and County by adding thereto a new subsection to be designated Section 142.2, to read as follows:

CONFIDENTIAL EMPLOYMENTS—CIVIL SERVICE EXEMPT

Section 142.2. The Chief Administrative Officer, the Controller, the County Superintendent of Schools and the Manager of Public Utilities shall have the power to appoint one person to a position of confidential relationship in their respective offices. Such person, in each instance, shall serve at the pleasure of his appointing officer.

The compensation of each such appointee shall be subject to the salary standardization provisions of this charter.

The duties assigned to any person appointed hereunder shall not adversely affect the civil service rights or the duties performed by any person permanently employed in the departments or offices under the aforementioned provisions.

Referred to Judiciary Committee.

Urban Rehabilitation.

Supervisor MacPhee, under his name on Roll Call, announced that the Public Buildings, Lands and City Planning Committee intended to hold a hearing during the week to attempt to get better cooperation in the matter of Urban Rehabilitation. He stated further that Supervisor Uhl, Chairman of that Committee, had called a meeting for Thursday, June 22, 1944, and he asked that members of the Board, particularly those opposed, be present at the committee hearing.

Responsibility of Board of Supervisors as to Budget and Resulting Tax Rate.

Supervisor MacPhee called attention to reports that the Supervisors were attempting to avoid responsibility for the increased budget, and the resulting tax rate, and to pass that responsibility on to the Mayor. The budget, as adopted, was recommended by the Finance Committee and approved by the Supervisors, and the Supervisors should accept the responsibility therefor. The budget met with the approval of the Board of Supervisors, and the Supervisors believe it to be a good budget. It is the Supervisors' budget, as well as the Mayor's. The Board believes that the taxes have been increased to accomplish things for San Francisco that have not been done in the past.

Supervisor Mead agreed with Supervisor MacPhee that the Board should go on record as suggested. In the budget consideration the Mayor cooperated at all times with the Finance Committee and with

the Board, but there has never been any intent to pass any responsibility to the Mayor.

Supervisor Brown did not believe the Board should make any statement. Statements were made at the time the budget was approved. As for himself, he disclaimed any responsibility for that portion of the budget that had to do with the Board of Education. The Board had nothing to say about that budget.

Thereupon, Supervisor MacPhee agreed that Supervisor Brown was correct as to the budget of the Board of Education, but felt that the Board should accept responsibility of that portion of the tax rate that comes under the jurisdiction of the Board of Supervisors. Items of the sort to which he had referred, he felt, should not go unanswered.

Improvement of Ocean Shore Highway.

Supervisor Meyer presented communication addressed to him by Mr. H. Ray Judah, Chairman of Highway Committee, Santa Cruz Chamber of Commerce, transmitting resolution adopted by that Chamber of Commerce, calling attention to the necessity of improvement of the Ocean Shore Highway, and referring particularly to that section of the highway along Waddell Beach, the expedition of the improvement of which was urged.

Referred to Finance Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:50 p. m., adjourned.

RECONSIDERATION.

Urban Redevelopment.

(Series of 1939)

Proposal No. 4078, Resolution No. 4074, as follows:

Whereas, the City Planning Commission of the City and County of San Francisco, pursuant to Resolution No. 4004 (Series of 1939), adopted by the Board of Supervisors on May 22, 1944, has proposed a tentative outline which would give San Francisco and other cities in the state authority to acquire and have redeveloped certain blighted and slum areas; and

Whereas, in a report recently submitted to Congress, it was stated that in the average large city, slums and badly blighted districts represent about 20 per cent of the residential area; that they have 33 per cent of the population, 45 per cent of the major crimes, 60 per cent of the juvenile delinquency, 50 per cent of the arrests, 60 per cent of the tuberculosis victims, 50 per cent of disease, 35 per cent of the fires; that this small section gets 45 per cent of the appropriations for city service, but contributes only 6 per cent of the real estate tax revenues; and

Whereas, the outline of the City Planning Commission indicates that no city in California can develop an effective cure for these urban cancers under present laws; and

Whereas, San Francisco has much to gain from the systematic improvement of its older central areas after the war; and

Whereas, such activities will redound to the benefit of labor, capital and will result in improved housing standards for our citizens; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors does hereby record itself as favoring in principle the proposal outlined by the City

Planning Commission and does urge the adoption of a legislative bill to accomplish the general purposes of said proposal; and be it

Further Resolved, That the City Planning Commission shall be authorized and requested to maintain contact with local agencies throughout California interested in urban redevelopment, with the League of California Cities, County Supervisors' Association, and any other individuals, corporations or jurisdictions to the end that San Francisco shall be fully informed on the progress of these vital proceedings; and be it

Further Resolved, That a copy of this resolution be forwarded, together with the outline, to all Assemblymen and Senators in the State of California.

Adopted by the following vote:

Ayes: Supervisors Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—7.

Noes: Supervisors Brown, Gallagher, Gartland—3.

Absent: Supervisor Colman—1.

Before the result of the foregoing vote was announced, Supervisor Brown changed his vote from "No" to "Aye" and moved for reconsideration. Motion seconded by Supervisor Gallagher.

The vote then stood:

Ayes: Supervisors Brown, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—8.

Noes: Supervisors Gallagher, Gartland—2.

Absent: Supervisor Colman—1.

June 19, 1944—Action on motion to reconsider postponed until Monday, June 26, 1944.

Reconsideration Waived.

Supervisor MacPhee moved that reconsideration be waived.

No objection, and motion carried.

Action Rescinded.

Thereupon, Supervisor MacPhee moved that the previous action whereby Proposal No. 4078 had been adopted, be rescinded.

No objection, and motion carried.

Amendments Proposed.

Supervisor MacPhee then moved that Proposal No. 4078, as printed, be amended by deleting the words "has outlined a proposal," appearing in the first "Whereas" of the proposal, and substituting therefor, the words "has proposed a tentative outline," making that "Whereas" read as follows:

"Whereas, the City Planning Commission of the City and County of San Francisco, pursuant to Resolution No. 4004 (Series of 1939) adopted by the Board of Supervisors on May 22, 1944; has proposed a tentative outline which would give San Francisco and other cities in the state authority to acquire and have redeveloped certain blighted and slum areas; and"

Amendment approved without objection.

Supervisor MacPhee, in discussing the entire matter of urban redevelopment, pointed out that the tentative outline as originally presented by the City Planning Commission, included in Section 8, Supervisory Agency to be Designated, the words "housing authority." Those words should be deleted, inasmuch as the Housing Authority already has the right to condemn property for the purpose of rebuilding. In Committee, the words "housing authority" were deleted from the tenta-

tive outline. Also, in the following section, Section 9, Redevelopment Contracts Authorized, the words "or public agencies" were deleted in Committee. The action of the Committee will not preclude the Housing Authority from conducting their operations as they operate at the present time.

Supervisor Colman thereupon declared that the first "Whereas" of Proposal No. 4078, was incorrect. The Committee should have recommended the acceptance of the tentative outline as presented, "except for operations belonging to the Housing Authority." The legislation should be flexible enough to include everything. All building should be under control of private industry whenever possible. However, in some cases it cannot be done by private industry, because of lack of profit in performing such operations. If the Housing Authority has the right anyway, why delete it? Why differentiate against people in the lowest income brackets. Thereupon, Supervisor Colman presented a letter from the Housing Authority, objecting to the deletion.

Thereupon, Supervisor Colman moved that the deleted words be restored in Sections 8 and 9.

Privilege of the Floor.

On motion by Supervisor MacPhee, the privilege of the floor was granted to interested citizens.

Mr. Raymond D. Smith objected to the inclusion of the Housing Authority and the consequent permission to bid against private industry. There are two phases of the problem, Mr. Smith stated, social housing and urban rehabilitation. The Housing Authority at the present time has all the power it needs to carry out its program. Social housing should be allowed to stand on its own feet. There should be two bills; one which now exists, creating the Housing Authority; another bill for cleaning out slums by private enterprise.

Mr. Carroll Newburgh also held that cleaning out of substandard areas should be done by private enterprise. The right of private capital to develop substandard areas should be protected. The Housing Authority now has such rights; it should be excluded from the present bill.

Mr. Popovich of the Home Owners Association declared that he did not believe there would be any conflict with the Housing Authority. This proposed legislation is for "blight" areas. The land is too valuable for housing projects.

Supervisor Mead announced that he was of the opinion, although he could not speak officially, that the Building and Construction Trades Council and the Labor Council would oppose the elimination of the Housing Authority. He agreed that possibly there might not be any conflict with the Housing Authority, as declared by Mr. Popovich. If such were the case, why exclude the Authority?

Supervisor MacPhee, in answer to Supervisor Mead, pointed out that if the Housing Authority were included it would be in a position to give direct competition to private agencies not subsidized by public money.

Mr. L. Deming Tilton, in explaining the position of the City Planning Commission, stated that he had drawn up an outline of a proposed state bill—not just for San Francisco.

Supervisor Green questioned the propriety of the entire foregoing discussion. The matter before the Board was Proposal No. 4078.

The Chair ruled that the matter before the Board was Urban Redevelopment, as presented by the Building Committee.

Supervisor Colman called attention to the fact that the words pro-

posed to be eliminated were in the City Planning Commission's tentative outline. If those words are to be deleted, they should be deleted by the Planning Commission. His own motion, then, to restore the deleted words, was out of order.

The Chair expressed agreement with the statement by Supervisor Colman.

Thereupon, Supervisor MacPhee moved that the tentative outline presented by the City Planning Commission be amended by deleting from Section 8 thereof, the words "housing authority," and by deleting from Section 9, the words "or public agencies." Motion seconded by Supervisor Uhl.

Supervisor Green opposed the motion. The proposed legislation is permissive, and should be as broad as possible. The question is purely academic; the Board has been told that it makes no difference one way or another.

Mr. Edwin A. Hunt, citizen, representing himself, on being granted the privilege of the floor, expressed his views on the entire subject of urban redevelopment and suggested a plan for financing such redevelopment.

Thereupon, the roll was called and the motion by Supervisor MacPhee was *defeated* by the following vote:

Ayes: Supervisors MacPhee, Meyer, Uhl—3.

Noes: Supervisors Colman, Gallagher, Gartland, Green, Mancuso, Mead, Sullivan—7.

Absent: Supervisor Brown—1.

Thereupon, Supervisor MacPhee called attention to provision under Section 11, Procedure for Sale or Lease of Land Designated for Private Use, reading "municipality may sell land for less than cost"; and moved that there be added thereto, the words "upon three-fourths vote of the legislative body." Motion seconded by Supervisor Uhl.

No objection, and motion *carried*.

Adopted.

Thereupon, the roll was called, and Proposal No. 4078, as amended, and reading as above, was *Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent: Supervisor Brown—1.

Proposal No. 4105, Resolution No. 4057, as follows:

Whereas, the United States Census Bureau, in compliance with a request of the Chief Administrative Officer, has determined the estimated present population of the City and County of San Francisco; and

Whereas, Chapter 581, Statutes of 1943, provides that a City may have its allocations of gasoline and in lieu taxes from the State based upon increased population as determined by the U. S. Census Bureau; now, therefore, be it

Resolved, That the Chief Administrative Officer is hereby authorized to file with the State Department of Public Works and the Department of Motor Vehicles, and any other state officer or agency with whom or which it is deemed proper or necessary, the revised population figures for the City and County of San Francisco as certified by the United States Census Bureau, and to make application to the proper state department for increased gasoline and in lieu automobile taxes based upon the new population estimates.

Commending Congressman Richard J. Welch on His Efforts to Maintain the Supremacy of the U. S. Merchant Marine.

(Series of 1939)

Supervisor Uhl presented:

Proposal No. 4110, Resolution No. 4072, as follows:

Whereas, the Honorable Richard J. Welch, Congressman from the Fifth Congressional District, San Francisco, in a speech before the House of Representatives, in which was quoted a comprehensive editorial from the San Francisco Call-Bulletin, stressed the imperative importance to the United States of America of the maintenance for the post-war era of a first-class merchant service with such aeronautical adjunctive facilities as will render it competent to compete with the trading organizations of any of the first-class world powers; and

Whereas, the sentiments expressed by Congressman Welch are inspired as a result of an apparent endeavor to limit the carrier facilities of the United States merchant service and to confine the operations thereof to such commerce as may be conducted solely by the use of steamships; and

Whereas, whether intended or as a result of nearsightedness such a policy must necessarily react to the detriment of the United States

Maritime Service and generally to the economic welfare of this country; now, therefore, be it

Resolved, That this Board of Supervisors, cognizant of the history of the maritime industry in the United States and particularly the deplorable "philosophy" which was entertained at the expiration of World War I and as a result of which the United States found itself the possessor of a tremendous but unusable fleet of merchant ships, does hereby enthusiastically approve the attitude and endeavors of Congressman Welch and does hereby record itself as committed and anxious to assist in a program having for its purpose the maintenance of continued supremacy for the Merchant Marine industry of the United States, including all the adjunctive services necessary and available to maintain it in its leading position; and be it

Further Resolved, That a copy of this resolution be sent to Congressman Richard J. Welch, member of Congress from the Fifth Congressional District.

Sugrue et al. as the owners of a certain 30 acre tract of real property situated in the County of Alameda, State of California; and

Whereas, in order to develop their property for subdivision purposes said owners have requested that the City relinquish to them all rights of the City in said 30 acre tract except the easement for water pipe lines and telephone lines on Parcel 1 described in said deed dated April 8, 1931; and

**Building Committee to Conduct Hearings as to Proper Use of
Laurel Hill and Calvary Cemetery Properties.**

(Series of 1939)

Supervisor Uhl presented:

Proposal No. 4118, Resolution No., as follows:

Whereas, it is understood that negotiations have been finally consummated by which Laurel Hill and Calvary Cemeteries have been transferred to private ownership; and

Whereas, there is now pending before the City Planning Commission an application to rezone from first to second residential classification that property which was formerly Calvary Cemetery; and

Whereas, sometime in the future, prior to actual construction of dwellings upon the properties referred to, it will be incumbent upon the owners thereof to file with authorized municipal agencies subdivision maps showing the manner in which it is proposed to lay out the streets in such subdivisions; and

Whereas, it appears prudent now, preliminary to any decisive action affecting the zoning classification of these properties, or of the plans under which it is proposed to delineate public streets in these tracts that consultation should be had between the owners of the properties adjoining individuals, property owners, and associations interested or to be affected by the development of these properties, as well as interested city departments authorized or required to pass upon such matters, for the purpose of arriving at a unanimous determination as to the most necessary use to which these properties may be put, consistent with the general and ultimate welfare of the City and County of San Francisco; now, therefore, be it

In Memoriam—James B. McSheehy.

(Series of 1939)

Supervisor Colman presented:

Proposal No. 4137, Resolution No. 4105, as follows:

Whereas, James B. McSheehy, one of the most colorful and energetic figures in the legislative history of San Francisco, has been called to his eternal rest; and

Whereas, as a young man imbued with high ideals of public service, James B. McSheehy entered the political life of San Francisco and became chairman of the County Committee of the Democratic Party, was one time candidate for Mayor and for Assessor, and for twenty-one years was repeatedly elected to membership on the Board of Supervisors, where he left the impress of his ardent character on the manifold and vexatious problems of municipal government; and

Whereas, in private life James B. McSheehy was a successful building contractor, a prominent member of the Native Sons of the Golden West and took a devoted and earnest interest in all fraternal and social affairs of his native city—a faithful friend to the many who sought his advice and aid, he leaves a host of admirers who will sorely miss his genial character and cheerful and helpful friendship; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the revered memory of James B. McSheehy, loyal, good public servant and devoted friend.

From his Honor the Mayor, advising that he has signed Ordinance No. 2948, by which Civilian Defense is recognized as a civilian protective agency in San Francisco, and transmitting statement reflecting the opinion of many city officials who have worked with the Civilian Defense groups in San Francisco, which he desired to be made part of the record. Said statement is as follows:

MAYOR'S OFFICE
CITY AND COUNTY OF SAN FRANCISCO

July 14, 1944

In signing Bill No. 2948, by which I approve the reorganization of our civilian defense agencies, I cannot let this opportunity pass without expressing, on behalf of all of the citizens of San Francisco, a deep feeling of gratitude for the countless hours and unstinted devotion to a cause, displayed by members of the various civilian defense groups since Pearl Harbor, and even from days before that.

That we are now entering a new phase of civilian protection is obvious. It is my hope that the organization whose establishment is prompted by this new ordinance will provide the framework on which we can build a permanent standby organization to assist the City in any sort of disaster it may face, insofar as we may be required to operate without assistance from or control by the military.

To cite any example of individual work which has been done would

be unfair to those thousands of others who have contributed of their time and mental energy, and in some cases even financially, to establish an organization which did much to bolster up civilian morale and must even have provided some food for thought for the enemy.

We merely are entering a new phase—one which brings a more compact organization, now known as the Citizens' Protective Corps, and one built on the functions of existing City departments. We, therefore, can ride out the war with this preparation and continue into peacetime without any serious changes.

Once again, I express the thanks of all our citizens to those loyal volunteers who have worked for nothing but the safety of our loved ones and our own property. To those who will continue to serve in the new Citizens' Protective Corps, I extend best wishes and the offer as their Commander of as full cooperation as possible.

ROGER D. LAPHAM,
Mayor.

2. The City reserves the right at any and all times to construct, install, maintain, use, inspect, repair, alter, replace and remove pipe lines, electric power transmission lines, telephone lines, and structures and equipment appurtenant thereto, in, on, across and/or over the land hereinbefore described, and to use said land for any other structures and purposes not inconsistent with the uses and purposes for which this grant is made.

The Corporation shall construct any structure necessary for the proper protection of the City's employees and property against injury or damage that might, if such protection were not provided, result from the Corporation's use of the City's land.

5. When the City is about to construct any new pipe line passing beneath the Corporation's railroad track, the Corporation shall, on receipt of notice to that effect, construct a structure similar to the culvert already constructed around the City's existing pipe line beneath said track, or of other design approved by the Public Utilities Commission, to protect said pipe line beneath said track against damage that might, if such protection were not provided, result from the use of said track, and to permit access to all parts of the pipe line beneath and near the track for purposes of maintenance and repair without excavation, or if so agreed at that time between the Public Utilities Commission and the Corporation, the Corporation may pay to the City the cost of constructing such structure.

6. The Corporation shall at all times keep the City's land in good and sightly condition, so far as affected by the Corporation's operations.

Creating Local Agency to Make Application for State Funds for Post-War Program.

(Series of 1939)

Proposal No. 4148, Resolution No., as follows:

Whereas, it is an economic certainty that cessation of hostilities between the Allied and Axis powers will culminate in widespread unemployment generally, unless steps are immediately taken to circumvent this appalling prospect; and

Whereas, there is no question but what the unemployment problem will be most acute in the San Francisco Bay Region since this area is the hub of many war industries, employing thousands of workers as well as being the main embarkation port for our war in the Pacific; and

Whereas, to meet this impending emergency, it is incumbent upon those charged with the responsibility of administering the affairs of the people of the City and County of San Francisco, to take such action as will preclude the possibility of such an occurrence; and

Whereas, San Francisco's most potent weapon to combat this potential menace is post-war construction, plans for which should be completed as quickly as possible; and

Whereas, such plans, fundamentally, should achieve a two-fold purpose: the construction of such projects as a sewer system, public buildings, schools, playgrounds, etc., and the employment of as many workers as possible for as long a period as possible; and

Whereas, the Legislature at its recent special session assumed the initiative along this line by its passage of Senate Bill No. 48 which provides "an appropriation for allocation to cities, counties, and cities and counties to develop a post-war public works program, comprising the preparation of surveys and plans and specifications for proposed public works and the acquisition of rights-of-way and sites for major streets, roads, bridges, sewerage and other public facilities and providing for the procedure for making such allocations"; and

Whereas, under said act, San Francisco is entitled to an allocation in excess of \$800,000, based on population, as its share for the development of plans for a post-war public works program; and

Whereas, Section 30 of Senate Bill No. 48 provides that any application for funds must be made by the local agency and accompanied by a certified statement of the estimated cost of preparing the plan and by a certified copy of a resolution or ordinance showing that the local

agency has made provision for paying one-half or more of the cost of preparing the plan; now, therefore, be it

Resolved, That this Board of Supervisors being fully cognizant of the urgency of completing surveys, plans and specifications for post-war construction, at the earliest possible time, does hereby create the local agency as defined in Section 2 of Senate Bill No. 48, to be composed of the following: The Mayor, Chief Administrative Officer, Controller, President of the City Planning Commission, President of the Board of Supervisors and the Chairman of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors; and be it

Further Resolved, That certified copies of this resolution be immediately transmitted to the Mayor, Chief Administrative Officer, Controller, President of the City Planning Commission, members of the San Francisco delegation to the Legislature, to all department heads and to the Post-War Public Works Review Board.

Approved as to form by the City Attorney.

Discussion.

Supervisor Uhl, in discussing the foregoing proposal, read the "Resolves" in the proposal as presented to the Board. Supervisor Uhl read, also, portion of resolution adopted by the San Francisco Labor Council requesting the formation of an agency as proposed in the recommendation before the Board. He read also pertinent portions of Senate Bill No. 48, and from the press as to the unemployment conditions that might be expected following the end of the war. In order to take advantage of state funds, he suggested that an amount, possibly eight cents, be set up in the tax rate.

Thereupon, Supervisor Uhl presented the following "Resolve" as substitute for the "Resolves" as originally presented:

"Resolved, That this Board of Supervisors does hereby direct the President of this Board to appoint a committee, consisting of the Mayor of the City and County of San Francisco, the President of the Board of Supervisors, the Controller of the City and County of San Francisco, the President of the City Planning Commission and the Chairman of the Public Building, Lands and City Planning Committee of the Board of Supervisors, for the purpose of recommending to this Board such projects as they deem worthy to share in the appropriation made by the State and to recommend to this Board such appropriations as said committee shall deem proper for the purpose of matching any monies expended from said appropriation of \$10,000,000."

Supervisor Uhl thereupon moved that the "Resolve" just presented be substituted for both "Resolves" as originally recommended to the Board by the Public Buildings, Lands and City Planning Committee.

Supervisor Colman suggested that a representative of the Public Utilities Commission be included in the proposed Local Agency.

Supervisor Uhl agreed to the proposal, suggesting that the President of the Commission be included.

Supervisor Mancuso suggested as an amendment that there be included reference to Senate Bill No. 48. He suggested, also, that the second "Whereas" of the proposal as submitted, declaring that "there is no question but what the unemployment problem will be most acute in the San Francisco Bay Region . . ." be changed to read "there is a probability that the unemployment problem will be acute . . ." He suggested, further, in the third "Whereas," that the language "to take such action as will preclude the possibility of such an occurrence" be changed to read "to take such action as will tend to preclude the possibility of such an occurrence." He offered another suggestion for change in the fifth "Whereas." In that "Whereas," the language "for as long a period as possible," should be changed to read "during such emer-

gency." These suggestions, Supervisor Mancusco believed, should receive consideration, and he would, therefore, move reference of the entire matter back to committee.

Supervisor Colman believed that the Board of Supervisors, instead of appointing the committee, or creating the "local agency," should request his Honor, the Mayor, to appoint such committee, especially in view of the appointment of the Mayor as a member thereof.

His Honor, the Mayor, in addressing the Board on the subject, announced that in a meeting with the City Planning Commission it was agreed that there would be post-war projects that would have to be considered. It was pointed out, also, that authority would have to be given to some one to number the various projects in accordance with their importance. The City Planning Commission has requested the Mayor to assist in asking department heads to bring forward a list of projects for consideration. Accordingly, the Mayor had sent out a letter asking the different department heads to submit a revised list of projects to the City Planning Commission before October 1st, in order that San Francisco might take full advantage of aid given by the State of California. The Mayor stated further that he had nothing in mind as to the exact makeup of a committee to be appointed. However, he thought it might be well to refer the entire matter to the proper committee for consideration of any suggestions.

Supervisor Uhl, in reply to suggestion by Supervisor Colman, pointed out that Senate Bill No. 48 placed the matter of considering post-war projects and other matters in the hands of the "local agency." The "local agency" should refer all matters to the Board of Supervisors. The Planning Commission does not have the decision in the matter.

Thereupon, Supervisor Mancuso renewed his motion for re-reference to the Public Buildings, Lands and City Planing Commission. Motion seconded by Supervisor Green, and *carried without objection.*

Whereas, on November 7, 1944, the General Election will be held in the City and County of San Francisco; and

Whereas, at this election there will be amendments to the Charter of the City and County of San Francisco; and

Department Heads to Encourage the Purchase of Additional War Bonds by Employees.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4155, Resolution No. 4118, as follows:

Whereas, the results of the Fifth War Loan Drive on July 8th disclosed the deplorable fact that the City and County of San Francisco failed to meet its quota; and

Whereas, in view of the fact that the rest of the Nation over-subscribed the Drive by more than \$3,000,000,000, it is imperative that something be done to exhort the people to a greater realization of the grave necessity of achieving its quota, as well as maintaining its civic pride in the world-famous slogan "San Francisco Knows How"; now, therefore, be it

Resolved, That the Mayor and Chief Administrative Officer be and they are hereby respectfully requested to issue instructions to all department heads with a view of ascertaining if further purchases of bonds may be effected among the employees and further, that each department head check into the funds of their respective departments to determine whether any possible surplus may be realized and available for bond purchases.

Petitioning Congress to Amend Social Security Act to Protect Rights of Employees to Old-Age Pensions and Death Benefits, After Payments for Minimum of Twenty Quarters, When Blanketed Into Non-Covered Employments by a State, County or City Governmental Body.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4154, Resolution No., as follows:

Whereas, at the primary election held in San Francisco May 16, 1944, the electorate authorized, by a vote of 108,621 ayes as against 84,078 noes, purchase by the City and County of San Francisco of certain real and operative properties of the Market Street Railway Company of San Francisco, a corporation; and

Whereas, it is planned that unification of the Municipal Railway of San Francisco and the Market Street Railway Company shall be effected not later than October 1, 1944, at which time the Civil Service Commis-

sion of San Francisco will enroll approximately . . . employees of the Market Street Railway Company as limited tenure and permanent employees of the Public Utilities Commission of the City and County of San Francisco for the purpose of maintaining operation of the absorbed Market Street Railway properties; and

Whereas, because of certain provisions of the Social Security Act these . . . employees of the Market Street Railway will at that time cease payments to the Social Security Board and will, with the exception of some who will qualify for old-age insurance through reaching the age of 65 years before January 1, 1953, be deprived of the protection afforded designated employables by such Act and, furthermore, will, after a period of eight years beyond date of October 1, 1944, lose the amounts deposited by them with the Social Security Board; and

Whereas, the present Social Security Act provides for complete coverage of all eligibles who have paid varying amounts up to 40 quarters before reaching the age of 65 years and complete loss of benefits by those who fail to attain the 40-quarter (or 10-year) minimum before reaching the age of 65 years; and

Whereas, hundreds of permanent residents of the City and County of San Francisco, employees of the Market Street Railway Company, who have been payees to the Social Security Board since its inception in 1937 and have complied with all provisions of the Social Security Act for the full 31 quarters ending October 1, 1944, date of proposed unification of the Municipal Railway and the Market Street Railway Company, will be unable, through force of circumstances beyond their control, to complete the nine quarters which would insure their coverage under the 40-quarter minimum, provisions of the Social Security Act excluding city, county and state governments from coverage; and

Whereas, nothing in this resolution should be interpreted as a desire to have city, county and state governments come within the purview of the Social Security Act but only that provision be made to preserve the investment made by qualified employees of the Market Street Railway Company in the Social Security Board; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby petition the Congress of the United States to amend the Social Security Act to provide that employees of public utility corporations and others in covered employment who, through no volition of their own, are blanketed into non-covered employment by a city, county or state governmental body, retain all rights and privileges to old-age pensions and death benefits under the Social Security Act by qualified payments through a minimum of 20 quarters instead of the present minimum of 40 quarters, with proportionate payments made to them or their survivors at the age of 65 years; and be it

Further Resolved, That a copy of this resolution be sent to members of the California delegation in the United States Senate and the United States House of Representatives.

Requesting Mayor to Issue Proclamation to Discourage Unnecessary Vacation Travel.

(Series of 1939)

Supervisor Mancuso presented:

Proposal No. 4156, Resolution No., as follows:

Whereas, the fact that San Francisco is the focal point for the transportation of personnel and materiel to the Pacific theatre of war has strained to capacity the available transportation facilities; and

Whereas, while it is recognized that after another year spent in arduous labor designed for the promotion of the war effort people of San Francisco are in need of and entitled to their customary vacation, it is also recognized that prosecution of the war effort is paramount and that further use, for vacation purposes, of such transportation facili-

ties as are available must inevitably result in discomfort, confusion and impediment to orderly and efficient prosecution of our first purposes; now, therefore, be it

Resolved, That this Board of Supervisors, fully cognizant of the necessity of its citizens and workers for rest and change of environment, nevertheless exhort the people of the City and County of San Francisco to forego as far as possible such respite from their ordinary routine as would require further taxing of the transportation facilities so vital to the prosecution of the war; and be it

Further Resolved, That his Honor the Mayor be and he is hereby requested to utter a proclamation addressed to the people of the City and County of San Francisco urging, except in case of absolute necessity, that San Franciscans as a sacrifice for the benefit of the armed forces deprive themselves of such annual vacations as will necessitate travel to points outside of San Francisco, thus relieving as far as possible the strain upon our already overburdened transportation system.

Resolved, That our Fire Department be requested to report to this Board of Supervisors what legislation is necessary to safeguard the lives of our people attending a circus in circus tents.

NEW BUSINESS.

Adopted.

Present: Supervisor Mancuso.

Supervisor Brown, prior to the Board's consideration of matters from the Finance Committee, questioned the reason for such matters being before the Board, inasmuch as only one member of the Committee had attended the meeting of the Committee.

Supervisor MacPhee explained that the matters from Finance Committee were "committee recommendations." He had consulted with Supervisor Mancuso, who had sat alone in committee, and had approved the matters appearing on the Calendar.

Thereupon, Supervisor Brown stated that he did not desire to raise any point of order, but he did desire to call attention to the rules that no matters could be recommended to the Board without the approval of the majority of a committee. One member of a committee does not constitute a quorum, and cannot take any action.

Thereupon, Supervisor Green observed that Supervisor Brown had not raised a point of order, and consequently there was nothing before the Board in that respect.

Whereupon, the following matters, from the Finance Committee, were taken up:

Approval of Supplemental Recommendations, Public Welfare Department.

(Series of 1939)

Proposal No. 4160, Resolution No. 4121, as follows:

Resolved, That the supplemental recommendations of the Public Welfare Department containing Old Age Security Aid discontinuances, effective as noted, are hereby approved, and the Clerk of the Board of Supervisors is hereby directed to transmit this approval to the Controller.

Adopted by the following vote:

Ayes: Supervisors Brown, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—7.

Absent: Supervisors Colman, Gallagher, Mead, Sullivan—4.

Approval of Supplemental Recommendations, Public Welfare Department.

Proposal No. 4161, Resolution No. 4122, as follows:

Resolved, That the recommendations of the Public Welfare Department, containing names and amounts to be paid as Old Age Security Aid, effective October 1, 1943, are hereby approved, and the Clerk of the Board of Supervisors is hereby directed to transfer these recommendations to the Controller.

Adopted by the following vote:

Ayes: Supervisors Brown, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—7.

Absent: Supervisors Colman, Gallagher, Mead, Sullivan—4.

Mayor to Issue Proclamation Urging Citizens to Refrain From Unnecessary Travel During the Present Transportation Emergency.

(Series of 1939)

Proposal No. 4156, Resolution No. , as follows:

Whereas, the fact that San Francisco is the focal point for the transportation of personnel and materiel to the Pacific theatre of war has strained to capacity the available transportation facilities; and

Whereas, while it is recognized that after another year spent in arduous labor designed for the promotion of the war effort people of San Francisco are in need of and entitled to their customary vacation, it is also recognized that prosecution of the war effort is paramount and that further use, for vacation purposes, of such transportation facilities as are available must inevitably result in discomfort, confusion and impediment to orderly and efficient prosecution of our first purposes; now, therefore, be it

Resolved, That this Board of Supervisors, fully cognizant of the necessity of its citizens and workers for rest and change of environment, nevertheless exhort the people of the City and County of San Francisco to forego as far as possible such respite from their ordinary routine as would require further taxing of the transportation facilities so vital to the prosecution of the war; and be it

Further Resolved, That his Honor the Mayor be and he is hereby requested to utter a proclamation addressed to the people of the City and County of San Francisco urging, except in case of absolute necessity, that San Franciscans as a sacrifice for the benefit of the armed forces deprive themselves of such annual vacations as will necessitate travel to points outside of San Francisco, thus relieving as far as possible the strain upon our already overburdened transportation system.

PROPOSED CHARTER AMENDMENT

Describing and setting forth to the qualified electors of the City and County of San Francisco, a proposal to amend the Charter of said City and County by amending Section 136 to provide that the superintendent of polls may appoint a confidential secretary who shall not be subject to the service provisions of the Charter.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held on November 7, 1944, a proposal to amend Charter of City and County by amending Section 136 thereof so that the same shall be as follows:

SUPERINTENDENT OF SCHOOLS

Section 136. The superintendent of schools shall be the executive officer of the board of education. He shall be appointed by said board to serve a term of four years and he shall receive an annual salary of \$10,000 and an increase in said salary shall be fixed by the board of education, approved by the board of supervisors. The incumbent in the office of superintendent on the 1st day of July, 1942, shall continue to serve at the pleasure of the board.

The superintendent may appoint a confidential secretary who shall not be subject to the Civil Service provisions of this charter and who shall serve at the pleasure of the superintendent.

During his term in office the superintendent may be removed from office, as in this section hereinafter provided, for misconduct or incompetency. After charges setting forth the nature and character of said misconduct or incompetency are filed against the said superintendent. Said charges must be in writing and shall be signed by at least two members of the board of education. A copy of said charges, together with a notice of the time and place of the hearing on the same, shall within five days after the filing of same be served upon the said superintendent. The mailing of a copy of said charges, with notice of time and place of hearing on the same, by United States registered mail, with the proper amount of postage prepaid thereon, addressed to said superintendent at his last known place of residence, shall be deemed to be a service of said charges as provided for in this section. A public hearing on said charges shall be had by the board of education within less than ten, nor more than twenty, days after the filing of said charges, provided that full power and authority is hereby given to the board of education to continue said hearing from time to time not to exceed sixty days from the commencement thereof, provided that for good cause said board may grant a further continuance on said hearing. The superintendent shall have the right to answer said charges, to appear at the hearing thereof and to be represented by counsel thereat for the purpose of defending himself against said charges. Pending the determination of said charges, the superintendent may be suspended from his office by a majority vote of the board of education, and the board may appoint a qualified person to discharge the duties of said superintendent during the period of suspension. If the board of education after hearing said charges shall by a two-thirds vote of all the members, determine that said charges have been sustained, it may by the same vote remove said superintendent from his office. No member of the board shall be entitled to vote on the removal of said superintendent unless he or she has been present at the entire hearing of such charges, provided that any member of the board who has not been present may vote for the removal of the superintendent, if such member has read a transcript of all the testimony taken on said hearing during his absence therefrom, and shall file with the board an affidavit to this effect. If said charges are not sustained by a two-thirds vote of all the members of said board, or if after said charges are sustained, the superintendent is not removed from office as a result thereof, said superintendent shall be reinstated in his position and shall be allowed the salary for the time that he has been under suspension, together with the costs of defending himself against said charges, including a reasonable

his attorney to be fixed and allowed by the board. If the charges are sustained, and as a result thereof said superintendent is removed from office, further salary shall be allowed to said superintendent from the date of his removal to the date of his resignation. In the hearing and determination of said charges filed against said superintendent, the judgment of said board of education shall be final. In determining the sufficiency of said charges said board of education shall not commit a clear abuse of discretion.

The superintendent shall have the powers and duties specified by this charter for department heads, in addition to such powers and duties as are provided by general law.

The positions of superintendent and deputy superintendent shall be held only by persons of expert or technical training, but shall not be subject to any provisions of this charter prescribing a residence qualification for officers or appointees, provided, however, that during their incumbency appointees to the positions shall reside in the city and county, and in case any appointee fails so to do, his appointment shall at once be revoked by the board.

Resolved submitted by the following vote:

Ayes: Supervisors Brown, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—7.
Absent: Supervisors Colman, Gallagher, Mead, Sullivan—4.

Whereas, this Board of Supervisors notes with deep sorrow the recent death of Dr. Thomas B. Leland, former Coroner of San Francisco, who served this City in that capacity for a period of thirty-nine years; and

Mayor Requested to Appoint Citizens' Town Hall Host Committee to Make Arrangements Incident to Successful "Town Hall Meeting of the Air," September 14, 1944, in San Francisco and to Congratulate Reader's Digest Association and Blue Network for Conducting Such Vital Public Service.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4173, Resolution No., as follows:

Whereas, for several years past, there have been broadcast over a national network, the Town Hall Meetings of the Air, such meetings being designed in aid of adult education on subjects of universal importance and in furtherance of the democratic institution of free speech; and

Whereas, the public reaction to the Town Hall Meetings of the Air has been in the nature of such popular commendation and acclaim as to require assurance of their continuance and progressive development; and

Whereas, commencing September 7, 1944, under the sponsorship of the Reader's Digest Association, the Blue Network Company, Incorporated, will inaugurate a new series of Town Hall Meetings of the Air, the second broadcast of the series to emanate from the San Francisco Opera House; and

Whereas, it is a matter of civic concern to the City and County of San Francisco that the Town Hall Meeting of the Air which is to be conducted in San Francisco on September 14th, shall be of such character and importance as to inspire nation-wide interest and to evoke the usual laudatory comments; now, therefore, be it

Requesting City Planning Commission to Place New and Adequate Civic Auditorium and Exposition Hall as a Preferred Project for Post-war Consideration.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4175, Resolution No., as follows:

Whereas, modern American business is organized into national associations which conduct their annual markets at great annual meetings consisting of a combination convention and exposition; and

Whereas, these conventions and expositions accept invitations only from cities where not only auditorium, but exhibit hall as well as hotel facilities are adequate; and

Whereas, San Francisco as the center of the Pacific Coast, one of the great regions of the United States, requires only adequate facilities to be the central marketing and meeting place in the West for national organizations; and

Whereas, these great industrial, trade and professional organizations require for their meetings an auditorium seating 20,000, and an exposition hall of 300,000 square feet adjacent to each other in the same or a connecting building; and

Whereas, San Francisco has a thirty year old Exposition Auditorium, seating 9,500 persons and no exhibit space save that in the corridors and Polk and Larkin Hall aggregating a gross of 35,876 square feet rented by the City for the meetings of the last large exhibiting conventions; and

Whereas, one convention and exposition of 12,000 attendance deposits almost \$1,000,000 of quick moving cash in our City's trade channels and payrolls; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco request the City Planning Commission of the City and County of San Francisco to place a new and adequate civic convention auditorium and exposition hall as a preferred project for post-war investment, to maintain and advance San Francisco as a central marketing and meeting place in the West.

Referred to Public Buildings, Lands and City Planning Committee.

Opposing Proposed Discontinuance of Operation of Riverbank Aluminum Plant.

(Series of 1939)

Supervisor Mancuso presented:

Proposal No. 4174, Resolution No., as follows:

Whereas, after many years of fruitless effort in an endeavor to locate on the Pacific Coast certain of those industries vital to the development of our natural resources, trade facilities and manufacturing progress, there has been established, because of the exigencies of war, an aluminum plant at Riverbank, California, the production from which is utilized in the construction of airplanes; and

Whereas, the proposed discontinuance of the aluminum plant at Riverbank, not only would deprive the City and County of San Francisco of an annual revenue of \$2,400,000 but would nullify the one forward stride made by Pacific Coast industry in its attempts to develop local resources and to be relieved of the necessity for trans-shipment of materials vital to the advancement of Pacific Coast industry; now, therefore, be it

Resolved, That this Board of Supervisors joins with Congressman Richard J. Welch, and urges that for the industrial and economic welfare of the Pacific Coast, with which the Nation as a whole is and must be concerned, some plan be evolved under which continued operation of the Riverbank Aluminum Plant may be assured; and be it

Further Resolved, That copies of this resolution be sent to Mr. Donald Nelson of the War Production Board and to Congressman Richard J. Welch; to Congressman Thomas Rolph; to United States Senators Hiram Johnson and Sheridan Downey; and to the other members of the California delegation in Congress, with the request that they lend such assistance as may be possible for the accomplishment of the objective set forth in this resolution.

Adopted by the following vote.

Extending Sympathy to Port Chicago.

Supervisor Brown presented:

Proposal No. 4182, Resolution No., as follows:

(Series of 1939)

Whereas, the holocaust that wiped out Port Chicago, its business, homes, wharfs and utilities and claimed the lives of 377 human beings, wounding countless others, through the collision and explosion of two munition ships in the harbor, has filled our citizens with horror and consternation by its devastating destruction of human life and property; now, therefore, be it

Resolved, That this Board of Supervisors express to the people and officials of Contra Costa County and Port Chicago our deepest sympathy and commiseration and that San Francisco stands ready and anxious to help in any way in the restoration and reconstruction of Port Chicago and the rehabilitation of its citizenship; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to convey to Contra Costa County and its officials the sentiments of this Board of Supervisors and the assurance of our willingness to do what we can to bring back Port Chicago and the adjoining territory to its high level of productiveness and service in the war effort.

Fixing McLaren Park Boundaries.

Supervisor MacPhee presented Proposal No. 4176, recommended by the Finance Committee, fixing the boundaries of McLaren Park, and requested that the Proposal be placed on the Board Calendar for the meeting of Monday, July 31, 1944.

No objection and so ordered.

Appointment of Supervisor Mancuso to Represent the Board of Supervisors at Testimonial Dinner in Honor of Elmer Irwin, President of American Bowling Association.

Supervisor MacPhee moved that Supervisor Mancuso be authorized by the Acting President to represent the Board of Supervisors of the City and County of San Francisco at a testimonial dinner in honor of Elmer Irwin, President of the American Bowling Association, to be held in San Francisco, July 24, 1944. Motion seconded by Supervisor Uhl.

No objection, and motion carried.

Consideration of Appointment of Committee on Post-war Projects.

Supervisor Uhl called attention to Resolution considered by the Board on Monday, July 17, 1944, to provide for the appointment of a committee or "local agency" on post war projects, which resolution, at that meeting was re-referred to Public Buildings, Lands and City Planning Committee. During the consideration of that matter, Supervisor Colman had raised the point that in his opinion, the Board of Supervisors had no authority to appoint such committee, but the appointment should be made by the Mayor.

The City Attorney, in reply to questioning, stated that the City itself was the local agency. The Board, though, could give the proposed committee any other name it desired.

Whereupon, Supervisor Uhl suggested that the committee be called "The Committee on Post War Projects," and moved that the proper resolution for appointment of such committee, as set forth in the Proposal before the Board on Monday, July 17, 1944, be drafted by the City Attorney; that the Proposal be considered as having been already drafted; and that the rules of the Board be suspended for the purpose of consideration of such proposal.

The City Attorney announced that the legality of Senate Bill 48 was being considered by the Attorney General. However, the Board need not delay its consideration on that account.

His honor, the Mayor, announced that he understood that the Proposal before the Board on July 17 contemplated taking advantage of Senate Bill 48.

Supervisor Uhl explained further that Senate Bill 48 refers to a local agency which shall receive requests for different projects. It is the duty of the local agency to decide the priority of such projects. The matters are then referred to the Board of Supervisors who shall get plans and specifications, the costs involved, and then make request to the state for an appropriation.

The Chief Administrative Officer stated that the Bill passed by the State Legislature set up an amount of \$10,000,000. If legal, the Bill will not become operative until 90 days after adjournment of the Legislature, or sometime in September. With respect to the projects, the City and County is the local agency. However, he had no objection to the forming of a committee to study the various plans submitted. He did not believe, though, there was any need for immediate action.

His Honor the Mayor announced that he had requested departments to file with the City Planning Commission, on or before October 1, 1944, any post-war projects they are prepared to recommend. The City Planning Commission has already received some response from the different departments.

Mr. Tilton, representing the City Planning Commission, reported that his Commission has sent to department heads, reports and schedules. A great deal of clerical work and of interdepartmental conferences will be necessary in deciding the degree of importance of the various matters. Reports will be made as soon as lists come in.

Thereupon, Supervisor Uhl renewed his motion for suspension of the rules for the adoption of the Proposal which the City Attorney will draft.

Supervisor Green objected to suspension of the rules, stating that it was premature, and, also, that the entire matter was already in the hands of the Committee.

No action taken.

Supervisor Uhl then requested the Clerk to have incorporated in the Journal, review of discussion of these post-war projects. He, as chairman of the committee, did not intend to be subject to criticism later on. He desired the record to show that he wanted action. He had brought the matter before the Board and he had requested suspension of the rules in order that a committee might be appointed under a title as described by the City Attorney.

Supervisor MacPhee announced that all members of the Board were in sympathy with what Supervisor Uhl had in mind. However, the matter was too important to be acted on haphazardly.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:25 P. M., adjourned.

Approved by the Board of Supervisors August 7, 1944.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Mayor to Appoint Local Post-War Public Works Review Board.

(Series of 1939)

Supervisor Uhl presented the following recommendation of the Public Buildings, Lands and City Planning Committee:

Proposal No. 4185, Resolution No., as follows:

Whereas, Senate Bill Number 48, adopted by the last extraordinary session of the State Legislature, makes an appropriation of Ten Million (\$10,000,000) Dollars, for the preparing of plans for special projects to be hereafter allocated for post-war work, upon the condition that all amounts from said appropriations are matched by equal amounts from local agencies; and

Whereas, said bill provides that a local agency means any city, city and county, or county of the State, and that all acts required to be done by any local agency for the purpose of obtaining the benefits of said bill shall be performed by the governing body of the local agency; and

Whereas, there has been allotted to the City and County of San Francisco the sum of Eight Hundred Thousand (\$800,000) Dollars from said sum for the purpose of enabling it to prepare plans for post-war projects; and

Whereas, the Board of Supervisors is desirous of giving careful consideration to all proposed post-war projects, and to select those most beneficial to the City; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request his Honor, the Mayor, to appoint a committee to be known as The Local Post-War Public Works Review Board, said committee to consist of the Mayor, the Chief Administrative Officer, the Controller, the President of the Board of Supervisors, the Chairman of the Building and Lands

Committee of the Board of Supervisors, the President of the Public Utilities Commission, and the President of the City Planning Commission, which said committee shall have power to give consideration to all post-war projects and to report to this Board as to the merits of said respective projects, and also as to the order in which they should be recommended.

Supervisor Uhl, to whom permission had been granted to present the foregoing proposal out of order, after briefly explaining same, moved its adoption.

His Honor, the Mayor, in commenting on the proposal, stated that the Board could, of course, act as it saw fit. However, he wanted to point out that the City Planning Commission was making a study of post-war projects and acquiring all the data thereon. Under the Charter, the Mayor stated, that was one of the functions of the City Planning Commission.

Supervisor Uhl, in reply, referred to Senate Bill 48, stating that under the proposal under consideration, the Board would be acting in accordance with that bill, which requires a local agency to be appointed. This Local Post-War Public Works Review Board would review proposals made, and projects selected by that Board would be sent to the Board of Supervisors for approval.

Supervisor Colman announced that although he had joined with Supervisor Uhl in approving the proposal as presented, if the Mayor desired a week to consider the matter, he would be glad to cooperate.

The City Attorney, in reply to questioning by his Honor, the Mayor, announced that the City and County itself was the local agency required under the provisions of Senate Bill 48. The proposal as presented was to authorize or create a review board for the various projects that will be presented. The Board can call such an agency anything it desires. The Board of Review will make recommendations or reports to the Board of Supervisors, which can accept, reject or substitute. The Board of Supervisors can consider matters directly, if it desires.

Mr. Tilton, representing the City Planning Commission, declared the problem to be quite simple; it was to determine whether the Board of Supervisors desires to use regularly established departments to accomplish things it has in view, or to by-pass such agencies. The Planning Commission is already doing the work, for which money has been appropriated. There is no need for the proposed new agency.

Supervisor Uhl disagreed with the views expressed by Mr. Tilton. The Planning Commission can go ahead with its present work. However, he did not want to see the City and County hamstrung. There are many matters which should be taken up at a very early date.

Thereupon, Supervisor Colman stated that the facts seemed entirely different from what he had understood. He had thought everyone was in accord. He did not believe in changing any Charter provisions or any orderly procedure. In view of the facts as have been brought out, he believed the Board should wait a while. The proposal should not be approved immediately, but should be re-referred to committee until some future date. He would so move. Motion seconded by Supervisor Green.

Supervisor Uhl objected, stating such action would result in procrastination of the worst kind.

Thereupon the roll was called and the foregoing proposal was *referred to Public Buildings, Lands and City Planning Committee* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, Meyer—5.

Noes: Supervisors MacPhee, Mancuso, Uhl—3.

Absent: Supervisors Gallagher, Mead, Sullivan—3.

and be it

Further Resolved, That the remaining privately owned property within said 271 acre tract to be acquired as soon as possible, if and when funds are set aside or appropriated for said purpose; and be it

Further Resolved, That the Director of Property shall, in accordance with Section 92 of the Charter, arrange to sell the present City owned lands outside the limits of said 271 acre tract which were previously acquired for the proposed McLaren Park, and that the proceeds from such sales be used towards the purchase of the remaining privately owned lands within the 271 acre tract.

Discussion.

Supervisor MacPhee, in discussing the foregoing proposal, announced that the members of the Finance Committee, with the Director of Property, had looked over the site of McLaren Park, in an attempt to determine just where the boundaries of the Park should be established. The Park Commission had previously established boundaries, within which there are now located many hothouses and other buildings, the purchase of which would be quite costly, but the salvage value, or the resale

value of the improvements, after purchase by the City and County, would be quite low. The Finance Committee believed that the boundaries of the Park should be re-established, as delineated on maps provided for each member of the Board. If that were done, many parcels of property heretofore purchased for McLaren Park could be exchanged for other parcels within the park boundaries.

Mr. Joseph Phillips, Director of Property, after reciting in detail, the history of McLaren Park, explained further the proposal by the Finance Committee.

Mr. Lloyd Wilson, Park Commission, explained the views of the Commission. There are at present 367.62 acres in McLaren Park, as boundaries are viewed by the Commission. Under the Finance Committee's proposal there will be 277 acres. The Park Commission agrees with the Finance Committee that this is a matter of vital importance to the people of San Francisco, but does not think the area should be further reduced. The geographical limits of San Francisco have been set. There are no other large tracts available for park purposes. Any considerable increase in the population of San Francisco will have to be in that portion of the city which will be served by McLaren Park. There should be adequate park facilities for the future population of San Francisco. The Commission's idea for McLaren Park contemplates a large park, with rough development.

After further brief discussion, Supervisor MacPhee moved that a time be set, acceptable to the Supervisors who desired to visit McLaren Park in order to have a better understanding of the matter. No objection, and motion *carried*.

Thereupon, suggestion by Supervisor Uhl that members of the Board so desiring, meet at the City Hall, at 1:45 p. m., on Friday, August 4, prepared to leave for the proposed visit at 2:00 p. m., was accepted. Supervisors Colman, Gartland, Green, Meyer and Uhl signified their intention to make the inspection trip.

Whereupon, on motion by Supervisor MacPhee, seconded by Supervisor Uhl, further consideration was *postponed until Monday, August 14, 1944*.

Adopted.

Petitioning Congress to Amend the Social Security Act to Provide That Employees of Public Utility Corporations and Others in Covered Employment, When Blanketed Into Non-covered Employment by a City, County or State Governmental Body, Retain All Rights and Privileges to Old-age Pensions and Death Benefits Under the Social Security Act.

(Series of 1939)

Proposal No. 4154, Resolution No. 4133, as follows:

Whereas, at the primary election held in San Francisco May 16, 1944, the electorate authorized, by a vote of 108,621 ayes as against 84,078 noes, purchase by the City and County of San Francisco, of certain real

and operative properties of the Market Street Railway Company of San Francisco, a corporation; and

Whereas, it is planned that unification of the Municipal Railway of San Francisco and the Market Street Railway Company shall be effected not later than October 1, 1944, at which time the Civil Service Commission of San Francisco will enroll approximately 2200 employees of the Market Street Railway Company as limited tenure and permanent employees of the Public Utilities Commission of the City and County of San Francisco for the purpose of maintaining operation of the absorbed Market Street Railway properties; and

Whereas, because of certain provisions of the Social Security Act these 2200 employees of the Market Street Railway will at that time cease payments to the Social Security Board and will, with the exception of some who will qualify for old-age insurance through reaching the age of 65 years before January 1, 1953, be deprived of the protection afforded designated employables by such act, and furthermore, will, after a period of eight years beyond date of October 1, 1944, lose the amounts deposited by them with the Social Security Board; and

Whereas, the present Social Security Act provides for complete coverage of all eligibles who have paid varying amounts up to 40 quarters before reaching the age of 65 years and complete loss of benefits by those who fail to attain the 40-quarter (or 10-year) minimum before reaching the age of 65 years; and

Whereas, hundreds of permanent residents of the City and County of San Francisco, employees of the Market Street Railway Company, who have been payees to the Social Security Board since its inception in 1937 and have complied with all provisions of the Social Security Act for the full 31 quarters ending October 1, 1944, date of proposed unification of the Municipal Railway and the Market Street Railway Company, will be unable, through force of circumstances beyond their control, to complete the nine quarters which would insure their coverage under the 40-quarter minimum, provisions of the Social Security Act excluding city, county and state governments from coverage; and

Whereas, nothing in this resolution should be interpreted as a desire to have city, county and state governments come within the purview of the Social Security Act but only that provision be made to preserve the investment made by qualified employees of the Market Street Railway Company in the Social Security Board; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby petition the Congress of the United States to amend the Social Security Act to provide that employees of public utility corporations and others in covered employment who, through no volition of their own, are blanketed into non-covered employment by a city, county or state governmental body, retain their proper rights and privileges to old-age pensions and death benefits under the Social Security Act; and be it

Further Resolved, That a copy of this resolution be sent to members of the California delegation in the United States Senate and the United States House of Representatives.

Discussion.

Supervisor Brown, in discussing the foregoing proposal, stated he desired additional information before voting to adopt the measure. The men affected, should the Social Security Act be amended as recommended, were, he agreed, entitled to receive back full measure of what they had contributed, but there were certain additional benefits. He desired to know what else was intended. Were these men entitled to receive any increased benefits from Social Security; were they entitled to receive full benefit from Social Security and also duplicate benefits from the city's retirement funds. These were matters about which he wished to be better informed.

Supervisor MacPhee, in answer to Supervisor Brown's remarks, called attention to the proposal, with particular reference to the third and fourth "Whereas" thereof, which, he explained, covered the questions propounded.

Thereupon Supervisor Brown moved to amend, by striking out the word "all" in the first resolve of the proposal, appearing just before the words "rights and privileges," and to substitute in lieu thereof the words "their proper." Motion seconded by Supervisor Mancuso.

Mr. Gardiner Griffith explained that all that was desired was protection of contributions already made by the men, under the Social Security Act, for a period of thirty quarters. There would be no question of duplication of benefits, nor of any matching of contributions by the City and County of San Francisco, about which Mr. H. S. Foley had inquired.

Thereupon, there being no further objection, the foregoing proposal, as amended, and reading as above, was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—8.

Absent: Supervisors Gallagher, Mead, Sullivan—3.

Whenever a complaint charging any person with the commission of a criminal offense is filed in any court in the City and County of San Francisco having jurisdiction of the matter complained, or when any indictment is returned by the Grand Jury, charging any person with the commission of a criminal offense, and a warrant of arrest is issued for said person by any court having jurisdiction in the premises, and said person complained of, or indicted can be located outside the City and County of San Francisco, but within the State of California, and said person is arrested on said warrant, or pursuant to said indictment, said defendant for whom said warrant is issued or against whom said indictment is returned, may be returned to the City and County of San Francisco by the Chief of Police for arraignment, preliminary hearing, and trial in the court having jurisdiction in the premises at the expense of the City and County of San Francisco upon the following terms and conditions.

Section 2. The person upon whose complaint any warrant of arrest is issued, or at whose request any indictment has been issued, against any person, shall advise the Chief of Police where the defendant com-

plained of and against whom said warrant of arrest has been issued, or against whom said indictment is returned, may be, or has been apprehended, and it shall thereupon be the duty of the Chief of Police to advise the said person upon whose complaint any warrant of arrest has been issued, or against whom any indictment has been returned, as to the amount necessary to defray the cost of returning said defendant charged or indicted to the City and County of San Francisco, for arraignment, preliminary hearing and/or trial, and if said person desires said defendant against whom said warrant has been issued, or against whom said indictment has been returned, to be returned to the City and County of San Francisco for arraignment, preliminary hearing and/or trial, he shall deposit with the Chief of Police the amount so specified, and it shall thereupon be the duty of the Chief of Police to cause said defendant for whom said warrant has been issued or against whom said indictment has been returned, to be returned to the City and County of San Francisco.

Section 3. Upon the return of said defendant to the City and County of San Francisco it shall be the duty of the District Attorney to provide for the proper arraignment of said defendant, for his preliminary examination and/or trial, if held for trial.

Section 4. When any defendant for whom a warrant has been issued, or against whom an indictment has been returned has had a preliminary examination, or has pleaded guilty to the offense charged against him, either in the complaint filed against him or in the indictment returned against him, or has been tried for said offense, then the person at whose request said person was returned to the City and County of San Francisco shall be entitled to be reimbursed for the amount of money deposited with the Chief of Police to defray the cost of returning said defendant to the City and County of San Francisco, and it shall be the duty of the Chief of Police to approve the payment of said sum, and the Controller to draw his warrant therefor from such funds as are available for the purpose, in favor of said person at whose request said defendant was returned, and the Treasurer shall pay the same. No person who refuses to aid in the prosecution of said defendant, or to testify as to the matters which are complained against said defendant, or who settles or compromises, or agrees to settle or compromise any claim, which is, or may be the basis of charges against said defendant, or who agrees to the dismissal of said charges, shall be reimbursed for any deposit with the Chief of Police except with the approval of said Chief.

Section 5. It shall not be obligatory upon the Chief of Police to accept any amount offered to defray the cost of returning any defendant in conformity with the provisions of this ordinance, and the Chief of Police shall cooperate in the returning of said defendant only when he is of the opinion that the ends of justice will be served by said return, and he may at all times exercise his sound discretion as to the return of any defendant.

Section 6. Nothing in this ordinance contained shall in any way abridge, set aside or render inoperative any provision of the Penal Code or of any other law or statute of the State of California dealing with the apprehension, arrest, admission to bail, extradition, or return for trial, or trial of any person charged with crime, but this ordinance shall be deemed to be supplemental and in aid of all existing laws and statutes.

Section 7. No refund shall be made of any moneys advanced for the return to San Francisco of any person charged with crime, as provided for in this ordinance, unless the return of said person has been accomplished as provided by law and the costs of said return are a proper charge against the City and County, provided however, if said person to be returned is discharged on bail or released from custody by a court of competent jurisdiction, any money advanced for the return of said person may be refunded.

Section 8. The term "cost of returning any person to San Francisco"

as used in this ordinance shall include among any and all other items the cost of travel to and from the place from which said person is to be brought, living and other expenses during the time consumed in going to and returning from said place and any other expense incident to the return of said person.

Approved as to form by the City Attorney.

Discussion.

Supervisor Mancuso, after explaining the purpose of the foregoing legislation, announced that there had seemed to be a question of conflict between Sections 4 and 7 thereof. The City Attorney had explained there was no conflict. However, Supervisor Mancuso continued, he believed the record should show that in passing the legislation it was the intention of the Board of Supervisors that Section 4 should apply in all instances where requests for refunds were made. The original request for such legislation came before the Judiciary Committee because of bad checks being issued, and the inability of those victimized to bring criminals issuing such checks back to San Francisco.

Thereupon, the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—8.

Absent: Supervisors Gallagher, Mead, Sullivan—3.

Adopted.

The following was presented by the Judiciary Committee without recommendation:

Discussion.

Mr. Matthew Carberry, representing members of the Police Department, explained that the foregoing matter was a comparison of the present charter provisions and the provisions of the proposed charter amendment which the San Francisco Police Officers Association desired to be presented to the voters for their approval. The proposed amendment has the full cooperation of the Police Commission, and the various taxpaying groups. It is requested that the Board pass a resolution requesting an actuarial report showing the cost and effect of the proposed changes, said actuarial report to be the basis for preparation of the proposed Charter amendment.

Supervisor MacPhee announced that he had been presented an amendment to the resolution to be presented, to provide that the proposed Charter amendment be retroactive to include, at their option, the presently retired members of the Police Department, and moved that the amendment be approved.

Mr. Carberry, in speaking on the amendment proposed by Supervisor MacPhee, announced that he personally had no objection, but the plan proposed by the Police Officers Association had been passed by the entire Police Department members and had received the approval of the various taxpaying groups. For that reason, he requested that the Board act on the resolution as submitted, calling for report on plan as outlined. The cost of the suggested amendment might be determined at the same time, though.

Thereupon, Supervisor Mancuso presented the following proposal:

Requesting Actuarial Report on the Cost and Effect of Proposed Charter Amendment Affecting Retirement of Members of the Police Department.

(Series of 1939)

Proposal No. 4184, Resolution No. 4145, as follows:

Resolved, That, based upon the data contained in Item No. 44 upon today's calendar, July 31, 1944, the Secretary-Actuary of the Retirement System be and is hereby requested to prepare and submit to this board an actuarial report showing the cost and effect of the proposed changes included within the outline presented in Item No. 44 of the calendar proceedings of July 31, 1944, said actuarial report to be the basis for preparation of a proposed Charter amendment to be submitted at the election of November 7, 1944; and be it

Further Resolved, That Resolution No. 4015 be and is hereby repealed.

Before the roll was called on adoption of the foregoing proposal, Supervisor MacPhee withdrew his motion, stating that he would make the motion subsequently during the proceedings, under his name on roll call.

Thereupon, the roll was called and the foregoing proposal was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mancuso, Meyer—7.

Absent: Gallagher, Mead, Sullivan, Uhl—4.

Proposed Charter Amendment—Amending Section 42 to Prescribe
Terms of Recreation Commissioners

CHARTER AMENDMENT No.

RECREATION DEPARTMENT

advising and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 42 thereof, Recreation Commission, by prescribing the terms of members of the Recreation Commission.

The Board of Supervisors of the City and County of San Francisco hereby proposes to the electors of the City and County of San Francisco at the general election to be held on November 7, 1944, a proposal to amend the Charter of said City and County by amending Section 42 thereof, so that the Charter shall read as follows:

RECREATION DEPARTMENT

Section 42. The recreation department shall be under the management of a recreation commission consisting of seven members, five of whom shall be appointed by the mayor, and shall serve without compensation. Three of the members appointed by the mayor shall be men and two shall be women. The superintendent of schools and the superintendent of parks shall be members of the commission ex officio.

The term of each of the commissioners, except the ex officio members of said commission, shall be four (4) years, provided that the commissioners in office on the effective date of this amendment shall be continued in their respective offices until the respective terms for which they were appointed shall have expired, subject, however, to the right of the mayor to remove any commissioner at any time as provided by this Charter. Upon the expiration of the term of any commissioner, the mayor shall appoint his or her successor for a term of four (4) years. The mayor shall have the power to fill any vacancy on the commission, said appointment being for the unexpired term of the commissioner vacating his office.

The recreation commission shall appoint a superintendent, who shall be the executive officer of said department, and who shall hold office at the pleasure of the commission.

The commissioners shall have the complete and exclusive control, management and direction of all playgrounds, recreation centers, and all other recreative facilities, now or hereafter placed under charge of the commission, including the exclusive right to erect and to superintend the erection of buildings and structures thereon, and to construct new playgrounds and recreation centers, in accordance with the provisions in the charter otherwise provided.

After explanation of the foregoing proposed Charter amendment by the City Attorney and a brief statement by Miss Josephine Randall, that the Recreation Commission was in accord therewith, the roll was called and the Charter amendment was ordered submitted to the electors, at the November election, by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mansuso, Meyer, Uhl—8.

Amending Travel Expense Ordinance.

(Series of 1939)

Supervisor MacPhee presented:

Bill No. 3019, Ordinance No., as follows:

Amending Bill No. 2923, Ordinance No. 2767 (Series of 1939), entitled, "Providing for the Amount Per Day for Traveling Expenses of Officers and Employees on Official Business During the Fiscal Year 1944-1945," by providing that the Controller shall attach to each travel expense warrant, notice of requirement for filing accounting of such expenses and providing for report by the Controller to the Board of Supervisors for failure to comply with requirement for filing accounting within the prescribed period.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Bill No. 2923, Ordinance No. 2767 (Series of 1939), is hereby amended by adding thereto two new sections to be designated Sections 6 and 7, to read as follows:

Section 6. To each warrant issued by the Controller, as an advance for travel expense, there shall be attached a statement setting forth the requirement, in this ordinance provided, to the effect that accounting shall be made by the recipient of such warrant within ten days after return to duty in San Francisco.

Section 7. Upon failure of any officer or employee to make an accounting within the time limit and as provided in Section 5 of this Ordinance, the Controller shall immediately notify the Board of Supervisors of such fact and the board shall take such action as is deemed prudent and necessary under the circumstances.

Discussion.

Supervisor Brown objected to immediate consideration of the foregoing bill. He did not like the idea of having the Board of Supervisors act as an enforcing body, which might compel the board to sit as a punitive body on one of its own members.

Supervisor Colman objected to immediate consideration. Under its provisions the board would become judges of other departments of the city government, and he questioned both the authority and the wisdom of such a proposal.

Supervisor Mancuso, during discussion of the foregoing bill, declared that it was his understanding that no detailed accounting of funds advanced for expenses incurred in out of the city and county travel was required. He had understood that all that was necessary was a statement to the effect that such amounts had been expended.

After further brief discussion, the foregoing bill was referred to Finance Committee.

Requesting Actuarial Report on Cost and Effect of Charter Amendment Affecting Retirement Benefits of Retired Members of the Police Department.

Supervisor MacPhee moved that in connection with Item No. 44, on today's calendar, July 31, 1944, that separately and apart from the actuarial report requested, looking to the preparation of the Charter amendment affecting prospective retirement benefits for the Police Department, there also be prepared, assuming the necessary time and money to be available, a report showing the additional costs to make the provisions of the proposed Charter amendment retroactive to include, at their option, presently retired members of the Police Department.

No objection and motion carried.

Following the approval of the foregoing motion, Supervisor Colman announced that his approval thereof did not carry with it approval of policy to include the proposal with the Charter amendment proposed by the Police Officers Association.

Affixing Seal to City Owned Automobiles

Supervisor Brown, under his name on roll call, inquired as to the situation regarding the newly purchased automobile for the Board of Supervisors. He had been told that the automobile was being withheld from delivery for the use of the board until the city seal had been affixed, but there were no more such seals available.

The Chief Administrative Officer, in reply thereto, announced that the car was in the shop of the Purchaser of Supplies, and would not be released until it was agreed that the seal would be affixed. There were plenty of seals available, he stated. Since there was an ordinance requiring such seal, he would not release the car without it.

In reply to statement by Supervisor MacPhee that certain cars were being operated without the seal, the Chief Administrative Officer explained his inability to compel such cars to be brought into the shop. However, as long as the ordinance remained in effect as at present, no new cars would be released until the seal had been affixed.

Thereupon, Supervisor Brown stated that that had been his reason for presenting his amendment to the legislation now in effect. The amendment had been referred to committee.

Supervisor Mancuso thereupon announced that if other departments were not going to have the seal affixed to their cars, he would change his mind about the proposed amendment. The amendment was still in committee, where it had been tabled.

Subsequently during the proceedings, Supervisor Mancuso announced a meeting of the Joint Judiciary and Police Committee for Thursday, August 3, 1944, at 4:00 p. m.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:45 p. m., adjourned.

Amending Travel Expense Ordinance, Providing That Controller Attach Notice Requiring Accounting and Report to Board of Supervisors Failure to Comply.

(Series of 1939)

Bill No. 3019, Ordinance No., as follows:

Section 1. Bill No. 2923, Ordinance No. 2767 (Series of 1939) is titled, "providing for the amount per day for traveling expenses of officers and employees on official business during the fiscal year 1944-1945," by providing that the Controller shall attach to each travel expense warrant, notice of requirement for filing accounting of such expenses and providing for report by the Controller to the Board of Supervisors for failure to comply with requirement for filing accounting within the prescribed period.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Bill No. 2923, Ordinance No. 2767 (Series of 1939) is hereby amended by adding thereto two new sections to be designated Sections 6 and 7, to read as follows:

Section 6. To each warrant issued by the Controller, as an advance for travel expense, there shall be attached a statement setting forth the requirement, in this ordinance provided, to the effect that accounting shall be made by the recipient of such warrant within ten days after return to duty in San Francisco.

Section 7. Upon failure of any officer or employee to make an accounting within the time limit and as provided in Section 5 of this Ordinance, the Controller shall immediately notify the Board of Supervisors of such fact and the Board shall take such action as is deemed prudent and necessary under the circumstances.

Approved as to form by the City Attorney.

Consideration postponed until Monday, August 14, 1944.

Discussion.

Supervisor Colman asked for an explanation of the amendment.

Supervisor MacPhee: "This is an amendment to the existing Travel Expense Ordinance to provide that when a warrant is given to any officer, official or employee of the City and County of San Francisco, to make a trip for the City and County, notice is to be attached to the warrant indicating that a report must be filed with the Controller within ten days after returning from said trip."

Supervisor Gallagher moved that the matter go over a week until all of the members of the Board be present.

Supervisor Colman: "I am opposed to this amendment. The Controller can go to the head of each department and tell him that certain of the employees of that department have not made an accounting for a trip.

"The chief criticism has been that there has been too much money spent in the making of these trips coming right after the Board of Supervisors has increased the Travel Expense Ordinance from \$15 to \$20 per day. That in itself would tend to increase the traveling expenses $33\frac{1}{3}$ per cent.

"I make the following suggestions:

"1. That we amend our present ordinance from \$20 to \$12.50 a day, which, in my opinion after payment of traveling expenses gives an ample allowance on which to live decently.

"2. Secure from governmental agencies, state departments and other cities, copies of their travel expense ordinance. Study all of them carefully, pick out the best features of each and then make that our Travel Expense Ordinance."

Supervisor MacPhee: "This matter was suggested and presented to the Board at last Monday's meeting and referred to the Finance Committee. The Controller has indicated his approval of the ordinance."

There being no objection to Supervisor Gallagher's motion, the foregoing matter was *postponed for one week*.

Section 2. This ordinance effective August 1, 1944, to coincide with the transfer of funds and functions as provided in Bill 2948.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being that by reason of the fact that the Citizens' Protective Corps, which succeeded to the powers and duties of the San Francisco Civilian War Council, was established by ordinance subsequent to the adoption of the Annual Appropriation Ordinance, and the Annual Salary Ordinance, no provision was made in said Annual Salary Ordinance for any employees of said Citizens' Protective Corps; and it is therefore necessary for the purpose of permitting said Citizens' Protective Corps to function and to carry out the purposes for which it was organized, and its duties and obligations as set forth in the ordinance creating said Citizens' Protective Corps that the Annual Salary Ordinance should be amended for the purpose of providing schedules of compensations for those performing services under said Citizens' Protective Corps, as well as for the uninterrupted operation of said Citizens Protective Corps.

employees of the City and County, as well as uncertificated employees of Unified School District of said City and County, who have resigned from or relinquished their positions under the government of the City and County or under the Unified School District of said City and County, and entered the service of the American Red Cross for service therein during the existing war, and providing that after the effective date of this amendment and for the duration of the existing war between the United States of America and the Axis Powers, leaves of absence shall be granted to employees of the City and County, and of the Unified School District of said City and County for service with the American Red Cross.

Supervisor Colman presented the following legal opinion of the City Attorney relative to "Passage of Emergency Legislation."

Opinion of City Attorney.

August 7, 1944.

Subject: Passage of Emergency Legislation.

Gentlemen:

I am in receipt of your letter wherein you advise that on motion of Supervisor Colman your Board has asked to be advised as to under what conditions emergency legislation may be enacted.

OPINION

Section 13 of the Charter provides for the enactment of ordinances as emergency measures. Section 14 provides that no ordinances affecting franchises, grants, bond issues, or the sale, lease or purchase of real property shall be passed as an emergency measure. The section then proceeds to state what under the section may be considered to be an emergency which will authorize the enactment of emergency legislation. Note the language, "Immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any city and county department or office, or action required to comply with time limitations as established by law, shall be emergencies within the meaning hereof, provided that such emergency shall actually exist."

Therefore, before the board can pass an ordinance as an emergency measure, the emergency must actually exist, and the ordinance to be passed must apply (a) to the immediate preservation of the public peace; (b) immediate preservation of property; (c) immediate preservation of health or safety of the people; (d) be necessary for the uninterrupted operation of any city and county department or office; (e) necessary action required to comply with time limitations as established by law.

Therefore, it may be well to give consideration as to what is an emergency.

The Supreme Court of California defines an emergency as "An unforeseen occurrence or combination of circumstances which calls for immediate action or remedy; pressing necessity; exigency." See *Los Angeles v. Payne*, 8 Cal. (2d) 563.

In the case last mentioned two San Francisco cases are cited with approval, to-wit, *San Christina Investment Co. v. San Francisco*, 167 Cal 762, and *Burr v. San Francisco*, 186 Cal. 508.

The San Christina case uses the same definition of an emergency as is found in *Los Angeles v. Payne*; but the court went further into the question and held that even if the supervisors found that a con-

dition of great necessity or emergency existed, their finding was subject to review by the courts, and the Supreme Court reversed the decision of the Superior Court of San Francisco, and held that notwithstanding that the Board of Supervisors held that an emergency existed which authorized exceeding the one dollar tax limitation as was provided in the charter, as it then existed, the court had the right to review the facts upon which the declaration of emergency was based.

Further commenting on the San Christina case, the court said: "And, finally, it must be said that no argument of hardship or inconvenience will justify a court in setting at naught the written terms of the city's charter, even at the instance of the city's officials. As was said by this court, 'an inconvenience to the city does not justify the despoiling of its taxpayers.'"

In the case of *Glascocock v. Wilde*, 54 Cal. App. 522, the District Court of Appeals of the Second District of California held that where the legislative body makes the assertion in an ordinance, that the previous ordinances dealing with the same force relating thereto, that the assertion demands the fullest respect and credence at the hands of the courts, unless its falsity is fully demonstrated.

Therefore, it may not be amiss to apply the law as laid down in the above cited cases to your instant problems.

First, let it be said that the finding of the Board of Supervisors as to the existence of an emergency is not conclusive, but that the declaration of an emergency may be reviewed by the court.

Second, while the declaration of emergency is not conclusive, great weight will be given to the finding of the legislative body on the subject.

Third, the grounds of emergency as set forth in our charter are, (a) immediate necessary preservation of public peace; (b) immediate preservation of property, health or safety; (c) provision for the uninterrupted operation of any city or county department or office; (d) action required to comply with time limitations as established by law.

I believe that you will have no difficulty in determining when an emergency exists under subdivision a or b above mentioned. Most of your emergency ordinances arise under subdivision c, and, therefore, you must bear in mind the language of the Supreme Court in the San Christina case, to the effect that "no hardship or inconvenience will justify a court in setting at naught the written terms of the city's charter." Therefore, when an ordinance is presented to you with an emergency clause attached, the nature of the emergency being "for the uninterrupted operation of any city and county department," it should be shown to you that the failure to make the ordinance effective immediately will really interrupt the functions of the office, and not merely inconvenience it, or deprive someone of his increased compensation for the time being.

As to time limitations, all I can say is that every effort should be made by your board and by other departments interested in the particular legislation, to present the legislation in time so that it may be acted upon in the regular course, rather than as an emergency measure, for I have grave doubts as to the validity of an emergency measure when an ordinary one might have been presented in due time and is withheld until the invocation of the emergency clause is necessary.

Finally, permit me to say that the emergency provisions in the charter are there to be exercised, and that you are the judges of the existence of the emergency.

Respectfully submitted,

/S/ JNO. J. O'TOOLE,
City Attorney.

To: Board of Supervisors.

Discussion.

Supervisor Colman: "I believe that we have been very lax in enactment of emergency legislation when no actual emergency exists. I

suggest that a copy of this opinion be sent to each member of the Board."

Mr. O'Toole: "It is impossible to decide just what is an emergency. It is impossible to lay down a general law as to what does constitute an emergency. The Board of Supervisors must use their own discretion in each case."

Supervisor MacPhee: "Mr. O'Toole, when these matters come before the Board with the approval as to form by the City Attorney doesn't that also approve the fact that an actual emergency exists?"

Mr. O'Toole: "No, Supervisor, that is approval only as to form."

Motion.

Supervisor Mancuso: "I move that not only a copy be sent to each member of the Board but also a copy be sent to each department head of the City and County of San Francisco."

Supervisor Gallagher: "I move that the Clerk be directed to prepare an amendment to the ordinance regulating legislative procedure to provide that no legislation proposed for passage as an emergency measure will be considered or passed by the Board unless accompanied by a letter from the head of the department proposing such emergency legislation explaining briefly but concisely what the legislation is intended to accomplish and the reason why it is required to be passed as an emergency."

Seconded by Supervisor Colman.

No objections and so ordered.

Opposing the Acquisition of San Francisco's Leading Hotels for Utilization as Redistribution Centers for Returning Veterans.

(Series of 1939)

Supervisor Gallagher presented:

Proposal No. 4196, Resolution No. 4155, as follows:

Whereas, it has been reported that the United States Army Service Command is considering a proposal looking to complete acquisition of several of San Francisco's largest hotels, to be utilized as redistribution centers in the program of rehabilitation for returning battle-fatigued veterans, which proposal, if consummated, would require the exodus from the hotels involved, of all presently accommodated classes of guests, including *approximately* eighty-five (85%) per cent transient military personnel under orders and *approximately* ten (10%) per cent transient non-military guests engaged in affairs directly connected with the prosecution of the war; and

Whereas, while San Francisco continues to manifest its all-out desire to assist in and expedite the tasks primarily important to early conclusion of the war and is, at the same time, gratefully anxious to extend the fullest measure of hospitality, comfort and solace to returning veterans as well as to all other participants presently engaged therein, it is confidently asserted by those intimately familiar with the local situation that the action contemplated by the Army Service Command would be imprudent and could serve no truly beneficial purpose either in military objectives or in the program for veteran rehabilitation for the following reasons:

1. San Francisco, the building expansion of which is restricted by priorities on building materials as well as by its geographical limits, is in imperative need now, of 27,000 more units in order to provide barely adequate housing facilities for its war-time population. San

Francisco cannot stand further housing displacement without serious impediment to the war effort.

2. The transportation system in San Francisco, frankly conceded to have been inefficient and inadequate in pre-war days, is even now strained to unsafe limits in an endeavor, by the use of an insufficient number of bulging vehicles rendered more dilapidated by priorities, to transport San Francisco's swollen population to their work in industries vitally necessary to the war effort. Further taxing, the present transportation facilities cannot possibly withstand.

3. San Francisco being the principal port of embarkation for the Pacific theatre of war will, in the not distant future, find itself the gateway for troop movements involving personnel so great in numbers as to dwarf present operations, necessitating the full and most efficient utilization of every facility which may be made available for the achievement of primary purposes.

4. The noise, confusion and accelerated pace of wartime San Francisco, overcrowded, lacking in many necessary facilities and confronted with a traffic situation so hazardous as to require not only extraordinary agility but alert, calculating, straining minds, is certainly no such locale as will afford proper respite from the ardors of war for battle-fatigued veterans.

5. Assuming that the plan proposed for rehabilitation of battle-fatigued veterans is practical and truly conducive to their welfare, San Francisco is not the place to put such plan in operation because while of necessity the operation of such plan here cannot but disrupt the organization and function of operations necessarily incident to our chief purpose, such plan if feasible and desirable could be executed in metropolises with equal or better facilities, removed from the chief Port of Embarkation for the Pacific, where the conduct of such a plan would prove of greater benefit to the military personnel affected and would in no manner impede primary war objectives.

6. If presented for the consideration of the returning veterans themselves, there is no scintilla of doubt but that confronted with the realization that, because of the slightest delay or interference in home-front operations the possibility of casualties among their comrades at the battlefield is increased, they would repudiate any proposal which would or might occasion such unnecessary sacrifice and would forego that which while ostensibly designed for their welfare would or might result in further jeopardy to their buddies; now, therefore, be it

Resolved, That this Board of Supervisors acting on behalf of the People of the City and County of San Francisco and in the true and principal interest of our paramount national effort, as well as with profound concern for the comfort and welfare of our returning veterans, hereby records itself vigorously opposed to the acquisition of San Francisco's leading hotels for utilization as "redistribution centers" at the cost of serious retardation of objectives in the Pacific theatre of war and consequent increased casualties occasioned by and incident to any interference with the efficiency of home-front operations; and be it

Further Resolved, That copies of this resolution be sent to President Franklin D. Roosevelt, to Secretary of War Stimson, to Under-Secretary of War Patterson and to Lieutenant-General Somervell, with the request that immediate assurance may be given Mayor Lapham to the effect that the proposal for utilization of San Francisco's leading hotels as redistribution centers will not be put into effect; and be it

Further Resolved, That copies of this resolution be sent to Senator Hiram W. Johnson, to Senator Sheridan Downey, to Representatives Richard J. Welch and Thomas Sherph and to the other members of the California delegation in Congress.

Supervisor Green presented the following report on his trip to Chicago to attend the American Shore and Beach Preservation Association.

Statement.

In early June the American Shore and Beach Preservation Association held a meeting in Chicago. There the problems of ocean shoreline states and those states and municipalities bordering on large inland bodies of water were discussed. Ideas were exchanged on the means of combating erosion, land slippage due to wave action, etc., and a program of mutual aid and cooperation was arrived at.

San Francisco is a member of the Shoreline Planning Association of California. I am personally a director of that Association and for some time have worked with the other shoreline counties of California on problems affecting our beaches.

Mr. L. Deming Tilton, Director of Planning for the City and County of San Francisco, was unable to attend the meeting in Chicago and I was chosen to go in his stead.

It seems unbelievable, but it is true, that San Francisco has never had a comprehensive survey to determine the cause of beach erosion and land slippage. We do not know whether the north currents or south current or the action of the Sacramento and San Joaquin Rivers cause damage at a particular place along the shoreline. As a result we have spent hundreds of thousands of dollars combating erosion without knowing what the cause is.

Having in mind the absolute necessity of a survey, I introduced a resolution before the Board of Supervisors asking that Mr. Thomas Brooks, our Chief Administrative Officer, include in the budget an item of \$5,000 to be appropriated by this City and County to commence the survey if the United States Government would appropriate a like amount. Whether a Federal appropriation is to be granted or not depends upon the determination of the United States Beach Erosion Board.

This Board met in Chicago at the same time as the American Shore and Beach Preservation Association. I conferred with the members on San Francisco's problem. Although the Board is reluctant to allocate funds until after the war, it was impressed by San Francisco's strategic location in the war effort and the fact that land slippage and erosion has occurred on forts and areas in San Francisco owned by the Federal Government.

I was advised by the members of the United States Erosion Board to file a petition for the matching funds with the District Engineer in San Francisco. This has been done. The matter will shortly be considered by the Board.

If and when the survey is made the Federal Government may then contribute to the projects determined to be necessary from the report. Such contributions could run into hundreds of thousands of dollars for San Francisco's direct benefit.

At the Chicago meetings I conferred at length with General Warren T. Hannum, who has been recently appointed Director of Natural Resources of California. He is sympathetic with San Francisco's position and will cooperate with State aid.

Seven hundred fifty dollars was advanced to me for expenses for the trip. I am today returning \$369.05 as the unexpended balance.

ROBERT MILLER GREEN,
Supervisor.

Supervisor Mancuso called a meeting of the Judiciary Committee for Thursday, August 10, 1944, at 4:00 p. m.

Supervisor Mancuso called attention to the fact that he was going to attend a meeting of the board of directors of the County Supervisors Association in Los Angeles on August 18th and if any member of the Board of Supervisors had any matter that he wanted presented to the

board of directors he should contact Supervisor Mancuso prior to his departure.

Recommending Inclusion of Sausalito Lateral in the State Highway System.

(Series of 1939)

Supervisor Meyer presented the following:

Proposal No. 4197, Resolution No. 4156, as follows:

Whereas, the present Sausalito Lateral Approach to the Golden Gate Bridge in Marin County is wholly inadequate for normal traffic, let alone war-time traffic; and

Whereas, the construction of an extension to this lateral to provide a fast, modern, divided highway is of vital importance to all of the territory served by the Bridge—to commuters, farmers and commercial trucking traffic, as well as to the general motoring public and to the welfare and prosperity of the Bridge itself; and

Whereas, the construction of such an extension would provide an alternate, fog-free, straight, low-level approach and would eliminate the steep grades and sharp turns of the present narrow and congested road through the City of Sausalito; and

Whereas, such an extension would eliminate the necessity of using the present main, steep Waldo Approach which is subject to being blocked by slides, storms and other acts of nature; and

Whereas, the present Sausalito Lateral is in reality used as a State Highway by traffic from all parts of California and other states, as well as by traffic of the armed forces and of other agencies of the United States and state governments generally; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby recommend that Governor Earl Warren ask the State Legislature to include the present Sausalito Lateral in the State highway system and also to include the proposed Sausalito lateral extension in the list of State post-war highway construction projects; and be it

Further Resolved, That copies of this resolution be sent to the board of directors of the Golden Gate Bridge and Highway District and the board of supervisors of the counties of Marin, Sonoma, Napa, Mendocino and Del Norte and other interested parties.

Approving Map of Subdivision No. 2, Westview Terrace, Accepting Deed to and Dedicating Sweeny Street as an Open Public Street.

(Series of 1939)

Supervisor Meyer presented the following:

Proposal No. 4193, Resolution No. 4153, as follows:

Resolved, That the certain map entitled, "Map of Subdivision No. 2, Westview Terrace, San Francisco, California," composed of two sheets approved the 4th day of August, 1944, by Department of Public Works Order No. 21243, be and the same is hereby approved and adopted as the official map of subdivision No. 2, Westview Terrace.

Further Resolved, That the parcel of land delineated and designated thereon as Sweeny Street is hereby accepted on behalf of the City and County of San Francisco and declared to be an open public street dedicated to public use and to be known as Sweeny Street.

Further Resolved, That this Board of Supervisors does hereby accept on behalf of the City and County of San Francisco that certain deed dated the 14th day of July, 1944, from United Investment Corporation

by H. C. Billings, Jr., its vice-president, granting to the City and County of San Francisco all the land comprising Sweeny Street as above referred to and shown on said map.

Further Resolved, That the certain bond in the sum of Eight Thousand Three Hundred Seventy-three and 80/100 Dollars (\$8,373.80) executed the 6th day of June, 1944, between United Investment Corporation, as principal, and Albert Picard and Ralph E. Tobener, as sureties, running to the City and County of San Francisco, conditioned for the payment of all taxes or special assessments collected as taxes which are at the time of filing of said map, a lien against the land or any part thereof, as shown on said map, but not yet payable be and is hereby approved and accepted, the said sum of Eight Thousand Three Hundred Seventy-three and 80/100 Dollars (\$8,373.80) being sufficient to cover all taxes which are a lien upon the property described in said map and which are not yet payable, the amount of said taxes being estimated by the Controller of the City and County of San Francisco to be Four Thousand One Hundred Eighty-six and 90/100 Dollars (\$4,186.90).

Board to Ascertain Number of Acres Necessary for McLaren Park and Present Overhead Cost to Maintain McLaren Park.

(Series of 1939)

Supervisor Uhl presented the following:

Proposal No. 4198, Resolution No., as follows:

Whereas, available building lots for homes are rapidly being built upon; and

Whereas, due to the limited area of San Francisco now available for home sites it behooves us to husband such areas that qualify for residential purposes; and

Whereas, area for McLaren Park should be carefully surveyed in order to make certain that areas for McLaren Park purposes are justified; and

Whereas, due to the heavy burden of taxation now confronting the taxpayer and the possibility that an additional sum must be added in the tax rate if Hetch Hetchy power is not sold; and

Whereas, post-war projects necessary to provide our boys who will seek employment after the war's duration and which post-war projects will cost many millions of dollars; and

Whereas, failure to provide such post-war projects will be most regrettable; and

Whereas, acreage for McLaren Park is under discussion at this time; now, therefore, be it

Resolved, (1) That the Board of Supervisors ascertain the number of acres necessary for McLaren Park; (2) the present overhead cost to maintain McLaren Park and the number of acres under cultivation.

Whereas, Mary Gartland, donor of the beautiful side altar of St. Joseph, in St. Ignatius Church, in memory of her husband, and noted for her many acts of benevolence and charity, will be long remembered by the many recipients of her bounty and by her devoted family who now deplore the loss of one whose sweet, gentle and lovable character endeared her to all; now, therefore, be it

Resolved, That this Board of Supervisors extends its deepest sympathy to the family of the deceased in this hour of their sad bereavement; and be it

SPECIAL ORDER—4:00 P. M.

Consideration of applications, Laurel Hill Cemetery Association, for reduction of assessment on Laurel Hill Cemetery property, heretofore set as a Special Order at 4:00 p. m., Monday, July 24, 1944, was taken up, as follows:

	Lot	Block	Building	Land
Laurel Hill Cemetery Association, Presidio Ave. & Sutter.....	1	1032	1,000	187,720
Laurel Hill Cemetery Association, Parker Ave.	35	1065	300	1,790

Mr. James Walter Scott, representing the Laurel Hill Cemetery Association, after being sworn, addressed the Board at length, recited the history of the cemetery, from its beginning in 1867, at which time the cemetery association was organized under the Laurel Hill Cemetery Act, until the present time. After the removal of bodies from the cemetery, a contract was entered into with Heyman Brothers, for the purchase of the cemetery property for \$670,000, which would permit the erection of an appropriate mausoleum for the interment of the remains removed from the cemetery. Just as Mr. Heyman was on the eve of getting his plans for development approved, came the attack on Pearl Harbor and, the declaration of war, with the result that it was impossible for Heyman Brothers to proceed with the development of the property, or to consummate the purchase of the property, since they could not go ahead with their building program. The Laurel Hill Cemetery Association, under the circumstances, was requesting the reduction of assessment to a minimal amount. Heyman Brothers, stated Mr. Scott, had requested permission to transfer their equity in the property, but such transfer was disapproved by the trustees of the association.

After brief discussion, and questioning of Mr. Scott by members of the Board, Supervisor Uhl, seconded by Supervisor Green, moved that the matter be taken to the hands of the Board.

No objection, and so ordered.

The Assessor, in reply to questioning by Supervisor Uhl, stated that in placing the assessment on the property, the fact that the property could not be built upon, at the present time, was taken into consideration. The assessment placed upon the property, he considered, was fair.

Supervisor Green held that he did not believe the property should be assessed after title thereto had passed. He believed that the assessment would not be proper upon the cemetery association, but should be levied against the purchaser thereof. Supervisor Green thereupon moved that there be no assessment placed on the cemetery property for the current fiscal year. Motion seconded by Supervisor Gartland.

The Assessor, thereupon, advised that if the Board should make no assessment on the property, such act would be illegal. The property is subject to assessment;

however, the Board has unlimited discretion as to the amount of the assessment but it cannot cancel the assessment entirely.

Thereupon, Supervisor Green changed his motion, moving that the property assessed at \$100 per acre. Motion seconded by Supervisor Gartland.

Supervisor Mancuso objected to any action of the Board without full attendance or at least, a larger attendance present. He intended, though, to vote in favor confirming the Assessor's recommendations, feeling that such action would favor development of the property as early as it could possibly be done. He believed that Heyman Brothers could be compelled to pay the taxes levied against the property.

However, Supervisor Mancuso was informed that Supervisors Brown and Meagher had been excused from attendance by the Board, and that Supervisors Gallagher, Mead and Sullivan were on leave of absence. For that reason a large attendance could not be expected during the present sessions of the Board, sitting as a Board of Equalization.

Supervisor MacPhee, in expressing his views, reminded the Board that for the past several years he had expressed his disapproval of granting any relief, believing such relief to be nothing but a gift of public funds by allowing one person to have to pay taxes because he was unable to build on his property. In addition to the inability to build, there seems to be a question as to the title of the property. If the Board should grant relief in this case, it should examine the rest of the assessment roll. If the Board is going to grant relief because of the inability to build, or because title to property is not clear, it must grant the same relief to everyone in similar circumstances. If the Board should assess this property properly, relief can be obtained through the courts.

Supervisor MacPhee, in explanation of his vote, stated that for the past two years he had voted for a nominal assessment on the Laurel Hill Cemetery property, but upon precedent set up in the Masonic Cemetery case. Now he felt that the picture has changed. The Board is told that Heyman Brothers has sold its contract for consideration of \$80,000. In the face of that he could not vote to reduce the assessment.

Thereupon, the roll was called and the motion to reduce the assessment to a nominal amount of \$100 per acre was defeated by the following vote:

Ayes: Supervisors Gartland, Green—2.

Noes: Supervisors MacPhee, Mancuso, Meyer, Uhl—4.

Absent: Supervisors Brown, Colman, Gallagher, Mead, Sullivan—5.

There being no further discussion, the Chair ruled that the recommended assessment would stand, and no reduction would be granted.

Appraisers reported that the Assessor feels it to be his duty to place an assessment on the foregoing described property. However, inasmuch as the City and County operates the property, through the Recreation Department, at a yearly rental of only \$25, the Board of Supervisors, sitting as a Board of Equalization, has in previous years reduced the assessment on the land to \$250.				

The Assessor reported that during the session of the Board of Equalization in 1943, the Board requested, or suggested, that money be included in the budget of the Recreation Department to pay a higher rental for the use of the foregoing described property, rather than reduction of taxes by reducing the assessment on the property. It would be better business to set up funds to take care of the taxes that would normally be paid on the property. The appropriation for that purpose would amount to about \$460. In conclusion, the Assessor suggested that for the current fiscal year, the land assessment be reduced to a nominal amount of \$250.

Thereupon, Supervisor Uhl moved that the assessment on the land be reduced by \$6,650, making that assessment read \$250, and that the Clerk be instructed to notify the Recreation Department that such allowance will not be made in the future, in order that that Department might include an amount in its future budget requests to take care of the taxes that would normally be levied against the property in question.

No objection, and motion *carried*, reducing land assessment by \$9,650, making that assessment read \$250.

Approval of Action Heretofore Taken by Board of Equalization.

Supervisor Meyer, seconded by Supervisor Uhl, moved that action taken by the Board of Supervisors, sitting as a Board of Equalization, on each application for reduction or correction of assessment, be approved.

Motion *carried* by the following vote:

Ayes: Supervisors Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—6.

Assent: Supervisors Brown, Colman, Gallagher, Mead, Sullivan—5.

Approval of the Assessor's Clerical Error List.

Supervisor Meyer, seconded by Supervisor Green, moved that the Clerical Error List presented by the Assessor, be approved.

Motion *carried* by the following vote:

Ayes: Supervisors Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—6.

Assent: Supervisors Brown, Colman, Gallagher, Mead, Sullivan—5.

SPECIAL ORDER—3:00 P. M.

Hearing of appeal from the decision of the City Planning Commission by its Resolution No. 2866, July 6, 1944, denying application for a change and reestablishment of set-back lines on the southerly side of Ulloa Street, between Thirty-eighth and Thirty-ninth Avenues.

Monday, August 7, 1944—Consideration continued until August 14, 1944, at 3:00 P. M.

Consideration.

Mr. Carl Gellert, owner of property for which change and reestablishment of set-back lines was requested, addressed the Board at length,

explaining the reasons for the requested change. Mr. Gellert reported that there were no protests against the proposed change. He reported further, that because of a misunderstanding as to procedure, resulting in failure to be represented before the City Planning Commission, the Commission had denied the request for change and reestablishment of set-back lines.

Mr. L. Deming Tilton, representing the City Planning Commission, confirmed statement by Mr. Gellert. He stated that the Commission had denied the request, without prejudice to Mr. Gellert. The Commission, he believed, would have granted the request for change, had Mr. Gellert been present at its meeting, or had he been represented at the meeting. The Commission had no objection whatever action the Board of Supervisors might take, other than a natural dislike to being over-ruled.

Changing Set-back Lines, Portions of Ulloa Street and Thirty-eighth and Thirty-ninth Avenues.

(Series of 1939)

Thereupon, the following proposal was taken up:

Proposal No. 4225, Resolution No. 4176, as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 2366, dated July 6, 1944, denying application to change the set-back lines on said property as follows:

Abolish 8 ft. set-back line on south side of Ulloa Street, commencing at Thirty-ninth Avenue, thence east 82.5 ft.

Abolish 8 ft. set-back line on south side of Ulloa Street, commencing at Thirty-eighth Avenue, thence west 82.5 feet.

Establish 3 ft. set-back line on easterly side of Thirty-ninth Avenue, commencing at Ulloa Street, thence south 100 ft.

Establish 3 ft. set-back line on westerly side of Thirty-eighth Avenue, commencing at Ulloa Street, thence south 100 ft.

is hereby disapproved.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Report of Supervisors Mead and Sullivan on Second Annual War Conference of National Association of County Officials, Held at Syracuse, N. Y., July 24, 25, 26 and 27, 1944.

August 14, 1944.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The undersigned members of the Board of Supervisors of the City and County of San Francisco hereby submit their official report on the activities of the second Annual War Conference of the National Association of County Officials held in Syracuse in the State of New York on July 24, 25, 26 and 27, 1944.

The underlying theme which prevailed throughout the entire conference was essentially that of the County Government and its place in post-war activities. In addition thereto a large part of the program was devoted to the important question of relief to be granted to counties and cities by reason of the increased tax burden created by acquisitions of properties by the Federal Government.

During the four days of the convention more than thirty (30) prominent speakers addressed the meetings. The Hon. Truman H. Preston,

president of the National Association of County Officials, presided throughout the entire conference. At the opening day's session an interesting address was delivered by the Hon. Alfred J. Worsdell, Deputy Commissioner of Commerce of the State of New York. He related that the Department of Commerce of the State of New York was organized in April, 1944, for the express purpose of correlating the commercial activities of that state in each community, so that there will be in the post-war period a unified and consistent program of county activities throughout the State of New York. This Department, for the purpose of having a complete understanding of the commercial assets of each community, has department representatives in each county compiling a complete inventory of all business and prospective business opportunities, so that this information may be made available for post-war work.

The meeting was also addressed by the Hon. Frank Moore, Comptroller of the State of New York, who delivered an interesting dissertation on a *group* of county government in the State of New York. He also made a plea that the counties understand and recognize their inherent powers, and utilize these powers to strengthen the position of county government in the post-war world.

On the morning of the second day of the convention an extremely interesting and instructive program was presented by representatives of Syracuse University and of the planning commission of Onondaga County. The Hon. Kenneth G. Bartlett, director, Syracuse University Radio Workshop and advisor to the County Planning Commission, presented as his theme "Syracuse on Trial." Syracuse University in cooperation with *Fortune Magazine* had presented a series of seventeen, thirty-minute radio programs with the objective of informing planners and the general public of the views of informed citizens toward significant community problems. We believe our city and county, and our planning commission could profit immensely by study of the activities of this program. Some of the questions discussed by able citizens are as follows: What are we going to do about the returning soldier? What are we going to do about automobile traffic? What are we going to do about juvenile delinquency; about taxes, about aviation, about housing, about recreation, about education; an interesting subject of great concern to all—how are we going to finance post-war projects? We submit to the Board of Supervisors a copy of the radio scripts used in the radio series above mentioned. This script is well worth reading, and is being filed with this report.

Chancellor William P. Tolley of the University of Syracuse stressed particularly the importance of planning if counties are to derive the maximum benefit from their post-war activities. Among other things, the chancellor said "one result of this war is an increased confidence in the ability of America to adjust to new conditions after the war. Another result is a determination to do our planning on a scale which will not produce benefits for one community and exclude the next one. All planning must be on an overall scale, including city and county."

A program of extreme interest to the City and County of San Francisco was that concerning the land policy of the Federal Government. The conference was addressed by the Hon. Edwin J. Regan, District Attorney of Trinity County and president of the Inter-State Association of Public Land Counties. Regan stressed the importance of a united effort by a local government to bring about the enactment of legislation by which the Federal Government will pay taxes on lands and other properties in government ownership. Regan further stressed the alarming trend of the various agencies of the Federal Government in acquiring more and more lands. It was pointed out that federal ownership of lands in the State of California has increased from 38 per cent of the entire State of California in 1938, to the present percentage which is 44 per cent of the entire State of California. It was pointed out that as the Federal Government requires lands and other properties these are

removed from the tax rolls, thus crippling the tax base of the agencies of local government.

Syracuse, with a population of over 205,000, is planning to build 10,000 new homes in the post-war period, and Governor Dewey has announced a seven hundred forty million dollar post-war road construction program for New York State, which includes a 486 mile super-highway from New York City to the southwestern border of the state, by-passing Albany, Schenectady, Syracuse, Rochester, Buffalo, and other large cities. These cities, of course, will connect with the super-highway, but there is another splendid feature about the New York super-highway plan that the State of California should adopt. Experience has shown that a town by-passed by a highway will soon encroach upon that highway. Gasoline stations, hamburger stands and beer and hot dog counters soon spring up at the turn-offs, bringing a dangerous clutter of traffic; New York is going to control that on its new super-highway by isolating the highway from abutting property. There will be plenty of places where people can satisfy their traveling needs along the way, but they won't be situated where they can cause a traffic hazard.

(Refer to contributions made by many cities for the purpose of headquarters in Washington, D. C. Congressman Peterson of Florida.)

Mr. Sullivan and I took advantage of every opportunity to study as much as possible the traffic and transportation conditions in many towns and cities. We found that Philadelphia with a population of over 2,500,000 has a modern transportation system both below the surface and on the surface. Its surface lines apparently are almost brand new, extremely fast and constructed of lightweight material and certainly very comfortable to ride on. We found that in cities four, five, and six times the size of San Francisco, transportation conditions are so far superior that there is absolutely *no* comparison whatsoever.

I realize, as I am sure does Mr. Sullivan, that *SAN FRANCISCO MUST WAKE UP*. As an example, we found the City Council of Chicago about to purchase one of its streetcar systems for something like 85,000,000 and another one for \$14,000,000. They apparently feel that the people have elected them to get things done and do not sit around waiting for alleged organized groups to solve their problems for them. They apparently feel that this only leads to confusion, and I agree with them.

With respect to traffic conditions we found that problem almost completely solved by the installation of one-way streets, not just a few here and there, but in all parts of the city, and apparently enforced regardless of any organized opposition at the outset. You can believe Mr. Sullivan and me when we tell you it has worked out to the *benefit* and *not* to the detriment of the entire city.

DEWEY MEAD.

JOHN J. SULLIVAN.

Supervisor Mead, following the reading of the foregoing report, supplemented same by stating that certain recommendations would be made and presented to the Board for consideration. Supervisor Mead filed with the Board, notice entitled "ATTENTION! COUNTY GOVERNMENT IS IN DANGER! 'Eternal Vigilance' Is Still the 'Price of Liberty!'" Calling attention to the constantly growing menace to the existence of local government in the United States by the present tax-exempt status of federal property, and urging a nationwide movement to induce Congress to remove this CANCEROUS GROWTH which threatens the life of local government—the FOUNDATION OF AMERICAN DEMOCRACY!"

Supervisor Mead presented literature on a series of radio talks presented by Syracuse University, in cooperation with *Fortune Magazine*, with the object of informing city planners and the general public of the views of informed citizens toward significant community problems, with reference to the City Planning Commission.

Section 3. Upon the return of said defendant to the City and County of San Francisco it shall be the duty of the District Attorney to provide for the proper arraignment of said defendant, for his preliminary examination and/or trial, if held for trial.

Section 4. When any defendant for whom a warrant has been issued, or against whom an indictment has been returned has had a preliminary examination, or has pleaded guilty to the offense charged against him, either in the complaint filed against him or in the indictment returned against him, or has been tried for said offense, then the person at whose request said person was returned to the City and County of San Francisco shall be entitled to be reimbursed for the amount of money deposited with the Chief of Police to defray the cost of returning said defendant to the City and County of San Francisco, and it shall be the duty of the Chief of Police to approve the payment of said sum, and the Controller to draw his warrant therefor from such funds as are available for the purpose, in favor of said person at whose request said defendant was returned, and the Treasurer shall pay the same. Section 5. It shall not be obligatory upon the Chief of Police to accept any amount offered to defray the cost of returning any defendant

in conformity with the provisions of this ordinance, and the Chief of Police shall cooperate in the returning of said defendant only when he is of the opinion that the ends of justice will be served by said return, and he may at all times exercise his sound discretion as to the return of any defendant.

July 31, 1944—Consideration continued until Monday, August 14, 1944.

Supervisor Colman, Chairman of Committee on Education, Parks and Recreation, to which Proposal 4198, presented by Supervisor Uhl, had been referred, announced that at the meeting of that committee, held on August 10, 1944, Mr. Chris D. McKeon, builder, had stated that he was not opposed to postponement of further consideration of proposal to change the boundaries of McLaren Park for a period of four weeks, and, accordingly, he would move that further consideration of the foregoing proposal be postponed for four weeks, and be made a Special Order of Business at 2:00 p. m., September 11, 1944.

Supervisor MacPhee, after ascertaining that there were no citizens present desiring to be heard on the foregoing matter, suggested that postponement be for two weeks instead of four weeks.

Supervisor Colman agreed to a two weeks' postponement.

Thereupon, there being no objection, further consideration was postponed until Monday, August 28, 1944, at 2:00 p. m.

Amendment.

Supervisor MacPhee, Chairman of the Finance Committee, announced that Mr. Philip F. Landis, Chairman of the Juvenile Probation Committee, appointed by the Mayor for the purpose of determining the need for new facilities for the Juvenile Court Department, has suggested that possibly a bond issue in the sum of \$1,000,000 instead of \$1,500,000 would be sufficient. The reduced amount, Supervisor MacPhee believed, would have a better chance to be approved by the people, and he would suggest such amendment. However, before acting on such suggestion, he believed the Board should hear from Mr. George Ososke, Chief Probation Officer.

Mr. George Ososke, on being granted the privilege of the floor, stated that the amount of money was given consideration more or less on the basis of departing entirely from the present structure at 150 Otis Street. Mr. Dodge Reidy, City Architect, has stated that the cost of the proposed improvements would be between \$1,000,000 and \$1,500,000.

Supervisor Mead objected to the suggested reduction in the amount of the proposed bond issue. Undoubtedly this proposed improvement is one of the most important proposals considered for many years, and once started, there should be sufficient money to complete it.

At the request of Supervisor Colman, Mr. Landis was again granted the privilege of the floor. Mr. Landis reiterated that after conversations with architects, he believed the sum of \$1,000,000 would be sufficient to complete the improvements desired.

Thereupon, Supervisor Colman announced that since the Chairman of the Juvenile Probation Committee seems to think that \$1,000,000 would be sufficient, he did not think the Board should recommend more than

that amount, and thus invite spending of more money than is necessary. For that reason he would be glad to second a motion for reduction in the amount of the proposed bond issue.

Thereupon, Supervisor MacPhee moved that the amount of the proposed bond issue be reduced from \$1,500,000 to \$1,000,000. Motion seconded by Supervisor Colman.

Supervisor Mead opposed the motion, stating that he believed the people would approve a bond issue in the amount of \$1,500,000 just as quickly as they would approve a \$1,000,000 bond issue. The larger amount would enable the completion of the proposed improvement in a proper manner.

Supervisor Meyer agreed with the views expressed by Supervisor Mead.

Supervisor Mancuso reported that in Finance Committee the proposal was presented with no amount set up. Mr. Ososke and Mr. Landis stated in committee that they believed \$1,500,000 would be sufficient, and that amount was recommended by the Finance Committee. Supervisor Mancuso agreed with Supervisor Mead that there should be sufficient money to complete the project. Bonds will not be sold to any amount greater than is necessary.

Mr. Landis, on again being questioned as to his recommendations, stated that \$1,500,000 could be spent and the City and County would get full value. At the committee meeting, the amount of \$1,500,000 was mentioned, and he and Mr. Ososke had stated that such amount would be adequate. Since then, in the interest of obtaining the proper support of the proposed bond measure, and after consultation with the City Architect, he and Mr. Ososke have decided on a minimum amount of \$1,000,000. However, that amount was but a minimum; a greater amount would be better, and he agreed with Supervisor Mead, that in order to play safe it might be wise to set up \$1,250,000.

Thereupon, Supervisor Colman stated that from Mr. Landis' final statement he would be inclined to put the same interpretation on the matter as did Supervisor Mead, and he would be willing to go along with a bond issue of \$1,250,000.

Supervisor MacPhee announced that he would accept such amendment, and would, therefore, move that the amount of \$1,250,000 be substituted for the amount of \$1,500,000, wherever it appeared in the proposed resolution. Motion seconded by Supervisor Colman.

Thereupon, the roll was called and Proposal No. 4210, as amended and reading as follows, was *Adopted* by the following vote:

Juvenile Court and Detention Home, \$1,250,000.

August 7, 1944—*Consideration continued until Monday, August 14, 1944.*

Discussion.

Supervisor MacPhee announced that the Controller was in agreement with several factors in the proposed legislation which he cannot put into effect with passage of the legislation. He intends to put these certain amendments in effect himself. However, he would ask that the bill be re-referred to Finance Committee for further consideration.

Supervisor Mead opposed re-reference to committee. The legislation needs no consideration at all. He objected to the Board's giving away all its powers. He did not think the Controller needed the legislation. He objected to reports which he had heard that had not given all the facts.

Supervisor MacPhee, in answering Supervisor Mead, declared that there was nothing in the proposed legislation which would take any powers away from the Board of Supervisors; rather it gives the Board certain powers. It provides that the Supervisors shall take such action as they deem necessary. It provides that people shall be on notice that they must file statements of their expenditures.

Supervisor Colman agreed with the decision of Supervisor Mead, although he approached the matter from a different angle. He objected to the Board of Supervisors being made a punitive body over those who do not turn in reports of their expenditures. He believed that the recent criticism in the press was due to the increase in allowances for travel expenses.

Thereupon, Supervisor MacPhee, seconded by Supervisor Colman, moved re-reference to committee.

Motion *failed* by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee, Meyer—4.

Noes: Supervisors Gallagher, Gartland, Green, Mancuso, Mead, Sullivan, Uhl—7.

Supervisor Colman, seconded by Supervisor Brown, moved indefinite postponement.

Motion *failed* by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Explanation of Vote.

Supervisor Brown, in explanation of his intended vote, stated he did not believe it to be sound to put the Board of Supervisors in the position of having to sit in judgment on one of its own members in matters of such kind. He would vote "No."

Supervisor Mancuso stated that he, too, would vote "No." Legislation already in effect could accomplish everything that is attempted to be done under the proposed bill.

Thereupon, the roll was again called and the foregoing bill was *Refused Passage for Second Reading* by the following vote:

Aye—Supervisor MacPhee—1.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Final Passage.

Ordered Submitted.

Proposed Charter Amendment Designed to Reinstate Certain Municipal Employees Who Resigned From City Service to Enlist in the American Red Cross and to Provide Leaves for Presently Employed Municipal Employees to Enter Such Service.

CHARTER AMENDMENT No.

describing and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by adding a new section thereto to be designated as Section 153.1 thereof, to provide for the reinstatement in their respective positions of all officers and employees of the City and County, as well as non-certificated employees of the Unified School District of said City and County who have resigned from, or relinquished their positions under the government of the City and County, under the Unified School District of said City and County, to enter the service of the American Red Cross as social service worker, field director or assistant field director therein during the existing war, and providing that from the effective date of this amendment and for the duration of the existing war between the United States of America and the Axis Powers, leaves of absence shall be granted to employees of the City and County, and of the Unified School District of said City and County for service with the American Red Cross, as social service worker, field director or assistant field director therein.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the general election to be held on the 7th day of November, 1944, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated as Section 153.1, which shall read as follows:

Section 153.1-A. Whenever any officer or employee of the City and County of San Francisco, or any non-certificated employee of the Unified School District thereof, after the 8th day of December, 1941, and during the existence of the present war between the United States of America and the Axis Powers, has resigned from or relinquished his or her position under the government of the City and County, or under said Unified School District thereof, and within a period of sixty days thereafter has entered the service of the American Red Cross, as a social service worker, field director or assistant field director therein, said officer or employee after the termination of his or her service with said American Red Cross, and within the time limits prescribed by law for persons on military leave, shall be entitled to resume his or her position from which he or she resigned, or which he or she relinquished, upon presentation of proof that said person did within sixty days of resigning from, or relinquishing, his or her position with the City and

County, or with the Unified School District thereof, enter the service of American Red Cross as a social service worker, field director or assistant field director. Service with the American Red Cross as a social service worker, field director or assistant field director, during the existing war shall be deemed to be service with the City and County insofar as seniority of service, compensation are concerned, and said person so serving with the said American Red Cross shall be deemed to be on military leave, and shall be entitled to all the rights and privileges accorded to other officers and employees of said City and County who have been granted military leave to serve in the Armed Forces of the United States, or of the State of California.

The rights and privileges herein granted to former officers and employees serving as social service workers, field directors or assistant field directors with the American Red Cross shall cease at the expiration of two years after the end of the present war between the United States of America and Axis Powers, provided, however, that any person who severs his or her connection with the American Red Cross, and who fails to seek reinstatement to his or her position with the City and County, or with the Unified School District, within the time limits prescribed for persons on military leaves defined in Section 153 of the Charter and rules of the Civil Service Commission, shall not be entitled to reinstatement.

B. From and after the effective date of this amendment military leave provided in Section 153 of this Charter for those serving in the Armed Forces of the United States or of the State of California shall be granted for service with the American Red Cross as social service worker, field director or assistant field director.

Communication.

The following communication was presented and read by the Clerk:

August 21, 1944.

The Board of Supervisors
Room 235, City Hall
San Francisco.

Gentlemen:

With reference to the proposed charter amendment to grant leaves of absence to employees of the City and County of San Francisco for service in the American Red Cross, we wish to call to your attention the following views which we believe worthy of consideration:

1. Under this proposal any employee of the City and County of San Francisco, upon his request, whether or not his services are needed or whether or not his appointing officer approves, would have to be granted a leave of absence if he wished to accept a position in the American Red Cross as a Social Service Worker, Field Director or Assistant Field Director. This leave would have to be granted for not only foreign service but domestic or local service as well. A city employee could accept a position with the American Red Cross in San Francisco and would have to be granted a military leave with all the rights and privileges granted a soldier serving overseas.

2. The amendment proposes to reinstate all employees who have left the city service and who are now serving with the American Red Cross provided they accepted such employment with the American Red Cross within sixty days after leaving the city service. As a matter of fact, an employee could have left the city service for any reason and if he took a position with the American Red Cross within sixty days he would be granted full military leave rights.

3. Positions vacated by employees resigning or relinquishing are

filled by permanent appointment. What is to become of the persons who accepted permanent appointment in good faith if their rights are abrogated by the special consideration given to former city employees now with the American Red Cross?

In line with the policy to assist the war effort in every way, the Civil Service Commission in October of 1942 adopted a leave of absence policy for the purpose of assisting in national defense and preparedness and based upon the utilization of skills needed in the war effort and not utilized in the city service. Under this proposal extensive leaves of absence have been granted. With regard to leaves to enter the American Red Cross, our policy has been to grant leaves on recommendation of appointing officers to qualified personnel who wished to enter the American Red Cross upon presentation of information from the American Red Cross that they were being assigned to overseas service. The main purpose of our war effort leaves of absence policy has been to release skilled personnel which could be made available to the war effort, but in no sense was it proposed to create merely a turnover in personnel. The proposal to place the American Red Cross on the same plane as the military service, while noteworthy, will actually not be of great value in the war effort because it will be actually creating a turnover of personnel and contrary to the stabilization program. Social workers who leave the city service for service in the American Red Cross will have to be replaced immediately with persons of similar education, training and experience.

May we call to your attention that the city government operates as an essential part of the war effort and many of our departments are experiencing great difficulty in maintaining required public services. To allow employees to leave at will as provided by this proposal would further handicap the city service and would prove costly in recruitment and training of replacements. Much attention is being focused on the juvenile delinquency problems and the social problems created by the great influx of population in this area and the war emergency. The city departments handling these problems are taxed to the utmost and it would seem that this proposal to allow employees to leave at will to accept employment in a kindred agency will further hamper and tax the service.

The proponents of this measure state that the American Red Cross should be placed on the same level as the WAVES and WACS. Actually this is not a proper comparison. Enlistment in the WAVES and WACS carries with it loss of individuality and regimentation of life at a very small monetary compensation not at all equivalent to the salaries paid employees of the American Red Cross. Accepting a position with the American Red Cross is like leaving the city service to take a position with the U.S.O. or kindred organization and carries with it no such personal or monetary deprivations as are experienced by persons serving in the armed forces.

The proposal to grant full military leaves with the American Red Cross covers the classes of Social Service Workers, Field Director and Assistant Field Director. The American Red Cross range of pay for Social Service Worker is \$175-200 for domestic service; \$225 for foreign service.

Assistant Field Director, \$175-225 for domestic service; \$225 for foreign service.

Field Director, \$200-240 for domestic service; \$250 for foreign service.

In addition, occupants of these positions stationed either in field camps, field hospitals or general hospitals are either provided with quarters or granted quarters allowances ranging from \$25 to \$50 per month.

The Civil Service Commission has no objection to leaves of absence being granted to qualified personnel to enter the foreign service of the American Red Cross if adequate replacement is available in the city service but seriously questions the advisability of granting leaves of absence to employees to take positions with the American Red Cross in

the domestic or local service. We can see no reason for granting a military leave to a Social Service Worker at \$175 per month to leave the city service to go across the street to work for the American Red Cross at \$200 per month. This can in no way be considered a situation comparable to a soldier serving overseas and should not carry with it all the rights and privileges granted men and women in our armed forces.

Very truly yours,
CIVIL SERVICE COMMISSION,

KATHLEEN DOLEN,
(Mrs.) KATHLEEN DOLEN,
Personnel Director and Secretary.

Discussion.

Following the reading of the foregoing communication, Supervisor Mead stated that there seemed to be a difference of opinion between the Civil Service Commission and the City Attorney. The proposed charter amendment had been considered by the City Attorney for several months.

Mrs. Dolen, in reply, stated that there was no controversy between the Civil Service Commission and the City Attorney. The City Attorney had merely been requested to draft the amendment in line with the request of the proponents thereof. The only difference of opinion is as to the propriety of the amendment.

The City Attorney confirmed the views just stated by Mrs. Dolen, stating that it was a question of policy. The Civil Service Commission, he said, was not very strong for any reinstatement of those who resign from departments to enter the service of the Red Cross. The real difference is whether the amendment should apply to workers remaining in the United States or only to those overseas.

Supervisor Mead held that leaves of absence should be granted to all employees leaving the city's employ to serve with the American Red Cross or to none.

Privilege of the Floor.

Miss Ruth Kispert, representing the Public Welfare Employees' Association, addressed the Board, urging the Board to "order submitted" the proposed charter amendment.

Mr. Grover O'Connor also addressed the Board. He stated that no sympathy had been expressed by the Civil Service Commission in the case of Miss Esther Richards, who, having been refused leave of absence to engage in Red Cross service, was subsequently killed at Anzio. She had tried for at least a month to obtain a leave of absence. The case of Miss Richards was, to a great degree, responsible for advocating the proposed charter amendment, and that case alone should be enough to cause the amendment to be approved. On behalf of the Civil Service Association, Mr. O'Connor urged that the proposed amendment be ordered submitted to the voters.

Supervisor Mead expressed the hope that the proposed amendment would be ordered submitted to the voters. It was a matter for them to determine.

Supervisor Colman, in urging favorable action by the Board on the matter of ordering the foregoing proposed charter amendment submitted to the voters, stated that it seemed to him that the status of the Red Cross was a little different from the status of other organizations. The Red Cross activities are not purely recreational, as are the activities of the U.S.O., for instance. There would be some eleven or twelve employees affected by the amendment.

Mrs. Dolen reported that she did not know the exact number affected.

There were probably about twelve or fourteen such employees. How many there might be in the future, she could not say.

Supervisor Colman, thereupon, in his final remarks on the subject, agreed that there was some merit in the objections raised by the Civil Service Commission, but he believed that the Red Cross probably needed support more than did the City and County. The Red Cross was closer to the war effort than was the City and County. If it were anyone else but the Red Cross he would pay more attention to the objections raised, but he did not feel justified in voting against anything which would benefit the American Red Cross. He would vote to have the matter presented to the voters of San Francisco.

Thereupon, the roll was called and the proposed charter amendment was *ordered submitted* to the voters by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Adopted.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

Present: Supervisors Uhl, Colman, Sullivan.

Amending Informal Agreement Between City and County and Armed Forces Relative to Inspection of Buildings for Armed Forces to Include Low-Cost Dwellings Constructed by Housing Authority.

(Series of 1939)

Proposal No. 4145, Resolution No. 4178, as follows:

Whereas, during the war period building construction and reconstruction has been done for the United States Army and Navy in San Francisco without permit from the City and County and in the absence of city inspection; and

Whereas, it has been called to the attention of representatives of the Armed Forces that such construction and reconstruction constitute a hazard to lives and property; and

Whereas, officers of the United States Army and Navy and the City and County of San Francisco have considered this problem in a joint meeting and have arrived at an informal operating understanding as follows:

1. The Army or Navy hereafter when it contemplates construction or remodeling of a building in San Francisco will so inform the City and County and invite representatives of the departments concerned to collaborate in preparation of plans;

2. The Army and/or the Navy will furnish the City and County with copies of plans and specifications of construction or remodeling work when such plans and specifications are completed;

3. The Army and/or the Navy will invite inspection of construction done in accordance with such plans and specifications;

4. The Army and/or the Navy agree to abide by and follow, insofar as restrictions contained in directives from higher authority and in rules and regulations pertaining to use of strategic materials permit, suggestions of city inspection bureaus and provisions of local ordinances and state laws regarding building construction;

5. Departments of the City and County concerned with regulation of building construction agree to cooperate with the Army and Navy by assisting in making building plans that will result in safe construction and by inspecting Army and Navy building projects while under construction, and by waiving certain formalities with regard to applications for building permits and payment of building permit fees by the Army and Navy; now, therefore, be it

Resolved, That this Board of Supervisors does hereby approve said operating understanding as an emergency arrangement calculated to further the war effort and protect the lives and property of San Francisco residents, such approval being only for the duration of the war emergency; and be it

Further Resolved, That the City and County does not by this informal agreement waive any rights it may have to regulate building construction or reconstruction in San Francisco whether done by or for the Armed Forces or other agencies or persons and to require payment of building permit fees and compliance with all provisions of state law and local ordinances pertaining to building construction and reconstruction; and be it

Further Resolved, That the City Attorney be instructed not to press at this time claims of the City and County to full jurisdiction over building construction and reconstruction done by or for the Armed Forces of the United States; and be it

Further Resolved, That the terms and conditions of agreement as set forth above shall also apply to low cost war-time dwellings constructed or to be constructed by the San Francisco Housing Authority as agent for the Federal Public Housing Authority.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Said notice shall indicate the title and purport of said bill and the date of enactment thereof.

An emergency ordinance shall be published in full immediately after passage.

Within five days after adoption of a resolution said resolution shall be published in full, once in the official newspaper, unless otherwise provided by Charter or law.

Affixing Seal on City-Owned Automobiles.

Supervisor Brown, under his name on Roll Call, brought up the question of the delivery of automobile recently purchased for the Board of Supervisors, delivery of which had not been made to the Board of Supervisors because it does not bear on its door the seal of the City and County. Supervisor Brown stated that he had been informed that the supply of seals had been temporarily exhausted, and the Chief Administrative Officer has refused to release the car until the seal had been affixed, in accordance with the provisions of Ordinance No. 1625. An amendment to that ordinance, proposed by him, in which the affixing of seals to city-owned cars was left to the discretion of the heads of the various city departments, had been tabled in committee to which it had been referred. He desired to know the status of that bill.

Supervisor Mancuso, Chairman of the Judiciary Committee, to which Supervisor Brown's bill had been referred, reported that the bill had been tabled in committee. At a subsequent meeting of the committee it was taken from the table, and at the request of the Judiciary Committee the City Attorney had prepared an amendment to Supervisor Brown's amendment, to provide means whereby new automobiles would not be delivered to any department without the seal. The new amendment would provide also that if the seal were not placed on cars within thirty days after the effective date of the amendment, any city official or employee using such cars that had no seal properly affixed thereto would be guilty of a misdemeanor. The amendment would not apply to the Police or the Fire departments or the members thereof, or to any other departments or officials when the Chief Administrative Officer exempted said departments or officials from the necessity of imprinting on automobiles replica of the corporate seal of the City and County of San Francisco. This amendment was considered by the committee on Thursday, August 17, 1944, and will be before committee for further consideration on Thursday, August 24, 1944.

Thereupon, Supervisor Mead announced that his sole interest was that the car of the Board of Supervisors, which was purchased sometime ago, was not being used. He believed the entire matter should be disposed of without further delay. He recommended that in addition to

the seal, each city department operating automobiles should be designated on said automobiles.

Supervisor Mancuso thereupon reported that immediate consideration by the Board was agreeable to the Judiciary Committee.

Supervisor Brown pointed out that the suggested introduction was out of order, since the Board was under Roll Call, and he was speaking under his name. Thereupon, Supervisor Brown continued that his proposed amendment having been in committee for longer than thirty days, it should be called out of committee for consideration at the next meeting of the Board, and he would so do.

Subsequently during the proceedings, under his own name on Roll Call, Supervisor Mancuso presented, from the Judiciary Committee, without recommendation, the following bill:

Requiring Corporate Seal of the City and County of San Francisco to Be Affixed to All City-Owned Passenger Automobiles and to Be Displayed Thereon at All Times When Said Automobiles Are in Use, and Repealing Ordinance 1625 (Series of 1939).

(Series of 1939)

Bill No. 2996, Ordinance No., as follows:

Requiring corporate seal of the City and County of San Francisco to be affixed to all city-owned passenger automobiles and to be displayed thereon at all times when said automobiles are in use and repealing Ordinance 1625 (Series of 1939).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of the head of each department of the government of the City and County of San Francisco to whom a city-owned passenger automobile has been assigned to be used for municipal purposes to have imprinted in a conspicuous place on the side of said automobile in appropriate colors and lettering, not less than six inches in diameter, a replica of the corporate seal of the City and County of San Francisco, and to, at all times while said passenger automobile is in use, display said replica of said corporate seal on the side of said automobile.

Section 2. When any new passenger automobile is purchased or acquired for the use of any department of the government of the City and County of San Francisco, the same shall be delivered to the Purchaser of Supplies at such place as may be designated by said Purchaser, and it shall be the duty of said Purchaser to have imprinted on said automobile in a conspicuous place on its side in appropriate colors and lettering, not less than six inches in diameter, a replica of the corporate seal of the City and County of San Francisco, and the Purchaser of Supplies shall not deliver to any department or official any city-owned passenger automobile until the replica of said corporate seal of the City and County of San Francisco is imprinted thereon.

Section 3. At the expiration of thirty days after the effective date of this ordinance any official or employee of the City and County of San Francisco who uses any city-owned passenger automobile without having imprinted thereon a replica of the corporate seal of the City and County of San Francisco, as hereinbefore provided, shall be guilty of a misdemeanor.

Section 4. This ordinance shall not apply to the Police Department or the Fire Department or the members thereof, or to any other department or official, when the Chief Administrative Officer shall exempt said department or official from the necessity of imprinting on said automobile the said replica of the corporate seal of the City and County of San Francisco.

Section 5. Ordinance No. 1625 (Series of 1939) is hereby repealed.

After presenting the foregoing bill, Supervisor Mancuso moved Passage for Second Reading.

The Chief Administrative Officer, in reply to questioning, expressed his opinion that a great deal of benefit would be received by affixing the seal to city-owned automobiles.

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved as an amendment to the bill presented by Supervisor Mancuso, the bill previously presented by himself, reading as follows:

Requiring the Corporate Seal of the City and County of San Francisco on Certain City-Owned Passenger Automobiles and Repealing Bill 1686, Ordinance 1625 (Series of 1939).

(Series of 1939)

Bill No. 2996, Ordinance No., as follows:

Requiring the corporate seal of the City and County of San Francisco on certain city-owned passenger automobiles and repealing Bill 1686, Ordinance 1625 (Series of 1939).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In the discretion of the head of the department having control thereover, each passenger automobile, title to which is vested in the City and County of San Francisco, shall have imprinted in a conspicuous place upon its side in appropriate colors and lettering, not less than six inches in diameter, a replica of the corporate seal of the City and County of San Francisco.

Section 2. Bill No. 1686, Ordinance No. 1625 (Series of 1939) is hereby repealed.

Following the reading of the foregoing bill by the Clerk, Supervisor Brown explained the reason for his proposal. He questioned the advisability of having all the city's cars marked. Certain departments should not have the seal on their cars.

Supervisor Colman declared that there was a great deal of merit in Supervisor Brown's proposal. He was perfectly willing to go on record and say that seals on the Board of Supervisors' cars were not necessary. He had enough confidence in the members of the Board to believe that the use of the cars would not be abused. He believed that to be true in every city department, or at least, in the overwhelming majority of the departments. He believed it to be undignified, as a means of stopping abuses which he did not believe existed to any great extent. He believed the question of affixing seals to city-owned cars should be left to the discretion of department heads. No one needs to be afraid of what anyone says about him if he is not guilty of what is said. He would vote in favor of the bill presented by Supervisor Brown, and would suggest that the Board omit the seals from its own cars.

Supervisor Mancuso opposed the bill presented by Supervisor Brown. He did not believe it fair to have an ordinance on the books to provide that seals should be applied to city-owned cars and then leave the application thereof up to the department heads. The seals should be on all automobiles with the possible exceptions as set forth in the legislation which the Judiciary Committee had proposed. The Chief Administrative Officer had reported that he would have no control as to affixing seals under the ordinance as proposed by Supervisor Brown.

Supervisor Uhl held that the seal did assist in identifying city-owned cars. He would vote against Supervisor Brown's amendment.

The Chief Administrative Officer, in reply to statement by Supervisor Meyer that only one of the Mayor's three cars bore the seal, stated that all cars assigned to the Mayor's office had the seal affixed thereto.

Supervisor Brown, thereupon, pointed out that the Mayor was obeying the present law. What was now being proposed was to change that law.

Thereupon, the roll was called on Supervisor Brown's motion, as follows:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Sullivan—8.

Noes: Supervisors Mancuso, Mead, Uhl—3.

The Chair declared the motion *carried* and Supervisor Brown's bill Passed for Second Reading.

Supervisor Mead announced that he could not vote for the measure proposed by Supervisor Brown. He had urged that a seal of only six inches in diameter was not sufficient. The Board of Supervisors, he declared, was being discriminated against. The seal on the Supervisors' cars should be thirty-six inches in diameter rather than only six inches; there should be a sign on the Supervisors' cars, a Neon sign or something similar, so that when a Supervisor traveled in an official car, he would be known as a Supervisor. Since he had made such suggestion, he was "stuck with it."

Supervisor Mancuso objected to the ruling by the President that the vote just taken was a vote on Passage for Second Reading. It was a vote, he held, substituting the legislation presented by Supervisor Brown for that presented by the Judiciary Committee.

Supervisor Colman, in answer, suggested that Supervisor Mancuso appeal from the decision of the Chair. The Chair had ruled that the amendment had carried. Supervisor Brown's intention, declared Supervisor Colman, was to amend the ordinance heretofore in existence.

Supervisor Mancuso contended that the proper action would be for the Board to vote again on amendment submitted by Supervisor Brown, which, if approved, would ultimately become the law.

Supervisor Mead declared that in his opinion the entire action taken by the Board was improper. The matter was not properly before the Board, and he would move that everything done heretofore in connection therewith be stricken from the record, and that the Board start all over again.

Motion failed for want of a second.

Thereupon, Supervisor Mancuso requested that the Chair change his ruling; that the matter just voted on was an amendment to bill the Judiciary Committee had presented; and that the amendment proposed by Supervisor Brown was before the Board.

Supervisor MacPhee, in reviewing the situation, held that the Judiciary Committee had presented a bill to the Board without recommendation; subsequently Supervisor Brown submitted an amendment, which was approved. Now the Board should approve the committee report as amended by Supervisor Brown's bill.

The President, after reading of Ordinance 1625, which originally provided for affixing the seals to city-owned cars, ruled that there was nothing before the Board. Supervisor Brown's bill was not an amendment to the bill presented by the Judiciary Committee; it was an amendment to Ordinance 1625.

Appeal From Decision of the Chair.

Thereupon, Supervisor Mancuso, seconded by Supervisor Uhl, appealed from the ruling of the Chair.

Supervisor Colman, at the request of the President, put the question: "Shall the decision of the Chair be the decision of the Board?" and instructed the Board that a vote "Aye" would sustain the Chair; a vote "No" would overrule the Chair; Supervisor Mancuso and the Chair would be permitted to make statements.

Before making his statement, the Clerk, at the request of Supervisor Mancuso, read the motion by Supervisor Brown, and seconded by Supervisor Colman, as follows: "I move, as an amendment to the bill presented by Supervisor Mancuso, the bill previously presented by myself."

Thereupon, Supervisor Mancuso requested an opinion from the City Attorney as to his views regarding the vote heretofore taken, holding that what the Board had voted on was an amendment to the bill presented by the Judiciary Committee.

Whereupon, Supervisor Colman advised that the answer of the City Attorney would be, as always, that the Board makes and interprets its own rules. The City Attorney never advised the Board as to any point of order or as to parliamentary procedure.

The President, Supervisor Gallagher, stated that had he understood Supervisor Brown's motion he would have ruled it out of order. He believed it was substituted in lieu of amendment submitted by Supervisor Mancuso, which amendment repealed the original ordinance presented by Supervisor Uhl. Supervisor Brown's amendment was an amendment to the original ordinance.

Thereupon, the roll was called and the Chair was *sustained* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mead, Meyer, Sullivan—8.

Noes: Supervisors MacPhee, Mancuso, Uhl—3.

Thereupon, Supervisor Brown announced that he was in error in submitting his ordinance as an amendment. He should have submitted it as a substitute, and not as an amendment.

Supervisor Mancuso, thereupon, stated that he desired to change his vote in order to move for reconsideration.

The Chair ruled that such would be out of order; he could have that privilege on "Final Passage."

Thereupon, Supervisor Mancuso moved that the Board rescind its action, whereby bill presented by Supervisor Brown had been Passed for Second Reading. Motion seconded by Supervisor Mead.

Motion *failed* by the following vote:

Ayes: Supervisors Mancuso, Mead—2.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Sullivan, Uhl—9.

Just prior to the immediately foregoing roll call, the question of motion to reconsider was discussed briefly by Supervisors Brown and Mead. Supervisor Mead contended that such change of vote and motion to reconsider had been made many times in the past. Supervisor Brown suggested that the entire matter of reconsideration and the right to make such motion on "Passage for Second Reading" of a bill be referred to the Rules Committee.

No objection, and so ordered.

Approving Plan for a Memorial to Commemorate San Francisco's Participation in World War II.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4237, Resolution No. 4188, as follows:

Whereas, a newspaper campaign is now in progress, the object of which is to focus public attention and thought upon the necessity, desirability and the nature of such a memorial to commemorate World War II as will be adequate, appropriate and truly symbolic of the aims, purposes and achievements which mark the struggle and successful culmination of the second great universal conflict; and

Whereas, the purpose sought to be served by this campaign is laudable and forward-looking and will, if its conclusion results in a definite and popular decision as to the character of the memorial most desirable, obviate criticism and delay and will serve in some measure as an outward expression of the appreciation which is felt for our returning service men and women; now, therefore, be it

Resolved, That this Board of Supervisors does hereby approve the plans for early consideration and decision as to the nature of a memorial proper to commemorate San Francisco's participation in World War II; urges the people of the City and County of San Francisco to contribute such constructive ideas as they may have upon the subject and congratulates the San Francisco Call-Bulletin for its alert and progressive action in the matter.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Creating Special Post-War Planning Committee.

(Series of 1939)

Supervisor Mead presented:

Proposal No. 4238, Resolution No., as follows:

Whereas, both the Federal Government and the State Government, and various other public bodies are now engaged in planning for post-war construction projects, including public roads and highways and public buildings; and

Whereas, legislation has been enacted or is in the process of enactment providing for State and/or Federal financial aid to states, counties and cities and counties such as San Francisco for the planning of such post-war projects; and

Whereas, it is vitally necessary that the Board of Supervisors of the City and County of San Francisco obtain all pertinent information and join in making plans at this time for post-war construction and to choose

the most useful types of public projects under its jurisdiction for which funds are now available or may be made available in the future; and

Whereas, unless the Board of Supervisors has a special post-war planning committee, the necessary planning for such projects will be delayed to the extent that construction will not be possible at the close of the war when the need for post-war employment will be most pressing; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby creates a special post-war planning committee of the Board, consisting of the chairmen of its standing committees on Commercial and Industrial Employment; Finance, Revenue and Taxation; Public Buildings, Lands and City Planning; Streets and Highways; and Public Health and Welfare; and be it

Further Resolved, That the said special post-war planning committee shall conduct such investigations as may be deemed necessary and advisable in connection with post-war planning projects affecting the development of San Francisco and the welfare of its citizens, and cooperate and consult with all City, State and Federal agencies, civic groups and citizens and make its recommendations to the full Board of Supervisors from time to time; and be it

Finance Committee to Consider Means of Financing Post-War Projects. (Series of 1939)

Supervisor Uhl presented:

Proposal No. 4241, Resolution No., as follows:

Whereas, post-war projects will furnish employment for persons returning to civilian life; and

Whereas, the State has made available funds for plans for post-war projects; and

Whereas, post-war projects contemplated will total millions of dollars; and

Whereas, the State will contribute one-half the cost of plans for post-war projects, the City to contribute one-half; and

Whereas, post-war projects listed by San Francisco thus far total upwards of twenty-million dollars; and

Whereas, no provision has been made in the 1944-1945 budget for post-war projects, the question arises where the money will come from to finance post-war projects as recommended by San Francisco; and

Whereas, if no funds are available for post-war projects, it will undoubtedly mean dole for the unemployed; and

Whereas, the available sources for financing post-war projects are (1) bond issue; (2) increase in the tax rate prior to October 1, and (3) sales tax; and

Whereas, from experience it has been demonstrated (1) that millions of dollars can be raised through a one-cent sales tax; (2) that a one-cent sales tax is a painless tax; and

Whereas, immediate decision must be made in so far that should the sales tax be approved, the latter must receive early consideration; and

Whereas, the machinery for collecting sales tax can be handled by the State without the cost of setting up new machinery; now, therefore, be it

Resolved, That the Finance Committee will immediately hold meetings to give consideration as to how finances can be secured for post-war projects of San Francisco; and be it

Further Resolved, That the Governor be invited to attend Finance Committee meetings on this important matter.

Referred to Finance Committee.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the general election to be held on the 7th day of November, 1944, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated as Section 151:1, which shall read as follows:

Section 151:1. Employees of the City and County of San Francisco, and non-certificated employees of the Unified School District thereof, who have been certified to a permanent position from a limited tenure or a regular civil service eligible list, and who come within the provisions hereinafter set forth, in the event of layoff due to replacement, lack of work, or lack of funds, shall have severance compensation and shall be paid severance compensation.

Such employee shall be paid such severance compensation unless his services have been certified as satisfactory by his appointing officer and approved as such by the Civil Service Commission.

An employee who retires under the provisions of the retirement system of the City and County of San Francisco, or who is paid a pension under a departmental pension system, shall not be paid severance compensation. An employee who retires and is granted a pension within one year after receiving severance compensation shall have such severance compensation into the city treasury.

Employees eligible under the above mentioned provisions shall be paid such severance compensation, based upon the base pay being received at the time of layoff for a five day forty hour week, and as hereinafter set forth.

From and after the termination of the first year of actual service to and including the fourteenth year of service, one week's pay for each year of such service; and after the fifteenth year of actual service to and including the twentieth year of such service, two week's pay for each year of such service. No severance compensation shall in any event exceed in amount the equivalent of twenty-six weeks of pay. Payment of such severance compensation shall be made in semi-monthly installments of the equivalent of one week's pay, payable on the semi-monthly payroll period. Fractions or portions of a year's service shall be prorated, with the exception of the first year of service.

Severance compensation payments shall cease immediately when an employee employed or re-employed by said City and County or Unified School District either on a temporary or permanent basis, or upon the refusal or failure by an employee to accept employment immediately when offered by said City and County or Unified School District. A layoff of any such employee shall serve automatically to withdraw any waivers of employment on file relative to any civil service lists upon which such employee may be an eligible.

Upon re-employment of an employee who has received severance compensation for the service for which such compensation has been paid shall no longer be considered in computing additional earned severance compensation. Upon such re-employment such employee shall be given credit for the service for which such earned severance compensation has not been paid.

The Board of Supervisors shall forthwith provide by ordinance for the appropriation of funds for the payment of severance compensation and for the administration of the intent and provisions of this section.

If any of the persons intended to be covered by the provisions of this section laid off by reason of the termination of the war before these provisions shall become effective, on the effective date of this amendment or any time after the effective date of this amendment the Board of Supervisors shall make provisions for payment to them of severance compensation in accordance with the intent and provisions of this section.

Severance compensation payments shall be governed by rules established by Civil Service Commission in accordance with the principles established in this section.

Discussion.

Supervisor MacPhee explained the views of the Finance Committee, pointing out that it was the recommendation of that committee that the area of the park should be somewhat less than that now fixed, and pointed out to the Board the boundaries proposed by the Finance Committee to be established. The committee proposed that new boundaries be established, the area of the park be decreased, and that the park be

completed. Whatever is done, justice to the owners of property who, for the past eighteen years have been unable to improve their property, or to dispose of it, demands that definite action be taken to acquire the properties that are to be included within the park boundaries and to permit the owners of property not to be so included to use or dispose of their property. The Finance Committee is recommending that the boundaries be changed, and the land outside the boundaries of the park be sold and the money received therefor be used to purchase land within the newly established boundaries. If the Board does not change the boundaries, it will be the duty of the Board, Supervisor MacPhee declared, to provide funds in the next budget for the purchase of property to be acquired.

Mr. Lloyd Wilson, Park Commissioner, announced that there had been no change in the position heretofore taken by the Park Commission. He agreed with the Finance Committee that the matter should be settled and the property owners should know what was going to be done. He objected to the reduction of acreage as proposed by the Finance Committee. Such reduction would remove the best recreational areas in the park.

Mr. Wilson, in answer to questioning by Supervisor Uhl, stated that according to estimates by the Director of Property, the purchase of the remaining properties to complete the park as recommended by the Park Commission would require some \$325,000; the Finance Committee's recommendation would cost about \$88,000. He was not prepared to state what it would cost to complete the development of the park.

Supervisor Mead objected to the recommendations of the Park Commission, stating that he could not understand why so much acreage was needed in that district.

Supervisor Meyer objected to the Finance Committee's recommendations.

After further brief discussion, Supervisor MacPhee suggested that the matter be referred to the Park Commission for study and further report within two weeks' time.

Supervisor Gallagher objected to the suggestion, stating he could see no reason for postponement since the Park Commission has already decided it wants the park boundaries to remain as they are.

Thereupon, Supervisor MacPhee moved that the Park Commissioners be requested to prepare boundaries of McLaren Park on a basis that will not exceed an additional \$100,000 of funds.

Whereupon, Supervisor Brown proposed an amendment to the motion, as follows: That it be the sense of the Board that not more than \$100,000 be expended for land for McLaren Park, and up to that amount be allowed in the budget, and the Park Commissioners make known the boundaries it will accept for the proposed park.

Supervisor MacPhee accepted the proposed amendment as his motion, whereupon, the motion was seconded by Supervisor Brown.

Supervisor Brown, in explaining his views, announced that he did not believe the Board should tell the Park Commission what the boundaries of the park should be, but it was the right of the Board to tell the Commission how much money the Commission should have. Much of the area within the present proposed boundaries was not usable, and he questioned the wisdom of spending too much for such land.

Mrs. Rose Walker pointed out that San Francisco must build for the future. The people in the district want the park left as it is. The neighborhood of McLaren Park will grow. She urged the Board of Supervisors and the Park Commission to retain the present boundaries.

Mrs. Annie Scanlon also opposed any reduction in the present area of McLaren Park.

Supervisor Green, after being informed by Mr. Wilson as to the several reductions in the size of the park, as originally contemplated, stated that he thought the park had already been cut down too much. The area should not be reduced further.

Supervisor Meyer moved that the motion by Supervisor MacPhee, as amended by Supervisor Brown, which amendment had been accepted as the original motion, be further amended to provide for an expenditure of \$127,000 per year for three years.

Supervisor MacPhee opposed the motion, stating that for eighteen years the people who owned property required for the park had not been given a square deal by the City and County. They have owned land that they could not use, but on which they have been compelled to pay taxes. Any decision as to the park should be made without further delay.

Thereupon, Supervisor Meyer declared that if an agreement were made to complete the purchase of land for the park within the next three years, the people in the district would know where they stood. He was opposed to the motion which provided for a reduction in the park area.

Supervisor Mead, in explanation of his vote, announced that he would vote against the proposal before the Board.

Supervisor Brown, in closing, declared that this motion, if carried, would merely be an indication to the Park Commission as to what the Board of Supervisors was willing to do. It would not be a commitment to appropriate \$100,000.

Supervisor Mancuso suggested that the motion be re-worded to the effect that the Board of Supervisors go on record as requesting the Park Commission to revise the boundaries of the proposed McLaren Park so that the expenditure for land would not exceed the sum of \$100,000.

After reading of the motion before the Board by the Clerk, Supervisor Mancuso moved that the words "up to that amount be allowed in the budget" be deleted from the motion.

The Chair declared the motion to be out of order.

Thereupon, the roll was called on the motion by Supervisor MacPhee, and seconded by Supervisor Brown, as follows:

Ayes: Supervisors Brown, MacPhee—2.

Noes: Supervisors Gallagher, Gartland, Green, Mancuso, Mead, Meyer, Sullivan, Uhl—8.

Absent: Supervisor Colman—1.

Motion *failed*.

Thereupon, Supervisor Sullivan urged that the Board go along with the Park Commission and not reduce the size of McLaren Park. Every city in the United States, he declared, was asking for more parks.

Supervisor Mead announced that he would agree with Supervisor Sullivan and the Park Commission except for the fact that San Francisco is confined to but forty-six square miles in territory. One of the things most essential to San Francisco is the building of homes. The present boundaries of the proposed park are entirely too large for the present and for the future, also.

Supervisor MacPhee announced that from the result of the voting on the motion just defeated, it seemed apparent that the matter before the Board would not carry. There was no fight, he stated, between the Finance Committee and the Park Commission. The Finance Committee merely believes that the park should be completed. If the park boundaries are left as they are, money should be appropriated to complete the purchase of the required land.

Supervisor Mancuso, in explanation of his vote, announced that he would go along with the recommendation of the Finance Committee. However, he thought the statement made by Mr. Wilson carried a great deal of weight. The size of the park, though, should be reduced. There was too much territory in that district now for a park, under the climatic conditions, and it is not patronized as much as it should be.

Supervisor Meyer was of the opinion that the portion proposed to be cut out of the park was the best part of the park. The entire territory, as recommended by the Park Commission, should be purchased. He believed the land could be acquired over a three-year period. They have already waited for eighteen years. He believed that a definite plan for purchase would satisfy them.

Thereupon, the Clerk presented and read a communication from the Central Council of Civic Clubs, opposing any change in the present area of the park.

Mr. Carroll Newburg, president of the Central Council of Civic Clubs, on being granted the privilege of the floor, announced that the people in the vicinity of the park desired more time in arriving at a definite conclusion. He had not understood that the matter was to be considered by the Board. He would, therefore, on behalf of various groups, ask for two weeks continuance of the matter.

Thereupon, Supervisor Brown, seconded by Supervisor MacPhee, moved that further consideration be postponed for two weeks, and be made a Special Order of Business on Monday, September 11, 1944, at 2:30 p. m.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—7.

Noes: Supervisors Gallagher, Gartland, Green—3.

Absent: Supervisor Colman—1.

UNFINISHED BUSINESS.

The following, from Judiciary Committee without recommendation, was taken up:
Present: Supervisors Mancuso, MacPhee.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the general election to be held on the 7th day of November, 1944, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated as Section 151:1, which shall read as follows:

Section 151:1. Employees of the City and County of San Francisco, and non-certificated employees of the Unified School District thereof, who have been certified to a permanent position from a limited tenure or a regular civil service eligible list, and who come within the provisions hereinafter set forth, in the event of layoff due to replacement, lack of work, or lack of funds, shall be earned and shall be paid severance compensation.

No employee shall be paid such severance compensation unless his services have been certified as satisfactory by his appointing officer and approved as such by the Civil Service Commission.

No employee who retires under the provisions of the retirement system of the City and County of San Francisco, or who is paid a pension under a departmental pension system, shall not be paid severance compensation. An employee who retires or is granted a pension within one year after receiving severance compensation shall repay such severance compensation into the city treasury. Employees eligible under the above mentioned provisions shall be paid severance compensation, based upon the base pay being received at the time of layoff for a five day forty hour week, and as hereinafter set forth.

From and after the termination of the first year of actual service to and including the fourteenth year of service, one week's pay for each year of such service; from and after the fifteenth year of actual service to and including the twentieth year of such service, two weeks' pay for each year of such service. Severance pay shall in any event exceed in amount the equivalent of forty-six weeks of pay.

Payment of such severance compensation shall be made in semi-monthly installments of the equivalent of one-week's pay, payable on the semi-monthly payroll period. Fractions or portions of a year's service shall be prorated, with the exception of the first year of service.

Severance compensation payments shall cease immediately when an employee is employed or re-employed by said City and County or Unified School District either on a temporary or permanent basis, or upon the refusal or

failure by an employee to accept employment immediately when offered by said City and County or Unified School District. A layoff of any such employee shall serve automatically to withdraw any waivers of employment on file relative to any civil service lists upon which such employee may be an eligible

Upon re-employment of an employee who has received severance compensation, the service for which such compensation has been paid shall no longer be considered in computing additional earned severance compensation. Upon such re-employment such employee shall be given credit for the service for which such earned severance compensation has not been paid.

The Board of Supervisors shall forthwith provide by ordinance for appropriation of funds for the payment of severance compensation and for administration of the intent and provisions of this section.

If any of the persons intended to be covered by the provisions of this section are laid off by reason of the termination of the war before these provisions shall become effective, on the effective date of this amendment or any time after the effective date of this amendment the Board of Supervisors shall make such provisions for payment to them of severance compensation in accordance with the intent and provisions of this section.

Severance compensation payments shall be governed by rules established by the Civil Service Commission in accordance with the principles established in this section.

The provisions of this Section 151:1 shall have and take precedence over any and all provisions of this Charter in conflict herewith.

Amendment.

Supervisor Mancuso, after explaining the foregoing proposed charter amendment reminding the Board that the Mayor was opposed to submission at the coming election fearing that it might interfere with the success of proposed bond issues, pointed out that the Committee was divided on the question of submission, hence the presentation to the Board without recommendation.

However, he desired to present an amendment which had been proposed by the Civil Service Commission, at the request of attorneys of the C.I.O., and moved that the following be added to the fifth paragraph from the end of the charter amendment, beginning with the words, "Upon re-employment of an employee who has received severance compensation . . ." there be added the following language: "provided, however, that any employee who has refused or failed to accept employment immediately when offered by said City and County or Unified School District shall forfeit all rights to such earned severance compensation."

Supervisor Green questioned the desirability of such amendment, pointing out that a \$10 job might be offered.

On explanation by Supervisor Mancuso that the rest of the proposed charter amendment would take care of such condition, Supervisor Green withdrew his objection and seconded the motion to amend.

There being no further objection to the motion, the Chair declared the motion carried and the amendment *approved*.

Thereupon, on motion by the President (Supervisor Gallagher), further consideration of the proposed charter amendment, as amended, and reading as follows, was *poned until Tuesday, September 5, 1944*:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm, partnership, corporation or association to own, maintain, operate, conduct or carry on in the City and County of San Francisco, any business which, in whole or in part, or whether for gain, hire, reward or gratuitously or otherwise, is devoted to the acceptance of bets or wagers on horse races, without having first obtained a permit from the Chief of Police of the City and County of San Francisco, State of California, to so do.

Section 2. It shall be unlawful for any agent, employee or servant of any such person, firm, partnership, corporation or association as is mentioned in Section 1 of this ordinance to engage or assist on behalf of such person, firm, partnership, corporation or association as is mentioned in Section 1 of this ordinance, without having first obtained a license so to do from the Chief of Police of the City and County of San Francisco.

Section 3. Written application for a permit under this ordinance shall be filed with the Police Commission of the City and County of San Francisco, State of California, by every person, firm, partnership, corporation or association which owns, maintains, operates, conducts or carries on in the City and County of San Francisco, any business which, in whole or in part, is devoted to the acceptance of bets or wagers on horse races, or who desires to engage in said business, and such written application shall contain the following information: The name and address of the applicant and the location of the premises in which the applicant intends to do said business; the name and address of each and every person whom the applicant intends to or has in his employ in the City and County of San Francisco as an agent, employee or servant in accepting or in any way assisting in the acceptance of any bets or wagers on horse races.

Section 4. Written application for a license to act as agent, employee or servant of any such person, firm, partnership, corporation or association as is mentioned in Section 1 of this ordinance shall be filed with the Police Commission of the City and County of San Francisco, and shall contain the following information: The name and address of the applicant for the license in this section mentioned, together with such further information as said Police Commission shall require.

Section 5. The Chief of Police may deny any such application for a

permit or license as in this ordinance mentioned if, upon investigating the matter, he determines that it would be injurious to the public peace, property, health, safety, welfare or morals of the people of the City and County of San Francisco, to operate or maintain such business mentioned in Section 1 of this ordinance, or to engage in such employment mentioned in Section 2 of this ordinance.

Section 6. The permit fee for any such permit as is mentioned in Section 1 of this ordinance shall be per year for each separate permit mentioned in Section 1 of this ordinance, and said sum shall be payable in advance and at the time of the application mentioned in Section 3 of this ordinance, and each such written application as is mentioned in Section 3 of this ordinance shall be accompanied by a certified or cashier's check in the sum of payable to the Tax Collector of the City and County of San Francisco.

Section 7. All permits and licenses issued under the provisions of this ordinance shall be issued on the following conditions, the failure to observe any of which shall constitute a violation of this ordinance and shall constitute in and of itself sufficient ground for the revocation of such permit or license:

(a) The permittee and licensee shall not permit any minor on the premises wherein said permittee is doing business and shall not accept from any minor any bet or wager on horse races or any other contest or thing;

(b) The permittee or licensee shall not violate nor permit the violation of any law or ordinance of the City and County of San Francisco in or upon the premises wherein said permittee is doing business;

(c) The permits and licenses in this ordinance mentioned shall be revocable by said Chief of Police, and if said Chief of Police shall determine that any permittee or licensee licensed under the terms of this ordinance shall have violated any of the terms or conditions of this ordinance or that the continued operation of such business would be injurious to the public peace, property, health, safety, welfare or morals of the people of the City and County of San Francisco, said Chief of Police may and shall revoke any permit or license issued under the terms of this ordinance, and said Chief of Police may of his own volition, or upon the complaint of any citizen, forthwith and immediately and in advance of any hearing suspend any permit or license issued under the terms of this ordinance until he shall finally determine whether to revoke such permit or license.

Section 8. Any person, firm, partnership, corporation or association violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine not exceeding five hundred dollars (\$500), or by imprisonment in the County Jail for a period not exceeding six months, or by both such fine and imprisonment.

Section 9. If any word, phrase, sentence, paragraph or part of this ordinance shall be unconstitutional or otherwise invalid, such unconstitutional or invalid part or portion thereof shall be severable from the balance of this ordinance and shall not render said balance thereof invalid, and the Board of Supervisors does hereby declare that it would have enacted said balance of said ordinance which is not unconstitutional or invalid.

Section 10. Bill No. 3627, Ordinance No. 3302, New Series, now contained in and designated Sections 331 to 335, inclusive, Part II, Chapter VIII, Article 3 of the San Francisco Municipal Code, is hereby repealed.

**Public Hearing on Budget of Municipal Railway, Market Street
Railway Extension—Consolidated**

The following recommendations of Finance Committee were taken up:

(In Finance Committee, August 31, 1944.)

Employment of Mr. L. V. Newton as Consultant.

Supervisor MacPhee moved that item on line 26, sheet 11, Engineering Service, Consulting, \$60,000 (Employment of Mr. L. V. Newton, as Consultant) be referred to the Board with favorable recommendation.

Motion *carried* by the following vote:

Ayes: Supervisors MacPhee, Mancuso—2.

No: Supervisor Mead—1.

Services of Other Departments, City Attorney.

Supervisor Mancuso moved that funds for three attorneys (one at \$800 per month, one at \$600 per month and one at \$475 per month) and for two General Clerk-Stenographers, at \$160 per month be recommended favorably to the Board of Supervisors.

Motion *carried* by the following vote:

Ayes: Supervisors MacPhee, Mancuso—2.

No: Supervisor Mead—1.

Explanation of Finance Committee's Consideration of Budget.

Before hearing from the public on the budget of the Municipal Railway, Market Street Railway Extension—Consolidated, Supervisor MacPhee announced that the Finance Committee had considered the entire proposed budget with his Honor the Mayor with the exception of two matters. Those matters were the contract for employment of Mr. L. V. Newton, as Consultant, and the provision for additional employments by the City Attorney. Those matters were considered by the Finance Committee, sitting with Mr. David Lewis, and the Manager of Utilities.

Mr. John O'Connell, representing the San Francisco Labor Council, and on behalf of that Council, opposed the recommendation for employment of Mr. Newton. He believed the employment would be a waste of taxpayers' money. Mr. Newton has stated that he is an operator. The employment will mean the hiring of a lobbyist. There are engineers now in the employ of the City and County who are well able to perform the duties proposed to be assigned to Mr. Newton.

Mr. H. S. Foley also opposed the proposed employment of Mr. Newton.

The Clerk presented and read communication from Mr. E. G. Cahill, Manager of Utilities, addressed to the Public Utilities Commission, recommending the employment of Mr. Newton as Consultant Engineer.

In Hands of the Board.

There being no other citizens present desiring to be heard, the proposed budget was, on motion by Supervisor Mead, taken into the hands of the Board.

Consideration of Appropriation for Employment of Consulting Engineer.

Supervisor Colman announced that he was in favor of hiring Mr.

Newton. The people want the railroad run in a thoroughly first-class manner. A consulting engineer is needed. Mr. William Scott and Mr. E. G. Cahill will be operators and Mr. Newton will be consultant. The cost of his services is not large in proportion to the service he can render to the people and the money he can save for the people.

Supervisor Mead, in opposing the employment of Mr. Newton, stated that he recognized Mr. Newton as a high class man, and a fine gentleman. However, Mr. Newton has been given credit for many things for which he has not been responsible. The current financial success of the Market Street Railway cannot be attributed to Mr. Newton; it is the result of supply and demand. In representing the Market Street Railway, Mr. Newton has done nothing constructive and of benefit to the City and County of San Francisco. He was responsible, however, for a few buses being brought to San Francisco. The people voted the purchase of the Market Street Railway for two reasons, Supervisor Mead believed. They wanted to get rid of the Market Street Railway, and they wanted to get rid of some of the higher salaried employees.

Supervisor Brown, in expressing his views on the employment of Mr. Newton, stated that he considered the amalgamation of the two railway systems in San Francisco as a major operation on the transportation of this city. In case of an operation, he would not want any amateur working on him; he would get the best advice he could. He was in favor of the appointment.

His Honor the Mayor explained the reasons for his approval of the budget with respect to the employment of Mr. Newton as a consultant for three years at \$20,000 per year. During the campaign before the election, he had stressed the fact that San Francisco had to get rid of the Market Street Railway and get a unified system before it could plan to go ahead. Shortly after the election Mr. Cahill stated that he needed a man outside the field of operation who could devote his time to the study and development of the transportation system. The Mayor, in concluding, stated that he was more than ever convinced that the future of San Francisco was dependent more and more upon its transportation.

Supervisor Mead, seconded by Supervisor Green, moved that the budget item providing for \$60,000 for employment of Mr. Newton be deleted.

Supervisor Uhl, in expressing his opposition to the employment, presented and read the following statement:

The Mayor and the Public Utilities Commission are recommending a salary of \$20,000 a year for a Consulting Engineer for the merged Municipal and Market Street Railways. I positively object to said employment at a salary of \$20,000 a year as we have in the Municipal Railway engineers qualified to do the work.

Another objection to this employment is that it will set a precedent which will be resented by officials and employees of the city.

I have the deepest regard for Mr. Newton but I maintain that a Consulting Engineer at \$20,000 a year is not needed now.

Am I correctly informed that the salary of the Manager of the Municipal Railway is to be raised from \$10,000 to \$15,000 a year? If so, then there is justification to the advocacy of an employment of Mr. Newton at \$20,000 a year provided the Manager vacate his position at \$15,000 a year.

The following equipment has been ordered by the Public Utilities Commission but not yet received:

Twenty-three 44-passenger motor buses.

The following equipment is pending but not ordered as yet:

Sixteen 40-passenger trolley coaches.

Years ago Mr. Cahill should have ordered several hundred buses. They were not ordered because of Mr. Cahill's prejudice against buses.

No gainsaying the fact that the buses now in service are overcrowded. The buses on order should be supplemented to the present number now in operation.

What is the status of the buses on order? When will they be delivered? What additional buses have been ordered? What amount of money is available in the Municipal Railway funds for the purchase of additional buses?

New bus routes are sorely needed. For example, a bus route from The Embarcadero via Market, Pine, Presidio Avenue and California to Thirty-second Avenue; returning via Thirty-second Avenue, Clement, Thirty-first, California, Presidio Avenue, Bush to Market and The Embarcadero.

A bus route should be established on Cabrillo from Forty-eighth Avenue via California, Arguello, Turk, Taylor and Golden Gate Avenue, returning via Golden Gate Avenue, Arguello and Cabrillo to Forty-eighth Avenue.

The Balboa line should be extended from Forty-fifth Avenue and Balboa to the Great Highway Boulevard.

Buses being flexible, routes can and have been changed in the past. In some instances, in the Castro Valley section, buses have been re-routed three times.

After a delay of years, tracks on Guerrero Street were ordered removed by the Public Utilities Commission, an important job. That would not require a Consulting Engineer at \$20,000 a year.

In September, 1940, the Market Street Railway entered into contract with the city whereby the city was to remove the outer tracks on Market Street between Valencia and Castro and do the necessary paving. The city also was to remove the inner rails on Market Street between Valencia and Castro, reconstructing rails and paving. I understand it is contemplated that this work will be under way shortly. Let us hope so.

The next move for the removal of tracks on Market Street would be east of Steuart and the next step would naturally be to remove the four tracks between Steuart and Valencia.

The employment of a Consulting Engineer at \$20,000 a year is not necessary covering the above. It is up to the Department of Public Works to do the work. Let's forget, at least for the present, the employment of a Consulting Engineer.

In closing, Supervisor Uhl stated that Mr. Cahill is proposing an expenditure of \$20,000 per year for a man to do what our own engineers already in the service of the City and County can do. He would vote against any such expenditure.

Thereupon, the roll was called and the motion to delete the item from the budget *failed* by the following vote:

Ayes: Supervisors Gartland, Green, Mead, Uhl—4.

Noes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Meyer, Sullivan—7.

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from "Aye" to "No" and moved for reconsideration.

The vote then stood:

Ayes: Supervisors Gartland, Green, Mead—3.

Noes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Meyer, Sullivan, Uhl—8.

Supervisor Brown suggested that motion to reconsider was out of order. Such motion could be made on final passage of a matter—not on an amendment.

Thereupon, the Chair declared the motion to reconsider to be out of order.

Consideration of Appropriations for Services of Other Departments—City Attorney.

Supervisor MacPhee reported that there was requested in the budget, under Services of Other Departments, City Attorney, the following items: One General Clerk at \$160 per month; one Attorney, Civil, at \$375 per month; one Senior Attorney, Civil, at \$475 per month; two Principal Attorneys, Civil, at \$600 per month each; and one Chief Attorney, Civil, at \$800 per month. The Finance Committee recommends the elimination of one Principal Attorney, Civil, at \$600 per month; one Attorney, Civil, at \$375 per month; and two General Clerk-Stenographers at \$160 per month each.

The City Attorney stated that the original request was for five attorneys; the Finance Committee recommends reduction to three. He did not believe it possible to perform the necessary work with but three attorneys. The Market Street Railway has three attorneys in addition to its chief counsel, but farms out most of its work. The request is for \$38,240 per year. If the needed help is not furnished the work cannot be done.

Supervisor MacPhee reported that the Finance Committee went to the office of the Market Street Railway Company and tried to determine the needed employments. Sometime ago there was added to the budget of the City Attorney an investigator for the purpose of bringing investigations up to date. Under the present budget there are additional investigators. There are thirteen claims investigators taken over by the city. Nine of them are called claims investigators; two have different titles, and there are two in other offices. The City Attorney has made a statement that he was not sure whether or not he needed five additional employments. At the present time he has two attorneys engaged in litigation involving the Municipal Railway. The Finance Committee believes that allowing three attorneys will be proper for a start. If it should develop that there is not sufficient help, the City Attorney can request additional employments. Positions should be established at a minimum number for a start.

Thereupon, Supervisor MacPhee, seconded by Supervisor Mancuso, moved the elimination of one General Clerk at \$160 per month.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, MacPhee, Mancuso, Uhl—6.

Noes: Supervisors Gallagher, Green, Mead, Meyer, Sullivan—5.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved elimination of one General Clerk-Stenographer at \$160 per month.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, MacPhee, Mancuso, Sullivan, Uhl—7.

Noes: Supervisors Gallagher, Green, Mead, Meyer—4.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved the elimination of one Attorney, Civil, at \$375 per month.

Supervisor Mancuso, in discussing the motion, stated that it was not the intention of the Finance Committee to prevent the City Attorney from hiring additional attorneys if he needs them. The Finance Committee has stated that additional attorneys would be granted if needed.

Supervisor MacPhee stated that the matter was thoroughly discussed in Finance Committee, and that the City Attorney did not oppose the elimination as he was now doing. The Board of Supervisors, Supervisor MacPhee declared, should never take the recommendations of department heads without proper study. After unification of the two railway systems, Supervisor MacPhee continued, he was convinced that not even the three attorneys proposed to be allowed would be needed.

Supervisor Colman held that the Board could eliminate one attorney with a fair amount of safety. He did not know whether he could go along with any more eliminations, though.

Thereupon, the roll was called and the foregoing motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, MacPhee, Mancuso, Uhl—6.

Noes: Supervisors Gallagher, Green, Mead, Meyer, Sullivan—5.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved elimination of one Principal Attorney, Civil, at \$600 per month.

Mr. Walter Dold, representing the City Attorney, announced that the City Attorney would not have requested five attorneys if he had not believed that five were necessary. The need for the attorneys is not exaggerated. The Board has already eliminated one attorney.

Supervisor Colman announced that he would not vote for elimination of an additional attorney. There was sound sense in the presentation by Mr. Dold. The Board has already eliminated one attorney. It is true, as the City Attorney has stated that even today the Board does not get opinions from the City Attorney too quickly. Undoubtedly he does need additional employment.

Thereupon, the roll was called and the motion *failed* by the following vote:

Aye: Supervisor MacPhee—1.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Statement by Supervisor MacPhee.

Supervisor MacPhee, before voting on adoption of the budget, as amended, stated that he wanted to disabuse the minds of the members of the Board that there was any attempt to make a guinea pig out of the City Attorney's office, as had been stated during the foregoing discussions. All budget items were approved previously, and deletions were made, except for two matters. One was the item of \$60,000; the other was the employments in the City Attorney's office. Those items were held up for further discussion, and in the meantime the Mayor had to go to Washington on the Hetch Hetchy matter. During the Mayor's absence, those matters were taken up. The Board now should vote for approval of the budget, as amended.

The Controller, on being granted the privilege of the floor, declared that the Board should observe that if the agreement to take over the Market Street Railway was to be effective there must be a budget in effect before the agreement could be carried into effect. The amendment to the Annual Appropriation Ordinance should be passed by September 18th, and signed by the Mayor on the same day. If there should be a motion for reconsideration, the meeting at which the matter would be considered should be scheduled for sometime in the very near future.

Thereupon, Supervisor MacPhee moved approval of the budget, as amended. Motion seconded by Supervisor Mancuso.

The roll was called, as follows:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan—9.

Noes: Supervisors Mead, Uhl—2.

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from "No" to "Aye" and moved for reconsideration.

Supervisor Brown moved suspension of the rules for the purpose of immediate reconsideration. Motion seconded by Supervisor Colman.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan—9.

Noes: Supervisors Mead, Uhl—2.

Supervisor Brown, seconded by Supervisor Colman, moved reconsideration of the action whereby the budget had been approved.

Motion *failed* by the following vote:

Ayes: Supervisors Mead, Uhl—2.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan—9.

Whereupon, the Chair declared reconsideration *refused* and the budget *approved*.

Amendment to Budget.

Thereupon, Supervisor MacPhee presented a communication from the Public Utilities Commission setting forth certain changes in classifications of employments, and asking that the said changes be approved as amendments to the budget. There are many classifications in the Market Street Railway without proper classifications in the Municipal Railway. He was introducing the matter at the request of the Public Utilities Commission.

Mrs. Dolen reported that the Civil Service Commission tentatively had classified all the positions in the Market Street Railway and tentative report was adopted at the meeting of August 2, 1944. Employees were granted an opportunity to present any protests. On August 16, 1944, protests were heard at a general meeting. On August 30, 1944, the Commission ruled on the protests. Some were granted. Most were denied. The matter now presented is the result of classification protests and has to be included in the budget and be picked up in the Salary Ordinance Amendment. It should be included in the budget in order to avoid amending the Salary Ordinance later on.

Mr. Robert Scott reported that the proposed reclassification involved not only Market Street Railway employees, but it involved Municipal Railway employees. If the changes are not made part of the budget, the pay of both the Market Street Railway employees and the employees of the Municipal Railway will be held up until after October 1st. The changes will amount only to a little more than \$1,000 per year.

Mr. Harry Ross stated that the proposed amendment involved about 100 positions whose titles have been changed by the Civil Service Commission, after hearing. The budget, as adopted, sets forth classifications for some 100 positions, and it is non-operative so far as these positions are concerned.

Supervisor MacPhee held that these positions should be contained in the budget, and he would, therefore, move that the Board rescind its action on the budget for the purpose of incorporating the proposed changes therein. Motion seconded by Supervisor Brown.

Thereupon, the roll was called and the motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Whereupon, Supervisor MacPhee moved suspension of the rules for the purpose of considering the following amendment to the budget:

Bill No. 3036, Ordinance No. 2877, as follows:

An ordinance prescribing and regulating legislative procedure and defining certain terms used in connection therewith and repealing Ordinances Nos. 2555 and 2610 (Series of 1939).

[An ordinance providing that prior to "passage" and "final passage" or adoption, ordinances and resolutions, respectively, shall be designated "bills" and "proposals"; prescribing, in connection with ordinances and resolutions, the scope of the terms "passage," "final passage" and "adoption"; providing the manner in which bills and proposals shall be presented for enactment or adoption and for the publication of bills, ordinances and resolutions; providing the manner and time in which committees shall act upon bills and proposals and for their disposition for non-action thereon after lapse of time, and repealing Bill No. 1680, Ordinance No. 1573 (Series of 1939).]

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Until "passed" or "finally passed" as such terms are construed in Section 2, hereof, every *proposed* ordinance shall be designated a "bill," and until "adopted," as such term is construed in said section, every *proposed* resolution shall be designated a "proposal."

Section 2. The terms "passage" and "final passage" as used herein or in the Charter, in connection with bills or ordinances shall be construed to mean and held to include passage or final passage of such bills or ordinances by the Board of Supervisors, together with approval thereof by the Mayor or the lapse of that time, in the absence of the Mayor's approval, within which, under the law, the Mayor is authorized to sign and approve such bills or ordinances, or in the case where the Mayor disapproves or vetoes a bill or ordinance, that action by which the Board of Supervisors passes such bill or ordinance notwithstanding the Mayor's disapproval or veto.

The term "adopted" as used herein or in the Charter, in connection with proposals or resolutions shall be construed to mean and held to include adoption of such proposals or resolutions by the Board of Supervisors, together with approval thereof by the Mayor, in those cases where the Mayor's approval and signature are necessary to make a proposal or resolution effective, or the lapse of that time, in the absence of the Mayor's approval, where necessary, within which under the law the Mayor is authorized to sign and approve such proposals or resolutions, or in the case where the Mayor disapproves or vetoes a proposal or resolution, that action by which the Board of Supervisors adopts such proposal or resolution notwithstanding the Mayor's disapproval or veto.

Section 3. Immediately after introduction or presentation either in the Board of Supervisors or to the Clerk thereof, each bill and proposal shall be numbered and entered in a register to be maintained by the Clerk for that purpose, upon which register all subsequent actions on each bill and proposal shall be recorded.

Section 4. Except bills containing emergency measures, proposals introduced or presented for immediate consideration and adoption by unanimous consent of the members present, and bills or proposals prepared and reported out by committee, all bills, [and] proposals, communications and other matters intended for or requiring consideration or action by the Board shall, before consideration thereof or action by the Board thereon, be filed with the Clerk, whereupon the Clerk shall immediately [contact] *communicate with* the President of the Board [to] and ascertain the committee to which [the matter shall be referred] *the President shall direct that each such bill, proposal, communication or other matter be referred.*

In the absence of the President of the Board, the Clerk shall [exercise his own discretion in assigning matters to committee] *refer bills, proposals, communications and other matters to the committee which has jurisdiction thereover as provided in the Rules of Order of the Board of Supervisors, or in the case of urgency or doubt, to the Board. [If said matter is not acted upon by said committee within a week, the Clerk shall report the matter to the Board, providing that nothing*

contained herein will abridge the right of the Board to amend any proposal, ordinance or resolution.] (See Sections 7 and 11.)

Section 5. The committee to which a bill, proposal, communication or other matter is referred shall hold a public hearing or hearings thereon and said committee may amend [the same] or revise any such bill or proposal before submission thereof to the Board and take such action with respect to communications and other matters as is deemed necessary and advisable. [and should the committee refer said] Upon reference by any committee of a bill or proposal to the Board, with or without recommendation, the same, or in the discretion of the committee, any communication or other matter, shall be printed with amendments thereto, if any, upon the calendar of matters of the Board for the next regular meeting.

Section 6. If the committee to which a bill, proposal, or other matter, including motions and communications, has been referred should not, within thirty days thereafter, unless otherwise directed or authorized by the Board [otherwise so to do], report thereon to the Board, any member of the Board may, at a regular meeting, call for said bill or proposal, motion, communication or other matter to be presented to the Board at its next regular meeting and it shall be the duty of the Clerk to cause the matter called for [said bill or proposal] to be printed upon the calendar of matters for such next regular meeting.

Section 7. If at the expiration of thirty days after a bill, proposal, communication or other matter has been referred to committee, action has not been taken thereon, the Clerk shall, immediately thereafter, call the attention of the members of the committee to such fact, and if after the expiration of sixty days after reference to committee action has not been taken thereon, the Clerk shall report such fact to the Board at its next regular meeting.

Section 8. Except as to abatement proceedings and other matters, for which different time limitations are prescribed or permitted by law, or by rule or authorization of the Board of Supervisors, and except matters referred by committee to other agencies for report, recommendation or other action, any matter, including bills, proposals, communications and motions, which has not been disposed of by committee at the expiration of ninety days after its reference thereto, shall automatically be withdrawn from consideration by the committee and shall be filed by the Clerk.

Section 9. Except as to a contemplated bill or proposal which is in the course of preparation in committee and except in the case of a matter which is recognized and agreed, by unanimous consent of the members present, to constitute an actual emergency, no bill or proposal shall be considered or acted upon by committee unless such bill or proposal be submitted to the Clerk in proper form with all requisite signatures of recommendation and approval inscribed thereon at a time not later than 5:00 o'clock p. m., of the day preceding the day of the meeting of the committee having jurisdiction over the subject matter.

[This section formerly contained in Ordinance No. 2555.]

Section 10. An emergency measure shall not be considered or acted upon by committee nor considered nor acted upon by the Board unless such emergency measure shall be accompanied by a written communication from the officer or head of the department proposing or recommending the same, explaining briefly but concisely the purpose of such emergency measure and the exact reason which made it impossible to have anticipated the necessity for such legislation in time sufficient for its enactment other than as an emergency measure.

Section 11. Without reference or re-reference to committee, it shall be the right of the Board to amend any legislation proposed and submitted to the Board as an emergency measure and which is actually enacted as an emergency measure upon the day of such amendment and without re-reference to committee, it shall be the right of the Board

to amend any other bill or proposal referred to the Board by committee and which is passed to second reading or adopted upon the day of such amendment. It shall be the right of the Board to amend any proposal presented by a member and which is adopted upon the date of its introduction.

Section 12. Within three days after a bill has been introduced in the Board and referred to committee, notice of the title or the purport and subject matter thereof shall be published once in the official newspaper and a copy of such bill shall be kept available for inspection in the office of the Clerk of the Board.

All bills shall be published in full upon passage for second reading. Within five days after final passage of a bill, except an emergency measure, notice that said bill has been finally passed shall be published once in the official newspaper.

Said notice shall indicate the title and purport of said bill and the date of enactment thereof.

An emergency ordinance shall be published in full immediately after passage.

Within five days after adoption of a resolution said resolution shall be published in full, once in the official newspaper, unless otherwise provided by Charter or law.

Section 13. Bill No. 2680, Ordinance No. 2555 (Series of 1939) and Bill No. 2726, Ordinance No. 2610 (Series of 1939) are hereby repealed.

Approved as to form by the City Attorney.

Section 2. Bill No. 1686, Ordinance No. 1625 (Series of 1939) is hereby repealed.

August 21, 1944—Called out from Judiciary Committee and Passed for Second Reading.

Explanation of Vote.

Supervisor Mead, in explanation of his vote, stated that he had opposed the foregoing bill from the outset, and he proposed to vote "No" on Final Passage. He did not think it to be the proper manner

in which the matter should be handled. He believed it was not fair to the heads of the various departments to be placed in the position of deciding whether or not seals should be affixed to the cars.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Sullivan—8.
 Noes: Supervisors Mancuso, Mead, Uhl—3.

Discussion.

Supervisor MacPhee, Chairman of the Finance Committee, announced that he had been advised by the Controller that no action was necessary by the Board in passing the Consolidated School budget. However, he reported on increases in the budget of the Board of Education, which, together with decreased amount received from the state, represents an increase of 25 cents in the tax rate. The total increase in the tax rate amounts to 33 cents, leaving a balance of 8 cents increase to finance the budget as presented by the Mayor and approved by the Board of Supervisors. He believed that the Mayor, the Chief Administrative Officer and the Board of Supervisors should be congratulated upon including in the budget all the forward, progressive measures which they approved, at an increase of only 8 cents in the tax rate.

Supervisor MacPhee, in closing, expressed the hope that the members of the Charter Revision Committee could separate the School Department budget from the budget of the City and County itself, so that the School Department, and the city administration could assume its own responsibilities.

Supervisor Brown, in commenting on the Tax Rate Ordinance, declared that the Compulsory School Tax of San Francisco Unified School District, amounting to \$0.984317, did not tell the whole story. The Board will recall, Supervisor Brown stated, that the Sales Tax was introduced in California, at least in large part, as a means of adding

to the contribution which the state made to the various counties and cities throughout the state in helping with the educational program. The additional contribution meant a saving to the San Francisco taxpayers in direct tax obligations of about 30 cents in the tax rate. Adding that 30 cents to the present 98.4 cents, gives a total cost of the School Department of nearly \$1.30. That is the bill San Francisco is paying for education. San Francisco should have a real appreciation of what education costs. It should be called to the attention of the taxpayers that they are paying a substantial sum for education over which the Board of Supervisor has no control whatsoever. The Board of Supervisors owes it to itself to call the attention of the taxpayers to the fact that the bill for education is something over which it has no control.

Supervisor Colman declared that, in speaking about the cost of government, the tax rate was a very deceptive term. The tax rate reflects only one-half the story. It is revenue from other sources that must be taken into account before determining whether or not there is economy in city government. It is the cost of government, not the tax rate, that gives the true picture of the situation. San Francisco is spending a great deal of money, taken from other sources than the tax rate. An increase in the tax rate does not necessary reflect the real increase in cost of government.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Section 2. Said permission is granted subject to the provisions of Sections 555 to 570, Article XI, Chapter X, Part II of the San Francisco Municipal Code and all of the provisions and conditions contained in said sections are hereby made a part of this permit to the same extent as if they were specifically set forth herein.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

Present: Supervisors Colman, Sullivan.

Referring to City Planning Commission for Consideration, With Favorable Recommendation, Proposal to Remodel and Enlarge Hall of Justice.

(Series of 1939)

Proposal No. 4224, Resolution No. 4214, as follows:

Whereas, S.B. 48 prescribes the conditions under which the State of California at the recent session proposed for post-war projects, such projects as the Board of Supervisors might recommend; and

Whereas, remodeling or complete new construction of the Hall of Justice will undoubtedly qualify as a post-war project; and

Whereas, additional space is required in the Hall of Justice to house the District Attorney, Public Defender, and additional space required by the Police Department; and

Whereas, in order to provide additional space for these and other departments, it will be necessary for the City to acquire the properties adjacent to the Hall of Justice; now, therefore, be it

Resolved, That the Board of Supervisors recommends favorably and refers to the City Planning Commission for consideration as a post-war project, the foregoing proposal.

Discussion.

Supervisor Mead, in discussing the foregoing proposal, announced that he had in mind that the Planning Commission should consider the destruction of the Hall of Justice and replacing it with a new building. He did not think that he could go along with the proposal as presented without knowing more about it. The present Hall of Justice, he declared, was a disgrace to the City and County of San Francisco and to the entire State of California.

Supervisor Colman explained the Committee's recommendation, saying that the Chief of Police was in favor of the proposal. The Committee is merely recommending that it be sent to the City Planning Commission, with favorable recommendation. The Board of Supervisors, however, will not be bound to approve the proposal when it is reported back by the Commission. If the Board should desire, the Committee would be willing to withdraw its "favorable consideration" recommendation.

Supervisor Mead repeated his objection, stating that to spend money for remodeling or changing the Hall of Justice would be, in his opinion, a waste of taxpayers' money.

Thereupon, Supervisor MacPhee moved that the second "Whereas," as presented, be amended to read:

"Whereas, remodeling or complete new construction of the Hall of Justice will undoubtedly qualify as a post-war project";

No objection, and amendment approved.

Whereupon, there being no objection, the foregoing proposal, as amended, and reading as above, was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Adopted.

Referring to City Planning Commission, for Consideration, Proposal to Construct New Civic Convention Auditorium and Exposition Hall.

(Series of 1939)

Proposal No. 4256, Resolution No. 4206, as follows:

Resolved, That Proposal 4175, requesting the City Planning Commission to place a new and adequate civic convention auditorium and exposition hall as a project for post-war investment, heretofore presented by Supervisor MacPhee, and reading as follows:

"Whereas, modern American business is organized into national associations which conduct their annual markets at great annual meetings consisting of a combination convention and exposition; and

"Whereas, these conventions and expositions accept invitations only from cities where not only auditorium but exhibit hall as well as hotel facilities are adequate; and

"Whereas, San Francisco as the center of the Pacific Coast, one of the great regions of the United States, requires only adequate facilities to be the central marketing and meeting place in the West for national organizations; and

"Whereas, these great industrial, trade and professional organizations require for their meetings an auditorium seating 20,000, and an exposition hall of 300,000 square feet adjacent to each other in the same or a connecting building; and

"Whereas, San Francisco has a thirty-year-old Exposition Auditorium, seating 9,500 persons and no exhibit space save that in the corridors and Polk and Larkin Hall aggregating a gross of 35,876 square feet rented by the City for the meetings of the last large exhibiting conventions; and

"Whereas, one convention and exposition of 12,000 attendance deposits almost \$1,000,000 of quick moving cash in our City's trade channels and payrolls; now, therefore, be it

"Resolved, That the Board of Supervisors of the City and County of San Francisco request the City Planning Commission of the City and County of San Francisco to place a new and adequate civic convention auditorium and exposition hall as a project for post-war investment, to maintain and advance San Francisco as a central marketing and meeting place in the West."

be and is hereby referred to the City Planning Commission for consideration.

Discussion.

Supervisor MacPhee explained the foregoing. There is great need for a new Civic Auditorium in San Francisco, he declared. The present auditorium is not of proper size for exposition or for convention purposes.

Supervisor Colman pointed out that the proposal was mere reference to the City Planning Commission. He, as one member, believed that the present auditorium was functioning all right. There might be other matters of more importance for the time being than a new auditorium. He believed that sewer construction, tunnels, and possibly a great many other things were of more importance.

After further brief explanation the roll was called and the foregoing proposal was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Referred to Charter Revision Committee.

The following, from Judiciary Committee without recommendation, was taken up:

(Meeting of August 24, 1944)

Present: Supervisors Mancuso, MacPhee.

No severance pay shall in any event exceed in amount the equivalent of twenty-six weeks of pay.

Payment of such severance compensation shall be made in semi-monthly installments of the equivalent of one week's pay, payable on the semi-monthly payroll period. Fractions or portions of a year's service shall be prorated, with the exception of the first year of service.

Severance compensation payments shall cease immediately when an employee is re-employed or re-employed by said City and County or Unified School District either on a temporary or permanent basis, or upon the refusal or failure by an employee to accept employment immediately when offered by said City and County or Unified School District. A layoff of any such employee shall serve automatically to withdraw any waivers of employment on file relative to any civil service lists upon which an employee may be an eligible.

Upon re-employment of an employee who has received severance compensation, the service for which such compensation has been paid shall no longer be considered in computing additional earned severance compensation. Upon such re-employment an employee shall be given credit for the service for which such earned severance compensation has not been paid, provided, however, that any employee who has refused or failed to accept employment immediately when offered by said City and County or Unified School District shall forfeit all rights to such earned severance compensation.

The Board of Supervisors shall forthwith provide by ordinance for the appropriation of funds for the payment of severance compensation and for the administration of the intent and provisions of this section.

If any of the persons intended to be covered by the provisions of this section are laid off by reason of the termination of the war before these provisions shall become effective, on the effective date of this amendment or any time after the effective date of this amendment the Board of Supervisors shall make provisions for payment to them of severance compensation in accordance with the intent and provisions of this section.

Severance compensation payments shall be governed by rules established by the Civil Service Commission in accordance with the principles established in this section.

The provisions of this Section 151:1 shall have and take precedence over any other provisions of this Charter in conflict herewith.

August 28, 1944—Consideration continued until Tuesday, September 5, 1944.

Discussion.

Supervisor Mancuso explained the foregoing proposed Charter amendment. However, the Judiciary Committee, he stated, more or less agreed with the Mayor that it would be inadvisable to submit this matter to the people at the election in November. He personally was in favor of severance pay. He believed, though, that the question should be given more study before submitting it to the voters.

The Clerk presented and read copy of communication addressed by his Honor the Mayor, expressing his feeling that it would be inadvisable to place the matter before the voters at the election in November. The Mayor believed that more study should be given to the matter before presentation to the voters. He feared, also, that burdening the budget with too many propositions involving expenditures by the city might jeopardize the chances of approval of bond issues already approved for submission to the voters. Presentation of the foregoing proposed Charter amendment could well be postponed until the election in November, 1945.

Communication from the Civil Service Commission, recommending submission to the voters at the election to be held November 7, 1944, was also presented and read by the Clerk.

Mrs. Kathleen Dolen, representing the Civil Service Commission, explained that communication from the Civil Service Commission was sent to the Board prior to receipt of communication from his Honor the Mayor. The Commission is interested in several payments, and thinks it is an important matter. However, the Commission is willing to abide by the decision of the Board.

Thereupon, Supervisor Colman, seconded by Supervisor Green, moved that the proposed Charter amendment be referred to the Committee on Charter Revision.

Mr. Grover O'Connor, on being granted the privilege of the floor, objected to any postponement of submission to the people. The amendment, if approved by the people, would affect almost entirely limited tenure employments. There would be little if any benefit far as regular employees were concerned. If the matter should not be presented to the voters until November, 1945, and if there should be no special session of the Legislature called, such amendment could not become effective before 1946, by which time the matter might be over.

Thereupon, the roll was called and the motion to refer to the Charter Revision Committee was *approved* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Sullivan, Uhl—9.

Noes: Supervisors Mead, Meyer—2.

Ordered Submitted.

The following, from Judiciary Committee without recommendation, was taken up:
(Meeting of August 31, 1944)

Present: Supervisors Mancuso, MacPhee, Green.

PROPOSED CHARTER AMENDMENT AFFECTING NON-PROFESSIONAL EMPLOYEES IN THE OFFICE OF PUBLIC DEFENDER AND CITY ATTORNEY.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by adding a new section thereto to be known as Section 34.1 (Employees of Office of City Attorney and Public Defender, Except Attorneys, Under Civil Service.)

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco

election to be held therein on November 7, 1944, a proposal to amend the Charter of said City and County by adding Section 34.1 thereto, to read as follows: *Employees in office of City Attorney and Public Defender, except attorneys, under Civil Service.*

Section 34.1. Notwithstanding any other provisions of this Charter, occupants of all positions in the office of City Attorney and the Public Defender, except assistant attorneys in the office of the City Attorney and Public Defender, shall be subject to the Civil Service provisions of this Charter, provided that all such occupants who are actually employed, or who may be on military leave of absence from employment, on the effective date of this amendment, and who have been continuously employed for one year immediately preceding such date or such military leave, shall be continued in their respective positions if appointed thereto after examination and certification from a Civil Service list of eligibles, and thereafter shall be governed and be subject to the Civil Service provisions of this Charter. Upon their return to service, occupants who have been on military leave shall be appointed according to priority of service.

Discussion.

Supervisor Mancuso explained the foregoing proposed Charter amendment. He moved, that it be referred to Charter Revision Committee, for thorough study and consideration, inasmuch as it had been presented to committee only a few days previously. Motion seconded by Supervisor Colman.

Supervisor Mead opposed reference to Charter Revision Committee. The people should be given the opportunity to determine the matter.

Mr. Walter Dold from the City Attorney's office stated that there were three or four employees in the City Attorney's office, not lawyers, but who have served faithfully. Those employees think they should be on the same basis as other city employees. They should be given the opportunity to have the amendment placed before the people for determination.

Mr. Frank Moitoza, speaking for employees of the Public Defender's office, stated that the Federation of Municipal Employees favor submission of the proposal to the people. There are only eight or ten employees in the Public Defender's office involved.

After further brief discussion, the roll was called and the motion to refer to the Charter Revision Committee was *defeated* by the following vote:

Ayes: Supervisors Colman, Green, Mancuso—3.

Noes: Supervisors Brown, Gallagher, Gartland, Mead, Meyer, Sullivan, Uhl—7.

Absent: Supervisor MacPhee—1.

Supervisor Brown expressed his intention to vote for submission to the people. He could see no reason why the privilege granted to other departments should be denied the departments involved. There were, he had been told, only about seven employees involved.

Supervisor Colman announced that he would have preferred to see the proposed Charter amendment referred to the Charter Revision Committee for study. Now that the Board has gone on record against such reference he would vote to put the matter on ballot. The theory is sound. The Board has advocated it for other departments.

Supervisor Mancuso announced that he would vote in favor of submission since that was the feeling of the Board.

Thereupon, the roll was called on submission to the voters, and the proposed Charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent: Supervisor MacPhee—1.

Amended.

The following recommendations of Judiciary Committee were taken up:

Present: Supervisors Mancuso, MacPhee, Green.

PROPOSED CHARTER AMENDMENT RELATING TO RETIREMENT OF MEMBERS OF THE POLICE DEPARTMENT AND PRESCRIBING CONTRIBUTIONS AND CONDITIONS AND AMOUNTS OF RETIREMENT ALLOWANCES TO BE PAID.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding Section 168.1 thereto, relating to present and future members of the Police Department.

The Board of Supervisors of the City and County of San Francisco here submits to the qualified electors of said City and County, at the general election to be held on the 7th day of November, 1944, a proposal to amend the Charter of said City and County, as follows:

Section 168.1. Members of the Police Department, as defined in this section who are members of the Retirement System under Sections 165, 166 or 168 of the Charter on the effective date hereof, hereby defined as the first day of July, 1945, and persons who become members of said department after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 168.1, in addition to the provisions contained in Sections 158 to 161, both inclusive, of this Charter notwithstanding the provisions of any other section of the Charter. Members of the said department who are members of the Retirement System under Section 166 of the Charter on said effective date, however, shall have the option to be exercised in writing on a form furnished by the Retirement System and to be filed at the office of said System not later than ninety days after the effective date hereof, of being members of the System under Section 166 instead of Section 168.1, the election under said option to be effective on said effective date. In like manner, members of the said department who are members of the Retirement System under Sections 165 or 168 of the Charter shall have the option, to be exercised in writing on a form furnished by the Retirement System, and to be filed at the office of said System not later than ninety days after the effective date hereof, of being members of the System under Sections 165 or 168, respectively, instead of Section 168.1, the election to be effective on said effective date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in Section 161 of the Charter, on the effective date of the amendment shall have the same option of electing to be members under Section 165, 166 or 168, as the case may be, instead of Section 168.1, within ninety days after their return to service in the Police Department. On and after said date, the persons who affirmatively exercise said option, shall continue to be members of the System under Sections 166, 165 or 168, respectively and shall not be subject to any of the provisions of Section 168.1.

(A) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

"Retirement allowance," "death allowance" or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation," as distinguished from benefits under the Workmen's Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Police Department.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him during such period, being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Police Department he was in the rank or position first held by him in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit."

"Final compensation" shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purpose of the Retirement System and of this section, the terms "member of the Police Department," "member of the department" or "member," shall mean any officer or employee of the Police Department whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date, and was or shall be subject to the Charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, for the effective date of their employment in said department, persons employed on the effective date hereof, regardless of age, or employed after said date at an age not greater than thirty-five years in the Police Department to perform the duties now performed under the titles of Criminologist, Photographer, Police Patrol Driver, Police Motor Boat Operator, Woman Protective Officer, Police Woman or Matron. Any police service performed by such a member of the Police Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 155 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco. Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(B) Any member of the Police Department who completes at least three years of service in the aggregate, regardless of age, or at least twenty-five years of service in the aggregate, and attains the age of 55 years, said service to be computed under Subsection (H) hereof, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of seventy years during the twelve months ending June 30, 1946; the age of sixty-nine years during the twelve months ending June 30, 1947; the age of sixty-eight years during the twelve months ending June 30, 1948; the age of sixty-seven years during the twelve months ending June 30, 1949; the age of sixty-six years during the twelve months ending June 30, 1950, and thereafter, following the attainment of the age of sixty-five years. A member retired after meeting the service and age requirements in the two sentences next preceding, shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in Subsection (A) hereof, plus an allowance at the rate of $1\frac{2}{3}$ per cent of said final compensation, for each year of service rendered after qualifying as to age and service for retirement. Any member may retire, regardless of age, after rendering twenty-five years of service in the aggregate, computed under Subsection (H), but in such event, his retirement allowance shall be such as could be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled at the date upon which he would qualify for retirement under the first two sentences of this paragraph, deferred to that date. Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (C) may elect to receive the actuarial equivalent of his allowance, partly in cash and partly in allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the Board of Supervisors to govern similar elections by other members of the Retirement System, including the character and amount of such other benefits.

(C) Any member of the Police Department, who becomes incapacitated in the performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in Subsection (A) hereof, provided that if at that time, he is qualified as to age and service for retirement under Subsection (B), he shall receive an allowance equal to the retirement allowance which he would receive if retired under Subsection (B). Any member of the Police Department who becomes incapacitated for performance of his duty, by reason of a cause included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of service in the aggregate, computed as provided in Subsection (H) hereof, shall be retired upon an allowance equal to one and one-half per cent of the final compensation of said member, as defined in Subsection (A) hereof for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Police Commission, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to active service in the rank he occupied at the time of his retirement.

D) If a member of the Police Department shall die before or after retirement as a result of an injury received in, or illness caused by the performance of his duty, a death allowance shall be paid, beginning on the date next following the date of death, to his surviving wife, equal to fifty per cent of the compensation of said member as defined in Subsection (A) hereof, throughout her life or until her remarriage, provided that if the member, at the time of death, was qualified as to age and service for retirement under Subsection (B), the death allowance payable under this Subsection (D), shall be equal to the retirement allowance which the member would have received had he been retired under Subsection (B) on the day of death, and if he had been retired prior to death, the death allowance payable shall be equal to the retirement allowance of the member. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then said allowance shall be paid to his child or children under said age, collectively, to continue until every child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive said monthly allowance during dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness, which results in death.

E) That portion of any allowance payable because of the death or retirement of any member of said department which is provided by contributions of the City and County, shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Act and Safety Law of the State of California.

F) If a member of the Police Department shall die, before retirement, because of causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under Subsection (D) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

G) Should any member of the department cease to be employed as such member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the Board of Supervisors to govern similar terminations of employment of other members of the Retirement System. If he shall again become a member of the department, he shall redeposit in the Retirement Fund, the amount refunded to him. Contributions, with interest, which are credited because of service rendered in any other office or department and which will not be counted under Subsection (H), to any person who becomes a member of the Retirement System under this section, shall be refunded to him forthwith. Should a member of the Police Department become an employee of any other office or department, a portion of his contributions with credited interest equal to the

contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Police Department, shall remain credited to his account, and shall receive credit for service to the extent of said accumulated contributions and the balance of his contributions with credited interest shall be refunded him forthwith.

(H) The following time shall be included in the computation of the service to be credited to a member of the department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the Fire or Police Department;

(2) Time during which said member served and received compensation as a jail matron in the office of the Sheriff;

(3) Solely for the purpose of determining qualification for retirement under Subsection (C) for disability not resulting from injury received or illness caused by performance of duty, time during which said member served and received compensation in any other status requisite for membership in the Retirement System;

(4) Time during which said member, while absent from a status included in paragraphs (1), (2) or (3) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 161 of the Charter, during any war in which the United States was or shall be engaged or during other national emergency.

(I) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The rate of contribution of each member under this section shall be based on his age taken to the next lower complete quarter year, at the date he became a member under Section 165 or 168, as a member of the Police Department, as defined in this section, in the case of persons who are members under these sections, or at the effective date of this amendment, in the case of persons who are members under Section 166, and his age taken to the next lower complete year, when he entered the Police Department, or on his age at the date he becomes a member under this section, in the case of persons who become members on or after the effective date of this amendment. The age of entry into the Police Department shall be determined by deducting the member's service as a member of the Fire and Police Departments and as a jail matron in the office of the Sheriff, prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding. The normal rate of contribution of each such member, to be effective from the effective date of membership under this section, shall be such as the average for such member, will provide, assuming service without interruption, under Subsection (B) of this section, one-third of that portion of service retirement allowance to which he would be entitled, upon first retiring as to age and service, for retirement under that subsection, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date.

(2) There shall be deducted from each salary payment made to a member under this section, a sum determined by applying the member's rate of

tion to such salary payment. The sum so deducted shall be paid forth-
to the Retirement System. Said contribution shall be credited to the
individual account of the member from whose salary it was deducted, and the
of said contributions, together with interest credited thereon in the same
anner as is prescribed by the Board of Supervisors for crediting interest to
contributions of other members of the Retirement System, shall be applied to
vide part of the retirement allowance granted to, or allowance granted on
count of said member, under this section or shall be paid to said member or
state or beneficiary as provided in Subsections (F) and (G) of this section.

(D) Contributions based on time included in paragraphs (1), (2) and (4)
Subsection (H), and deducted prior to the effective date hereof, from com-
nation of persons who become members under this section, and standing
t interest thereon, to the credit of such members on the records of the
Retirement System on said date, shall continue to be credited to the individual
counts of said members and shall be combined with and administered in the
a manner as the contributions deducted after said date.

(E) The total contributions, with interest thereon, made by or charged
ast the City and County and standing to its credit, in the accounts of the
Retirement System, on account of persons who become members under this
on, shall be applied to provide the benefits under this section.

(F) The City and County shall contribute to the Retirement System such
ounts as may be necessary, when added to the contributions referred to in
e preceding paragraphs of this Subsection (I), to provide the benefits pay-
under this section. Such contributions of the City and County to provide
ortion of the benefits hereunder which shall be based on service rendered
ach member prior to the date upon which his age is based for determi-
in of his rate of contribution in paragraph (1), Subsection (I), shall not
es during any fiscal year than the amount of such benefits paid during said
e. Such contributions of the City and County to provide the portion of the
its hereunder which shall be based on service rendered by respective
rners on and after the date stated in the next preceding sentence, shall be
in annual installments, and the installment to be paid in any year shall
etermined by the application of a percentage to the total salaries paid
ing said year, to persons who are members under this section, said per-
ge to be the ratio of the value at the effective date hereof, or at the later
of a periodical actuarial valuation and investigation into the experience
de the System as provided by the Board of Supervisors, of salaries there-
payable to said members then in the Police Department to the value at
effective or said later date, of the benefits thereafter to be paid under this
on, from contributions of the City and County, less the amount of such
tribution, and plus accumulated interest thereon, then held by said System
provide said benefits on account of service rendered by respective member
e the date stated in the sentence next preceding. Said values shall be deter-
ed by the Actuary, who shall take into account the interest which shall be
nd on said contributions, the compensation experience of members, and
probabilities of separation by all causes, of members from service before
rment and of death after retirement. Said percentage shall be changed
yon the basis of said periodical actuarial valuation and investigation into
experience under the System.

(G) To promote the stability of the Retirement System through a joint par-

participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the amount held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this section, and to permit the determination that, except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein. Nothing in this section shall affect the obligations of the City and County to pay to the Retirement System any amounts which may or shall become due under the provisions of the Charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said System by debits against the City and County.

(J) Upon the completion of the years of service set forth in Subsection (A) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Subsection (B), and nothing shall deprive said member of said right.

(K) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and County service including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any such retired person, except persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed his compensation at the time of his retirement.

(L) Any section or part of any section in this Charter, insofar as it shall conflict with this Section 168.1, or with any part thereof, shall be superseded by the contents of said Section 168.1. In the event that any clause, section or phrase of this Charter amendment shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

This amendment shall take effect on the first day of July, 1945.

Amendments.

Supervisor Mancuso, in explaining the foregoing proposed Charter amendment announced that there were several amendments which should be made, as follows:

In fourth line, first paragraph, Section 168.1, change date "1944" to "1945."

In fourth paragraph, Section 168.1 A, beginning "Compensation earnable," in fourth line, after the word "attached," insert the words "at that time."

In paragraph B of Section 168.1, line 16, after the words "for each year of service rendered," insert the words "prior to attaining age 60 and".

In paragraph C, line 8, after the first sentence, change the period to a comma, and add the words "but not less than fifty per cent of said final compensation."

In Subsection (D) of Section 168.1, line 10, after the word "death," insert the words "but not less than fifty per cent of said final compensation."

In Subsection (E), Section 168.1, at the end of the paragraph, change the period to a comma, and add the words "and because of the injury or illness resulting in said death retirement."

In Subsection (F), at the end of the paragraph, add the words "Upon the death of a member after retirement and regardless of the cause of death, the sum of Five Hundred Dollars shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the Board of Supervisors for the payment of a similar benefit upon the death of other retired members."

Supervisor Mancuso, in concluding his explanation, stated that the proposed Charter amendment met with the approval of everyone; no one, so far as he knew, was in opposition.

Supervisor Colman agreed that no one had expressed disapproval of the proposed Charter amendment. It was a fair amendment and he hoped the voters would approve it. The Police Department should be commended in its fine spirit of cooperation. He would like to be able to aid in its approval by the voters.

Mr. Arthur Younger of the Municipal Conference and Mr. Alfred Smith of the Bureau of Governmental Research both expressed the approval of their respective groups and commended the Police Department for its cooperation.

Mr. Matthew Carberry, Chairman of the Police Group for the past six years, expressed appreciation of the endorsement given by the various tax groups.

Whereupon, there being no objection, and on motion by Supervisor Mancuso, the foregoing amendments were *approved*.

Ordered Submitted.

Whereupon, the proposed Charter amendment, as amended, and reading as follows, was *ordered submitted* by the following vote:

PROPOSED CHARTER AMENDMENT RELATING TO RETIREMENT OF MEMBERS OF THE POLICE DEPARTMENT AND PRESCRIBING CONTRIBUTIONS AND CONDITIONS AND AMOUNTS OF RETIREMENT ALLOWANCES TO BE PAID.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding Section 168.1 thereto, relating to present and future members of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 7th day of November, 1944, a proposal to amend the Charter of said City and County, by adding thereto a new section to be designated Section 168.1, as follows:

FINING RETIREMENT PROVISIONS—POLICE DEPARTMENT

Section 168.1. Members of the Police Department, as defined in this section, who are members of the Retirement System under Sections 165, 166 and 168 of the Charter on the effective date hereof, hereby designated as the effective date of July, 1945, and persons who become members of said department on or after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 168.1, in addition to the provisions contained in Sections 158 to 161, both inclusive, of the Charter notwithstanding the provisions of any other section of the Charter. Members of the said department who are members of the Retirement System under Section 166 of the Charter on said effective date, however,

shall have the option to be exercised in writing on a form furnished by the Retirement System and to be filed at the office of said System not later than ninety days after the effective date hereof, of being members of the System under Section 166 instead of Section 168.1, the election under said option to be effective on said effective date. In like manner, members of the said department who are members of the Retirement System under Sections 165 or 166 of the Charter shall have the option, to be exercised in writing on a form furnished by the Retirement System, and to be filed at the office of said System not later than ninety days after the effective date hereof, of being members of the System under Sections 165 or 168, respectively, instead of Section 168.1, the election to be effective on said effective date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in Section 161 of the Charter on the effective date of the amendment shall have the same option of election to be members under Section 165, 166 or 168, as the case may be, instead of Section 168.1, until ninety days after their return to service in the Police Department. On and after said date, the persons who affirmatively exercised said option, shall continue to be members of the System under Sections 165, 166 or 168, respectively, and shall not be subject to any of the provisions of Section 168.1.

(A) The following words and phrases as used in this section, unless different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” “death allowance” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the Workmen's Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Police Department.

“Compensation earnable” shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Police Department he was in the rank or position first held by him in such department.

“Benefit” shall include “allowance,” “retirement allowance,” “death allowance” and “death benefit.”

“Final compensation” shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purpose of the Retirement System and of this section, the terms “member of the Police Department,” “member of the department” or “member,” shall mean any officer or employee of the Police Department whose employment therein began prior to January 1, 1900, or whose employment

herein began or shall begin after that date, and was or shall be subject to the charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, for the effective date of their employment in said department, persons employed on an effective date hereof, regardless of age, or employed after said date at an age not greater than thirty-five years in the Police Department to perform the duties now performed under the titles of Criminologist, Photographer, Police Control Driver, Police Motor Boat Operator, Woman Protective Officer, Police Woman or Jail Matron. Any police service performed by such a member of the Police Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 9 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(B) Any member of the Police Department who completes at least thirty years of service in the aggregate, regardless of age, or at least twenty-five years of service in the aggregate, and attains the age of 55 years, said service to be computed under Subsection (H) hereof, may retire for service at his option. Members shall be retired on the first day of the month next following their attainment by them of the age of seventy years during the twelve months ending June 30, 1946; the age of sixty-nine years during the twelve months ending June 30, 1947; the age of sixty-eight years during the twelve months ending June 30, 1948; the age of sixty-seven years during the twelve months ending June 30, 1949; the age of sixty-six years during the twelve months ending June 30, 1950, and thereafter, following the attainment of the age of sixty-five years. A member retired after meeting the service and age requirements in the two sentences next preceding, shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in Subsection (A) hereof, plus an allowance at the rate of $1\frac{2}{3}$ per cent of said final compensation, for each year of service rendered prior to attaining the age of 60 and after qualifying as to age and service for retirement. Any member who retires, regardless of age, after rendering twenty-five years of service in the aggregate, computed under Subsection (H), but in such event, his retirement allowance shall be such as can be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled at the date upon which he would qualify for retirement under the first two sentences of this paragraph, deferred to that date. Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (C), may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him

throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the Board of Supervisors to govern similar elections by other members of the Retirement System, including the character and amount of such other benefits.

(C) Any member of the Police Department, who becomes incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in Subsection (A) hereof, provided that if at the time, he is qualified as to age and service for retirement under Subsection (B) he shall receive an allowance equal to the retirement allowance which he would receive if retired under Subsection (B) but not less than fifty per cent of said final compensation. Any member of the Police Department who becomes incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of service in the aggregate, computed as provided in Subsection (H) hereof, shall be retired upon an allowance of one and one-half per cent of the final compensation of said member as defined in Subsection (A) hereof for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Police Commission, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(D) If a member of the Police Department shall die before or after retirement as a result of an injury received in, or illness caused by the performance of his duty, a death allowance shall be paid, beginning on the date next following the date of death, to his surviving wife, equal to fifty per cent of the final compensation of said member as defined in Subsection (A) hereof throughout her life or until her remarriage, provided that if the member, at the time of death, was qualified as to age and service for retirement under Subsection (B), the death allowance payable under this Subsection (D), shall be equal to the retirement allowance which the member would have received if he had been retired under Subsection (B) on the day of death but not less than fifty per cent of said final compensation, and if he be retired prior to death, the death allowance payable shall be equal to the retirement allowance of the member. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then said allowance shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness, which results in death.

(E) That portion of any allowance payable because of the death or retirement of any member of said department which is provided by contributions of the City and County, shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California and because of the injury or illness resulting in said death or retirement.

(F) If a member of the Police Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under Subsection (D) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System. Upon the death of a member after retirement and regardless of the cause of death, the sum of five hundred dollars shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the Board of Supervisors for the payment of a similar benefit upon the death of other retired members.

(G) Should any member of the department cease to be employed as such member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the Board of Supervisors to govern similar terminations of employment of other members of the Retirement System. If he shall again become a member of the department, he shall redeposit in the Retirement Fund, the amount refunded to him. Contributions, with interest, which are credited because of service rendered in any other office or department and which will not be counted under Subsection (H), to any person who becomes a member of the Retirement System under this section, shall be refunded to him forthwith. Should a member of the Police Department become an employee of any other office or department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Police Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

(H) The following time shall be included in the computation of the service to be credited to a member of the department for the purpose of determining whether such member qualifies for retirement:

- 1) Time during and for which said member is entitled to receive compensation because of services as a member of the Fire or Police Department;
- 2) Time during which said member served and received compensation as jail matron in the office of the Sheriff;
- 3) Solely for the purpose of determining qualification for retirement under Subsection (C) for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member served

and received compensation in any other status requisite for membership in the Retirement System;

(4) Time during which said member, while absent from a status included in paragraphs (1), (2) or (3) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 161 of the Charter, during any war in which the United States was or shall be engaged or during other national emergency

(I) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The rate of contribution of each member under this section shall be based on his age taken to the next lower complete quarter year, at the date he became a member under Section 165 or 168, as a member of the Police Department, as defined in this section, in the case of persons who are members under these sections, or at the effective date of this amendment, in the case of persons who are members under Section 166, and his age taken to the next lower completed year, when he entered the Police Department, or on his age at the date he becomes a member under this section, in the case of persons who become members on or after the effective date of this amendment. The age of entrance into the Police Department shall be determined by deducting the member's service as a member of the Fire and Police Departments and as a jail matron in the office of the Sheriff, prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding. The normal rate of contribution of each such member, to be effective from the effective date of membership under this section, shall be such as, on the average for such member, will provide, assuming service without interruption, under Subsection (B) of this section, or one-third of that portion of the service retirement allowance to which he would be entitled, upon first qualifying as to age and service, for retirement under that subsection, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date.

(2) There shall be deducted from each salary payment made to a member under this section, a sum determined by applying the member's rate of contribution to such salary payment. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in Subsections (I) and (G) of this section.

(3) Contributions based on time included in paragraphs (1), (2) and (4) of Subsection (H), and deducted prior to the effective date hereof, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the

individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(4) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(5) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Subsection (I), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his rate of contribution in paragraph (1), Subsection (I), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Police Department to the value at said effective or said later date, of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contribution, and plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by various causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

(6) To promote the stability of the Retirement System through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, and the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this section, and to permit the determination that, except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein. Nothing in this section shall affect the obligations of the City and County to pay to the Retirement System any amounts which may or shall become due under the provisions of the Charter prior to the

effective date hereof, and which are represented on said effective date, in the accounts of said System by debits against the City and County.

(J) Upon the completion of the years of service set forth in Subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Section (B), and nothing shall deprive said member of said right.

(K) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any such retired person, except persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed his compensation at the time of his retirement.

(L) Any section or part of any section in this Charter, insofar as it should conflict with this Section 168.1, or with any part thereof, shall be superseded by the contents of said Section 168.1. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

This amendment shall take effect on the first day of July, 1945.

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancini, Mead, Meyer, Sullivan, Uhl—11.

CHARTER AMENDMENT

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 52 thereof, relating to the Steinhart Aquarium, so that the employees thereof, with the exception of the Director of said aquarium and the Secretary of the Board in charge thereof, curators and other scientific and professional personnel and part-time positions for which a compensation of less than \$80.00 per month is provided, inclusive of allowances for maintenance and other incidental benefits, shall be subject to, and entitled to the benefits of the Civil Service provisions of the Charter, and their compensation shall be subject to standardization as provided in Section 151 of the Charter for other City employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on November 7, 1944, a proposal to amend the Charter of said City and County by amending Section 52 thereof, so that the same shall read as follows:

Section 52. The management, superintendence and operation of the Steinhart Aquarium shall be in charge, and under the direction of the California Academy of Sciences of San Francisco. Necessary funds for the maintenance

operation of said aquarium shall be furnished by the City and County to said California Academy of Sciences of San Francisco, subject to the net, fiscal and salary ordinance provisions of this Charter. Except the positions of director, secretary of the board of directors, curators and other scientific or professional personnel and part-time positions for which a compensation of less than \$80.00 per month is provided, inclusive of allowance for maintenance and other incidental benefits, all positions in the Steinhart Aquarium shall be subject to the Civil Service provisions of this Charter and ratification of this amendment any incumbent of such position in the Steinhart Aquarium, hereby made subject to Civil Service, who shall have held such position continuously for one year prior to such ratification, shall be deemed appointed to such position under the Civil Service provisions of this Charter. Notwithstanding anything to the contrary contained in Section 151 of this Charter, compensation of all employees of said Steinhart Aquarium shall be subject to the Salary Standardization provisions of the Charter.

Nothing herein contained shall abrogate the trust under and by which said Steinhart Aquarium was accepted by the City, or under and by which it is now

Amendment.

The Clerk announced a correction that had been made in the foregoing proposed Charter amendment too late to be noted in the Calendar of the Board. In the ninth line of the first paragraph, the words "their compensation" should be stricken out, and the words "providing that compensation of all employees" should be inserted in lieu thereof. No objection, and correction authorized.

Mr. Henson of the Board of Trustees, California Academy of Sciences, objected to the passage of the proposed amendment to the people. The Board of Trustees of the Aquarium has not been able to get a quorum to have a meeting to discuss the matter. He himself, had not even seen the measure as presented. Apparently it was re-drawn over the weekend. He believed that placing all employees of the Aquarium under the provisions of salary standardization would be objected to by the Trustees as inconsistent with their duties as Trustees in managing their trust.

Whereupon, Supervisor Colman moved that the matter be referred to the Charter Revision Committee or to the Judiciary Committee.

Supervisor Mead announced that he had been informed that it was almost impossible to get the Board of Trustees together for the reason that most of them were in various parts of the United States.

Mr. Fitch of the engineers objected to any re-reference. There has been no delay in the matter. The Trustees knew that the matter was being considered.

Whereupon, Supervisor Colman, seconded by Supervisor Brown, moved reference to the Charter Revision Committee.

Resolution failed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green—4.

Noes: Supervisors Gartland, Mancuso, Mead, Meyer, Sullivan, Uhl—6.

Abstent: Supervisor MacPhee—1.

Supervisor Colman, in explanation of his intended vote, announced that he could not vote for submission. The courtesy of hearing should be extended to those in charge of the department affected. Department heads should have an opportunity to read any amendment and to express their views thereon. The proposed amendment was drawn up since the last meeting of the Judiciary Committee. The Trustees have not seen it. It is unfair and not courteous to refuse them an opportunity to decide on this amendment.

Mr. Dolen explained that the Charter amendment was withdrawn to follow the same procedure as Charter amendments on the same subject have always followed. The sense of the amendment is as it was originally.

Ordered Submitted.

Thereupon, the roll was called and the proposed Charter amendment, as corrected and reading as follows, was *ordered submitted* to the voters by the following vote:

CHARTER AMENDMENT

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 52 thereof, relating to the Steinhart Aquarium, so that the employees thereof, with the exception of the director of said aquarium, the secretary of the board in charge thereof, curators and other scientific and professional personnel and part-time positions for which a compensation of less than \$80.00 per month is provided, inclusive of allowances for maintenance and other incidental benefits, shall be subject to, and entitled to the benefits of, the Civil Service provisions of the Charter, and providing that the compensations of all employees shall be subject to standardization as provided in Section 151 of the Charter for other city employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on November 7, 1944, a proposal to amend the Charter of said City and County by amending Section 52 thereof, so that the same may be read as follows:

STEINHART AQUARIUM

Section 52. The management, superintendence and operation of the Steinhart Aquarium shall be in charge and under the direction of the California Academy of Sciences of San Francisco. Necessary funds for the maintenance and operation of said aquarium shall be furnished by the City and County of the said California Academy of Sciences of San Francisco, subject to the budget, fiscal and salary ordinance provisions of this Charter. Except for the positions of director, secretary of the board of directors, curators and other scientific or professional personnel and part-time positions for which a compensation of less than \$80.00 per month is provided, inclusive of allowances for maintenance and other incidental benefits, all positions in the Steinhart Aquarium shall be subject to the Civil Service provisions of this Charter and upon the ratification of this amendment any incumbent of such position in the Steinhart Aquarium, hereby made subject to Civil Service, who shall have held such position continuously for one year prior to such ratification, shall be deemed appointed to such position under the Civil Service provisions of this Charter. Notwithstanding anything to the contrary contained in Section 151 of the Charter, compensation of all employees of said Steinhart Aquarium shall be subject to the Salary Standardization provisions of the Charter.

Nothing herein contained shall abrogate the trust under and by which the Steinhart Aquarium was accepted by the City, or under and by which the same is now held.

Noes: Supervisors Colman, Green—2.

Absent: Supervisor MacPhee—1.

Consideration of Improvement of "Big Rec" to Assure Its Full Utilization.

(Series of 1939)

Supervisor Sullivan presented:

Proposal No. 4262, Resolution No., as follows:

Whereas, baseball, which is the traditional and national game of the United States, is highly beneficial not only from physical and entertainment aspects but also because of its contribution to our democratic system; and

Whereas, given a decent opportunity, amateur baseball would flourish in San Francisco, and would provide healthy and morale building recreation as well as favorable prospects for a professional career to many habitues of the sandlots; and

Whereas, the inadequacy of facilities for participants and devotees of this great American game is a matter of serious concern such as requires serious consideration and decisive action; and

Whereas, since late in the 19th Century, "Big Rec," the birthplace of baseball in San Francisco, has under most trying conditions and with woeful lack of appurtenances been developing ball players many of whom became nationally famous; and

Whereas, the history of "Big Rec" records an unending struggle against apathy and broken promises, in spite of which it has continued to exist; to develop ball players and to supply entertainment to such of our populace as were willing to suffer discomfort and to risk injury in order to witness their favorite sport; and

Whereas, only recently, after widespread agitation, "Big Rec" was provided with proper and adequate playing fields for baseball but those appurtenances necessary for the safety and convenience of spectators are still lacking, due, it is represented, to priorities on the necessary materials; and

Whereas, because not only members of our civilian but also our military population utilize the facilities at "Big Rec" and would, were the hazard of personal injured removed, attend the games there in increasing numbers; because of the deprivation of recreational endeavors requiring transportation to out-of-town locations, local facilities must be provided and developed to provide some respite for war and work-weary people, and because good, clean, healthy, supervised sport is the best deterrent for juvenile delinquency, it becomes necessary now to provide ways and means through which the full benefits of "Big Rec," and possibly other municipally owned baseball parks, may be safely and conveniently utilized; now, therefore, be it

Resolved, That the Committee on Education, Parks and Recreation be and is hereby authorized and directed to take cognizance of this problem; to hold public hearings thereon and to invite the attendance of all interested citizens and agencies, including the Park Commission, representatives of the Morale Division of the Army and the Navy, representatives of the War Production Board, representatives of the Northern California Baseball Association, representatives of the Sunset Post, American Legion, and representatives of other civic and improvement associations, with a view immediately, to devising ways and means by which such necessary money and material may be made available, as is necessary for the full utilization of "Big Rec" with safety and with convenience.

Referred to Education, Parks and Recreation and Public Health and Welfare Committee.

**Urging Return to School of Students Who Have Not Completed
Their High School Education.**

(Series of 1939)

Supervisor Mead presented:

Proposal No. 4263, Resolution No. 4211, as follows:

Whereas, the education of the youth of San Francisco is of paramount importance, both for their own good and to prepare them for enlightened and effective service to their city and to America as trained men and women; and

Whereas, it appears from statements of War Manpower Commission officials that demands of war production and essential civilian services can be met without asking our children to forego their schooling; and

Consideration of Mayor's Veto of Bill Providing for Affixing Official Seal of the City and County of San Francisco on Automobiles Owned by the City and County.

Communication from his Honor the Mayor, reading as follows, was presented and read by the Clerk:

"September 6, 1944.

"The Honorable
The Board of Supervisors
City Hall
San Francisco.

"Gentlemen:

"I am herewith returning Bill No. 2996 disapproved, and in accordance with Charter provisions I am outlining my reasons for rejecting the bill as follows:

"This ordinance would leave to the discretion of the various department heads the determination of whether the official seal of the City and County of San Francisco should be placed on any of the automobiles in his department. By such a practice, any consistency of policy among the various city departments in this matter would be terminated for it seems reasonable to assume that there would be many interpretations as to the necessity of these seals.

"It would seem more reasonable and consistent with what apparently was the intent of the original ordinance, No. 1625, Series of 1939, which will be repealed by Bill No. 2996, to allow only specified exceptions in such departments as might require inconspicuous automobiles for their successful performance of duties.

"I further believe that Bill No. 2996 is not in the best interests of public policy.

"Trusting that your Honorable Board will concur with these beliefs, I am

"Sincerely,

(Signed) "R. D. LAPHAM, Mayor."

Supervisor Uhl, in discussing the foregoing communication, read the vote by which Ordinance No. 1625, Series of 1939, providing for affixing the seal to city-owned automobiles, had been enacted by the Board, and expressed the thought that such Supervisors who had voted for the original bill could not consistently vote to override the Mayor's veto.

Supervisor Mead announced that he believed the Mayor was right in vetoing Bill 2996. The Board adopted the original legislation, but on learning it affected the Board, itself, the legislation is now being amended. Although he could see no particular advantage in putting the seal on the Supervisors' cars, he believed the Mayor's veto should be sustained.

Supervisor Brown announced that he had proposed the matter for certain reasons which were ignored in the comments made in the press. Thereupon, he read an editorial printed in the "Call-Bulletin," after which he remarked that the paper which had published the editorial admits that the existing law is not being enforced. Any legislation that is not enforced, or that cannot be enforced, should be repealed or amended. The bill which the Mayor had vetoed, and which he had proposed, would accomplish that amendment. There is nothing in the measure vetoed by the Mayor which would prevent the Board of Supervisors from putting the seal on its car or leaving it off, as it saw fit. Any other department head would have the same right. His point, at the beginning, was to call to the attention of the Board that the present ordinance was not being enforced. The Chief Administrative Officer has stated that the ordinance cannot be enforced. Therefore, it should be repealed or amended. There is now in committee a resolution sub-

mitted by Supervisor Mancuso which will determine, when voted on, how the Board feels about the seal on its own cars. Until that measure is voted on no one can point a finger of scorn at the Board of Supervisors as to its intention. Perhaps the Mayor has misunderstood, or has been misled as to the intention of the bill which he has vetoed. The present legislation still must be amended or repealed. It is of no value since it cannot be enforced.

The President thereupon, in explaining the vote, should the Board desire to take action on Bill 2996 during the day's meeting, announced that a vote "Aye" would override the Mayor's veto.

Supervisor Uhl announced his intention to vote "No" in order to sustain the Mayor's veto.

Supervisor Brown, however, moved reference to Judiciary Committee. He intended, he stated, to present an amendment which he believed would be satisfactory to his Honor the Mayor. He would like to discuss the matter with the Mayor before presenting his proposed amendment. Motion seconded by Supervisor Green.

Thereupon, there being no objection, the Mayor's veto message was *re-referred to the Judiciary Committee.*

SPECIAL ORDER—3:00 P. M.

Report on Meeting of the Delegates of the County Supervisors' Association Held in Los Angeles, California, on August 25, 1944.

Tuesday, September 5, 1944—Presented by Supervisor Mancuso and made a Special Order of Business for Monday, September 11, 1944, at 3:00 P. M.

Discussion.

Supervisor Brown moved that the report on meeting of the Delegates of the County Supervisors' Association, held in Los Angeles, California, on August 25, 1944, be considered as having been read, and copies be sent to each member of the Board.

Supervisor Mead objected to the foregoing motion. He believed the report should be read to the Board.

After further brief discussion Supervisor Mancuso announced that the members had discussed the matter quite thoroughly. He, thereupon, outlined briefly, the various highlights of the report.

Supervisor MacPhee, in commenting on the statement by Supervisor Mancuso, and the importance in the County Supervisors' Association, called attention to the work being done by that association. The association has probably been responsible for enactment of a great deal of important legislation and has been of great help to the counties throughout the state. Such things are very important. The report by Supervisor Mancuso, Supervisor MacPhee stated, is indicative of the importance of the association. Greater attendance should be encouraged by the members of the Board. The Board owes Supervisor Mancuso a vote of thanks for his report. It is an excellent report. Supervisor Mancuso should be encouraged to participate in such kind of work. Thereupon, Supervisor MacPhee moved that the Board extend to Supervisor Mancuso a vote of thanks for his report.

Motion seconded by Supervisors Mead and Colman, and *unanimously carried.*

Supervisor Brown, thereupon, expressed the opinion that the items discussed in Supervisor Mancuso's report should be brought directly to the attention of the various committees of the Board, and the Board should adopt positions on the various matters. While the report was a good one, it will accomplish nothing unless it is followed up, and he suggested that Supervisor Mancuso segregate his report for reference to the various committees.

Thereupon, the President *referred the report to the County, State and National Affairs Committee.*

Authorizing Compromise of Claim of Dozolina Rolandi for Damages Caused by Alleged Slide.

(Series of 1939)

Bill No. 3059, Ordinance No. 2887, as follows:

Authorizing compromise of claim of Dozolina Rolandi for damages caused by alleged slide.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having recommended that the action pending in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled "Dozolina Rolandi vs. City and County of San Francisco, a municipal corporation, Defendant," be settled and compromised by the payment of seven hundred fifty dollars (\$750) to the plaintiff in said action in full settlement and satisfaction of all claims which she had by reason thereof, said City Attorney is hereby authorized and directed to compromise and settle the said claim of said Dozolina Rolandi by payment of the sum of seven hundred fifty dollars (\$750) in full payment and satisfaction of all demands arising on account of said alleged slide.

Approved by the Park Commission.

Approved as to funds available by the Controller.

Approved by the Mayor.

Note: Recommended by Finance Committee, Supervisor MacPhee dissenting.

Finally Passed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Action Rescinded.

Subsequently during the proceedings, Supervisor MacPhee announced that he had voted "Yes" in error, and moved that the Board's action

thereon, in Finally Passing the foregoing bill, be rescinded. Motion seconded by Supervisor Brown.

No objection, and action rescinded.

Thereupon, Supervisor MacPhee reported on the consideration given the foregoing matter in Finance Committee. Reports from the Park Department and from the Department of Public Works indicated that there was a question as to the liability of the City and County to pay the claim. On the basis of such reports, the Board several months previously had refused approval of the claim. At the request of the attorney for the plaintiff, the matter was given a rehearing in Finance Committee. After hearing the Committee, with him, Supervisor MacPhee dissenting, returned the matter to the Board with favorable recommendation. The Committee's action was based on the City Attorney's recommendation that the claim be paid. It would cost more than \$750 to try the case.

Supervisor Uhl announced that he, too, had voted "Yes" on the foregoing bill whereas he should have voted "No." He was opposed to Final Passage because of the Engineers' reports thereon.

The Chief Administrative Officer confirmed the statement of Supervisor MacPhee as to the findings of engineers. However, the City Attorney feels that there is a question as to the security of the city's position, and he has recommended that the matter be settled for the amount stated.

Supervisor Mancuso also announced that the City Attorney was of the opinion that if the City and County should lose the case the cost to the city would be far greater than the amount of the compromise agreed on.

Thereupon, the roll was again called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mancuso, Mead, Meyer, Sullivan—9.

Noes: Supervisors MacPhee, Uhl—2.

Final Passage.

Authorizing Exchange of Quitclaim Deeds to Certain Lands in Assessor's Block 3573.

(Series of 1939)

Bill No. 3049, Ordinance No. 2881, as follows:

Authorizing exchange of quitclaim deeds to certain lands in Assessor's Block 3573.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, the City and County of San Francisco, a municipal corporation, hereinafter referred to as City, is the owner of Lot 2 in Assessor's Block 3573, San Francisco, California; and

Whereas, G. W. Thomas Drayage & Rigging Co., Inc., a corporation, hereinafter referred to as Company, is the owner of the adjoining Lot 7 in said Block 3573; and

Whereas, the present location of the common boundary between said lots is indefinite due to discrepancies in the descriptions contained in the McEnerney actions pertaining to said property; and

Whereas, it appears to the Board of Supervisors that public interest and necessity demand the sale or trading of such portion of Lot 2 as may be necessary to adjust and definitely fix said common boundary;

Now, therefore, in consideration of the premises and pursuant to Section 92 of the City Charter, the Director of Property in lieu of sale is hereby authorized and directed to arrange for the necessary trading by exchanging quitclaim deeds to the following described real property situated in the City and County of San Francisco, State of California:

Discussion.

Supervisor Uhl announced his objection to the foregoing bill; he objected to such a tremendous budget coming before the Board without proper time to study same. He also objected to proposed increased salaries, and although the Clerk had stated that said salaries were in a different matter, he would take no chances, and would vote "No" on Bill No. 3055.

Supervisor Mead announced that he would have to vote against the foregoing bill for the same reasons that he had so voted when the mat-

ter was before the Board on September 5, 1944, on Passage for Second Reading.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mancuso, Meyer, Sullivan—8.

Noes: Supervisors MacPhee, Mead, Uhl—3.

Action Rescinded.

Supervisor MacPhee, following the foregoing roll call, announced that he had voted "No" in error, thinking that he was voting on another matter, and moved that the Board rescind its action in order to permit him to vote "Aye" thereon. Motion seconded by Supervisor Green.

No objection, and action rescinded.

Thereupon, the roll was again called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan—9.

Noes: Supervisors Mead, Uhl—2.

Section 2. This ordinance is passed as an emergency ordinance and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith; the nature of said emergency being that by a Charter amendment adopted by the electors of the City and County of San Francisco on the 16th day of May, 1944, the said electors of the City and County of San Francisco adopted an amendment to the Charter of said City and County wherein and whereby it was agreed that the said City and County might, upon the payment of the sum of Two Million Dollars, acquire the operative properties of the Market Street Railway Company subject to the terms and conditions

set forth in said amendment, and the Public Utilities Commission and the Market Street Railway Company having agreed that said properties will be taken over as of the 29th day of September, 1944, it will be necessary to provide for the payment of the several employees taken over in conjunction with the acquisition of said operative properties of the said Market Street Railway Company.

Therefore, in order to comply with the limitations of time as provided for in the Charter, this amendment must be made effective forthwith; and, furthermore, that as the City and County is to take over said operative properties of said Market Street Railway Company on the 29th day of September, 1944, in order to provide for the necessary transportation of persons patronizing the operative properties of said Market Street Railway Company, it is necessary for the public peace, health and safety of the people of the City and County of San Francisco that the present employees of said Market Street Railway Company be continued in their respective positions and provision be made for their respective compensations.

Approved as to classification by the Civil Service Commission.

Approved as to form by the City Attorney.

Discussion.

Before taking up the foregoing bill and the five bills immediately following, the Clerk announced that those bills should be passed as emergency ordinances, and they should also be Passed for Second Reading.

The Controller explained that such procedure had been requested by the City Attorney's office and by Mr. Harrington, attorney representing the financial interests involved in connection with the acquisition of the Market Street Railway properties. By passing the measures as emergencies their effectiveness will be assured on a given date. By Passing for Second Reading and then Finally Passing the measures later on, the opportunity of attacking their legality will be denied.

Mr. Dion Holm, Assistant City Attorney, also recommended passage in the manner as announced by the Clerk. The Board should remember that it has the Market Street Railway Company to deal with and also the bankers. To insure safety in bringing about proper enactment and to meet the request of all interested parties, it has been agreed that these measures should be passed as emergency measures and also in accordance with Section 13 of the Charter. It is to coordinate the language of Sections 119.1, 73 and 13 of the Charter that these measures should be passed as recommended. The City Attorney believes such procedure will stand up well in the future, also.

Mr. Holm, in reply to question by the Clerk, stated that the measures under consideration should contain the same language when Read Second Time and Finally Passed as when Finally Passed as emergency measures. There should be no deletion of the emergency sections. By such procedure the bills will have been doubly passed.

Explanation of Vote.

Supervisor Uhl announced, in explanation of his vote, that because of the fact that Bill 3086 was presented too late to give any opportunity to check the proposed increased salaries against the present salaries, he would vote "No."

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan—9.

Noes: Supervisors Mead, Uhl—2.

Passed for Second Reading.

The foregoing measure, renumbered as to bill number, and reading as follows, was again taken up:

Section 2. This ordinance is passed as an emergency ordinance and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith; the nature of said emergency being that by a Charter amendment adopted by the electors of the City and County of San Francisco on the 16th day of May, 1944, the said electors of the City and County of San Francisco adopted an amendment to the Charter of said City and County wherein and whereby it was agreed that the said City and County might, upon the payment of the sum of Two Million Dollars, acquire the operative properties of the Market Street Railway Company subject to the terms and conditions set forth in said amendment, and the Public Utilities Commission and the Market Street Railway Company having agreed that said properties will be taken over as of the 29th day of September, 1944, it will be necessary to provide for the payment of the several employees taken over in conjunction with the acquisition of said operative properties of the said Market Street Railway Company.

Therefore, in order to comply with the limitations of time as provided for in the Charter, this amendment must be made effective forthwith; and, furthermore, that as the City and County is to take over said operative properties of said Market Street Railway Company on the 29th day of September, 1944, in order to provide for the necessary transportation of persons patronizing the operative properties of said Market Street Railway Company, it is necessary for the public peace,

Explanation of Vote.

Supervisor MacPhee requested that the record show that although he had expressed opposition to increased employments in the City Attorney's office at the meeting on September 5, 1944, he intended to vote "Aye" on the foregoing bill.

Mr. Dion Holm, in answer to question by Supervisor Uhl, stated that the position of Principal Attorney, as set up in the foregoing bill, was not a replacement of the late Mr. Heidelberg. That position had already been filled by a Mr. Moran.

Mr. Holm, in continuing, expressed the position of the City Attorney as to needed additional employments upon the city's acquisition of the Market Street Railway operative properties. There are now, he stated, three men in the City Attorney's office defending actions against the Municipal Railway. Among these positions was the one formerly occupied by Mr. Heidelberg, but now filled by Mr. Moran, as previously stated. The Market Street Railway Company has five men doing nothing but handling accident cases, and it also engages two additional attor-

neys when needed. The City Attorney's office cannot be expected to handle the entire work of a privately owned utility employing seven attorneys with its present staff. It is not common sense and reason to expect a few men to do the work of seven men. Four men are being allowed; there should be seven. The office cannot possibly get by with the employments offered.

Supervisor Mancuso announced his intention to vote for the foregoing bill. However, he stated, he thought it only fair to the Board of Supervisors, to the Finance Committee, to the public in general and to Mr. Holm in particular, that the Finance Committee's recommendation was based on statement made by the City Attorney himself. The City Attorney stated that he did not know what he needed. He thought he would need five additional attorneys, but he might be able to get by with three. The Finance Committee could not recommend five attorneys if the City Attorney could get by with only three. It was not until Tuesday, September 5, 1944, that the City Attorney had expressed opposition to having less than five attorneys.

Supervisor Mead declared that the City Attorney did make a fight for five attorneys. He, Supervisor Mead, had upheld the City Attorney in his request. In fact, he would offer an amendment to the bill as proposed.

Supervisor MacPhee suggested that the City Attorney take time to investigate his needs. If he needs more attorneys and will so inform the Board, the Board will probably act favorably on his request.

Mr. Holm, in reply to questioning by Supervisor Brown, stated that all claims against the Market Street Railway of any account, occurring before 5:00 a. m. on September 29, 1944, must be taken care of by the Market Street Railway. For anything occurring after that time is the responsibility of the City and County.

Thereupon, Supervisor Brown stated, under those circumstances the City Attorney would have plenty of time to see how many attorneys he would need.

Supervisor Mead, thereupon, announced that he would not offer the amendment which he had intended to propose.

Final Passage.

Whereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Passed for Second Reading.

The following recommendation of Judiciary Committee was taken up:

Present: Supervisors Mancuso and MacPhee.

PROPOSITION NO.

CHARTER AMENDMENT—MEMBERS OF THE RETIREMENT SYSTEM

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 158 thereof, relating to the retirement system for officers and employees; and adding thereto a new section to be known as Section 158.1, relating to elective officers as members of the retirement system.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held therein on November 7, 1944, a proposal to amend the Charter of said City and County by amending Section 158 thereof (Retirement System for Officers and Employees), and adding thereto a new section known as Section 158.1 (Elective Officers Members of the Retirement System) so that the same shall read as follows:

RETIREMENT SYSTEM FOR OFFICERS AND EMPLOYEES

Section 158. There shall be continued and there shall be at all times in full force and effect the retirement system known as the San Francisco City and County Employees' Retirement System which shall provide retirement

death benefits for all officers and employees of the City and County included in said system, exclusive of members of boards and commissions shall not be members of said system, subject however to the provisions of Section 158.1. Benefits granted on account of service, excluding service rendered as lawful members of the retirement system, rendered by officers and employees to the City and County, shall be provided by contributions of the City and County.

Ordinances or resolutions in force at the time this section takes effect and not inconsistent therewith shall continue in force until amended or repealed.

The Board of Supervisors is hereby empowered to enact, by a vote of three-fourths of its members, any and all ordinances necessary to carry into effect the provisions of sections 158 to 172, both inclusive, of this charter; provided that the board of supervisors shall secure, through the retirement board, an annual report of the cost and effect of any proposed change in the benefits of the retirement system, before enacting an ordinance or before voting to ratify any proposed charter amendment providing for such change.

ELECTIVE OFFICERS MEMBERS OF THE RETIREMENT SYSTEM

Section 158.1. Elective officers shall be members of said retirement system and shall be subject to all of the conditions applying to other members thereof, except members of the Fire and Police Departments and except as herein otherwise provided. Each present and future elective officer may retire only after having attained the age of seventy years and only after having been an elective officer or otherwise employed in a position subject to membership in the retirement system for at least sixteen years immediately preceding retirement, and may retire by filing written application therefor with the retirement board, and his successor shall thereupon be appointed to fill the vacancy. Each elective officer shall thereafter receive a retirement allowance, the amount of which shall be based on the compensation paid to such officer during the ten years immediately preceding retirement, and which otherwise shall be determined in the same manner as amounts of retirement allowances determined for other officers and employees. Benefits granted on account of service, excluding service rendered as lawful members of the retirement system, rendered by such officers to the city and county, shall be provided by contributions of the city and county.

Discussion.

Supervisor Mancuso, after explaining the purport of the foregoing proposed Charter amendment, stated that it had been presented prior to September 8, 1944, the date beyond which the Board had by resolution previously adopted declared as a matter of policy that it would not order submitted to the voters any proposed Charter amendment. However, the Board could, if it so desired, order this proposed Charter amendment submitted to the people at the election to be held November 7, 1944.

The Clerk presented and read communication from the Registrar of Voters, stating that no more Charter amendments could be placed on the official ballot of the consolidated general and special election to be held on that date. Ballots for that election have already been printed and voters are already voting said ballot. Any additional Charter amendments would require a separate ballot, separate tally sheets, and a special election, not consolidated with the general election, and the

dates for receiving and counting such ballots would be different from those of the general election. Moreover, such ballots could not be voted by members of the armed forces serving abroad.

Supervisor Mead stated that he could not vote to order submitted the proposed Charter amendment, inasmuch as it involved the Board of Supervisors.

Supervisor Mancuso announced it was not the intention to put the voters to any extraordinary expense. The Judiciary Committee did not desire any special election. He would, therefore, under the circumstances, recommend the matter be returned to Committee.

Supervisor MacPhee, however, moved that the matter be referred to the Charter Revision Committee. Motion seconded by Supervisor Mancuso.

No objection, and so ordered.

Supervisor Colman presented:

Proposal No. 4281, Resolution No. 4234, as follows:

Whereas, in his manifold civic activities Herman Weinberger gave unstintingly of his time and talents for the advancement of the city and in his social life endeared himself to all by his love for his fellow men and by the sincere simplicity of his life and character; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the revered memory of Herman Weinberger, a good and loyal citizen and devoted husband and father and splendid public official; and be it

(Series of 1939)

Proposal No. 4284, Resolution No., as follows:

Whereas, at the meeting of this Board of Supervisors held on the 11th day of September, 1944, the following bills, to-wit, Bill No. 3075, Bill No. 3077, Bill No. 3078, Bill No. 3079, Bill No. 3080, Bill No. 3081, Bill No. 3082, and Bill No. 3083, were adopted as ordinances under the emergency clause contained in Section 13 of the Charter by more than nine votes of the members of this Board, which said ordinances were duly signed and approved by the Mayor in conformity with the provisions of Section 14 of said Charter; and

Whereas, each of said bills now appears on the calendar of this date, to-wit, September 18, 1944, for final passage with the emergency clause attached to each of said bills; and

Whereas, by reason of the fact that said bills have already been passed as emergency measures, the only purpose of passing them a second time is to comply with Section 13 of the Charter as appropriation ordinances; now, therefore, be it

Resolved, That for the purpose of complying with the provisions of Section 13 of the Charter, this Board of Supervisors in giving consideration to the above mentioned bills on the date of this meeting does so for the purpose of complying with the provisions of Section 13 of the Charter regarding appropriation ordinances and does finally pass said bills and enact them into ordinances by a majority vote of this Board.

The Chair again ruled that Bill No. 3075 required nine votes for Final Passage, and *referred the foregoing proposal to Finance Committee.*

The Controller advised the Board that Bill No. 3075 and the seven bills immediately following on the Calendar, would require nine votes

for passage. If the measures were not passed by nine votes it might prevent the carrying out of the express will of the people.

Thereupon, Supervisor Mead, seconded by Supervisor Brown, moved deletion of all reference to an emergency measure.

The City Attorney, however, advised against such procedure, and suggested leaving the matter on the Calendar.

Thereupon, Supervisor Mead, with the consent of his second, withdrew his motion and suggested that the Board recess to meet on the following day.

Supervisor MacPhee pointed out that during previous discussion on the measure, the Controller had stated that nine votes were not needed.

Supervisor Uhl stated that he was opposed to a salary of \$15,000 for the General Manager, as set forth in item No. 44, Section 73.2, and he would continue to vote "No" because of that objection.

Supervisor Mancuso suggested that Supervisor Uhl express his feeling as to that salary, for recording in the Journal of Proceedings, and then vote "Aye" for the bill, thus making nine "Ayes."

Supervisor Uhl, however, refused to comply with the suggestion.

The Controller, in explaining the situation, pointed out that Bill No. 3075 did not originate in the Controller's office. The same legislation, but under a different bill number, was passed as an emergency measure on Monday, September 11, 1944. If that passage was a valid act, then the subject is completely disposed of. However, the attorneys for the bankers, for the Public Utilities Commission and for the Market Street Railway Company believe that some question might arise as to the legality of giving Final Passage to the legislation because the ordinance creates as well as continues certain positions. He called attention to the case some four years before, when the Board of Supervisors had created by emergency some new Police Captains and the Supreme Court had ruled that the Board of Supervisors could not create an emergency by the mere declaration thereof. That is why the attorneys involved believe it would be better to pass this measure first as an emergency to insure its being effective on September 29th, and then to pass it in the same manner as regular ordinances are passed. A regular ordinance, not an emergency, is not effective until ten days following action by the Board and the Mayor. This ordinance must be effective at 5:00 a. m. on September 29th. Therefore, the only way to follow the recommendations made by the attorney of the Public Utilities Commission, the attorneys for the banking interests, the attorneys for the Market Street Railway Company and the Board's own legal advisor, is to pass this bill on September 18th in order to be effective at the time set for taking over the Market Street Railway operative properties. This measure not only amends the present salary ordinance but it abolishes the present salary ordinance in so far as it applies to the Municipal Railway, and if the ordinance is not passed, it will be impossible to pay the salaries of the Municipal Railway employees who have been in the city service for many years. The Board must act today. The City Attorney has prepared a resolution for the Board.

The Chair announced that the resolution had been referred to the Finance Committee.

Supervisor Mead repeated the suggestion made by Supervisor Mancuso, stating that the entire controversy could be settled by Supervisor Uhl taking the same stand that Supervisor MacPhee had taken on another matter. He would like to prevail upon Supervisor Uhl to explain his position for the record, and then to go along with the desired legislation.

Supervisor Uhl declined to change his position.

Thereupon, on motion by Supervisor Mead, the Board, at the hour of 5:00 p. m. recessed, to reconvene immediately upon the arrival in the chambers of Supervisor Colman, whose presence was requested.

Reconvening of the Board.

On Supervisor Colman's arrival in the chambers, at 5:20 p. m., the Board reconvened, whereupon the roll was called and Bill No. 3075 was *Finally Passed* by the following vote:

- Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Sullivan—9.
- No: Supervisor Uhl—1.
- Absent: Supervisor Meyer—1.

Explanation of Vote.

Supervisor MacPhee called attention to his statement in explanation of his vote made at the previous meeting of the Board. He was of the same opinion, but he would, nevertheless, vote for passage of the foregoing bill.

After brief discussion, further consideration of the foregoing bill, together with the six bills immediately following on the Calendar was temporarily postponed.

Subsequently during the proceedings, the foregoing bill was again taken up.

Supervisor MacPhee again explained his position, stating that although he had opposed the bill at a previous meeting of the Board, and had explained at that time the reason for his opposition, he would vote "Aye" on Final Passage.

Supervisor Uhl announced his intention to vote "Aye."

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Sullivan, Uhl—9.

Proposal No. 4279, Resolution No., as follows:

Whereas, methods of financing public works and other civic projects the City and County of San Francisco may undertake in the post-war period are currently under discussion by city bodies, and citizens and civic groups are being requested to suggest methods of financing and to express opinions as to the merits of the several methods of such financing as are being proposed; and

Whereas, it is desirable that a committee should be appointed to hear all interested groups and individuals who may suggest methods of financing the several post-war projects that may be deemed advisable and practical; and

Whereas, it should be the function of such committee to study and report on the relationship between city programs and those of the State and Federal Governments to determine what State and Federal assistance can properly be expected for any of the undertakings of the City and County of San Francisco; and

Whereas, before attempting to determine the methods to be used for financing San Francisco's post-war program, it is logical first to be acquainted with the public projects and improvements likely to be attempted and what their cost will be in order to work out proper financing by applying the most appropriate method for the particular projects; therefore, be it

Resolved, That his Honor, the Mayor, be and he is hereby requested to appoint a committee to study, consult with and advise the Board of Supervisors and the City Planning Commission in selecting the best methods of financing such post-war projects as are determined to be desirable and practical, said committee to be headed by an expert or experts in municipal finance and taxation.

Discussion.

Supervisor MacPhee explained the foregoing proposal, stating that it was the result of a proposal presented by Supervisor Uhl. The City Planning Commission will be ready with its report in October. Further consideration of financing post-war projects has been postponed in Finance Committee until Wednesday, October 4, 1944, at which time it is hoped that the report of the City Planning Commission will be available. The proposal for the appointment of a committee, as suggested in the foregoing proposal, was recommended by the Finance Committee after hearing from a representative of the Chamber of Commerce.

His Honor the Mayor addressed the Board, stating that he had received a letter from the President of the Chamber of Commerce, in which the appointment of such a committee was proposed. In commenting on the proposal, the Mayor read the third "Whereas," as follows:

"Whereas, it should be the function of such committee to study and report on the relationship between city programs and those of the State and Federal Governments to determine what State and Federal assistance can properly be expected for any of the undertakings of the City and County of San Francisco";

That would be hard for any committee to determine. The post-war projects will largely be capital expenditures. Such expenditures, for any considerable amount, cannot be expected to be raised from tax revenues.

Supervisor MacPhee held that such amounts could be raised by any methods desired.

The Controller, in reply to suggestion by Supervisor Uhl that amounts could be raised by an addition to the tax rate, stated that such method could not be used for capital expenditures.

Supervisor MacPhee stated that the committee's opinion was that a start should be made immediately on raising money so that post-war work can be undertaken. However, as to the particular "Whereas" quoted by the Mayor, that can be eliminated if the Board desires. Thereupon, he moved that the third "Whereas," to which the Mayor had referred, be deleted. Motion seconded by Supervisor Mancuso.

No objection, and motion approved.

Adopted as Amended.

Whereupon, Proposal No. 4279, as amended, and reading as follows, was *Adopted* by the following vote:

Requesting His Honor, the Mayor, to Appoint Committee to Consult With and Advise the Board of Supervisors and the City Planning Commission on Financing Approved Post-War Projects.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of \$9,000,000 is needed for the immediate requirements of said City and County in the fiscal year 1944-45, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1945, and which may be paid in advance of receipt of the income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of \$9,000,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated aggregate amount of all taxes actually levied by said City and County for said fiscal year is \$39,574,124.00 and that said sum of \$9,000,000 does not exceed twenty-five (25) per centum of said estimated aggregate amount of all taxes actually levied for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and County, solely for the purpose of anticipating receipt of income, the sum of \$9,000,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as afore-

said, there is hereby authorized to be issued by said City and County of San Francisco Tax Anticipation Notes in the aggregate principal amount of \$9,000,000. Said notes shall be in the denomination of not less than \$1,000 each, nor more than \$100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller or Chief Assistant Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County shall be affixed thereto. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes, together with the interest thereon, issued and delivered under authority of this ordinance, shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1944-45 and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1945, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1944-45, irrespective of the date of the receipt thereof; it being the intent and purpose of this ordinance to provide for the payment of all notes issued hereunder out of the taxes levied for said fiscal year 1944-45 and to provide that such notes shall be payable out of said taxes for said fiscal year 1944-45 and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

Discussion.

After explanation by Supervisors MacPhee and Mancuso, Supervisor

MacPhee moved as an amendment that the word "new" in the first line of Section 2 be deleted.

Motion seconded by Supervisor Mancuso, and *approved without objection.*

Supervisor Mead, in discussing the bill, held that in enacting the proposed legislation, some of the cars would have the seal affixed thereto and some would not. Either all cars or no cars should have the seal.

The Chief Administrative Officer announced that he would accept any legislation enacted by the Board of Supervisors. However, in regard to Section 3, his position would be that he would not exempt any car or officer other than in the Police and Fire Departments unless the legislation should specifically provide otherwise. He did not want the responsibility of determining which cars should carry the seal and which should not. He would prefer the language to be more specific.

Thereupon, Supervisor Uhl moved re-reference to committee.

Motion *failed for lack of a second.*

Supervisor MacPhee, seconded by Supervisor Mead, moved that the entire portion of Section 3, beginning with the words "or to any other department," be deleted.

Supervisor Brown opposed the amendment. Whether or not the Chief Administrative Officer intends to exercise his rights is entirely at his own discretion.

After further brief discussion, in which it was suggested that the Sheriff's Department, the District Attorney, and the Juvenile Probation Department should be taken care of.

Supervisor MacPhee, with the consent of his second, *withdrew* his motion for amendment.

Supervisor Uhl, in explanation of his vote, announced that he would vote "No" on the bill, because the bill, as presented, favored one group of employees as against another.

Supervisor Mancuso, thereupon, suggested that there be added a provision to the effect that the Chief Administrative Officer should not exempt any car from the provisions of the proposed legislation unless said car was used in special investigation work.

The Chief Administrative Officer agreed that such provision would be an improvement of the legislation, as presented.

Thereupon, further consideration was *temporarily postponed.*

Subsequently during the proceedings, Bill No. 3099 was again taken up:

Supervisor Mancuso moved that Section 1 be approved as presented; that Section 2 be amended by deleting the word "new" in the first line thereof; and that Section 3 be amended to read as follows:

Section 3. The Chief Administrative Officer shall have authority to exempt any automobile from the provisions hereof; provided, however, that the Chief Administrative Officer shall not exempt any automobile from the necessity of having a seal affixed thereon unless said automobile is used for special investigation and inspection work by the Police and Fire Departments or any other department that might require the use of an automobile without a seal for said purpose. Motion seconded by Supervisor Uhl.

No objection, and motion approved.

Passed for Second Reading.

Thereupon, Bill No. 3099, as amended, and reading as follows, was *Passed for Second Reading* by the following vote:

Whereas, the salary of the manager of the Municipal and merged Market Street Railway was recently set forth in the budget by the Public Utilities Commission, and approved by the Mayor, at \$15,000 a year; and

Whereas, said salary is the highest salary being paid to any municipal official or employee in the City and County of San Francisco, the Mayor being paid a salary of \$10,000 a year, the Chief Administrative Officer being paid a salary of \$12,000 a year, the Controller being paid a salary of \$10,000 a year, and the executive head of the Public Utilities Commission being paid a salary of \$12,000 a year; and

Requesting His Honor the Mayor to Appoint Committee to Advise and Educate the People on "New Home Planning" After the War.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4283, Resolution No. 4233, as follows:

Whereas, there is currently a shortage of single family homes in San Francisco due to the immigration of war workers into the City and it is expected that many thousands of these war workers will become citizens of San Francisco following the termination of the present emergency, and many new homes will be required; and

Whereas, many thousands of San Francisco citizens contemplate the construction of homes in the City as soon as materials and labor conditions will permit, and now express an active interest in materials, locations and other elements incident to home planning; and

Whereas, a "Home Planning Institute of Northern California" has been organized, the purpose of which is to bring before the people so

interested authoritative information on all phases of home planning and home building during the time they are formulating their plans, by means of a lecture course which will be given to those who are planning to build a new home or remodel an old one. Many cities in Northern California have already made plans to hold a "Home Planning Institute" and the general committee for Northern California has issued an organization guide, looking toward establishment of a series of these "Home Planning Institutes" or lecture courses in different sections of San Francisco; and

Whereas, the success of the project is greatly dependent upon the committee which will establish this Home Planning Institute, and upon the sanction of the legislative and administrative officials of the City and County of San Francisco, and of the San Francisco Board of Education; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby request the Hon. Roger D. Lapham, Mayor of San Francisco, to appoint a committee of his own selection, with the hope that the representative of each of the sponsoring group of the "Home Planning Institute of Northern California" will be named on this organization committee to include representatives of the following:

Change in Procedure for Printing Calendars and Journals of Proceedings.

Supervisor MacPhee reported on consideration by the Finance Committee to determine what economies might be effected in the printing of the Calendar and the Journal of Proceedings of the Board of Supervisors. Mr. Alfred Smith of the Bureau of Governmental Research has suggested that the Calendar and the Journal might be abbreviated. The Finance Committee believes it would be proper to try to effect a saving in paper used, and in the cost of printing. The Committee is prepared to recommend to the Board that a new procedure be adopted, by setting up all the basic facts pertaining to each item on the Calendar. In closing, Supervisor MacPhee requested an expression from the members of the Board on the subject.

Supervisor Brown suggested that if a saving in paper were desired, that the Calendar be printed on both sides of the paper. The Board has been told that it is necessary to print items in full on the Calendar.

Supervisor Mead desired that it be definitely understood that no action be taken during the current session.

The President suggested that the Finance Committee present a reso-

lution to the Board at its next meeting, setting forth the Committee's recommendations.

ADJOURNMENT.

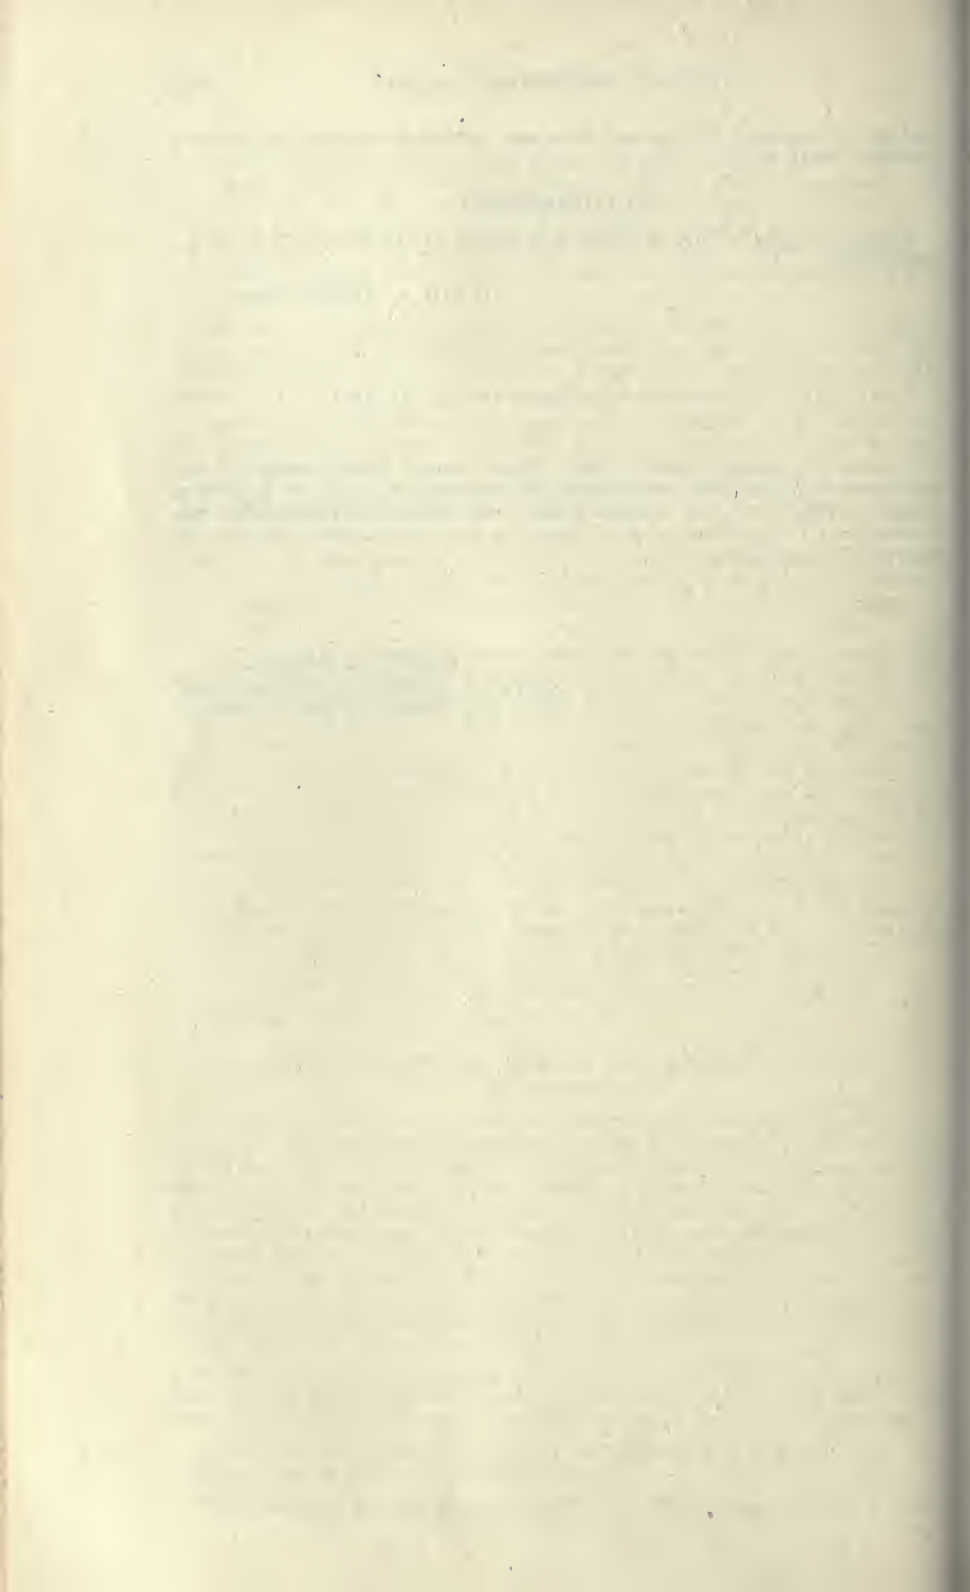

There being no further business, the Board, at the hour of 5:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

September 18, 1944.—*Consideration continued until Monday, September 25, 1944.*

Discussion.

Supervisor Mead announced his intention to vote against the foregoing proposal for the same reason he had given at the meeting of September 18, 1944. He believed the position could be filled by a resident of San Francisco.

The Clerk presented and read communication from the Civil Service Commission, reporting that the Commission had been unable to obtain anyone in San Francisco to accept the position in question, but that the Board of Trustees had a non-resident candidate for the place. The Civil Service Commission urged approval of the proposal.

Supervisor MacPhee expressed agreement, in general, with the views expressed by Supervisor Mead. However, if help cannot be obtained in San Francisco, the Civil Service Commission should be permitted to appoint non-residents.

Supervisor Mead suggested that the position remain vacant for a reasonable length of time. He believed that after the war there might be many people in San Francisco who would accept such position.

After further brief discussion, the roll was called and the foregoing proposal was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Uhl—9.

Noes: Supervisors Mead, Sullivan—2.

Authorizing Finance Committee to Arrange for Printing of Calendars and Journals in Abbreviated Form.

(Series of 1939)

Proposal No. 4296, Resolution No., as follows:

Whereas, the paper shortage in the United States has reached such a serious stage that there is a nation-wide campaign on calling for the saving and conservation of this material wherever possible; now, therefore, be it

Resolved, That the Finance Committee of the Board of Supervisors arrange for the printing of the Calendars and the Journals of the Board of Supervisors in such abbreviated form as will effectuate the most economical use of this critical material without impairment of the public service.

Discussion.

Supervisor MacPhee explained the foregoing proposal, stating it was the thought of the Finance Committee to effect saving in both paper and expense in printing the Calendar and Journal of Proceedings of the Board of Supervisors, by abbreviating the material printed. However, the Committee has run into difficulties. Material is required to be printed in full in the Journal of Proceedings, and the savings affected may not be worth while. However, printing the Calendar on both sides of the paper would effect a saving in paper.

Supervisor Mead stated that he had agreed to submit the proposal to the Board. He was not entirely sold on the matter, however, and he could not see his way clear to vote for the proposal.

Supervisor Colman did not think there would be any economy at all. Neither does the printer think there will be economy. If matters before the Board are abbreviated the Board will have to take the interpretation of someone as to the meaning of legislation to be considered, and there are different ways of looking at things. Apparently it is going to require more help in the Clerk's office. He would vote against the proposal. He did not think any saving would be material enough for running the risk involved.

Supervisor MacPhee disagreed with the views expressed by Supervisor Colman. He did not believe additional help would be required. If anything, less help would be needed.

Supervisor Mancuso announced that at first he was opposed to the suggestion. However, after visiting Los Angeles, and seeing the Calendar of Proceedings there, with about five times the number of items, but abbreviated and occupying only about two and one-half mimeographed pages, he had changed his mind. He believed the Board should make a trial of the proposal.

The Clerk, in reply to questioning by Supervisor Colman, stated that to brief the Calendar matters would require very close study, and he believed, additional employment.

Supervisor Colman announced that Mr. Frank Kilsby of the Recorder

Printing and Publishing Company had stated that he did not think the plan to abbreviate the Calendar and the Journal practical, and had stated that he could demonstrate there would be no economy.

Thereupon, Supervisor Mancuso, seconded by Supervisor Sullivan, moved further consideration be continued until Monday, October 2, 1944.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan, Uhl—10.

No: Supervisor Mead—1.

(Series of 1939)

The Finance Committee presented:

Proposal No. 4298, Resolution No. 4246, as follows:

Resolved, That as certain parcels of the operative real properties situated in the City and County of San Francisco and San Mateo County show from searches of titles that there exist of record certain excep-

tions to the title of Market Street Railway Company, generally consisting of rights of way and easements for roads, fences, power and telegraph lines, heretofore granted by the predecessors in interest of Market Street Railway or the company itself, or reserved by original grantors, that the City Attorney be and he is hereby authorized and directed to accept title to the operative properties of Market Street Railway subject to the above described, or similar exceptions; and be it

President of the Board of Supervisors to Appoint Committee to Act as Hosts at the Hospitality House.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4299, Resolution No. 4247, as follows:

Whereas, since August 1, 1941, between 5,000,000 and 6,000,000 servicemen and servicewomen have been entertained and fed at the Hospitality House; and

Whereas, each day a different organization or group of citizens takes it upon itself to be the hosts of the servicemen and servicewomen at the Hospitality House and as such supply all the refreshments and entertainment for the day; and

Whereas, it is fitting and proper that the Board of Supervisors as the "City Fathers" should act as "Fathers" to these servicemen and servicewomen; now, therefore, be it

Resolved, That the President of the Board of Supervisors is hereby authorized to appoint a committee of the Board to act as hosts at the Hospitality House for the entertainment of the servicemen and servicewomen of San Francisco.

Memorializing State Legislature to Amend Gas Tax Legislation to Return to Cities and Towns the Two Cents Heretofore Allotted for Street Construction and Improvements Within the Urban Centers.

(Series of 1939)

Supervisor MacPhee presented:

Proposal No. 4300, Resolution No., as follows:

Whereas, through the State Gas Tax Fund, California has solved its State Highway problems and has done a magnificent job of improving our out-of-town roads—eliminating bottlenecks and by widening and the construction of overpasses and underpasses, immeasurably facilitating ingress and egress to our cities and towns; and

Whereas, such highway improvement has encouraged and developed such an ever-increasing traffic flow that access to business, industrial and residential centers is delayed and retarded to a pronounced degree and the lives and limbs of citizens are seriously menaced unless some remedy is immediately found to relieve the congestion and remove the hazards incident to this situation; and

Whereas, the two-cent pro rata of the gas tax heretofore allotted to cities and towns was reduced to one and one-half cents to permit the aforesaid State Highway improvements which important work has been

splendidly accomplished making highway traffic speedy, safe and comfortable; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco memorialize the Legislature of the State of California at its earliest opportunity to amend the gas tax legislation returning to cities and towns the two cents heretofore allotted so that highway construction and improvements within urban centers may be effectuated and made commensurate with those now provided for out-of-town State highways.

Referred to Streets Committee.

Memorializing Congress to Amend and Clarify the Securities and Exchange Act of 1934.

(Series of 1939)

Supervisor MacPhee presented, with recommendation of the Finance Committee:

Proposal No. 4301, Resolution No. 4248, as follows:

Whereas, there has been introduced in the Congress of the United States (H. R. 1502) proposing to amend the Securities and Exchange Act of 1934, the purpose of which is to eliminate ambiguities in that act and to make clear the intent of Congress to deny to the Securities and Exchange Commission the power to regulate securities issued by states or political subdivisions or instrumentalities of states and transactions in such securities; and

Whereas, public financing by states or subdivisions or instrumentalities thereof are matters of purely State policy and should not be subject to restriction or regulation by any bureau of the Federal Government; and

Whereas, any restriction or regulation by any bureau of the Federal Government would interfere with the financing by states or political subdivisions or instrumentalities thereof, and would materially increase the cost of such financing; now, therefore, be it

Resolved, by the Board of Supervisors of San Francisco, California, That the Congress of the United States be memorialized to enact the aforesaid bill (H. R. 1502) at an early date in order that public financing by states and subdivisions and instrumentalities thereof may be freed from the adverse effects of the ambiguities of the existing statute; and be it

Further Resolved, That the Clerk of this Board be and is hereby directed to send immediately duly certified copy of this resolution to Representatives and Senators representing the State of California in the Congress of the United States, and to each member of the Committee on Interstate and Foreign Commerce of the House of Representatives.

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Report of "Committee on Procedure," Charter Revision Committee.

Supervisor Mancuso presented the following:

Your "Committee on Procedure," as appointed by Chairman Keesling, has held two meetings:

(1) September 14, 1944, at 3:30 p. m., in the office of Mr. Thomas A. Brooks, Chief Administrative Officer, and

(2) September 20, 1944, at 3:30 p. m., in the office of Mr. Thomas A. Brooks, Chief Administrative Officer.

The chairman opened the meeting by summarizing the purpose of the "Committee on Procedure," stating that there was no pre-determined plan and that all members of this committee should feel free to make

any suggestions they desired in the matter of establishing procedure for the Committee on Charter Revision.

It was noted by your committee that two main issues were immediately apparent:

First, that recommendations be made to the main committee that its work in connection with recommendations for charter revision be made all-inclusive, rather than restricted to the wording of the ordinance; and

Second, the "time" element was apparent as an important problem. It was the consensus of the Committee on Procedure that "time" is the very essence of the work of the Charter Revision Committee.

A motion was made by Mr. Brooks, seconded by Mr. Boyd and Mr. Wilson, that the Committee on Procedure recommend to the Charter Revision Committee, and they to the Mayor for his recommendation to the Board of Supervisors, for clarification by the Board, of the jurisdiction of the Charter Revision Committee, and for accomplishment of that purpose, recommended that the following language be added to the third paragraph of R4169, Series 1939:

". . . and for such other recommendations on revision of the charter as the committee may deem appropriate and desirable for submission to the Mayor."

There being no objection to the motion, it was unanimously adopted.

A motion was made by Mr. Boyd, and seconded by Mr. Wilson, that this committee recommend to the general committee that all recommendations be submitted to the Mayor not later than December 31, 1944, provided, however, that such matters as may be ready for submission prior to that date, be submitted progressively upon completion. There being no objection to the motion, it was unanimously adopted.

Mr. Griffiths moved, seconded by Mr. Boyd, that we recommend to the general committee on Charter Revision that a special election on charter amendments be held not later than the first Tuesday of March, 1945, thereby making possible ratification at the 1945 session of the Legislature such charter amendments as may be approved by the electorate. There being no objection, it was unanimously carried.

Mr. Boyd moved, seconded by Mr. Brooks, for recommendation to the general committee, in the event a special election is held, that the matters submitted to the electorate be limited to charter amendments only. There being no objection, it was unanimously carried.

Mr. Boyd moved, seconded by Mr. Brooks, that the effective date of any charter amendments so submitted be set forth in the charter amendment as July 1, 1945. There being no objection, the motion was unanimously carried.

After some discussion, it was moved by Mr. Boyd and seconded by Mr. Keesling, that recommendations be made to the Mayor to solicit, immediately, from all department heads, boards and commissions of the City and County of San Francisco their suggestions and recommendations on charter revision—in writing—as pertain to their departments, boards or commissions. There being no objection, the motion was unanimously carried.

This committee makes the following recommendations to the General Committee on Charter Revision:

1. That all matters submitted to the Committee on Charter Revision, emanating from any source whatsoever, be taken up by the committee as a whole for disposition or referral.
2. That sub-committees selected from the membership of the Charter Revision Committee be created for facilitating the work of the general committee.
3. That all matters of Charter Revision coming before the general committee or any sub-committee be presented in writing.

4. That the existing Committee on Procedure act as a sub-committee on "agenda," to segregate and assign charter revision matters.

5. That a sub-committee, as authorized in Recommendation No. 2 above, composed of department heads, board and commission members of the City and County of San Francisco be appointed to review and study administrative problems, this committee to be known as "Committee on Administrative Problems."

6. That a sub-committee be appointed to study legal ambiguities in the charter and conflicts between the Charter and the Constitution and Statutes of the State.

7. That such other and further sub-committees as may be authorized by the general committee be appointed by the chairman of the general committee.

8. That all such sub-committees shall report their findings to the general committee.

It was recommended that all meetings of the general Charter Revision Committee be open to the public and announcement made thereof.

Discussion.

Following the presentation of the foregoing report, and the reading thereof by the Clerk, Supervisor MacPhee moved that the Board concur in the report.

Supervisor Uhl announced that he desired to know more about the matter. He did not wish to commit himself without more information.

Supervisor Colman thought that the committee appointed by the Mayor had the right to adopt its own rules of procedure without any action by the Board. He did not believe the Board needed to take any action. The Board should hold itself aloof from all participation until matters come to the Board.

Supervisor MacPhee suggested that the Board amend Resolution No. 4169, Series of 1939, by adding to the third paragraph thereof, the words "and for such other recommendations on revision of the charter as the committee may deem appropriate and desirable for submission to the Mayor."

On ruling by the Chair that such amendment could be effected only by resolution, consideration was *temporarily postponed*.

Subsequently during the proceedings, Supervisor MacPhee presented the following proposal:

Requesting His Honor the Mayor to Take Necessary Steps to Provide That the Committee on Charter Revision Shall Function in Accordance With the Intent of Resolution No. 2306.

(Series of 1939)

Proposal No. 4302, Resolution No. 4249, as follows:

Whereas, pursuant to Resolution No. 2306 (Code No. 1.08), the Mayor was authorized to appoint a committee whose functions, among other things, was to study and make recommendations for necessary revisions in the Charter of the City and County of San Francisco; and

Whereas, although there appears to be a continuing need for this type of endeavor, the committee appointed for the purpose has not met nor functioned for some time; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to take the necessary steps to provide that the committee on Charter revision shall again function for the purpose set forth in the resolution under which it was created and for such other recommendations on revision of the Charter as the committee may deem appropriate and desirable for submission to the Mayor; and be it

Further Resolved, That Resolution No. 4169 (Series of 1939), approved August 17, 1944, is hereby repealed.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Consideration of Care and Placement of Certain Works of Art.

Supervisor Mead reported that on Friday, September 22, 1944, he had visited property owned by the City and County of San Francisco, adjacent to the Laguna Honda Home, where he had looked at some statues that had been constructed during W.P.A. days. A great many of the statues were ruined; a few were in good shape. Supervisor Mead declared that he was not well informed on the subject of art, that he did object to some \$100,000 of Federal, County and State funds being wasted. Thereupon, Supervisor Mead moved that the Clerk be instructed to communicate with the Park Commission or any other group, and ask them to appear before the Board on Monday, October 2, 1944, at 3:00 p. m., to tell the Board why such beautiful pieces of art are being allowed to be spoiled.

Motion seconded by Supervisor Sullivan.

Supervisor Colman, in discussing the motion, declared that it was not necessarily true that the statues mentioned belong in the parks. The question would be as to their artistic standard. Are they of sufficient artistic standard to exhibit in the park?

Supervisor Mead thereupon requested the privilege of the floor for Mr. Joseph Dyer, Secretary of the Art Commission.

Mr. Dyer reported that the Art Commission had approved the statues referred to. The Commission had not, however, approved locations where such statues were to be placed.

Supervisor MacPhee stated that he believed the motion by Supervisor Mead was in order, and that the Park Commission should be requested to discuss ways and means of having the statues placed in suitable locations.

Supervisor Mead declared also that he desired to know why such pieces of art were mutilated. His motion should include, not only the Park Commission, but any other group responsible for the condition of the statues.

The Chair, in reply to question by Supervisor Brown for immediate consideration, ruled that it would require unanimous consent of the Board for approval of Supervisor Mead's motion.

Thereupon, Supervisor Brown objected to immediate consideration.

Thereupon, the President *referred the motion to the Education, Parks and Recreation Committee.*

Financing of Post-War Projects.

Supervisor Brown called attention to copy of minutes of the meeting of the Finance Committee held on September 13, 1944, for consideration of financing post-war projects, and in commenting thereon stated that

the Board has no way, at the present time, of knowing just how much post-war work will be needed or how much financial assistance will be supplied by the State or by the Federal Government. He believed it would be unwise for the City and County of San Francisco to set out on a program without taking into consideration what would be available from those sources. The Board of Supervisors has a responsibility to the citizens; it is responsible also to the taxpayers. People on relief should have residence in San Francisco. The responsibility to non-residents lies elsewhere.

Supervisor MacPhee, in reply, stated that the Finance Committee desired to determine, if possible, just exactly what the State and Federal Government was going to do.

**Report From County Supervisors' Association Committee on
Forest Study.**

Supervisor Mancuso presented a report of the County Supervisors' Association's committee on forest study, together with correspondence by the California Forest Protective Association.

Referred to Public Utilities Commission.

Passed for Second Reading, were taken up:

Compromise of Claim for Damage to City Property.

Bill No. 3076, Ordinance No. 2918 (Series of 1939), as follows:

Compromise of claim for damage to City property.

Whereas, an action has been commenced in the Municipal Court,
No. 180684, in which the City and County of San Francisco is
plaintiff and Ray McMillen is defendant, seeking recovery of damages

to a fire hydrant on the west side of Potrero Avenue, between Twenty-sixth and Army Streets and to a portion of the fence enclosing the James Rolph, Jr., Playground, in consequence of said hydrant and fence being struck by an automobile operated by Ray McMillen, Jr., on July 5, 1942; and

Whereas, The Preferred Accident Insurance Company, the insurance carrier on said automobile, while disclaiming liability on the part of the operator thereof, in that he was forced over the curb by another automobile, have, nevertheless, offered to pay over to the City and County of San Francisco the sum of Seventy-Five and 00/100 (\$75.00) Dollars in exchange for a full acquittance of said claim, which amounts to One Hundred Fourteen and 96/100 (\$114.96) Dollars, and a dismissal of said court action; and

Whereas, the City Attorney has presented, in writing, a recommendation that said offer of compromise be accepted;

Now, therefore, be it ordained by the People of the City and County of San Francisco, that the City Attorney be and he is hereby authorized and directed to accept said offer, and, upon receipt of the sum of Seventy-Five and 00/100 (\$75.00) Dollars, to execute a full release of all claims for damages arising out of the accident hereinabove referred to and to dismiss, with prejudice, said action based thereon now pending in the Municipal Court.

Approved by the Recreation Commission.

Approved as to form by the City Attorney.

Discussion.

Supervisor Meyer inquired as to the reason for the change in the form of the Calendar, inasmuch as the subject matter of printing the Calendar in a condensed or abbreviated form was still before the Board of Supervisors for action.

Supervisor MacPhee explained that the matter had been discussed in Finance Committee, and that the Clerk, in order to show the savings that might be effected, prepared the Calendar in abbreviated form.

Thereupon, Supervisor Mead congratulated the Clerk for the form in which the Calendar had been prepared in order that the Board might experience the actual effect of an abbreviated Calendar on the deliberations of the Board. As for himself, he was not at all pleased with the result.

Final Passage.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Action Rescinded.

Subsequently during the proceedings, on motion by Supervisor Colman, seconded by Supervisor Green, the foregoing action, whereby Bill No. 3076 had been *Finally Passed*, there being no objection, was *rescinded*.

Final Passage.

Supervisor MacPhee, pursuant to request by Supervisor Colman, inasmuch as the Calendar had been printed in abbreviated form and had not set forth in full the foregoing bill, explained the bill.

Thereupon, the foregoing was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Authorizing Issuance of \$9,000,000 Tax Anticipation Notes for Fiscal Year 1944-45.

Bill No. 3094, Ordinance No. 2920 (Series of 1939), as follows:

Determining that funds are needed for the immediate requirements of the City and County of San Francisco for the fiscal year 1944-45 in accordance with appropriations made, as authorized by the Charter of said City and County of San Francisco, for said fiscal year; determining that funds therefor cannot be made available as provided in the first two paragraphs of section 81 of said charter; authorizing the Board of Supervisors of said City and County of San Francisco to borrow on its behalf the sum of \$9,000,000 solely for the purpose of anticipating receipt of income, and to cause to be issued notes or other evidences of indebtedness evidencing the amount or amounts so borrowed, which notes shall be payable exclusively out of taxes levied and collected by said City and County for said fiscal year 1944-45 providing that the principal amount of said notes together with the interest thereon shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which such money shall be borrowed and shall be repaid from the first moneys received from said taxes; and providing for the sale of said notes or evidences of indebtedness as provided by law and for the payment of the principal thereof and the interest thereon.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of \$9,000,000 is needed for the immediate requirements of said City and County in the fiscal year 1944-45, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1945, and which may be paid in advance of receipt of the

income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of \$9,000,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated aggregate amount of all taxes actually levied by said City and County for said fiscal year is \$39,574,124.00 and that said sum of \$9,000,000 does not exceed twenty-five (25) per centum of said estimated aggregate amount of all taxes actually levied for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and County, solely for the purpose of anticipating receipt of income, the sum of \$9,000,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as aforesaid, there is hereby authorized to be issued by said City and County of San Francisco Tax Anticipation Notes in the aggregate principal amount of \$9,000,000. Said notes shall be in the denomination of not less than \$1,000 each, nor more than \$100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller or Chief Assistant Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County shall be affixed thereto. Said notes shall bear such interest as may be hereafter fixed by resolution of said Board of Supervisors at or before the time said notes are sold, as hereinafter provided, which said interest shall in no case exceed six (6) per cent per annum, and full authority is hereby given to said Board of Supervisors to fix by resolution the rate of interest on said notes and each or any of them. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes, together with the interest thereon, issued and delivered under authority of this ordinance, shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1944-45 and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1945, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1944-45, irrespective of the date of the receipt thereof; it being the intent and purpose of this ordinance to provide for the

payment of all notes issued hereunder out of the taxes levied for said fiscal year 1944-45 and to provide that such notes shall be payable out of said taxes for said fiscal year 1944-45 and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

(c) Each of said notes shall be substantially in the following form, to-wit:

Repealing Ordinance No. 1476 (Series of 1939), Entitled "Establishing Revolving Funds for the Board of Education and Appropriating Moneys Therefor; Repealing Ordinance 21.21."

Bill No. 3096, Ordinance No. 2922 (Series of 1939), as follows:

Repealing Ordinance No. 1476 (Series of 1939), entitled "Establishing Revolving Funds for the Board of Education and Appropriating Moneys Therefor; Repealing Ordinance 21.21."

Whereas, Section 5901, Article 1, Chapter 8 of the Education Code of the State of California provides that the governing board of any School District may, with the consent of the county superintendent of schools, establish an emergency cash fund for the use of the chief accounting officer of the district, by adopting a resolution setting forth the necessity for the emergency cash fund and the purposes for which said fund shall be available; and

Whereas, the Board of Education of the San Francisco Unified School District has adopted a resolution for the establishment of the said emergency cash fund; and

Whereas, the provisions of the Education Code establish the law of this State respecting the subjects to which it relates and prevail over ordinances heretofore enacted establishing revolving funds for the Board of Education; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Bill No. 1528, Ordinance No. 1476 (Series of 1939), entitled "Establishing Revolving Funds for the Board of Education and Appropriating Moneys Therefor; Repealing Ordinance 21.21," passed by the Board of Supervisors December 22, 1941, is hereby repealed.

Recommended by the Controller.

Approved by the City Attorney.

Supervisor MacPhee explained, pursuant to request by Supervisor Colman, the foregoing bill, pointing out that it did not create any revolving fund, but rather repealed a previously enacted ordinance which did create such fund.

Whereupon, Supervisor Colman stated that the explanation was entirely satisfactory to him.

Supervisor Mead, however, declared that he would much prefer to have the entire matter printed on the Calendar so he could have it before him. His policy, he stated, had always been, when in doubt, to vote "No." In the future, if matters were not printed in full on the Board's Calendar, he would vote "No."

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Final Passage.

The following recommendation of Judiciary Committee, heretofore Passed for Second Reading, was taken up:

Section 4. Bill No. 1686, Ordinance No. 1625 (Series of 1939) is hereby repealed.

After the reading of the foregoing bill by the Clerk, the roll was called and Bill No. 3099 was *Finally Passed* by the following vote:

Authorizing Finance Committee to Arrange for Printing of Calendars and Journals in Abbreviated Form.

Proposal No. 4296, Resolution No. (Series of 1939), as follows:

Whereas, the paper shortage in the United States has reached such a serious stage that there is a nation-wide campaign on calling for the saving and conservation of this material wherever possible; now, therefore, be it

Resolved, That the Finance Committee of the Board of Supervisors arrange for the printing of the Calendars and the Journals of the Board of Supervisors in such abbreviated form as will effectuate the most economical use of this critical material without impairment of the public service.

September 25, 1944—Consideration continued until Monday, October 2, 1944.

Privilege of the Floor.

Mr. Frank Kilsby of the Recorder Printing and Publishing Company, having been granted the privilege of the floor, on motion by Supervisor Colman, explained the situation as regards official printing, and pointed out that if an abbreviated form of Calendar were adopted by the Board, the saving, with respect to paper would be very nominal. If the Board should furnish mimeograph copies of the Calendar, additional paper would be used. Taking into account the additional paper that would be required, and the labor necessary to mimeograph the Calendar, the saving, if any, would be very small. Referring again to the suggested abbreviating of the Calendar, Mr. Kilsby suggested that inasmuch as Calendars and Journals are supplied to the various departments of the city government and to individuals and organizations, such abbreviation should not go to the point where matters could not be understood.

Supervisor Colman, in discussing the foregoing proposal, announced that he was not opposed to the policy of saving, but he believed the amount of saving to be so small that the suggested change was not advisable.

Supervisor MacPhee reported that as a result of abbreviating the day's Calendar, there had been effected a saving of about \$5.00. The matters that had been abbreviated were all on "Final Passage." They had been previously printed in full on the Calendar, and had been voted on previously.

Supervisor Mead, in reply, commended Supervisor MacPhee for the interest he had taken in the matter. However, during his period of membership on the Board he had noted many times where a single word might have caused him to change his mind on a matter, and for that reason he desired to have a matter before him in full. Then, if he should make a mistake in voting, he alone would be to blame. If the procedure should be changed, as suggested, every member of the Board would have an "out," and would be kept apologizing to every one in San Francisco. He did not believe it to be good business. Then, too,

in a number of cases, he had changed his vote when a matter was on "Final Passage." He believed the same thing to be true with other members.

The Clerk reported that the abbreviated Calendar, as it had been done for the day's meeting, there was no additional labor necessary. However, there are often long ordinances which, if they were to be analyzed and abbreviated, would require additional help and expense.

Supervisor Colman also pointed out that there would be grave danger in abbreviating matters for Calendar purposes. If matters are briefed, the members of the Board will have to rely on interpretations of others. It would be desirable, of course, to save some \$5.00 per week in printing expense, yet an error in interpretation of one bit of legislation might cost the City and County thousands of dollars.

Supervisor Brown suggested that if it was desired only to economize on paper, the Calendar might be printed on both sides of the page.

Mr. Kilsby, replying to that suggestion, agreed that there would be a saving, although it would be very small.

Thereupon, the roll was called and the foregoing proposal was *Refused Adoption* by the following vote:

Ayes: Supervisors MacPhee, Mancuso—2.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mead, Meyer, Sullivan, Uhl—9.

Adopted.

Approval of Supplemental Recommendations—Public Welfare Department.

Proposal No. 4303, Resolution No. 4252 (Series of 1939), as follows:

Resolved, That the supplemental recommendations of the Public Welfare Department, containing names and amounts to be paid as Old Age Security Aid, Aid to Needy Blind and Aid to Needy Children, including new applications, denials and suspensions, effective September 1 and October 1, 1944, are hereby approved, and the Clerk of the Board of Supervisors is directed to transmit this approval to the Controller.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Amended.

Authorizing Continuation of Practice Inaugurated by Market Street Railway Company of Training Military Personnel in the Automotive Shops as a Contribution Toward the War Effort.

Proposal No. 4304, Resolution No. (Series of 1939), as follows:

Resolved, That the Public Utilities Commission is hereby empowered to continue in the Municipal Railway-Market Street Railway Extension shops, the practice inaugurated by the Market Street Railway Company, of training United States military personnel, as a contribution to the war effort, and in consideration of the services rendered by said military personnel, the Public Utilities Commission is hereby authorized to furnish transportation and a noon day meal to said military personnel, providing that sufficient funds are first appropriated or set aside for the purpose.

Amendment.

Supervisor Mead announced that he had agreed in committee to recommend the foregoing proposal to the Board. However, he objected to the words "as a contribution to the war effort." In the past the Market Street Railway Company had allowed men to work for nothing but their

lunch and carfare, and they have offered that as a "contribution to the war effort." He believed that to be a very poor contribution. Thereupon, he moved that the words "as a contribution to the war effort" be deleted. Motion seconded by Supervisor Mancuso.

No objection, and motion carried.

Adopted as Amended.

Thereupon, the roll was called and the foregoing proposal, as amended, and reading as follows, was taken up:

Authorizing Continuation of Practice Inaugurated by Market Street Railway Company of Training Military Personnel in the Automobile Shops.

Proposal No. 4304, Resolution No. 4253 (Series of 1939), as follows:

Appropriating \$16,000 Out of the Surplus Existing in Appropriation No. 413.600.11, Land—Haight, Grattan, Ashbury, to Provide Funds for Purchase of Land and Improvements on Southeast Corner of Hayes and Buchanan Streets.

Bill No. 3120, Ordinance No. (Series of 1939), as follows:

Appropriating the sum of \$16,000 out of the surplus existing in Appropriation No. 413.600.11, Land—Haight, Grattan, Ashbury, to provide funds for the purchase of land and improvements on the southeast corner of Hayes and Buchanan Streets, known as the Hayes Valley Recreation Center, and now occupied by the Recreation Department.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$16,000 is hereby appropriated out of the surplus existing in Appropriation No. 413.600.11, Land—Haight, Grattan, Ashbury, to the credit of Appropriation No. 413.510.00, to provide funds for the purchase of land and improvements on the southeast corner of Hayes and Buchanan Streets, known as the Hayes Valley Recreation Center, and now occupied by the Recreation Department.

Privilege of the Floor.

Supervisor MacPhee, after explaining the foregoing bill, reported that ladies interested in the acquisition and completion of the Haight, Grattan, Ashbury Playground had appeared before Finance Committee. They did not object to the proposed appropriation, but desired to be assured that if the foregoing appropriation were approved, that the amount of \$16,000 would be included in the budget for the next fiscal year for its original purpose. Thereupon, Supervisor MacPhee moved privilege of the floor for the ladies who were present.

Whereupon, Mrs. L. V. Mugg, representing the interested ladies present, urged that the \$16,000 proposed to be appropriated out of the appropriation for the Haight, Grattan, Ashbury Playground, be restored to the budget for the next fiscal year. Such recreation center is needed, and there would be no objection to the proposed appropriation, if it is considered as a loan for the current fiscal year, to be repaid next year.

Supervisor Mead announced that he would vote to approve Bill 3120, with the understanding that if the Mayor should restore the same amount in the next year's budget, he would vote for it.

Supervisor Colman announced that he was in full sympathy with the whole proposal. However, he would hesitate to bind himself because of conditions which might arise which he could not at the present time foresee. Normally, if the money should be put in the budget there would be no reason that he could see why he would not vote to approve it, but he did not wish to bind himself to such action.

Supervisor Uhl moved postponement of further consideration for one week.

Supervisor Mead objected to postponement. This is an emergency matter, Supervisor Mead stated, according to information he had received, and the property must be purchased immediately. The church people have already lost the property.

Mr. Jordan of the Recreation Department explained the conditions. There was, he stated, another purchaser for the property. The price at which the property has been offered to the City and County was quite reasonable. If the City and County does not obtain the property, some one else will. The property has been used for a number of years for a recreation center. Such recreation center is needed, and there is no other property available for such purpose in the district.

Mr. Jordan explained, pursuant to request by Supervisor Uhl, that

while the building required some repairs, it had been approved by the Fire Marshal; it was not a fire trap.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Amending Bill No. 1280, Ordinance No. 1241 (Series of 1939), Enacted June 30, 1941, by Adding Thereto the "Tax Collector as License Collector, \$10,000."

Bill No. 3131, Ordinance No. (Series of 1939), as follows:

Amending Bill No. 1280, Ordinance No. 1241 (Series of 1939), enacted June 30, 1941, by adding thereto the "Tax Collector as License Collector, \$10,000."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Bill No. 1280, Ordinance No. 1241 (Series of 1939), enacted June 30, 1941, is hereby amended to read as follows:

Section 1. The officers hereinafter mentioned, who are required by Charter to give bond, shall do so in favor of the City and County of San Francisco, the State of California, in the amounts hereinafter mentioned, for the faithful performance of the duties of their respective offices, and shall maintain same in full force and effect, so long as said officers hold their respective positions, to-wit:

Treasurer	\$200,000
Controller	100,000
Tax Collector	100,000
Tax Collector as License Collector.....	10,000
Assessor	50,000
County Clerk	50,000
Sheriff	50,000
Public Administrator	50,000

Mayor	25,000
City Attorney	10,000
District Attorney	10,000
Public Defender	10,000
Members of the Board of Supervisors, each.....	5,000

Discussion.

Supervisor Brown objected to the foregoing bill, stating that in his opinion, the \$100,000 bond of the Tax Collector could be extended to include the "Tax Collector as License Collector," without any additional cost to the City and County. The present bond of the Tax Collector, he believed, could be so written. However, if separate bond is required, he believed that a bond of \$1,000 might be considered, thus saving the premium on an amount of \$9,000. Thereupon, he moved that the matter be re-referred to Finance Committee. Motion seconded by Supervisor Meyer.

No objection, and bill re-referred to Finance Committee.

Passed for Second Reading.

The following recommendations of Streets Committee were taken up:

Present: Supervisors Meyer, Mead, Sullivan.

Amending Ordinance No. 1061, Entitled, "Regulating the Width of Sidewalks," Approved December 18, 1903, by Amending Section 451 Thereof.

Bill No. 3021, Ordinance No. (Series of 1939), as follows:

Amending Ordinance No. 1061, entitled, "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section 451 thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled, "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office July 31, 1944, by amending Section 451 thereof to read as follows:

Section 451.

The width of sidewalks on Quesada Avenue between Industrial and Selby Streets shall be 15 feet.

The width of sidewalks on Quesada Avenue between Selby and Rankin Streets shall be 22 feet 6 inches.

The width of sidewalks on Quesada Avenue between Rankin and Phelps Streets shall be 22 feet 6 inches.

The width of sidewalks on Quesada Avenue between Phelps and Newhall Streets shall be 15 feet.

The width of sidewalks on Quesada Avenue between Newhall and Third Streets shall be 8 feet.

The width of sidewalks on Quesada Avenue between Third Street and Water Front shall be 15 feet.

Privilege of the Floor.

Mr. Angelo Spivoli, Mr. Peter Lombardi and Mrs. Tony Gareth, residents and property owners, opposed the proposed legislation. They desired a narrower sidewalk and a 50-foot paved street.

Mr. Sherman Duckel from the City Engineer's office explained the proposed improvement, pointing out that in the opinion of the City Engineer's office, a wider street and the consequent narrower sidewalks would be impractical, making the entrance to properties affected very

difficult. The recommended width would be more economical, also, to the property owners affected.

Mr. William Coughlin, representing the contractor, urged approval of the bill.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Supervisor MacPhee presented the following recommendation of the Finance Committee:

Bill No. 3136, Ordinance No. 2924 (Series of 1939), as follows:

Appropriating the sum of \$3,960 from the Emergency Reserve Fund to provide funds for alteration of premises at 2201 Sutter Street, San Francisco, to be occupied by the Department of Public Health; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,960 is hereby appropriated from the Emergency Reserve Fund to the credit of Appropriation No. 450.800.19/A for alteration of premises at 2201 Sutter Street, San Francisco, which will house the new Hayes Valley-Fillmore Health Center, Department of Public Health.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance becoming effective forthwith, the nature of said emergency being that the large influx of war workers and their children into the Hayes Valley and Fillmore districts has created a health problem which necessitates the immediate setting up of clinic in this district to safeguard the health of these people and the people of the City and County. Funds have not been heretofore provided nor are funds otherwise available for this purpose.

Finally Passed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Endorsing Approval of Proposition No. 34, Charter Amendment, Defining Retirement Provisions, Police Department.

Supervisor Gallagher presented:

Proposal No. 4309, Resolution No. 4255 (Series of 1939), as follows:

Whereas, a study made in 1938 of 293 cities of the United States by the Citizens' Budget Commission of New York City revealed that the retirement provisions of San Francisco's Police Department are the most backward of all metropolitan police departments; and

Whereas, the Charter presently provides that policemen in San Francisco are not required to retire until aged 70 and are not permitted to retire at half-pay allowance until after 37½ years' police service despite substantial deductions from their wages for the retirement fund; and

Whereas, Proposition No. 34, to be voted on at the election of Tuesday, November 7, 1944, will in an actuarially sound and constructive manner, correct and remedy a long-standing deficiency in this regard; and

Whereas, Proposition No. 34, which will require policemen to retire at age 65 and permit them to retire at half-pay allowance after thirty years' police service (or at age 55 with a minimum of 25 years' police service), will thereby attract and hold younger men in the department, especially in the post-war years when they will be so sorely needed; and

Whereas, Proposition No. 34 is a sound, humane, and constructive measure which will substantially improve the service and efficiency of the Police Department of the City and County of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of

San Francisco hereby endorses and recommends to the voters of San Francisco the passage of Proposition No. 34.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Sullivan, Uhl—10.

Absent: Supervisor Meyer—1.

In Memoriam—Captain George F. Brown.

Supervisor Mead presented:

Proposal No. 4308, Resolution No. 4261 (Series of 1939), as follows:

Whereas, with the passing of Captain George F. Brown, a charter member of the present Fire Department and first president of the David Scannel Club, San Francisco, has lost one of its most colorful and lovable characters of old pioneer stock; and

Whereas, born in San Francisco in 1872, Captain Brown entered the San Francisco Fire Department on April 28, 1894, became a lieutenant in the department in 1897 and captain in 1905 and saw service at a time when the firemen were on duty for twenty-four hours each day, with only one day off each month for recreation; and

Whereas, although Captain Brown retired January 15, 1931, after thirty-seven years of active service, distinguished by an unexcelled record which contains numerous citations for bravery in action, his major claim to fame reposes upon his unceasing efforts for the welfare of his comrades in the fire service and for their Widows' and Orphans' Aid Association who thank their existence and their success to his constant and unselfish devotion; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the revered memory of Captain George F. Brown, a veteran officer of the San Francisco Fire Department; and be it

Further Resolved, That the Clerk be directed to tender engrossed copies of this resolution to the family of the deceased testifying to the high esteem and regard in which we held Captain George F. Brown.

Unanimously Adopted by rising vote.

Requesting Public Utilities Commission to Hold Public Hearings for Submission by Citizens of Plans and Suggestions for Improvement of Transportation Service.

Supervisor Mancuso presented:

Proposal No. 4307, Resolution No. (Series of 1939), as follows:

Whereas, on September 29, the City and County of San Francisco took over the operation of the Market Street Railway; and

Whereas, it is now the responsibility of the Public Utilities Commission to formulate a plan that will have for its purpose the improvement of the combined systems; and

Whereas, if the Public Utilities Commission should arbitrarily fix a schedule of routes without giving Mr. and Mrs. John Doe public a chance of being heard, those people who believe that their service was curtailed will feel that an injustice has been done to them; and

Whereas, in order to establish amicable relations between the riding public and the Public Utilities Commission, it would seem prudent for the Commission to hold public hearings on the establishment of the various routes which are to become effective under the consolidated Market Street-Municipal Railway extension system; to invite the general public of the City and County of San Francisco and request that they come prepared to submit any plans or ideas they might have on the subject; now, therefore, be it

Resolved, That this Board of Supervisors does respectfully request the Public Utilities Commission, in the interest of unity between the said Commission and the riding public of the City and County of San Francisco, to hold public hearings in the chambers of the Board of Supervisors, preferably at night, to formulate a plan for the operation of the combined Market Street-Municipal Railway and to invite all of those residents of the City and County of San Francisco to attend said meetings and to be prepared to submit any plan they might have for the improvement of service on said combined railway system.

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Amended.

The following recommendation of Education, Parks and Recreation Committee was taken up:

Present: Supervisors Colman, Brown, MacPhee.

Chief Administrative Officer to Arrange for Exhibition of Works of Beniamino Bufano in Civic Center.

Proposal No. 4316, Resolution No. (Series of 1939), as follows: Resolved, That the Board of Supervisors hereby requests the Chief Administrative Officer to arrange for the exhibition of the pieces of

sculpture by the artist, Beniamino Bufano, in the Civic Center Plaza for a limited period of time.

Amendment.

Supervisor Colman explained the foregoing proposal, stating, however, that the proposal, as presented, should be amended to make it clear that the works of art to be placed on exhibition are owned by the City and County of San Francisco.

Thereupon, Supervisor Colman moved that there be inserted, after the name "Beniamino Bufano," the words "owned by the City and County of San Francisco and now stored in the warehouse on Clarendon Road."

No objection, and amendment approved.

However, it having been pointed out that the foregoing amendment, as approved, would indicate that the City and County claimed ownership of "Beniamino Bufano" rather than the "pieces of sculpture," which, of course, was not the intent. Thereupon, there being no objection, further consideration was *postponed temporarily* in order that the foregoing proposal might be rewritten.

Subsequently during the proceedings, the following proposal was taken up:

Chief Administrative Officer to Arrange for Exhibition of Works of Beniamino Bufano in Civic Center.

Proposal No. 4316, Resolution No. 4262 (Series of 1939), as follows:

Resolved, That the Board of Supervisors hereby requests the Chief Administrative Officer to arrange for the exhibition of the pieces of sculpture by the artist, Beniamino Bufano, in the Civic Center Plaza for a limited period of time, said pieces of art being the property of the City and County of San Francisco and stored at the present time in the city warehouse on Clarendon Avenue.

**Mayor to Appoint Legislative Representative for City and County
of San Francisco.**

Supervisor Gallagher presented, with recommendation of Rules Committee:

Proposal No. 4320, Resolution No. 4264 (Series of 1939), as follows:

Resolved, That this Board of Supervisors does hereby delegate to his Honor the Mayor, authority to appoint, on a full-time basis, a legislative

representative for the City and County of San Francisco, the appointment of such representative to be subject to ratification by the Board of Supervisors and that the various policies and programs proposed by the Mayor for execution by such legislative representative shall be subject to approval by the Board of Supervisors; and be it

Further Resolved, That the necessary steps be taken to reappropriate to the Mayor's accounts such funds as are necessary from the account under the jurisdiction of the Board of Supervisors designated Legislative Expense and numbered 401.298.00.

Discussion.

The foregoing proposal, as originally presented, provided for reappropriation to the Mayor's accounts "the balance of the money remaining in that account under the jurisdiction of the Board of Supervisors designated Legislative Expense and numbered 401.298.00."

Supervisor MacPhee, after brief discussion, moved that the foregoing language be amended to provide for reappropriation to the Mayor's accounts, "such funds as are necessary from the account under the jurisdiction of the Board of Supervisors designated Legislative Expense and numbered 401.298.00." Motion seconded by Supervisor Sullivan:

Thereupon, Supervisor Mead, seconded by Supervisor Meyer, moved that action on the foregoing motion be postponed temporarily, for the purpose of straightening out the entire matter.

Supervisor Brown objected to temporary postponement. The foregoing proposal, he declared, did not make any appropriation. It was only a preliminary step.

Thereupon, the roll was called and the motion to postpone temporarily was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

No: Supervisor Brown—1.

Absent: Supervisor Gartland—1.

Subsequently during the proceedings, Mr. David A. Lewis reported a balance in the Legislative Expense Appropriation of \$18,139.92. The Controller was engaged in drawing legislation to provide for the reappropriation of that amount to the Mayor's accounts, pursuant to the language of the foregoing proposal, as originally presented.

Whereupon, Supervisor Brown, seconded by Supervisor Mancuso, moved that the amount to be set up in the Appropriation Ordinance, being prepared by the Controller, be \$15,000. *No objection* and motion *carried*.

Thereupon, further action was again *temporarily postponed*.

Subsequently during the proceedings, the Controller having brought into the chambers bill prepared by him to provide for reappropriation of \$15,000, the foregoing proposal was again taken up.

There being no objection, the Chair declared motion by Supervisor MacPhee, to amend, action on which had been temporarily postponed, duly *carried*.

Whereupon, there being no objection, the foregoing proposal, as amended and reading as above, was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent—Supervisor Gartland—1.

Passed for Second Reading.

Thereupon, the following bill was taken up:

Transferring \$15,000 From Appropriation No. 401.298.00 to the Credit of Appropriation No. 402.298.00 for the Purpose of Having the Mayor Provide for Attendance and Representation at the State Legislature, for and on Behalf of the Board of Supervisors.

Bill No. 3143, Ordinance No. (Series of 1939), as follows:

Transferring \$15,000 from Appropriation No. 401.298.00 to the credit of Appropriation No. 402.298.00 for the purpose of having the Mayor provide for attendance and representation at the State Legislature, for and on behalf of the Board of Supervisors.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$15,000 is hereby transferred from Appropriation No. 401.298.00 to the credit of Appropriation No. 402.298.00 for the purpose of having the Mayor provide for attendance and representation at the State Legislature, for and on behalf of the Board of Supervisors.

Recommended by Dan Gallagher.

Approved by the Mayor.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent—Supervisor Gartland—1.

Statement by Supervisor Mead.

During the discussion of the proposal providing for appointment of a Legislative Representative, Supervisor Mead called attention to a news story wherein he was reported as saying that he did not think either of the two gentlemen whose names had been offered for consideration as Legislative Representative was capable of filling the position. He had made no such statement, for he knew but slightly one of the gentlemen and he did not know the other at all. He had stated that he desired to see the best man obtainable appointed to that position.

Attendance at Meeting of Redwood Empire Association.

Supervisor Brown, under his name on Roll Call, called attention to meeting of the Redwood Empire Association to be held October 20 and 21, 1944, and urged that the Board be represented at the meeting.

The President reported that prior to Supervisor Brown's arrival in the chambers, the matter had been brought to the attention of the Board, and that the Clerk had been directed to make necessary arrangements for transportation and reservations for those Supervisors who would attend the meeting.

Congratulating "Lefty" O'Doul and San Francisco Baseball Club on Its Splendid Showing During Season Just Past.

Supervisor Brown presented:

Proposal No. 4323, Resolution No. 4268 (Series of 1939), as follows:

Whereas, the victory of the San Francisco "Seals" in the recently concluded O'Shaughnessy Play-off of the Pacific Coast League, defeating both Oakland and Los Angeles to retain the championship that the "Seals" won last year, reflects great credit on the brilliant leadership of Frank "Lefty" O'Doul; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco takes this occasion to express its appreciation and its pride in the successful exploits of the San Francisco "Seals" and extends its heartfelt congratulations and its highest commendations to President Charles Graham and their very capable manager Frank "Lefty" O'Doul; and be it

Further Resolved, That the Clerk is hereby directed to transmit a suitably engrossed copy of this resolution to Charles Graham, President of the San Francisco Baseball Club.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent: Supervisor Gartland—1.

Municipal Railway Street Car Tickets.

Supervisor Brown called the Board's attention to school tickets now being issued by the Municipal Railway, pointing out that such tickets are less favorable than those issued by the Market Street Railway Company. Such tickets issued by the Market Street Railway Company were good at all times, but those now being issued are good only on school days, and between the hours of 8:00 a. m. and 5:00 p. m.

Referred to Public Utilities Commission.

Elimination of Nuisance Created by Doves and Pigeons in Civic Center.

The Chief Administrative Officer, in reply to questioning by Supervisor Green, reported that he had received many letters advocating the removal of doves and pigeons from the Civic Center, as well as many letters opposing their removal. He had not yet determined what he would do in the matter.

Wage Controversy Between Civil Service Commission and Former Employees of Market Street Railway Company.

Supervisor MacPhee discussed the controversy between employees of the Municipal Railway and the Civil Service Commission, and inquired what, if anything, the Board could do in the matter. The Board of Supervisors had set the scale of wages for street railway employees; he believed the Board should have something to say in determining who should get the scale established. Reduction of wages for former employees of the Market Street Railway was not fair.

The City Attorney reported that an effort was being made to work out a solution to the problems presented. There was nothing the Board could do at this time.

Mrs. Dolen explained that under the terms of the Salary Standardization Ordinance, employees just entering the city's service must be paid starting wages. The Mayor has proposed that seniority shall be granted employees for salary purposes. That is contrary to general practice. Employees who are blanketed in come into the service as of the date of their being blanketed in. She had been put on notice as defendant in a case in which taxpayers have questioned the legality of compensations. Until final judgment is rendered, she could not approve anything concerning compensation for employees except that which has been legally established.

Supervisor MacPhee suggested that possibly the Mayor might issue two proclamations, one as to seniority and one as to compensations.

The City Attorney replied that had been tried, but had got no place.

His Honor the Mayor reported that on Wednesday, October 4, 1944, he had invited the two opposing groups to a meeting at which Senator Shelley and Mr. John O'Connell were present to discuss the possibility

of the ten men who had filed suit agreeing that seniority as to "runs" would be the only real issue at stake, and the dropping, without prejudice to their case, of the compensation issue. Mr. Foley took the suggestion back to the men who had filed suit. Acting on the advice of their attorney, inasmuch as the Mayor's powers with respect to the proclamation he had issued had been questioned, the men declined to accept the suggestion. Judge Lazarus has dismissed the restraining order. An appeal can be taken on the restraining order, or a suit can be filed.

In Memoriam—Joseph A. Murphy.

Supervisor MacPhee presented:

Proposal No. 4324, Resolution No. 4269 (Series of 1939), as follows:

Whereas, this Board of Supervisors learns with sincere regret of the passing of Joseph A. Murphy, Assistant Director of Domestic Relations in the office of the District Attorney; and

Whereas, Joseph A. Murphy, born in San Francisco and educated at Mission Dolores School, rose from a humble beginning to prominence and leadership in fraternal and labor circles in this city as co-publisher of "Organized Labor," the official organ of the San Francisco Building and Construction Trades Council; and

Whereas, Joseph A. Murphy was distinguished for his loyalty to the cause of labor and for the integrity and ability with which he served and defended its varied interests. His untimely death leaves a bereaved widow, two daughters and two sons, now serving their country in the military forces of the United States, as well as a host of admirers who sorely mourn his loss; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the revered memory of Joseph A. Murphy, devoted husband and father and faithful, loyal friend; and be it

Further Resolved, That the Clerk be directed to extend to the sorrowing widow and family of the deceased this expression of condolence of the Board of Supervisors and its deepest sympathy in this hour of their sad bereavement.

Unanimously Adopted by rising vote.

Appointment of Citizens' Committee for Memorial Services to Be Held Friday, October 27, 1944, in Honor of Men of the United States Navy Who Have Given Their Lives in the Defense of Their Country.

Supervisor MacPhee presented:

Proposal No. 4321, Resolution No. 4263 (Series of 1939), as follows:

Resolved, That the Mayor is respectfully requested to appoint a Citizens' Committee to assist in having proper and solemn memorial services held on Friday, October 27, 1944, in honor of those men of the United States Navy who have given their lives in the defense of their country.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

Absent—Supervisor Gartland—1.

Staggered Street Car Stops on Market Street.

Supervisor Uhl presented:

Proposal No. 4322, Resolution No. (Series of 1939), as follows:

Whereas, under the authority of the Police Department or some other agency of city government, there has been installed within the past few

months upon Market Street at or near the intersection of Second Street and also at Grant Avenue a system of safety zone stops for what were then the two competing streetcar railway systems under which system or plan the cars on the outside track were required to stop sufficiently in the rear of the cars on the inner track to permit passengers endeavoring to board cars on the inner track to do so with convenience and safety; and

Whereas, the results of this trial plan of staggered stopping at these particular intersections has demonstrated that such a plan is not only in aid of the safety of the car riding public but is altogether practical and feasible; and

Whereas, it is the opinion of this Board of Supervisors that in the interest and promotion of the convenience and safety of the car riding public of San Francisco, particularly on Market Street, the plan should be extended so as to be effective at all stops along the route of the four-track system from the Embarcadero to Seventeenth and Castro Streets; now, therefore, be it

Resolved, That the Police Committee of this Board of Supervisors be and is hereby directed to arrange immediately for the preparation of such legislation as will effectuate such a plan as is heretofore referred to.

Referred to Police and Public Utilities Committees.

Privilege of the Floor.

Mr. H. S. Foley, at whose request Supervisor Uhl had presented the foregoing proposal, was, on motion by Supervisor Uhl, granted the privilege of the floor. Mr. Foley pointed out that the proposed staggering of street car stops, in the two places where they have been in experimental operation, have eliminated many potential accidents. Staggered stops should be put into effect along the entire length of Market Street. Immediate action should be had.

Supervisor Brown suggested that the proper action should be to take the matter up with the Public Utilities Commission rather than reference to committee.

The Chief Administrative Officer reported that the matter had been given consideration by the Streets Traffic Advisory Board months previously, after which it was agreed that the plan would be put into effect at two places on Market Street. The practice was put into effect at two places on Market Street. A plan was worked out for the installation of similar stations along Market Street, but their installation has been held in abeyance at the request of the Public Utilities Commission. The Commission objected to their installation pending the vote on the acquisition of the Market Street Railway acquisition. The plan can now be placed in effect as soon as the word to go has been received from the Public Utilities Commission.

Mr. Lloyd Taylor, representing the Market Street Association, urged immediate action.

Supervisor Mead suggested that the matter be referred to the Public Utilities Commission or to the Police Commission rather than to committee.

Supervisor Colman declared that he, too, along with the other members of the Board did not wish to see any accidents happen. However, he believed quicker results would be obtained by asking the Public Utilities Commission to appear before the Public Utilities Committee.

Supervisor Uhl moved that the Board send for Mr. Cahill.

Supervisor MacPhee suggested, as an alternative proposal, that the Board go to the Public Utilities Commission and request consideration.

Supervisor Brown objected to the motion by Supervisor Uhl, since the

purpose of that motion was to question Mr. Cahill about something that had already been referred to committee and so was not before the Board.

The Chair, however, ruled that any Supervisor had the right to send for any official for questioning.

Thereupon, the roll was called and the motion was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

No: Supervisor Brown—1.

Absent: Supervisor Gartland—1.

Subsequently during the proceedings, the Clerk reported that Mr. Cahill was at a meeting of the Public Utilities Commission and could not appear before the Board. However, the Utilities Commission desired to consult with Mr. Newton before making a recommendation.

Supervisor Uhl suggested that inasmuch as the Board has the right to compel attendance of officials, under the Charter, that Mr. Cahill be subpoenaed.

The Chair ruled that such action would require a resolution. Such resolution would also require suspension of the rules for the purpose of immediate consideration.

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved that the Board adjourn.

Motion *failed* by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee—3.

Noes: Supervisors Gallagher, Mancuso, Mead, Meyer, Sullivan, Uhl—6.

Absent: Supervisors Gartland, Green—1.

At the hour of 4:15 p. m., Mr. Cahill, who had again been requested to come to the meeting, appeared in the chambers of the Board.

The Chief Administrative Officer, at the request by Supervisor Uhl, repeated for the benefit of Mr. Cahill, the statement he had previously made to the Board.

Mr. Cahill, in discussing the proposal for staggered street car stops on Market Street, called particular attention to the second "Whereas" of the proposal under consideration, stating that he did not think that it had been proved, or at least, not proved to his satisfaction that "such a plan is not only in aid of the safety of the car riding public but is altogether practical and feasible." He was not in favor, at the present time, of continuing the practice. Mr. Cahill reported that there have been accidents on Market Street ever since four tracks were installed, and the Commission has made efforts to correct the situation. There seemed to be nothing in favor of the proposed plan, so far as he could see, but he was not ready at this time to make such a statement. The plan works well when policemen are on the spot; otherwise it does not work so well. It is a matter fundamentally of traffic control. The Municipal Railway is, of course, vitally interested in the matter. Street cars are staggered now.

Supervisor Colman declared that he was entirely satisfied with the statement by the Manager of Utilities. He is making a trial of the proposed plan to see how it works out. Apparently there has not yet been time for him to make a decision. His position is sound.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:35 p. m., adjourned.

San Francisco also reserves the right to grant easements to other parties over, in and upon said property, provided such easements do not interfere with the use of said sewer easement by San Bruno.

3. The use of said property by San Bruno shall be limited solely to the purposes set forth herein. The diameter of said sewers shall not exceed 24 inches.

4. San Bruno shall at all times keep said property in good and slightly condition so far as the same may be affected by its operations hereunder and shall abide by all laws and governmental orders or regulations and amendments thereto controlling or limiting in any way the use of said sewer easement. San Bruno shall pay all expenses pertaining to the construction, reconstruction, operation, use, repair and removal of said sewers and appurtenances.

6. San Francisco shall not be liable to San Bruno or to any other party for any death, injury or damage that may result to any person or property, due directly or indirectly to San Bruno's occupation and use of said easement herein described, and San Bruno shall promptly pay any and all just claims therefor. San Bruno shall hold San Francisco harmless from all claims and liens of every kind and nature in connection there-

with, and shall defend San Francisco against any and all such claims and liability.

7. Upon the violation of any of the terms and conditions hereof and the failure of San Bruno to remedy the same within sixty days after written notice from San Francisco so to do, or in the event San Bruno abandons the use of said easement for a period of one year, then San Francisco may terminate this grant and thereupon San Bruno shall have no further rights in said property.

9. During construction or repair of the sewers on said easement, San Bruno shall provide protective barricades along the trench where necessary, and shall also provide suitable bridges over the trench for the passage of men, animals and vehicles. Upon completion of the work San Bruno shall remove such barricades and bridges, and shall properly backfill the trench.

The expense of making such connections shall be borne by San Francisco or its tenants, but no compensation shall be paid to San Bruno for the use of said sewers nor for the pumping or treatment of such sewage.

11. Immediately after the main sewer has been constructed on the easement herein granted and has been placed in service, San Bruno shall stop the use of all sewers and appurtenant structures heretofore constructed by it on San Francisco's Airport lands except those constructed under authority of this deed, and except those covered by the permit granted to San Bruno by San Francisco's Public Utilities Commission by Resolution No. 3351, adopted July 24, 1939. Within ninety days after said main sewer is placed in service San Bruno shall remove from San Francisco's land said sewers and appurtenances which are no longer to be used, otherwise San Bruno shall be deemed to have relinquished all rights therein to San Francisco.

12. Immediately after discontinuance of use of San Bruno's sewer which now extends from west to east across the southerly portion of the San Francisco Airport lands, San Bruno shall, at its own expense, apply chemical or other treatment to the sewage which has been discharged onto the airport property from said sewer, in order to leave said land in a sanitary and sightly condition.

13. This grant may be changed or modified by further agreement between the parties hereto.

14. The rights and conditions herein set forth shall inure to the benefit of and bind the successors and assigns of the parties hereto.

Suggested Abbreviation of Calendar Items.

Supervisor Colman called attention to the foregoing bill, pointing out that there was but one change in the positions listed. Although the Board had already acted on proposal for publishing the Calendar of the Board in abbreviated form, the foregoing item was one which could be abbreviated, indicating only the change, thus saving the cost of publishing so many items.

The City Attorney, in reply to questioning by Supervisor Colman, stated that under the present Charter provisions, the only way to reduce the amount of printing for measures such as the foregoing would be to subdivide the sections, making each section shorter.

Supervisor MacPhee, however, suggested that abbreviated form of Calendar items such as the foregoing could be printed on the Board

Calendar on "Final Passage." Supervisor MacPhee announced, also, that if the Board approved, the Finance Committee would give the matter further consideration.

No objection voiced.

Thereupon, there being no objection, the foregoing bill was *Passed for Second Reading* by the following vote:

Appropriating \$630 to Provide Funds for Payment of Services of the Purchasing Department for Micro-Filming Checks Received by the Treasurer's Office. An Emergency Ordinance.

Bill No. 3142, Ordinance No. 2959 (Series of 1939), as follows:

Appropriating the sum of \$630 to provide funds for payment of services of the Purchasing Department for micro-filming checks received by the Treasurer's Office; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$630 is hereby appropriated from Appropriation No. 402.900.00, Emergency Reserve Fund, to the credit of Appropriation No. 406.900.00, Services of Other Departments, to provide funds for payment to the Purchasing Department by the Treasurer's Office for services in micro-filming checks to June 30, 1945.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance becoming effective forthwith, the nature of the emergency being: that the volume of checks being cleared through the Treasurer's Office is, and has been increasing, that these checks are deposited in banks for collection, that the banks are not responsible for these checks while they are in transit, that it is necessary to have a complete record of each check sent to the banks, that the most efficient and effective method of making a complete record is through micro-filming, that in the event of loss while in transit the micro-film record of these checks would afford the city protection against the loss of money, that in order to thus protect the city's property, it is necessary to make this facility immediately available. Funds have not been heretofore provided nor are funds otherwise available for this purpose.

Discussion.

Supervisor Brown, seconded by Supervisor Green, moved that action on the foregoing bill be postponed for two weeks.

Supervisor MacPhee, however, announced that before voting for postponement he desired to find out just how serious the emergency was, inasmuch as the foregoing bill was presented as an emergency matter. He would like to have the Treasurer present to explain the bill.

The Chief Administrative Officer announced that the bill came from the Treasurer, who desired work to be done by the Purchasing Department.

Supervisor Brown expressed a doubt as to the emergency nature of the

proposed legislation. He did not believe the expense would be justified. However, he had no objection to sending for the Treasurer.

Supervisor Colman, following the reading of the emergency section by the Clerk, announced that he saw no reason why the matter could not be postponed for two weeks.

Thereupon, Supervisor MacPhee, seconded by Supervisor Uhl, moved as an amendment to the foregoing motion that the Treasurer be sent for to explain the matter.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Meyer, Sullivan, Uhl—10.

No: Supervisor Mead—1.

Whereupon, further consideration was *temporarily postponed*.

Subsequently during the proceedings, the Treasurer appeared before the Board and explained the reasons for his recommendation.

The Purchaser of Supplies, in reply to questioning, stated that his department was not concerned with the reasons for micro-filming checks. His department had been requested to furnish an estimate of cost for doing certain work. That had been done.

After further brief discussion, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

No: Supervisor Brown—1.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance becoming effective immediately, the nature of the emergency being as follows:

Bill No. 3152, Ordinance No. 2961 (Series of 1939), as follows:

Appropriating the sum of \$10,000 out of the Emergency Reserve Fund to provide funds for the employment of temporary personnel in the office of the Registrar of Voters; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$10,000 is hereby appropriated out of the Emergency Reserve Fund to the credit of Appropriation No. 429,120.00 to provide funds for the employment of temporary clerks in the office of the Registrar of Voters.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance becoming effective forthwith, the nature of said emergency being as follows:

The record registration of voters, the large number of applications for absentee ballots, principally from members of the armed forces, and a larger number of measures being placed on the ballot than was anticipated, necessitates the employment of additional clerical help required in connection with the election to be held on November 7, 1944, in order that the work performed by the office of the Registrar of Voters may proceed without interruption. Funds provided for temporary salaries will prove insufficient, and there are no other funds available for the purpose.

Discussion.

Supervisor MacPhee, in reply to questioning by Supervisor Brown, explained that the needs of the Registrar of Voters could not be foretold at the time the budget for the current fiscal year was prepared. The need for additional funds was due to additional work to take care of the soldiers' vote and to the greatly increased registration in San Francisco.

Supervisor Brown objected to any city department restricting its budget at the cost of the Mayor's Emergency Reserve Fund. Money should

have been budgeted. The Registrar knew that an election was to be held in November.

Supervisor Colman expressed his views, stating that it was not good government to approve of too many emergency measures. Such matters come before the Board only on one occasion, thus depriving the members of time sufficiently to consider them.

The Chief Administrative Officer advised the Board that he was responsible for the budget of the Registrar of Voters. His departments intend to anticipate their requirements; they do not intend to stuff their budgets. It would be easy to pack their budgets to avoid being scolded by the Board of Supervisors. However, no one could foresee at the time the budget was prepared what the conditions would be at this time.

Supervisor MacPhee explained the reasons for appropriating funds from the Mayor's Emergency Reserve Fund, as he saw it. Money, the need for which could not be foreseen at the time the budget was prepared or considered should come from that fund.

Supervisor Colman disagreed with the views expressed by Supervisor MacPhee. The Mayor's Emergency Reserve Fund, he believed, was to take care of unforeseen things, such as disasters, etc.

After further brief discussion the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Consideration Continued.

The following, from Finance Committee without recommendation, was taken up:

Regulating and Licensing Bookmakers.

Bill No. 3058, Ordinance No. (Series of 1939), as follows:

Regulating and licensing persons, firms and corporations engaged in the business of accepting bets and wagers on horse races, and providing for the issuance of permits for the purpose of conducting and carrying on the business of accepting bets and wagers on horse races, and providing for a license to defray the cost of the regulation of said business and fixing the amount thereof; providing a penalty for the violation of this ordinance, and repealing Bill No. 3627, Ordinance No. 3302, New Series, now contained in and designated Sections 331 to 335, inclusive, Part II, Chapter VIII, Article 3 of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 2. It shall be unlawful for any agent, employee or servant of any such person, firm, partnership, corporation or association as is mentioned in Section 1 of this ordinance to engage or assist on behalf of such person, firm, partnership, corporation or association as is mentioned in Section 1 of this ordinance, without having first obtained a license so to do from the Chief of Police of the City and County of San Francisco.

Section 5. The Chief of Police may deny any such application for a permit or license as in this ordinance mentioned if, upon investigating the matter, he determines that it would be injurious to the public peace, property, health, safety, welfare or morals of the people of the City and County of San Francisco, to operate or maintain such business mentioned in Section 1 of this ordinance, or to engage in such employment mentioned in Section 2 of this ordinance.

Section 6. The permit fee for any such permit as is mentioned in Section 1 of this ordinance shall be per year for each separate permit mentioned in Section 1 of this ordinance, and said sum shall be payable in advance and at the time of the application mentioned in Section 3 of this ordinance, and each such written application as is mentioned in Section 3 of this ordinance shall be accompanied by a certified or cashier's check in the sum of payable to the Tax Collector of the City and County of San Francisco.

Section 7. All permits and licenses issued under the provisions of this ordinance shall be issued on the following conditions, the failure to observe any of which shall constitute a violation of this ordinance and shall constitute in and of itself sufficient ground for the revocation of such permit or license:

(a) The permittee and licensee shall not permit any minor on the premises wherein said permittee is doing business and shall not accept from any minor any bet or wager on horse races or any other contest or thing;

(b) The permittee or licensee shall not violate nor permit the violation of any law or ordinance of the City and County of San Francisco in or upon the premises wherein said permittee is doing business;

(c) The permits and licenses in this ordinance mentioned shall be revocable by said Chief of Police, and if said Chief of Police shall determine that any permittee or licensee licensed under the terms of this ordinance shall have violated any of the terms or conditions of this ordinance or that the continued operation of such business would be injurious to the public peace, property, health, safety, welfare or morals of the people of the City and County of San Francisco, said Chief of Police may and shall revoke any permit or license issued under the terms of this ordinance, and said Chief of Police may of his own volition, or upon the complaint of any citizen, forthwith and immediately and in advance of any hearing suspend any permit or license issued under the terms of this ordinance until he shall finally determine whether to revoke such permit or license.

Section 8. Any person, firm, partnership, corporation or association

violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine not exceeding five hundred dollars (\$500), or by imprisonment in the County Jail for a period not exceeding six months, or by both such fine and imprisonment.

Section 9. If any word, phrase, sentence, paragraph or part of this ordinance shall be unconstitutional or otherwise invalid, such unconstitutional or invalid part or portion thereof shall be severable from the balance of this ordinance and shall not render said balance thereof invalid, and the Board of Supervisors does hereby declare that it would have enacted said balance of said ordinance which is not unconstitutional or invalid.

Section 10. Bill No. 3627, Ordinance No. 3302, New Series, now contained in and designated Sections 331 to 335, inclusive, Part II, Chapter VIII, Article 3 of the San Francisco Municipal Code, is hereby repealed.

Discussion.

Supervisor Green explained at length the reasons prompting him to present the foregoing legislation. Bookmaking has existed in the past, is now existing, and always will exist in San Francisco under the present conditions. Gambling on horses have and will exist as long as there is horse racing. Such being the case, it is better to regulate betting on horses by the state or the municipality. San Francisco should face the facts, legalize bookmaking and get revenue.

Thereupon, the Clerk, at the request of Supervisor Green, read an article by Damon Runyon from the San Francisco Examiner of October 7, 1944, entitled "Race Track Monopoly."

Supervisor Gallagher suggested that the State law would have to be repealed before the bill presented by Supervisor Green could be acted on.

Supervisor Green disagreed, pointing out that liquor laws were repealed before the repeal of the Volstead Act.

Deputy Chief of Police Riordan, on being granted the privilege of the floor, pointed out that enactment of the foregoing bill would not legalize the taking of bets in San Francisco, and the ordinance would be of no value, because of Section 337a of the State Penal Code.

Supervisor Colman, after it had been explained to him that the Finance Committee had held no representative discussion on the subject, due to Supervisor Green's absence from the city when the matter was on the committee calendar, moved that the matter be re-referred to committee and that the various organizations likely to be interested in such matter be notified of hearing in committee.

Supervisor Mead called attention to the notice given to the proposal in the press and pointed out that no one had appeared before committee. Undoubtedly had people been interested in the matter they would undoubtedly have been present.

Supervisor MacPhee agreed that citizens should have the opportunity of being heard, if they were interested in the matter, but suggested that inasmuch as any presentation made in committee would undoubtedly be made again before the Board, suggested that the matter remain on the Board's Calendar for one week.

Supervisor Colman announced that he would accept the suggestion if consideration should be continued for two weeks, and moved that the matter remain on the Calendar for two weeks, and be made a Special Order of Business for Monday, October 30, 1944, at 3:00 p. m., and all interested citizens and organizations be so notified. Motion seconded by Supervisor MacPhee.

No objection, and so ordered.

Amended.

The following recommendations of Public Utilities Commtee were taken up:

Present: Supervisors Brown, Meyer, Uhl.

Board of Supervisors to Hold Public Night Hearing to Receive Suggestions From Civic Bodies, Associations and Individuals for Improvement of Street Car Transportation System.

Proposal No. 4307, Resolution No. (Series of 1939), as follows:

Whereas, after four unsuccessful attempts, the proposal for the acquisition of the Market Street Railway's operating properties was finally consummated in May of this year and joint operation of the combined systems under the management of the Public Utilities Commission commenced on September 29, 1944; and

Whereas, the keynote of all the campaigns waged on behalf of the proposal for the consolidation of the two railway systems was the representation that approval of the plan for unified operation would result in more efficient service and would redound to the benefit, particularly, of the car riding public of San Francisco, as well as to the development of such outlying and sparsely settled districts as still remain within the confines of the City and County of San Francisco; and

Whereas, in vindication of the representations and promises which were held out and made to the voting public of San Francisco, it is incumbent now upon the officials of the City and County of San Francisco that every endeavor be made to provide such service for the streetcar riding public of this city as was represented would result from approval of the proposal for consolidation of the two major streetcar systems; now, therefore, be it

Resolved, That this Board of Supervisors fix a time, or times, for public night hearings upon the subject of streetcar transportation in San Francisco to which all of the civic bodies, associations and individuals interested in the subject shall be invited for the purpose of presenting such views as they may have for the improvement of the streetcar transportation system generally or with particular reference to the locale or community in which they reside or which they represent; and be it

Further Resolved, That the Public Utilities Commission and its manager, together with the Street Traffic Advisory Board and any other interested or responsible city officials, shall be invited to attend and participate in such hearings and that a transcript of the proceedings be had for subsequent transmission to the Public Utilities Commission, together with such indications of their views (not in violation of Section 22 of the Charter) as the Board of Supervisors may determine upon or conclude in the matter.

Discussion.

Supervisor MacPhee inquired why it was proposed that Supervisors should hold any meeting to receive suggestions for the improvement of street car transportation, and after such meetings, what can the Board of Supervisors do. He believed the Public Utilities Commission should conduct such hearings.

Supervisor Brown expressed agreement with the views by Supervisor MacPhee, but stated that the Public Utilities Commission would not hold such metings.

Supervisor Colman held that it would be rather senseless to hold meetings when the Board of Supervisors can do nothing in the matter.

Supervisor Mead believed that the result of such meetings would be nothing but a lot of confusion.

Thereupon, Supervisor MacPhee suggested that the first "Resolve" be amended by inserting after the words "Board of Supervisors" appearing in the first line, the words "respectfully requests the Public Utilities Commission to."

Supervisor Mancuso announced that he was interested in permitting the people to appear before the proper body and to present their views. He thought, however, that the suggestion by Supervisor MacPhee was good.

Supervisor Mead also expressed the thought that there should be an opportunity for the people to express their views, and to offer suggestions, but not before the Board of Supervisors. The Public Utilities Commission was the proper body to conduct such hearing.

Thereupon, Supervisor MacPhee moved that there be inserted after the words "Board of Supervisors," appearing in the first line of the first "Resolve" the words "respectfully requests the Public Utilities Commission to," and that the second "Resolve" be eliminated.

Supervisor Colman advised that any action be held in abeyance in order to give the Public Utilities Commission an opportunity to iron out any difficulties and to operate the street car transportation system. There are new conditions that have not yet been thoroughly mastered. The public is entitled, he believed, to be heard in due course, after a reasonable time has elapsed.

Supervisor Mead stated that if the foregoing proposal should be adopted, the Board of Supervisors would be in a position to answer at least one question: that is, that the Public Utilities Commission has been requested to hold a series of meetings to hear from the public. No harm could come from that.

Supervisor MacPhee held that the present, rather than the future, was the time to hear suggestions.

Thereupon, there being no further objection, the proposed amendment was *approved*.

Adopted as Amended.

Thereupon, the following proposal, as amended, was taken up:

Requesting Public Utilities Commission to Hold Public Night Hearings to Receive Suggestions From Civic Bodies, Associations and Individuals for Improvement of Street Car Transportation Service.

Proposal No 4307, Resolution No. 4266 (Series of 1939), as follows:

Whereas, after four unsuccessful attempts, the proposal for the acquisition of the Market Street Railway's operating properties was finally consummated in May of this year and joint operation of the combined systems under the management of the Public Utilities Commission commenced on September 29, 1944; and

Whereas, the keynote of all the campaigns waged on behalf of the proposal for the consolidation of the two railway systems was the representation that approval of the plan for unified operation would result in more efficient service and would redound to the benefit, particularly, of the car riding public of San Francisco, as well as to the development of such outlying and sparsely settled districts as still remain within the confines of the City and County of San Francisco; and

Whereas, in vindication of the representations and promises which were held out and made to the voting public of San Francisco, it is incumbent now upon the officials of the City and County of San Francisco that every endeavor be made to provide such service for the street car riding public of this city as was represented would result from approval of the proposal for consolidation of the two major streetcar systems; now, therefore, be it

Resolved, That this Board of Supervisors respectfully requests the

Public Utilities Commission to fix a time, or times, for public night hearings upon the subject of streetcar transportation in San Francisco to which all of the civic bodies, associations and individuals interested in the subject shall be invited for the purpose of presenting such views as they may have for the improvement of the streetcar transportation system generally or with particular reference to the locale or community in which they reside or which they represent.

Adopted by the following vote:

Ayes: Supervisors Brown, Gallagher Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—10.

No: Supervisor Colman—1

Supervisor Brown, following the adoption of the foregoing proposal, announced that if the Public Utilities Commission did not hold public hearings, he would suggest that Supervisor Mancuso present his resolution again.

Supervisor Colman declared that the public does not recognize that the Board of Supervisors was instrumental in having the people vote for the acquisition of the Market Street Railway. The people voted for the purchase because of the campaign made by the Mayor, and their vote was a mark of confidence in him. The Board should let the Public Utilities Commission run the railway, and if it wants to hold meetings, it will do so.

Mr. Carroll Newburgh, on being granted the privilege of the floor, pointed out that by a recent charter amendment that the Public Utilities Commission must, before abandoning any street car line, recommend such abandonment, in writing, to the Board of Supervisors, which recommendation must be acted on by the Board within thirty days from receipt thereof. Thus, the Board of Supervisors has some powers under the provisions of Section 132.1 of the Charter.

Amended.

Inquiring of Public Utilities Commission What Consideration Has Been Given to Extension of Time After 5:00 P. M. for Use of Special Tickets by School Children.

Proposal No. 4329, Resolution No. (Series of 1939), as follows:

Whereas, prior to the consolidation of the Market Street lines with the Municipal Railway, there was in effect a plan under which school children riders of the Market Street Railway were provided tickets at a cost of 3½ cents per ride with unlimited transfer privileges on the Market Street lines and a similar plan so far as the Municipal lines were concerned under which the children were provided tickets at the rate of 2½ cents per ride with a restriction against the use of such tickets upon the Municipal lines after the hour of 5:00 p. m.; and

Whereas, since the consolidation of the two streetcar systems the rate for individual rides for school children has been established at 3½ cents per single ride with a limitation against the use of such tickets after 5:00 p. m. and on days other than school days; and

Whereas, because there are many extra-curricular activities approved by the Board of Education which keep school children from returning to their homes until after the hour of 5:00 p. m., it would seem prudent and fair that upon regular school days the time limitation should be eliminated, or at least extended until some such later hour as would afford ample opportunity for the school children, without abuse of the privilege, to return to their homes from bona fide activities affiliated with their school work and without the payment of extra fares at regular rates; and

Whereas, it would appear reasonably possible under the increased rate established by the Public Utilities Commission for school tickets that such a plan could be made effective; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully petition the Public Utilities Commission and does inquire what consideration has been given with respect to the establishment of such a plan and whether or not it may not be feasible, possible and in the public interest.

Amendment.

After explanation by Supervisor Brown, of the reasons prompting him to present the foregoing proposal, Supervisor MacPhee moved as an amendment that there be added to the foregoing matter a further "Resolve," reading as follows:

"Further Resolved, That the Board of Supervisors does hereby respectfully request information on the possibility of continuing in effect the Sunday pass."

Motion seconded by Supervisor Brown, and *approved without objection.*

Thereupon, Supervisor Colman announced that since the foregoing proposal was merely asking for information he had no objection to its adoption.

Adopted as Amended.

Thereupon, Proposal No. 4329, as amended and reading as follows, was taken up:

Inquiring of Public Utilities Commission What Consideration Has Been Given to Extension of Time After 5:00 P. M. for Use of Special Tickets by School Children; Also Requesting Information on the Possibility of Continuing the Sunday Pass.

Proposal No. 4329, Resolution No. 4274 (Series of 1939), as follows:

fully request information on the possibility of continuing in effect the Sunday pass.

**Requesting Public Utilities Commission and the Police Commission
to Consider the Staggered Stop Plan at Additional Streetcar Load-
ing Zones on Market Street.**

Supervisor Uhl presented:

Proposal No. 4335, Resolution No. (Series of 1939), as follows:

Whereas, a situation dangerous to the safety of the people of the City and County of San Francisco has prevailed for a number of years on our main public thoroughfare, Market Street, due to the use of four sets of street railway tracks installed thereon; and

Whereas, the continued use of these four sets of tracks by street railway cars under current operating conditions has resulted in the death or injury of numerous pedestrians and the traveling public; and

Whereas, recognizing this hazardous traffic condition, the Market Street Association recommended for trial a plan designed to correct this unnecessary jeopardy to life and limb of our people by the installation

of a "staggered stop" system at streetcar loading zones on Market Street; which plan was endorsed by the Street Traffic Advisory Board, the Market Street Railway Co., the San Francisco Police Commission, and the Chief of Police; and

Whereas, following such recommendation, the Municipal Railway Department and the Market Street Railway Company did install such "staggered stop" plan for westbound street cars on Market Street at the intersections at Second Street and at Grant Avenue; and

Whereas, at a meeting of the Street Traffic Advisory Board held on March 29, 1944, the Market Street Railway Company submitted a report setting forth the fact that from May 1, 1943, to May 1, 1944, there were 271 persons who met injury between parallel street car tracks on Market Street and that subsequent to such installation of a "staggered stop" plan there were no personal accidents at the two intersections where this plan was in effect; now, therefore, be it

Resolved, That this Board of Supervisors hereby suggests to the Public Utilities Commission and the Police Commission that immediate consideration be given to the necessity of installing said "staggered stop" plan at such additional streetcar loading zones on Market Street as said Commissions may deem necessary.

Opposing Hayden Federal Aid Highway Bill.

Supervisor MacPhee presented:

Proposal No. 4339, Resolution No. (Series of 1939), as follows:

Whereas, the Hayden Federal Aid Highway Bill, known as Senate Bill 2105, which the Senate has already approved, will prohibit the use of Federal-aid highway funds for the acquisition of new rights of way; and

Whereas, if the measure which is now before the House is passed in its present form it will deprive San Francisco of funds which are necessary for the development of its city highway program; and

Whereas, the cost of rights of way is apt to constitute a substantial amount in city highway financing; therefore, be it

Resolved, That this Board of Supervisors goes on record as opposing the proposed legislation and urges our congressional representatives in Washington to use their best efforts to the end that the bill be amended in this respect when the House reconvenes and the prohibition referred to removed; and be it

Further Resolved, That the Clerk be directed to transmit copies of this resolution to Senators Hiram Johnson and Sheridan Downey and to Richard J. Welch and Thomas Rolph, members of Congress.

Referred to Streets Committee.

Requesting Chief Administrative Officer to Appropriate the Sum of \$10,000 and to Arrange for Preparation of Preliminary Plans for Combination Exposition, Convention, Cultural and Sports Plant as Post-War Project.

Supervisor MacPhee presented:

Proposal No. 4340, Resolution No. (Series of 1939), as follows:

Whereas, united, San Francisco must now resolve that neither indecision, internal dissension nor any other dilatory factor or practice shall interfere with or deter that progress through which, by her natural endowments and facilities she is destined and fitted to assume leadership, conservative but permanent, among the greatest cities of this nation and the world; and

Whereas, important among the adjuncts tending to such end is that heretofore declared necessary and given official sanction by this Board in its action requesting inclusion among projected post-war construction activities in San Francisco of a proposal for the erection of modern and completely adequate facilities, conveniently located, to be utilized for convention, exposition and other similar purposes requiring spaciousness, with all convenient and comfortable accommodations incident thereto; and

Whereas, in order, ideally, that such a proposal may come to fruition early in the post-war era, it is necessary immediately that thorough and comprehensive preliminary studies be undertaken and prosecuted diligently to conclusion; now, therefore, be it

Resolved, That from Appropriation No. 436.265.01, "Plans and Specifications—Public Buildings," the Chief Administrative Officer be and is hereby respectfully requested to make available the sum of \$10,000 and immediately to arrange, with such sum, for the preparation of engineering field surveys to provide preliminary plans for a combined exposition, convention and cultural and sports plant embracing the necessary building or buildings and other facilities, such preliminary plan to be based on a study of the needs of San Francisco as determined by the requirements of the various potential users; said plan to be accompanied by: (a) necessary diagrams; (b) estimates of construction costs and other initial costs; (c) maintenance costs; (d) outline of various revenue and nonrevenue uses; (e) statement of space requirements of various potential users; (f) suggestions regarding preferred sites based on the requirements of various potential users; (g) description of existing similar facilities in other cities with all data pertaining thereto as outlined above. Said report is to be presented to the Board of Supervisors as soon as possible; and be it

Further Resolved, That this Board of Supervisors hereby authorizes the inclusion of all or such part of said appropriation as is reimbursable, in any application which this Board shall subsequently make to the State of California or any other agency for subventions or reimbursements for the cost of plans of post-war projects.

Referred to Public Buildings, Lands and City Planning Committee.

In Memoriam—Mrs. Ruth G. Foley.

Presented by Supervisor Mead and joined in by the entire Board:

Proposal No. 4341, Resolution No. 4285 (Series of 1939), as follows:

Whereas, Mrs. Ruth G. Foley, wife of Judge Thomas M. Foley, has been summoned to her eternal reward; and

Whereas, Mrs. Foley was born in Sonoma County and educated in San Francisco where she met and married Judge Foley, then a practicing attorney, in 1927; and

Whereas, in addition to her successful career as loving wife and mother, Mrs. Foley, through gracious charm and dignity endeared her-

self to all those whose happy privilege it was to enjoy her acquaintance; and

Whereas, San Francisco is poorer for the loss of such women of character and purpose as was Mrs. Ruth G. Foley; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the untimely passing of Mrs. Ruth G. Foley and takes this opportunity to convey to sorrowful Judge Foley and his daughter, Janet, as well as to Mrs. Foley's brother and sisters, expressions of profoundest sympathy; and be it

Further Resolved, That when this Board of Supervisors adjourns this day, it does so out of respect to the revered memory of the late Mrs. Ruth G. Foley; and be it

Further Resolved, That the Clerk be and is hereby directed to arrange for the preparation and transmission to Judge Foley of a suitably engrossed copy of this resolution.

Compensation of Former Employees of the Market Street Railway Company Now Employed by the Municipal Railway.

Supervisor MacPhee announced that he had been trying to work out ways and means for getting the salary issue straightened out for street car operators formerly employed by the Market Street Railway Company, and wondered if plan heretofore adopted under a previous salary standardization measure, whereby certain employees in the lower brackets might receive the second step in the salary range.

The City Attorney advised that that could not be done. A charter amendment approved since the time that such plan had been in effect would prohibit that.

Thereupon, Supervisor MacPhee requested the City Attorney to render an opinion on the matter.

Employment of Mr. L. V. Newton by the Public Utilities Commission.

Supervisor MacPhee reported that on Wednesday, October 11, 1944, at the meeting of the Civil Service Commission, the employment of Mr. Newton, as Consultant, was considered. It was stated that it might not be able to secure the services of Mr. Newton on a full-time basis. On Monday, October 16, 1944, a meeting was held in the Mayor's office to consider the same matter. His Honor the Mayor, Mr. Cahill, Mr. Newton, Mr. Holm and the Controller were present. Mr. Newton, in order to maintain his present social security status, desires to reserve the right to take employment elsewhere. He has agreed to work for the City and County not less than forty hours per week, and to be on call at all times. His only other employment is two hours per week with the California Street Railway Company.

Supervisor Mead, in commenting on the statement by Supervisor MacPhee, reminded the Board that he had opposed the employment of Mr. Newton, and had the matter referred to by Supervisor MacPhee been brought to the attention of the Board there might have been more votes in opposition to the employment.

Consideration of Proposed Allocation of Radio Frequencies Insofar As It Affects State and Municipal Police Services.

Supervisor MacPhee announced that the League of California Cities had requested that the various Board of Supervisors prepare legislation for adoption so that the present wave lengths assigned to the police and other law enforcement agencies might be protected, and he presented a proposal requesting the Federal Communications Commission in its consideration of proposed changes in wave lengths assigned to such agencies bear in mind the needs of said agencies.

Supervisor Mancuso announced that he had prepared a proposal, following closely resolution suggested by the County Supervisors' Association on that same subject.

Thereupon, Supervisor MacPhee announced that he would withdraw the proposal presented by him, and suggested in place thereof the proposal prepared by Supervisor Mancuso be substituted therefor, and adopted by the Board.

Opposing Proposed Allocation of Radio Frequencies Insofar as It Affects State and Municipal Police Services.

Whereupon, Supervisor Mancuso presented the following:

Proposal No. 4334, Resolution No. 4265 (Series of 1939), as follows:

Whereas, this Board of Supervisors has been apprised of the planning work now being undertaken by the United States Department of State relative to the allocation of radio frequencies with a view to submitting proposals pertaining thereto to other nations as a basis for international agreement; and

Whereas, the use of radio by the various police services has grown to be one of the largest and most important of all services now using radio, and more especially those concerned with the promotion of safety and protection of life and property; and

Whereas, radio use by the law enforcement agencies of this nation will be greatly expanded as soon as manpower and equipment are available; and

Whereas, this Board of Supervisors views with grave concern recommendations recently submitted to the State Department by the Interdepartment Radio Advisory Committee of the Federal Government which suggests a lesser number of channels for the State and municipal police service instead of recommending more in view of present requirements and the anticipated growth of fixed and mobile stations for mobile and point to point traffic, both telephone and telegraph, and facsimile transmission of fingerprints and photographs; and

Whereas, there are at present about 900 fixed police stations on thirty medium frequency channels between 1601 and 2490 K.C., involving an investment of local public funds of millions of dollars; and

Whereas, the I.R.A.C. proposal removes the police and other law enforcement agencies from occupancy of these channels—takes no consideration of the police inter-city telegraph network—ignores the needs of police for facsimile—and attempts to jam the police service, which is operated solely in the public interest for its safety and protection, from a total of 76 channels now in use in all bands to 46 channels now in use in all bands to 46 channels in the 30-40 megacycle band; and

Whereas, many tests conducted in CALIFORNIA in the ultra high frequency bands, applying recognized engineering principles, has proved conclusively that due to the topography of this area, physical characteristics present, and the distance over which communications must be maintained, has proven conclusively that with few exceptions adequate police radio telephone communication coverage can be maintained only through the use of the medium frequencies now allocated to police service; now, therefore, be it

Resolved, That this Board of Supervisors urges the Federal Communications Commission to thoroughly consider the needs of the police service, bearing in mind its governmental character, its responsibility for the protection of life and property, preservation of the peace, and for rendering mutual aid due to enemy action, natural disasters and civil disturbances, so that an adequate number of channels will be made available for this vital service; and be it

Further Resolved, That this Board of Supervisors assures the Federal Government of its desire to cooperate with it and other services using

radio to the end that a fair and equitable allocation of frequencies be provided.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Report on Meeting of League of California Cities.

Supervisor MacPhee reported on meeting of the League of California Cities, held at the Fairmont Hotel, attended by some five hundred to six hundred persons. At the meeting Mr. L. Deming Tilton spoke on urban redevelopment. The City Manager of San Diego addressed the meeting on the subject of providing funds for post-war work. In the afternoon a professor from the University of California explained changes in assessments and land values, and pointed out the need of exploring for additional sources of revenue. A report of the meeting will be made available to each member of the Board.

Urban Rehabilitation.

Supervisor Mancuso announced that he had been notified by the County Supervisors' Association that he had been appointed as a member of the Post-War Committee. The committee was to meet in Sacramento on Wednesday, October 18, 1944, at 10 a. m., to consider the question of drafting legislation for urban rehabilitation, and he would move that Supervisor MacPhee be authorized to attend the meeting in his place.

Thereupon, the Chair appointed Supervisors MacPhee and Meyer to attend the meeting.

Duties of Sergeant at Arms.

Supervisor Mancuso requested that the Sergeant at Arms be instructed to occupy a chair near the railing and to endeavor to maintain order and to permit speakers addressing the Board to be heard.

The Chair *referred the matter to the Rules Committee.*

The Clerk presented and read to the Board, resolution adopted by the Park Commission, holding the Board of Supervisors responsible for the care and preservation of statues to be displayed in the Civic Center, and for injuries to persons or damage to Park property that might be caused by trucks or other equipment in placing said statues in the Civic Center.

Discussion.

The Chair *referred the foregoing resolution to the Education, Parks and Recreation Committee.*

However, Supervisor MacPhee moved that inasmuch as the Chairman of that committee was away from the city, that the matter be referred directly to the Chief Administrative Officer for his recommendation.

Motion failed for want of a second.

Supervisor Mead, in discussing the matter, announced that while he disliked to make such a statement, he would, nevertheless, declare that it seemed to him that the action of the Park Commission was a deliberate attempt to forestall the showing of statues. He did not believe the Park Commission was justified in taking the position it had taken. How could the Park Commission charge others with responsibility of anything that came under its own jurisdiction? He suggested that the Board take no action at all on the communication from the Park Commission, and to request the Chief Administrative Officer to continue his arrangements to display the works of art.

The City Attorney held that there was no liability on the Board of Supervisors. There would be, however, liability on somebody.

Thereupon, Supervisor Mead, seconded by Supervisor Sullivan, moved that the resolution of the Park Commission be received and filed, and that the Clerk be instructed to inform the Park Commission that there is no way in which the Board of Supervisors can assume responsibility.

Supervisor MacPhee, however, stated that he believed the communication from the Park Commission should be referred to the Chief Administrative Officer.

Supervisor Brown suggested that there was no necessity for the Board taking any action. Legislation on the subject has already been passed.

Thereupon, Supervisor Mead, seconded by Supervisor Green, moved that the resolution from the Park Commission be received and filed.

No objection, and so ordered.

Presentation of Guest.

During the proceedings, the Honorable Warren Shannon, former member of the Board of Supervisors, who was visiting in the chambers, was presented by the President to the Board and to the citizens present.

Former Supervisor Shannon addressed the Board briefly, commenting on the friendly spirit displayed by the people of other communities, and congratulating the Mayor and the Board of Supervisors on their fine accomplishments, and expressed the wish for continued success of the administration.

Discussion.

Supervisor Mead moved that the foregoing bill be re-referred to the Streets Committee for the purpose of clearing up the language. The proposed closing should be for the duration of hostilities. He would object to any language reading "for the duration of the war."

The Chief Administrative Officer stated that the foregoing proposal was not "for the duration." At the present time the streets named contain railroad tracks, and they are not passable. No public inconvenience is involved. The streets should be closed permanently.

Thereupon, Supervisor Mead announced that he would withdraw his motion.

Whereupon, on suggestion by the President, there being no objection, consideration of the foregoing proposal was *continued until Monday, October 30, 1944.*

Adopted.

Approving and Authorizing Execution of Agreement Between California Highway Division and City and County for Financing Right of Way From South City Limits and Harrison Street.

Proposal No. 4318, Resolution No. 4283 (Series of 1939), as follows:

Resolved, That this Board of Supervisors does hereby approve the following agreement between the Division of Highways, State of California, and the City and County of San Francisco:

Whereas, the parties hereto entered into an agreement for the expenditure for the 1943-45 biennium of one-quarter cent

per gallon tax on motor vehicle fuel for the State highways within the City, as provided for in Section 203 of the Streets and Highways Code, which agreement was executed by the City on the 25th day of June, 1943, and by the Department on the 6th day of July, 1943; and

Whereas, provision is made in the said agreement for the expenditure, as Project 33 (b), of the sum of Five Hundred Fifteen Thousand Dollars (\$515,000) for right of way for State Highway Route 68 from south city limits to Harrison Street, a distance of approximately 6.38 miles; and

Whereas, it is provided in said agreement that said right of way will be secured by the City or the Department or by both, as mutually agreed upon, and the parties desire to provide herein for the manner and procedure for performance of said project,

It is hereby agreed:

1. The City shall perform the work of negotiating for acquisition of the necessary rights of way from south city limits to Augusta Street, and the expenditure of the said sum of Five Hundred Fifteen Thousand Dollars, or so much thereof as may be necessary for said purpose, is hereby delegated by the Department to the City.

2. The following procedure and terms and conditions shall govern such acquisition:

(a) As soon as can be after the execution of this agreement, the City will prepare a standard appraisal report similiar to the appraisal report regularly used by the Department, covering all unimproved properties on the project between south city limits and Augusta Street, and shall commence acquisition of such unimproved properties as soon as possible after approval of such appraisal report. A similar appraisal report shall be submitted for all improved properties on the project between said limits as soon as practical. No acquisition shall be commenced and no obligation to any property owner incurred until the appraisal report in each case has been approved by the Department.

(b) Title to property acquired for such right of way shall be taken in the name of the City and County of San Francisco. On completion of acquisition, the City shall deed to the State of California all property acquired hereunder, including all access rights and other appurtenant rights acquired for such right of way, except that title to lands determined by the Department to be in excess of the area required for highway right of way may be retained by the City for a period to be agreed upon by the parties hereto for the purpose of rental or sale.

(c) All property shall be acquired in fee simple, free and clear of all liens, encumbrances, defects or clouds, such status of title to be evidenced by a policy of title insurance issued by some reputable company engaged in the business of issuing such policies, such policy to be furnished to the State in support of each acquisition case. Title may be taken in lesser estate or interest than fee simple and may be taken subject to liens, exceptions, reservations, defects or clouds, provided that the approval of the Department be first obtained, as provided in sub-paragraph (e) hereof.

(d) No obligation exceeding the appraised value of the property as stated in the approved appraisal report shall be incurred by the City without the prior approval of the Department.

(e) In each case in which it is proposed to pay more than the approved appraisal report provides or to take less than a

complete and perfect fee simple title, the written approval of the Department shall be obtained before any obligation therefor to the property owner is incurred. In such cases the proposed contract, and copy of preliminary title report, together with a brief written explanation of the reasons for increase over the appraised value or for taking less than complete title, shall be submitted to the Department.

(f) Preparation and trial of condemnation actions to acquire title to lands or rights which cannot satisfactorily be acquired by the City through negotiation shall be handled by the Department, and the awards, court costs and trial costs may be charged by the Department against any unexpended or unobligated portion of the sum of Five Hundred Fifteen Thousand Dollars provided in the project agreement referred to in the preamble of this agreement.

(g) If any rental income is derived from the property acquired under the provisions of this agreement or from the sale of excess properties or from the sale of improvements removed from properties or from other salvage, the same shall be collected by the City and deposited in a proper fund in the City Treasury from which payments herein provided can be made. The net revenue from such sources, after deduction of all costs and expenses incurred by the City, not otherwise reimbursed, shall be credited to Project 33 (b) and shall be expended as may be provided in further agreements between the City and the Department relative to expenditure of one-quarter cent funds upon State Highways within the City. The City shall furnish annually a report to the Department relative to all such rental and other income, including gross income received and expenditures in connection therewith. If any income or proceeds from the sources heretofore described in this paragraph shall accrue to the State from said properties after conveyance of title to the State, the net revenue from such sources after deduction of all costs and expenses incurred by the State, shall similarly be credited to Project 33 (b).

(h) Submission by the City of appraisal reports and other matters hereunder for approval is to be done through submission to the District Engineer, District IV of the Division of Highways, San Francisco, California.

(i) The City shall, in addition to the foregoing requirements, comply in its procedure hereunder with the provisions of Sections 91, 92 and 93 of the Charter of the City and County of San Francisco relating to acquisition, sale and lease of lands and improvements for all City and County purposes.

3. The cost of the project provided for herein shall include cost of acquisition of lands and interests therein, removing, demolishing, resetting and altering obstructing buildings, structures or other improvements, the payment of salaries, personal travel expense of employees, and all other expense necessary or incidental to providing a right of way clear and free of all obstructions or encumbrances; except that no charge shall be made by the City for attorneys' fees or salaries paid to attorneys.

If at any time it shall appear that the overhead costs of such acquisition, that is, costs other than payments to owners for land, improvements and interests in land, are exceeding the amounts provided therefor in approved appraisal report by more than twenty-five per cent, the City shall so report to the Department and shall submit a revised appraisal report covering such overhead expenses. If such revised report of overhead costs exceeds the amounts provided therefor in the original appraisal report by more than twenty-five per cent, and if the

Department considers such overhead costs excessive, the Department may terminate this agreement. In such event, the City will be reimbursed for all obligations incurred and expenditures made in accordance herewith prior to such termination.

4. The Department will, on demand of the City, advance moneys proposed to be expended hereunder, the first advance to be in the sum of \$115,000 and each subsequent advance in the sum of \$100,000. Moneys so advanced shall be deposited by the City in some fund in the City Treasury from which any balance finally unused may be withdrawn and repaid to the Department. Such moneys shall be deposited subject to the limitation that none of the same shall be paid out for property acquisition without the prior approval of the Department, acting through its District Engineer at San Francisco, or such subordinate as said District Engineer may designate. The City will furnish to the Department such reports on right of way acquisition and expenditures hereunder as the Department may from time to time require so that the Department may be properly advised as to progress made in such acquisition.

It Is Further Resolved, That the Chief Administrative Officer and the Director of Public Works be and are hereby authorized and requested to execute the foregoing agreement for and on behalf of the City and County of San Francisco, and to transmit it to the District Engineer of the State Department of Public Works.

Requesting Attendance at Meetings of the Board of City Officials or Their Representatives Whenever Matters Are to Be Considered in Which They Are Interested.

Supervisor MacPhee presented:

Proposal No. 4352, Resolution No. 4292 (Series of 1939), as follows:

Whereas, undue delay and criticism result by reason of the fact that each Monday there are presented for the consideration of the Board of

Supervisors communications and various items of proposed legislation which, prior to intelligent action thereon, necessitate the attendance of the sponsoring or interested city officials for the purpose of explaining the necessity for such legislation or the results intended to be accomplished thereby; and

Whereas, it would obviate delay and facilitate the business of this Board if it were arranged that representatives of the various boards and commissions presenting matters for the consideration of this Board were to be present at that meeting at which their communications or legislative recommendations are to be considered; now, therefore, be it

Resolved, That this Board of Supervisors does hereby address itself to the various boards, commissions, executive and administrative officials of the government of the City and County of San Francisco and does respectfully request that, in future, whenever a matter coming under their respective jurisdictions is presented for the consideration of the Board of Supervisors at a regular meeting thereof, such board, commission, executive or administrative official shall arrange to have in attendance a representative fully conversant with the subject matter and in a position to supply the members of this Board with information upon all aspects of the matter; and be it

Statement by Supervisor Mead.

Supervisor Mead addressed the Board briefly, stating that he would not object to suspension of the rules or the adoption of the foregoing proposal, but he desired to warn the members of the Board that he felt the adoption to be an idle act. He did not believe the Board would get the results it expected.

Thereupon, there being no objection, the rules were suspended and the foregoing proposal was *Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Absent: Supervisors Colman, Gartland—2.

Report on Meeting of League of California Cities.

Supervisor MacPhee reported on meeting of the League of California Cities, held in Sacramento, Wednesday, October 18, 1944, attended by him as representative of the Board of Supervisors. Urban redevelopment plans were discussed at the meeting. The meeting was attended by both governmental bodies and by non-governmental bodies. Plan originally recommended by the Board of Supervisors is being carried out almost 100 per cent by the various Boards of Supervisors.

Hearing of Complaints Against Street Car Service.

Supervisor Mancuso, under his name on Roll Call, referred to communication from Mr. E. G. Cahill, previously read to the Board, reporting that the Public Utilities Commission met every Monday, at 5:00 p. m., at which citizens could be heard. As to the question of improvements already effected in street railway transportation, Supervisor Mancuso held, that is a matter of opinion. The general public, though, should be given an opportunity to express itself on the subject. Many

people cannot attend meetings held at 5:00 p. m., and if Mr. Cahill does not want to hold meetings when the public can attend, the Board of Supervisors should do so.

Post-War Projects.

Supervisor Uhl presented report on post-war projects, stating that he desired to bring the projects before the Board and to impress on the members their importance. For that reason he desired his report to be entered in the record.

Supervisor MacPhee reported that the question of financing post-war projects was in Finance Committee; the projects themselves, as reported by the City Planning Commission was in Building Committee. The Building Committee should meet as early as possible and bring its recommendations to the Board.

No action taken on request to make report part of the record.

Reduction of Accidents Due to Staggered Car Stops on Market Street.

Supervisor Uhl read an article printed in the San Francisco Examiner reporting a marked decrease in accidents on Market Street, at points where staggered stops for street cars have been in effect.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:00 p. m., adjourned.

Monday, October 16, 1944—Continued to Monday, October 30, 1944, as a Special Order of Business for 3:00 P.M.

Discussion.

Supervisor Green explained the reasons prompting him to propose the foregoing bill. Bookmaking, he declared, is now, has been in the past, and will be prevalent in the future. The present ordinances should be repealed, looking forward to the repeal of state legislation, and regulations should be set up to permit the receipt of a great deal of revenue by the City and County, probably between \$250,000 and \$500,000 annually. Licensing and regulating bookmakers will permit those who desire to place small wagers, but who have neither the time nor the money to visit the race tracks, to do so. Approval of the proposed legislation would also provide that bookmakers be bonded to protect the interests of their clients. Such approval would be, he held, a step in the right direction. We repealed our laws with respect to prohibition before the Volstead Act was repealed. If we repeal our present ordinance with respect to this matter it will have a great deal of influence with the State Legislature at its next session.

Privilege of the Floor.

Supervisor Colman announced that he had requested postponement of the foregoing bill in order that people, if notified, might be interested in expressing their views.

Thereupon, the Chair announced that the privilege of the floor would be granted to all proponents of the proposed legislation.

No proponents appeared.

Thereupon, Supervisor Colman requested that opponents be heard.

Reverend Hughbert H. Landram, Executive Secretary, Council of Churches, opposed the passage of the proposed legislation, pointing out what in his opinion seemed to be the advantages and the disadvantages of the legislation. While the proposed legislation would raise large sums of money, and would help a few people to secure insignificant sums of money, and would furnish some jobs, many citizens object to financing the City and County treasury from returns from gambling enterprises. Any form of gambling, he held, was bad. Gambling takes money from those who can least afford to lose it. It is a step toward depleting the moral structure of the City and County. Gambling enterprises encourage the least desirable elements of the population, and it would require additional police officers to enforce the laws. He believed the passage of the legislation would result in great harm to the social life of San Francisco. He was opposed to the passage of the bill.

Reverend Henry C. S. Keeton, Minister of the First United Presbyterian Church, voiced the protest of the Ministerial Association, also opposed passage of the foregoing bill. Passage would add to the growing rate of juvenile delinquency. It is in direct opposition to the unwritten moral law that one cannot get something for nothing. It would mean that more and more money would be wasted in wild attempts to secure free wealth.

Mrs. H. W. Thomas, representing the Parent-Teacher Association, presented a communication from that organization, as follows, and requested that it be read into the record:

October 27, 1944.

Board of Supervisors
City Hall, San Francisco.

Gentlemen:

In line with the national, state and local policy of the parent teacher

organization opposing legalized gambling, after careful consideration Second District at its meeting on October 24th voted to oppose the passage of any ordinance in San Francisco which would legalize gambling in San Francisco.

We hope you will give consideration to the stand taken by Parent Teacher members if such a measure should be proposed at any time.

Yours very truly,

(Signed) ESTHER W. THOMAS

(Mrs. Harry W. Thomas),

President, San Francisco Second District.

The Clerk presented and read a communication from Mr. A. G. Curtis, opposing the proposed legislation.

Charles F. Dullea, Chief of Police, opposed the ordinance.

Mr. Tom Lynch, representing the District Attorney, also expressed opposition to the proposed legislation.

Mrs. Rose Walker addressed the Board in opposition to passage.

In Hands of the Board.

On motion by Supervisor MacPhee, all citizens present who so desired, having been heard, the matter was taken into the hands of the Board.

Supervisor Colman opposed passage of the ordinance. He believed approval of the proposed legislation would be a step backward. Although San Francisco wants revenue, he stated, it did not want revenue from that source. Bookmaking does exist to some extent, he agreed, but the bill as proposed, if approved, would make it an open thing. It would contribute to juvenile delinquency. It would create disrespect for earning an honest day's wage for performing an honest day's work. No one seems to be in favor of the measure. The Board should refuse passage.

Supervisor MacPhee announced that the Police Department and the District Attorney have done a good job in closing up bookies. They should not be licensed.

Supervisor Green, in closing, stated that it was not altogether a question of revenue or of morals. "We are not being fair with ourselves," continued Supervisor Green, "when people who have enough money or time can bet at the track and they cannot do so in the City and County of San Francisco." People will bet, and sometimes with those who are not responsible. To permit bets at the track and not outside, is not right. If the City and County bond people who carry on the business of bookmaking and make them responsible, and get revenue, although the revenue is not the main reason for enacting the proposed legislation, the city would be taking a step in the right direction.

Thereupon, the roll was called and the foregoing bill was *Refused Passage for Second Reading* by the following vote:

Aye: Supervisor Green—1.

Noes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Absent: Supervisor Gartland—1.

Statement by Supervisor Mead.

Subsequently during the proceedings, under his name on Roll Call, Supervisor Mead explained his vote on the foregoing measure. He felt it would have been an idle act to pass the measure as proposed. It was a matter that should have been handled by state authorities. However, he commended Supervisor Green for his honesty and sincerity, and stated that Supervisor Green was not being fooled; he was not being fooled; nor was the public in general being fooled. If it is right to bet at race tracks it is right to bet elsewhere. Supervisor Green is not

alone in his thought. Basically, Supervisor Mead stated, he agreed with Supervisor Green, but he felt the introduction of the legislation was premature. It should have been taken up by the State Legislature and not by the Board of Supervisors.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of Finance Committee, heretofore Passed for Second Reading, were taken up:

The following, from Finance Committee without recommendation, was taken up:

Authorizing Lease of Space in Holbrook Building.

Proposal No. 4358, Resolution No. (Series of 1939), as follows:

Resolved, In accordance with the recommendation of the Public Utilities Commission, that the Mayor and the Clerk of the Board of Supervisors on behalf of the City and County of San Francisco, a municipal corporation, as lessee, be and they are hereby authorized and directed to execute a written lease with the Holbrook Building, as lessor, of Rooms Nos. 607, 609, 611 and 613 in that certain building located at 58 Sutter Street, San Francisco, California, to be used by Mr. L. V. Newton as Consultant for the Municipal Railway.

The lease shall be on a month-to-month basis, beginning October 1, 1944, at a rental of \$190.59 per month, subject to certification as to funds by the Controller pursuant to Section 86 of the Charter.

The form of lease shall be approved by the City Attorney.

Recommended by the Director of Property.

Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee, in explaining the reasons for referring the foregoing proposal to the Board, without recommendation, announced that the Finance Committee believed that space for Mr. Newton should be provided in the City Hall.

Supervisor Mead, in explaining his views, first stated that he had been opposed to the employment of Mr. Newton, believing that there were enough assistants, engineers and consultants employed by the City and County without employing Mr. Newton. However, since Mr. Newton has been employed, it is necessary for him to have some office space. It would seem, though, that since his services are so greatly needed, he should be sitting alongside Mr. Cahill; it does not make sense to have him located in one part of San Francisco and Mr. Cahill in another. He was not convinced that there was not space in the City Hall for Mr. Newton.

Supervisor Green expressed agreement with Supervisor Mead. He did not think the Board had been fairly treated when it was asked to authorize the employment of Mr. Newton. Instead of being employed on a full time basis, it has since developed that Mr. Newton has outside interests. He could not vote for the proposal, and stated that if possible, he would move to rescind the action of the Board authorizing the employment of Mr. Newton.

The City Attorney advised that inasmuch as the contract with Mr. Newton has already been signed, the Board could not rescind its action.

Supervisor Colman disagreed with the views expressed by Supervisors Mead and Green. The only question, he said, was whether Mr. Newton should be in the City Hall or on Sutter Street.

Mr. Robert Scott, representing the Public Utilities Commission, reported that it was proposed to lease the space in the Holbrook Building on a month-to-month basis until such time as space could be made available in the City Hall.

Thereupon, Supervisor Colman announced his intention to vote "Yes" on the foregoing proposal.

Mr. Lloyd Taylor, Secretary of the Market Street Association, was granted the privilege of the floor on motion by Supervisor Meyer. Mr. Taylor recommended the adoption of the proposal under question.

Supervisor Mead again opposed the proposed leasing of space in the Holbrook Building.

Supervisor Meyer favored adoption of the proposal.

Supervisor Brown agreed with Supervisor Mead that Mr. Newton and Mr. Cahill should be located as closely together as possible. He suggested that under the present circumstances that possibly the Citizens' Protective Corps might be located elsewhere in order to make space for Mr. Newton. However, as long as the lease was on a month-to-month basis, the Board should authorize its execution with the understanding that every effort should be made to move Mr. Newton to the City Hall at the earliest possible date.

Supervisor Mancuso announced that he did not believe Mr. Newton needed so much office space to take care of the City and County business, and suggested that he was going to conduct his other business in the offices for which the City and County was going to pay the rent. The City and County is entitled to forty hours' service per week, at the City Hall. Mr. Newton should be accommodated at the City Hall, and not down town.

Supervisor MacPhee also believed that Mr. Newton should be at the City Hall even if someone else had to be moved in order to furnish him the necessary office space. After further brief discussion Supervisor MacPhee moved postponement of further consideration for one week. Motion seconded by Supervisor Green.

The Chair declared the motion to be out of order since Supervisor Mead had the floor at the time the motion was made.

Supervisor Mead requested vote without further delay.

Supervisor Colman again discussed the matter briefly. The Board of Supervisors should cooperate with the Utilities Commission. There is no more important problem now before the City and County. The management of the Municipal Railway wants this space and the Board should not oppose it. It might be more convenient to have Mr. Newton located in the City Hall, but that is impossible at the present time.

Supervisor Mead again opposed the proposal.

Mr. Scott announced that the offices now occupied by Mr. Newton were formerly occupied by the Market Street Railway Company. That company, however, gave up the offices on October 1st. They have other offices in the same building. However, the proposed lease is merely a temporary arrangement. The Public Utilities Commission has requested the Director of Property to find suitable office space in the City Hall for Mr. Newton. Mr. Phillips has not yet been able to do so.

Thereupon, the roll was called and the foregoing proposal was *refused passage* by the following vote:

Ayes: Supervisors Colman, Meyer—2.
 Noes: Supervisors Brown, Gallagher, Green, MacPhee, Mancuso, Mead, Sullivan, Uhl—8.

Supervisor Mancuso announced that the foregoing bill, as now presented, met with the approval of all interested parties, but, in accordance with suggestion by the Clerk, it should be reworded in order that it be passed as an amendment to the San Francisco Municipal Code, and he would so move. Memorializing the Congress of the United States in Connection With Federal Aid Highways Legislation.

Proposal No. 4365, Resolution No. 4307 (Series of 1939), as follows:

Whereas, there are now pending before the Congress of the United States two bills on the subject of federal aid for post-war highway construction and incidents thereto, one of which bills is designated Senate Bill 2105, commonly known as the Hayden Federal Aid Highways Bill, and the other as House Resolution 4915, commonly referred to as the Robinson bill; and

Whereas, the Board of Supervisors of the City and County of San Francisco has made a study of the two proposed measures and has determined that public interest, both of San Francisco and the State of California, would best be served by the enactment of the Hayden bill, provided there were included therein an additional provision to permit the use of moneys appropriated pursuant thereto for the acquisition of rights of way and that failing passage of the Hayden Bill with the amendment heretofore suggested, the public interest of the City and County of San Francisco and the State of California would best be served by the enactment of the Robinson bill; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Congress of the United States and does respectfully urge that the Hayden Federal Aid Highways Bill, after amendment to include a provision permitting acquisition of rights of way with moneys appropriated pursuant to such bill, be enacted into law and that in the event, for some reason it is found impossible to comply with the foregoing request, this Board of Supervisors does respectfully urge immediate enactment of the Robinson Federal Aid Highways Bill; and be it

Further Resolved, That copies of this resolution be sent to Senators Johnson and Downey, as well as to Congressmen Welch and Rolph, with the request that they exert their best efforts to accomplish the purposes of the Board of Supervisors as described and set forth in this resolution.

Whereas, there was introduced in and approved by the House of Representatives H.R. 735, a bill designed to provide the benefits of hospitalization and admittance to Veterans' Homes for certain of the personnel engaged in the Army Transport Service during the Spanish-American War; and

Whereas, this bill is now pending in the Finance Committee of the United States Senate; and

Whereas, it is the opinion and belief of the members of this Board of Supervisors that due to the particularly hazardous conditions which attended the service of the personnel referred to and of their very close connection with and in many cases participation in the actual war effort, together with the fact that their wages were fairly commensurate with those received at that time by members of the armed forces, the remaining few hundred survivors of the service referred to are entitled to and should be granted the benefits of hospitalization and maintenance in Veterans' Homes; now, therefore, be it

Resolved, That this Board of Supervisors representing the City and County of San Francisco does hereby approve H.R. 735, and does respectfully memorialize the Finance Committee of the United States Senate and does urge that the bill referred to be immediately reported out with a favorable recommendation; and be it

Further Resolved, That Senators Downey and Johnson, as well as Representatives Welch and Rolph be and are hereby requested to exert their best efforts to the end that the purpose of this resolution may be accomplished and further that favorable action may be had thereon by the United States Senate; and be it

Further Resolved, That copies of this resolution be sent to Honorable Robert R. Reynolds, Chairman of the Committee on Military Affairs, United States Senate, to the Honorable Bennett Champ Clark, Chairman of the Finance Committee, United States Senate, to Senators Hiram W. Johnson and Sheridan Downey and to Congressmen Richard J. Welch and Thomas Rolph.

The grant of said easement shall be made subject to the following reservations and conditions:

1. All reservations, conditions and easements of record, also all existing leases and rights of way.

2. San Francisco reserves the right to use said land for any purpose not inconsistent with the use thereof by San Bruno under the provisions of this grant. San Francisco also reserves the right to grant easements to other parties, over, in and upon said property, provided such easements do not interfere with the use of said sewer easement by San Bruno.

3. The use of said property by San Bruno shall be limited solely to the purposes set forth herein. The diameter of said sewers shall not exceed 24 inches.

4. San Bruno shall at all times keep said property in good and sightly condition so far as the same may be affected by its operations hereunder and shall abide by all laws and governmental orders or regulations and amendments thereto controlling or limiting in any way the use of said sewer easement. San Bruno shall pay all expenses pertaining to the construction, reconstruction, operation, use, repair and removal of said sewers and appurtenances.

5. San Francisco shall not be liable to San Bruno or to any other party for any death, injury or damage that may result to any person or property, due directly or indirectly to San Bruno's occupation and use of said easement herein described, and San Bruno shall promptly pay any and all just claims therefor. San Bruno shall indemnify and hold San Francisco harmless from all claims, liens and judgments of every kind and nature in connection therewith, and shall defend San Francisco against any and all such claims and liability.

6. Upon the violation of any of the terms and conditions hereof and the failure of San Bruno to remedy the same within sixty days after written notice from San Francisco so to do, or in the event San Bruno abandons the use of said easement for a period of one year, then San Francisco may terminate this grant and thereupon San Bruno shall have no further rights in said property.

7. The manner of construction of said sewers and the grades at which they are to be constructed shall be satisfactory to the San Francisco Public Utilities Commission and approved by it prior to construction. sewers shall be so constructed and maintained that there shall be no leakage or overflow therefrom.

8. During construction or repair of the sewers on said easement, San Bruno shall provide protective barricades along the trench where necessary, and shall also provide suitable bridges over the trench for the passage of men, animals and vehicles. Upon completion of the work San Bruno shall remove such barricades and bridges, and shall properly backfill the trench.

9. In consideration for this grant, San Francisco shall have the right to make connections to and discharge sewage into said sewers for the disposal of sewage from buildings now or hereafter constructed by San Francisco or its tenants on San Francisco's Airport lands situated within the city limits of San Bruno along and near the lines of said sewers. The expense of making such connections shall be borne by San Francisco or its tenants.

10. Immediately after the main sewer has been constructed on the easement herein granted and has been placed in service, San Bruno shall stop the use of all sewers and appurtenant structures heretofore constructed by it on San Francisco's Airport lands except those constructed under authority of this deed, and except those covered by the permit granted to San Bruno by San Francisco's Public Utilities Commission by Resolution No. 3351, adopted July 24, 1939. Within ninety days after said main sewer is placed in service San Bruno shall remove from San Francisco's land said sewers and appurtenances which are no longer to be used, otherwise San Bruno shall be deemed to have relinquished all rights therein to San Francisco.

11. Immediately after discontinuance of use of San Bruno's sewer which now extends from west to east across the southerly portion of the San Francisco Airport lands, San Bruno shall, at its own expense, apply chemical or other treatment to the sewage which has been discharged onto the airport property from said sewer, in order to leave said land in a sanitary and sightly condition.

12. This grant may be changed or modified by further agreement between the parties hereto.

13. The rights and conditions herein set forth shall inure to the benefit of and bind the successors and assigns of the parties hereto.

Supervisor Mancuso presented:

Bill No. 3184, Ordinance No. 2982 (Series of 1939), as follows:

Appropriating the sum of \$14,029.95 from the surplus existing in the Emergency Reserve Fund to provide additional funds in the office of the Registrar of Voters for Contractual Services due to the very heavy registration of voters, increased printing and transfer costs, and the expense of handling the unusual number of requests from service men and women for absentee ballots; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$14,029.95 is hereby appropriated out of the Emergency Reserve Fund to the credit of Appropriation No. 429.200.00 to provide funds in the office of Registrar of Voters for contractual services.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance becoming effective forthwith, the nature of said emergency being as follows: The heavy registration of voters, increased printing and transfer costs, and the expense of handling the unusual number of requests from service men and women for absentee ballots requires the appropriation of these additional funds in connection with the election to be held on November 7, 1944, in order that the work performed by the office of Registrar of Voters may proceed without interruption. Funds provided for contractual services in this department will prove insufficient, and there are no other funds available for the purpose.

Approved by the Chief Administrative Officer.

Approved by the Mayor.

Discussion.

Supervisor Brown objected to the suspension of the rules for the purpose of immediate consideration of the foregoing bill. The Board, at its previous meeting, Supervisor Brown stated, had voted \$10,000 for the same matter.

The Chief Administrative Officer reported that the bill to which Supervisor Brown had referred was for personnel; the foregoing bill is for material which is needed in order to conduct the election on November 7th.

The Chair referred the bill to Finance Committee.

Mr. Kline, Director of Finance and Records, however, following questioning by Supervisor Uhl, stated that any delay in passage would be dangerous. The appropriation is needed to provide for the coming election. Materials must be supplied. Voting machines must be taken to the various precincts.

The Chief Administrative Officer pointed out that many of the increased costs could not be foreseen at the time the budget for the Registrar of Voters was compiled. However, he could have avoided a scolding by the members of the Board had he seen fit to pad the budgets for which he was responsible. That he had not done.

Thereupon, Supervisor Brown announced that he would not block the holding of an election, but he thought the presentation of one emergency ordinance one week and another the next week for the same department was going too far. The foregoing should have been presented at the previous meeting. He would, though, withdraw his objection to suspension of the rules because of the urgency of the matter.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Absent: Supervisors Gartland, MacPhee—2.

In Memoriam—Harvey Bell.

Supervisor Green presented:

Proposal No. 4371, Resolution No. 4311 (Series of 1939), as follows:

Whereas, this Board of Supervisors learns with sincere regret of the sudden death from an acute heart attack of Harvey Bell, member of the San Francisco Typographical Union No. 21, and charter member of the Lincoln Park Golf Club; and

Whereas, Harvey Bell, well and favorably known for his many fine qualities of mind and heart leaves a wife, Alberta M. Bell, and a sister, Dorothy Sicke, who will long mourn his passing, as well as a host of friends in all walks of life who will cherish the memory of his genial and admirable character; and

Whereas, Harvey Bell was a devoted husband and brother, as well as a faithful and loyal friend and companion and his untimely demise in the prime of life comes as a distinct shock to all who knew and loved him; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the revered memory of Harvey Bell; and be it

Further Resolved, That the Clerk be directed to tender to the sorrowing wife and sister a suitably engrossed copy of this resolution ex-

Intention to Close King Street From The Embarcadero to Second Street and Gale Street From Townsend Street to King Street.

Proposal Filed and Substitute Motion Approved.

The following recommendation of Public Utilities Committee was taken up:

Present: Supervisors Brown, Meyer.

Board of Supervisors to Hold Public Night Hearings to Receive Suggestions From Civic Bodies, Associations and Individuals for Improvement of Street Car Transportation System.

Proposal No. 4386, Resolution No. (Series of 1939), as follows:

Whereas, after four unsuccessful attempts, the proposal for the acquisition of the Market Street Railway's operating properties was finally consummated in May of this year and joint operation of the combined systems under the management of the Public Utilities Commission commenced on September 29, 1944; and

Whereas, the keynote of all the campaigns waged on behalf of the proposal for the consolidation of the two railway systems was the representation that approval of the plan for unified operation would result in more efficient service and would redound to the benefit, particularly, of the car riding public of San Francisco, as well as to the development of such outlying and sparsely settled districts as still remain within the confines of the City and County of San Francisco; and

Whereas, in vindication of the representations and promises which were held out and made to the voting public of San Francisco, it is incumbent now upon the officials of the City and County of San Francisco that every endeavor be made to provide such service for the streetcar riding public of this city as was represented would result from approval of the proposal for consolidation of the two major streetcar systems; now, therefore, be it

Resolved, That this Board of Supervisors fix a time, or times, for public night hearings upon the subject of streetcar transportation in San Francisco to which all of the civic bodies, associations and individuals interested in the subject shall be invited for the purpose of presenting such views as they may have for the improvement of the streetcar transportation system generally or with particular reference to the locale or community in which they reside or which they represent; and be it

Further Resolved, That the Public Utilities Commission and its manager, together with the Street Traffic Advisory Board and any other interested or responsible city officials, shall be invited to attend and participate in such hearings and that a transcript of the proceedings be had for subsequent transmission to the Public Utilities Commission, together with such indications of their views as the Board of Supervisors may determine upon or conclude in the matter.

Privilege of the Floor.

Mr. Marshall Dill, Public Utilities Commissioner, on being granted the privilege of the floor, and speaking for the Commission, stated that the Public Utilities Commission has felt that the time was not quite ripe for holding night meetings for hearing complaints against the street car service. The Commission had, though, instructed him to advise the Board of Supervisors that it is willing to relieve the Board of the embarrassment of being recipients of complaints and criticisms of the transportation service. Complaints should be directed to the Public Utilities Commission. The Commission believes that there has been too short a time to justify night meetings. However, an early date will be set. The Commission still maintains that the time for such meetings should be in late December or early January, as it will then become possessed of facilities to rectify many of the problems. The Commission believes that as many members of the Board of Supervisors as can possibly be present, attend the night meetings. The Commission was not opposed, however, to the foregoing proposal as printed on the Board's Calendar.

Supervisor Colman, following the statement by Commissioner Dill, expressed opposition to Proposal 4386, which would authorize the holding of night hearings by the Board of Supervisors, and he thanked Commissioner Dill for his solid and constructive proposal. Since the conduct of the utilities is in the hands of the Public Utilities Commission, that is the body to whom complaints should be made. The Board of Supervisors has no authority in the matter.

Thereupon, Supervisor Colman moved as a substitute for Proposal 4386 on the Calendar, that the Board of Supervisors approve the idea of the Public Utilities Commission to hold a night meeting, and as many of the members of the Board as can attend the meeting or meetings. Motion seconded by Supervisor Green.

Supervisor Mancuso, in discussing the motion by Supervisor Colman, agreed that the Public Utilities Commission should hold meetings rather than the Board of Supervisors. However, he felt that the Board should postpone action on Proposal 4386 and let the Commission put the procedure in motion for the purpose of holding meetings. Then the Board might drop the proposal from the Calendar. For that reason he would favor postponement of action on Proposal 4386 for four weeks in order to give the Public Utilities Commission time to adopt its procedure.

Supervisor Colman pointed out that the Board could take up the proposal at any time if it so desired, but he believed that the matter should, at the present time, be placed entirely in the hands of the Public Utilities Commission.

Commissioner Dill, thereupon, announced that the Commission would set a meeting at an early date. However, he had not yet consulted with the other members of the Commission as to the exact date, but it was in the minds of the Commission to hold such meeting two weeks from November 8 or November 22, 1944. However, he could not make a definite commitment as to that date since two of the Commissioners might be away; they are out of town at the present time. The Commission believes the best interests of the City and County would be served in late December, but it will call a meeting for an early date.

Supervisor Mancuso then pointed out that the public was interested in letting the Commission know about certain changes that could be made to improve transportation even before receipt of new equipment. The public thinks such meeting should be held immediately. The meeting should be held within the next thirty days. The public should be given ample time to attend the meeting. He suggested further that the meeting should be held on a Wednesday evening as that was the best evening for general attendance of the public.

The Chair, Supervisor Dewey Mead, stated that he believed the Public Utilities Commission would use discretion and good judgment with respect to calling any meeting.

Supervisor MacPhee, thereupon, extended congratulations to the Public Utilities Commission for its action.

Supervisor Colman, in a few further remarks, stated that the Board of Supervisors, in his opinion, could do a splendid public service by cooperating with the Public Utilities Commission and not taking as true, all the complaints that are being made, without hearing from the other side. The members of the Board should take the time and trouble to explain the situation to those making such complaints.

Supervisor Mancuso, in explaining his intended vote, stated that he would vote for the motion by Supervisor Colman. He was interested in seeing the Public Utilities Commission hold the proposed meetings rather than the Board of Supervisors. He was voting with the understanding that the Commission would schedule a night hearing within the next two weeks, and that the Commission could give an ample opportunity for the public to be informed of the hearing; also, that the Public Utilities Commission would consider the suggestion that Wednesday evening as preferred by those people who are particularly interested.

Thereupon, the roll was called and the motion by Supervisor Colman, that the Board of Supervisors approve the idea of the Public Utilities Commission to hold a night meeting, and as many of the members of the Board as can, attend the meeting or meetings, was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—9.

Absent: Supervisors Brown, Gartland—2.

Whereupon, Proposal 4386 was *filed*.

Firemen's Ball.

Supervisor Uhl, under his name on Roll Call, reported that the Firemen's Ball, held on Saturday evening, November 4, 1944, was one of the best affairs it had been his pleasure to attend, and that Chief Sullivan, the Mayor and others who took part should be congratulated on having been present.

His Honor the Mayor expressed agreement with Supervisor Uhl, stating that the ball was a very well conducted affair and an inspiring thing.

Salary Standardization.

Supervisor MacPhee reported on discussion had in Finance Committee on Thursday, November 2, 1944, on certain salary schedules, and a subsequent meeting on the subject with the Mayor. Attention was brought to the fact that some of the employees of the former Market Street Railway are leaving the employ of the City at the present time because of the unsuitable condition of wages. Some of the platform men are working for less than they formerly received. He realized that the Board could do nothing in the matter, pending court decision, but wondered if something could not be done to hasten the receipt of that decision. Losing the platform men will mean curtailment of service to the public. He thought the Clerk of the Board of Supervisors should inform the court of the Board's serious consideration of the matter, and should ask if anything might be done to expedite a decision.

Supervisor Mancuso replied, stating that the City Attorney had already informed the Board that a decision had already been handed down, favoring the City; that the opposing parties have sixty days in which to file an appeal, and that no appeal has been filed as yet. There is nothing, at the present time, before the courts.

No objection, and motion approved.

Condemning Work Stoppages That Interfere With the War Effort.

Supervisor Mead presented resolution adopted by the San Francisco Labor Council, reaffirming its stand taken at the outbreak of the war that it will advise all American Federation of Labor unions to stay on the job and condemning any union engaging in any work stoppage which will interfere with the war effort, and requested the Board to go on record as concurring in the stand taken by the Labor Council, and to commend the Council on its stand.

The following, from Commercial and Industrial Development Committee without recommendation, was taken up:

Present: Supervisor Mead.

Approving Amendment to Farmers Market Ordinance to Permit Market to Be Opened on Sundays and Closed on Mondays.

Proposal No. 4394, Resolution No. (Series of 1939), as follows:

Whereas, growers who market their produce at the Farmers' Free Market are desirous of having the Market open on Sundays and closed on Mondays; and

Whereas, it is the consensus of opinion among the growers that the closing of the market on Sundays works a hardship on them and results in the spoiling of fruit and produce because there are no refrigeration facilities available to hold the same over to Monday; now, therefore, be it

Resolved, That the Board of Supervisors hereby approves an amendment to the Farmers' Free Market ordinance, whereby the Market will be open on Sundays and closed on Mondays; and be it further

Resolved, That the City Attorney be and he is hereby respectfully requested to draft the necessary legislation whereby the Farmers' Free Market will be open on Sundays and closed on Mondays.

Discussion.

The Clerk presented and read a communication from John G. Brucato, Chairman, Farmers' Market Advisory Board, protesting any change in hours in which the Farmers' Market would be operated.

Supervisor Mead explained that the Committee could make no recommendation on the foregoing matter, inasmuch as there was not a quorum present at the meeting. There were no representatives of the growers present at the meeting, and it was called to his attention that the growers were not requesting the proposed change. However, Supervisor Mead continued, he thought it would be bad for the Board of Supervisors to grant permission for opening the market on Sundays and to have it closed on Mondays. It would have a bad effect on other merchants in the same line of business. He hoped the Board would vote "No" on the proposal.

Thereupon, the roll was called and the foregoing proposal was *Refused Adoption* by the following vote:

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Uhl—10.

Resolved, That public interest requires the closing and abandoning of King Street from The Embarcadero to Second Street, and Gale Street from Townsend Street to King Street, and that it is the intention of this Board of Supervisors to close and abandon said streets, situated in the City and County of San Francisco, State of California, and more particularly described as follows:

"All of King Street lying between the westerly line of The Embarcadero and the northeasterly line of Second Street, and all of Gale Street lying between the southeasterly line of Townsend Street and the northwesterly line of King Street."

Reference is made to a map on file in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco showing the location of the streets proposed to be closed.

Discussion.

Supervisor Gallagher, at whose request consideration of the foregoing matter had previously been postponed, announced that he had visited the street proposed to be closed, and that he and the Chief Administrative Officer were requesting that the Board of Supervisors refuse adoption to the foregoing proposal or return it to committee.

The Chief Administrative Officer expressed agreement with the statement by Supervisor Gallagher. The street might be closed for the duration of hostilities, but he did not think it advisable that it be closed permanently. He requested the matter be re-referred to Committee.

Thereupon, there being no objection, the foregoing matter was re-referred to Streets Committee.

Consideration Continued.

Present: Supervisors Uhl, Colman, Sullivan.

Approving Mayor's Intention to Conduct Hearings to Consider Post-War Planning and Suggesting that Calls for Such Hearings Include Public Buildings, Lands and City Planning Committee of the Board of Supervisors, and Any Other Members of the Board Who May Desire to Attend.

Proposal No. 4399, Resolution No. (Series of 1939), as follows:

Whereas, the report of the City Planning Commission on post-war planning is now in the hands of the Mayor for study; and

Whereas, his Honor the Mayor has expressed a feeling that meetings with various heads of departments will be necessary before a definite plan of action can be outlined; now, therefore, be it

Resolved, That this Board of Supervisors heartily approves of the Mayor's intention to conduct hearings on this most important subject as soon as practicable and respectfully suggests that when the calls for

hearings are issued, that they include members of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors as well as any other member who may express a desire to attend.

Discussion.

His Honor the Mayor requested that Proposal No. 4399 remain on the Calendar for one week. He intended to bring to the Board, at its next meeting a formal recommendation as to procedure. In the meantime he would like to consult with Supervisors Uhl and MacPhee and others.

After further brief remarks, Supervisor Green, seconded by Supervisor Colman, moved that further consideration be postponed until Monday, November 20, 1944.

No objection, and motion carried.

Statement by Supervisor Colman.

Supervisor Colman, following the adoption of the foregoing Proposal, announced that when Mr. Varley's name was first presented to the Board as a candidate for office on the Golden Gate Bridge and Highway District, he had voted against him. However, in the term just passed he had gone into the question as to how Mr. Varley had conducted himself. He had spoken to Mr. Hadeler and to Mr. James Rickets, and it was a pleasure to report that Mr. Varley has become a valued member of the Board of Directors.

Supervisor Colman stated further that he believed it was the duty of the Board of Supervisors to keep in touch with the Bridge affairs as much as possible without meddling. It was a pleasure, also, for him to state that Mr. James Rickets has been doing a very fine job as General Manager of Golden Gate Bridge.

Supervisor MacPhee presented:

Proposal No. 4405, Resolution No. (Series of 1939), as follows:

Endorsing and Urging Approval of Admiral Land's Bill for Merchant Seamen Known as "Seamen's Bill of Rights."

Supervisor Mead presented:

Proposal No. 4406, Resolution No. (Series of 1939), as follows:

Whereas, there is pending in the House Merchant Marine and Fisheries Committee for hearing on November 21, 1944, an amendment to the so-called Peterson Bill, calculated to make Admiral Emory Land's proposal for Seamen's Bill of Rights a legislative reality; and

Whereas, more than 5700 merchant seamen have lost their lives or have been reported missing in action and over 500 of them are prisoners

of war and thousands of them have been injured or disabled as a result of or in the course of war service; and

Whereas, despite a hard and uncertain calling, merchant seamen do not have the protection of unemployment insurance, workmen's compensation, group life insurance, pensions or retirement plans; and

Whereas, when signing the GI Bill of Rights on June 22, 1944, President Roosevelt stated: "I trust that Congress will soon also provide similar opportunities . . . to the members of the Merchant Marine, who have risked their lives time and again during this war for the welfare of their country"; and

Whereas, the men of the Merchant Marine have gallantly fulfilled their tasks throughout the war period; now, therefore, be it

Supervisor MacPhee presented the following recommendation of the Finance Committee:

Bill No. 3202, Ordinance No. (Series of 1939), as follows:

Amending Section 15, Ordinance No. 1.075, Bill No. 1734, providing for the printing and distribution of the Municipal Code, by providing that the Board of Supervisors may, by resolution, fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of portions of the Municipal Code in pamphlet form.

Repair or Repaving of Market Street.

Supervisor Colman called attention to the bad condition of the paving on Market Street, pointing out that Market Street is, as it were, the front door to San Francisco and, in its present condition is not a credit to the City and County. He knew of no other city in the world with a street of such importance to it, as is Market Street to San Francisco. He believed the repair or reconstruction of the paving should be a current project. The street is now in a deplorable condition.

The Chief Administrative Officer, in reply, pointed out that the repair of the street paving between the tracks and for a distance of two feet on either side thereof, is now the responsibility of the Public Utilities Commission. He pointed out, also, the difficulty of doing the necessary work at the present time, due to the shortage of the necessary materials and labor. However, just as soon as the Public Utilities Commission arranges for the repair or the reconstruction of its section of the roadway, the Department of Public Works will take care of its portion of the street.

Supervisor Mancuso suggested that due to the increased holiday congestion in the downtown area, nothing be done until after the Christmas holidays.

Installation of Plaques Commemorating San Franciscans Who Have Given Their Lives in the Present World War.

Supervisor Green called attention to the practice instituted sometime ago by the San Francisco "Call-Bulletin," of placing plaques through the City and County, at various street intersections, commemorating San Francisco's hero dead, and urged that the practice be continued.

Following brief discussion, and statement by the Chief Administrative Officer that he favored the continuation of the practice, but that it was almost impossible to get the type of material needed for the plaques at the present time, Supervisor Green announced that he would, at a later meeting of the Board, bring in a resolution on the subject.

Commending War Manpower Commission for the Excellent Manner in Which the Show of War Maneuvers Was Conducted at Seals Stadium.

Supervisor Mancuso presented:

Proposal No. 4407, Resolution No. 4340 (Series of 1939), as follows:

Whereas, at a mighty military panorama entitled "San Francisco Attacks," thousands of our citizens were entertained last night at Seals Stadium, by commando-trained troops of the 369th A and B Batteries and other contingents of our armed forces, in a demonstration of the technique of jungle warfare; and

Whereas, this remarkable pageant of modern war, depicting as it did actual warfare as it was fought at Guadalcanal, Tarawa and Anzio, with all the splendid equipment of our armed forces—motored tanks, bazookas, land mines, flame-throwers, etc., as well as canine combat and judo demonstrations by the Seabees from Camp Parks—furnished a realistic picture of what our boys are doing and the sacrifices they are mak-

ing for the defense of our country and the preservation of our democratic institutions; and

Whereas, this spectacle challenges all of us on the home front to a more determined and earnest effort in support of the heroic efforts of our doughboys, by the purchase of war bonds and impresses on all the Bay Area war workers to "stay on the job and finish the job" until final and complete victory has banished forever the fear and threat of Fascism, Nazism and Totalitarianism the world over; now, therefore, be it

Resolved, That this Board of Supervisors expresses its deep appreciation to the War Manpower Commission for the excellence of its presentation "San Francisco Attacks," and extends to said Commission its highest commendations and its heartiest congratulations on the successful outcome of its so splendid and inspiring production; and be it

Further Resolved, That this Board of Supervisors extends to the officers and men of the 369th A and B Batteries, the personnel of Fort Arthur K-9 and the Seabees from Camp Parks, to the chaplain and all the members of the recessional choir who added so much to the impressiveness of the occasion, and to all others who participated, our sincere congratulations and commendations as well as our earnest and heartfelt thanks for the splendid lesson in loyalty, patriotism and the inspiration their splendid exposition has brought to the citizenry of our community.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Uhl—10.

Absent: Supervisor Sullivan—1.

Discussion.

Supervisor Brown expressed opposition to the foregoing bill, and to the bill immediately following. He was opposed to the creation of funds of the sort proposed, as were many other others engaged in the insurance business, and moved that consideration be continued for three weeks, and be made a Special Order of Business at 2:30 p. m. at that time. Motion seconded by Supervisor Green.

Supervisor MacPhee explained the foregoing bill, pointed out that the creation of the proposed fund was discussed by the Mayor, the Finance Committee and the Public Utilities Commission in the study of the budget for that Commission earlier in the year. The bill provides fund only for damages in excess of \$25,000. He, too, was interested in the insurance business, but he was of the opinion that the city should carry its own insurance. However, he would not object to postponement as requested.

Thereupon, there being no objection, further consideration was *continued until Monday, December 11, 1944, at 2:30 p. m.*

Communications.

The following communications were received, read by the Clerk and considered in connection with the foregoing matter:

OFFICE OF THE MAYOR

San Francisco

November 20, 1944.

To the Honorable
The Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

Gentlemen:

With respect to Proposal No. 4399, introduced on November 13, 1944, and on which I asked you to defer action for a week.

I submitted to you, for your information, without recommendation, the City Planning Report on Postwar Projects on October 13, 1944. This report was, you understand, compiled at my request, and after I had asked all City departments to submit to the City Planning Commission, their lists of what projects they thought desirable for the City to undertake in the postwar period.

The estimated total cost of the postwar projects submitted by the various departments was in excess of \$280,000,000. The Planning Commission eliminated what they thought least essential and in their report, submitted projects totalling \$131,180,000 to be completed over a period of five or six years. At the last election, the people authorized \$12,000,000 for a sewer bond issue, as well as \$1,250,000 for a Juvenile Detention Home, so that the \$131,180,000 is now reduced to \$117,930,000.

On September 18, 1944, your Board adopted Proposal No. 4279, which I approved, requesting the Mayor "to appoint a committee to study, consult and advise the Board of Supervisors and the City Planning Commission in selecting the best methods of financing such postwar projects as are determined to be desirable and practical, said commit-

tee to be headed by an expert or experts in municipal finance and taxation."

I have purposely delayed appointment of this committee until after the election on the bond issues.

I take it your Board would like to have from the Mayor, definite recommendations as to the relative importance of the various projects listed in the City Planning Commission's report to me of October 11, 1944, in order that priorities may at least be tentatively assigned.

While I appreciate that early action on my part is desirable, I do feel that a policy of "Making Haste Slowly" is the right one to pursue and it is therefore my present purpose and intention to proceed as follows:

First: To call in for consultation with the Mayor, the administrative heads of the various departments in order that there may be a meeting of minds, as far as possible, between the heads of these departments with respect as to what priorities should be given to the various projects.

Second: After this has been determined by conference between the Mayor and the heads of various departments, I propose to name a Citizens Committee, who would review and examine into the projects and priorities assigned them by the Mayor and the heads of the various departments, and who would simultaneously consider ways and means of financing such projects—this committee to include experts in municipal finance and taxation, as suggested in your Proposal No. 4279, as well as the Chairman of the Finance Committee and the City Planning Committee of the Board of Supervisors.

Third: After this Committee of Citizens and City officials has completed its review and examination and agreed upon projects and priorities, together with the method of financing same, I propose to submit their completed report to the Board of Supervisors for such action as you care to take.

It is my thought that this Committee of Citizens, before completing its report, will hold public meetings at which those advocating different projects can submit their ideas and be heard.

I would be glad to know if this procedure meets the approval of your Board.

If you have other ideas, I will be glad to discuss them with any member of your Board.

Sincerely,

ROGER D. LAPHAM, Mayor.

SAN FRANCISCO MUNICIPAL CONFERENCE

333 Pine Street, San Francisco, California

November 18, 1944.

Honorable Daniel H. Gallagher
235 City Hall
San Francisco 2, California.

Dear Supervisor Gallagher:

The Municipal Conference had its meeting on November 16th, and unanimously resolved to ask its constituent members to refrain from considering or endorsing individual projects of the city's postwar program until such time as the Mayor's Committee makes its findings public and the Conference has time to study the Committee's recommendations.

We are passing this information on to your honorable body because certain attempts have already been made to have separate and prior consideration given to individual projects.

Cordially yours,

J. ARTHUR YOUNGER, Chairman.

Statement by Supervisor Uhl.

I feel we are procrastinating on the matter of post-war projects:

The matter of post-war projects came to the Board of Supervisors from the San Francisco Labor Council under date of June 28, 1944, resolution reading in part as follows:

"(1) That the San Francisco Labor Council does hereby call upon the proper officials of our city to immediately prepare a 'post-war public works program'; and

"(2) That all departments of our city government be coordinated into a streamline effort devoted to the earliest possible completion of such a program;

"(3) That copies of this resolution be sent to the Mayor, Board of Supervisors, the Chief Administrative Officer and the Controller, in an effort to gain complete cooperation;

"(4) That the Post-War Planning Committee of the San Francisco Labor Council shall request a joint audience with the Mayor, Chairman of the Board of Supervisors and the Chief Administrative Officer for the purpose of further discussing the urgency of this situation."

The foregoing resolution of the San Francisco Labor Council was referred by the President of the Board of Supervisors to the Public Buildings, Lands and City Planning Committee, of which I am chairman.

As stated, the San Francisco Labor Council presented to the Board under date of June 28, a resolution from the San Francisco Labor Council in part as above outlined. *Four and one-half months have passed and to date no post-war public works program has been presented.*

Considering the importance of post-war public works projects, the Mayor's message of *June 16, 1944*, reads in part as follows:

"I am asking the City Planning Commission to prepare a tentative post-war improvement program for *early consideration* by citizens and civic groups and for eventual approval of the Board of Supervisors."

The Mayor stated, also, in said message of June 16th:

"The Planning Commission has listed many post-war projects submitted by the various departments. These lists, however, are not up to date or complete. It is my desire that you aid the Commission in the development of a practical and economically sound post-war improvement program for the city . . . I have set October 1st as the deadline for this effort."

The departments responded to the Mayor's request and on October 1st the Planning Commission issued a brochure covering upward of three hundred post-war public works projects. It is regrettable that during the past several weeks that such projects have been in the hands of the Planning Commission, said Commission has not compiled and coordinated said projects and arranged same in sequence of their importance.

The Public Buildings, Lands and City Planning Committee of the Board of Supervisors met on October 26th to give further consideration to the City Planning Commission's report. Supervisor Colman moved that the City Planning Commission "determine the projects in the order of their importance to the development of the city with regard to employment, but without regard to the departments they have come from." Action of the Committee was as follows:

A Proposal was prepared and recommended to the Board, approving the Mayor's idea of calling a meeting of departmental heads as well as members of the Public Buildings, Lands and City Planning Committee of the Board for the purpose of arriving at definite action on post-war projects.

Regrettably, the Mayor was not present at the committee meeting, nor did he make any statement to the committee. Mr. Letts, Secretary to the Mayor, gave expression to his thought in the matter, as did members of the City Planning Commission and members of the Public Buildings, Lands and City Planning Committee. I voted for Supervisor Colman's motion under protest, not wishing to be an obstructionist. Following said meeting I called on his Honor, the Mayor, and pleaded with him to call a meeting of the City Planning Commission and the Public Buildings, Lands and City Planning Committee, over which he would preside, stressing the fact that time is the essential factor. There the matter stands.

I am disappointed over the delays which are being encountered over such an important matter, and in order to justify my feeling of disappointment you will note the chronological order of the subject matter of post-war public building projects:

June 16th. Mayor Lapham's message to city departments, with request that they compile a tentative post-war improvement program for early consideration, setting October 1st as the deadline for this effort.

June 20th. The Board received a bulletin from the League of California Cities, stating in part as follows:

"This bulletin is being sent to the City Managers with request that it be brought immediately to the attention of the Mayor, and such other officers of the City government as have a primary responsibility for budgeting for post-war public works, and advising that Senate Bill 48, which was passed at the special session of the legislature, will be signed by Governor Warren."

June 28th. The Technical Engineers, Architects and Draftsmen's Union, Local 89, wrote to the Board of Supervisors in part as follows:

"The approval of post-war program is certainly a policy-fixing matter and as such, is your duty and responsibility. We hope you will do all in your power to facilitate the creation of a substantial official post-war program for San Francisco."

June 28th. Letter received by Adolph Uhl, Supervisor, from the San Francisco Labor Council, under date of June 28, 1944. Attached to said letter were copies of two resolutions which were unanimously adopted by the San Francisco Labor Council at its regular meeting held Friday evening, June 23, 1944. Said letter was filed by Adolph Uhl with the Board of Supervisors and was referred to the Public Buildings, Lands and City Planning Committee by President Supervisor Gallagher.

Quoting from said resolution of the San Francisco Labor Council in part as follows:

"(1) That the San Francisco Labor Council does hereby call upon the proper officials of our city to immediately prepare a 'post-war public works program'; and

"(2) That all departments of our city government be coordinated into a streamline effort devoted to the earliest possible completion of such a program;

"(3) That copies of this resolution be sent to the Mayor, Board of Supervisors, the Chief Administrative Officer and the Controller, in an effort to gain complete cooperation;

"(4) That the Post-War Planning Committee of the San Francisco Labor Council shall request a joint audience with the Mayor, Chairman of the Board of Supervisors and the Chief Administrative Officer for the purpose of further discussing the urgency of this situation."

July 6th. Following is notice of committee meeting, Public Buildings, Lands and City Planning Committee:

"This is to inform you that a meeting of Public Buildings, Lands and City Planning Committee of the Board of Super-

visors will be held in the Chambers of the Board of Supervisors, City Hall, at 8:00 p.m. on Monday, July 10, 1944, at which time post-war projects will be discussed."

The meeting was attended by a number of citizens who discussed the desirability of post-war public building projects. No action was taken on same.

July 8th. Letter from the Civic League of Improvement Clubs, advising that the League would be unable to attend the meeting of the Public Buildings, Lands and City Planning Committee to consider and discuss post-war projects; that the League favors (1) construction of modern up-to-date sewer system; (2) acquisition of South Basin tide lands; (3) development of Islais Creek property between the area and adjacent property filled to grade with sewer improvements.

July 10th. Meeting of the Public Buildings, Lands and City Planning Committee. ACTION: Supervisor Sullivan moved, seconded by Supervisor Uhl, that the Board be requested to create a "local agency" as defined in Section 2 of Senate Bill 48, passed at the session of the Legislature.

Proposal No. 4148, Creating Local Agency to Make Application for State Funds for Post-War Program was presented to the Board.

July 17th. Proposal No. 4148, Creating Local Agency to Make Application for State Funds for Post-War Program, presented to Board with favorable recommendation by the Public Buildings, Lands and City Planning Committee, was considered by the Board of Supervisors.

The "Resolve" of said Proposal read as follows:

"Resolved, That this Board of Supervisors being fully cognizant of the urgency of completing surveys, plans and specifications for post-war construction, at the earliest possible time, does hereby create the local agency as defined in Section 2 of Senate Bill No. 48, to be composed of the following: The Mayor, Chief Administrative Officer, Controller, President of the City Planning Commission, President of the Board of Supervisors and the Chairman of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors."

Supervisor Uhl, in discussing the foregoing Proposal, read the "Resolve" in the Proposal as presented to the Board. He read, also, portion of resolution adopted by the San Francisco Labor Council requesting the formation of an agency as proposed in the recommendation before the Board. He read also pertinent portions of Senate Bill No. 48.

Supervisor Uhl thereupon presented the following "Resolve" as substitute for the "Resolve" as originally presented:

"Resolved, That this Board of Supervisors does hereby direct the President of this Board to appoint a committee, consisting of the Mayor of the City and County of San Francisco, the President of the City Planning Commission and the Chairman of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors, for the purpose of recommending to this Board such projects as they deem worthy to share in the appropriation made by the State and to recommend to this Board such appropriations as said committee shall deem proper for the purpose of matching any monies expended from said appropriation of \$10,000,000,"

and moved its substitution in lieu of the "Resolve" of the Proposal as submitted.

Supervisor Colman suggested that a representative of the Public Utilities Commission be included in the proposed Local Agency.

Supervisor Uhl agreed to the suggestion, and suggested that the President of the Public Utilities Commission be so included.

Supervisor Mancuso suggested several amendments to the "Whereases" of the Proposal which, he believed, should receive consideration, and moved re-reference of the Proposal to committee.

Supervisor Colman believed that the Board of Supervisors, instead of appointing the committee, or creating the "local agency," should request his Honor, the Mayor, to appoint such committee, especially in view of the appointment of the Mayor as a member thereof.

His Honor, the Mayor, in addressing the Board on the subject, announced that in a meeting with the City Planning Commission it was agreed that there would be post-war projects that would have to be considered. It was pointed out, also, that authority would have to be given to some one to number the various projects in accordance with their importance. The City Planning Commission has requested the Mayor to assist in asking department heads to submit a revised list of projects to the City Planning Commission before October 1st, in order that San Francisco might take full advantage of aid given by the State of California. The Mayor stated further that he had nothing in mind as to the exact makeup of a committee to be appointed. However, he thought it might be well to refer the entire matter to the proper committee for consideration of any suggestions.

Supervisor Uhl, in reply to suggestion by Supervisor Colman, pointed out that Senate Bill No. 48 placed the matter of considering post-war projects and other matters in the hands of the "local agency." The "local agency" should refer all matters to the Board of Supervisors. The City Planning Commission does not have the decision in the matter.

Thereupon, Supervisor Mancuso renewed his motion for re-reference to the Public Buildings, Lands and City Planning Committee. Motion seconded by Supervisor Green, and carried without objection.

July 19th. Meeting of Public Buildings, Lands and City Planning Committee. Present, Supervisors Uhl, Colman and Sullivan. It was suggested that there be created a local agency for the preparation of plans for post-war projects and for the purpose of securing state aid as provided for in Senate Bill 48. No action was taken on this matter by the members of the committee.

August 3d. Meeting of Public Buildings, Lands and City Planning Committee. Present, Supervisors Uhl, Colman and Sullivan. It was suggested that the committee request his Honor, the Mayor, to appoint a Local Post-War Public Works Review Board. Also that the Board of Supervisors give consideration to remodeling the Hall of Justice and making additions thereto as a post-war proposal. Action: Committee recommended to City Planning Commission for post-war project.

August 10th. Meeting of Public Buildings, Lands and City Planning Committee. Present, Supervisors Uhl and Colman. Committee considered Proposal 4185, Requesting His Honor, the Mayor, to Appoint Local Post-War Public Works Review Board. Supervisor Uhl moved favorable recommendation to the Board of Supervisors. Motion lost by the following vote: Supervisor Colman, "No." Supervisor Uhl, "Aye." Supervisor Sullivan, absent. Supervisor Uhl directed that Proposal be printed on Board Calendar, showing above action.

August 18th. Meeting of Public Buildings, Lands and City Planning Committee. Present: Supervisors Uhl, Colman and Sullivan. Committee considered proposal to remodel Hall of Justice and making additions thereto as a post-war project. Action: Over one week. At said meeting it was requested that his Honor, the Mayor, be requested to appoint Local Post-War Public Works Review Board. Action: Over one week.

September 8th. Meeting of Public Buildings, Lands and City Planning Committee. Present: Supervisors Uhl, Colman and Sullivan. Committee considered proposal by Supervisor Uhl requesting the Board of Supervisors to create a Local Post-War Public Works Review Board for the purpose of conducting such investigations as may be deemed necessary and advisable in connection with post-war planning projects

affecting the development of San Francisco, said Board to consist of the Mayor, the Chief Administrative Officer, the Controller, the President of the Board of Supervisors, the Chairman of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors, the President of the City Planning Commission, and the President of the Public Utilities Commission, which Board shall have the power to give consideration to all post-war projects and to report on the merits of same to the Board of Supervisors and also as to the order in which they shall be recommended. Action: Tabled.

Committee considered, also, resolution requesting the Board of Supervisors to create a special post-war planning committee of the Board for the purpose of conducting such investigations as may be deemed necessary and advisable in connection with post-war planning projects affecting the development of San Francisco. Action: Over to later meeting of Committee. (Filed November 15, 1944.)

The above resolution follows request of San Francisco Labor Council of June 23d, that the San Francisco Labor Council does hereby call upon the proper officials of our city to immediately prepare a post-war public works program. It is regrettable, to say the least, that the proposal was tabled.

October 18th. Meeting of Public Buildings, Lands and City Planning Committee. Present: Supervisors Uhl, Colman and Sullivan. Subject: Consideration of City Planning Commission Report on Post-War Public Works. Action: Consideration postponed until October 26, at 4:00 p.m.

October 26th. Meeting of Public Buildings, Lands and City Planning Committee. Present: Supervisors Uhl, Colman and Sullivan. Subject: Consideration of City Planning Commission's Report on Post-War Public Projects.

Notice to his Honor the Mayor that the Committee on Public Buildings, Lands and City Planning would meet on October 26th for the purpose of giving consideration to the City Planning Commission's Report on Post-War Projects. Regrettably, the Mayor did not attend said committee meeting.

Action: Over to next meeting of committee. It was tentatively decided to hold the next meeting of the committee on November 2, 1944, at 2:00 p.m., contingent on Mr. Tilton's ability to get the information desired by the committee, to-wit: Supervisor Colman's request that the City Planning Commission "determine the projects in the order of their importance to development of the city, with regard to employment but without regard to the department they have come from."

November 2d. No meeting, inasmuch as Mr. Tilton stated he could not have requested information in time for that meeting, as per the following communication:

"October 30, 1944.

"Mr. Adolph Uhl, Chairman
Committee on Public Buildings, Lands & City Planning
Board of Supervisors
San Francisco, California.

"Dear Mr. Uhl:

"We find that it will take us at least two weeks to prepare the new post-war program requested by your Committee last Thursday. We shall make every possible effort to have the report ready by Thursday, November 9.

"At that time we can present lists of projects arranged in an order of priority as follows:

"Program A—Projects 'ready-to-go.'

"Program B—Projects offering the largest employment on the site.

"Program C—Projects offering the largest permanent employment.

"It might be possible from these lists to prepare a Program D representing the very best judgment of all concerned as to post-war improvements. The Commission desires to confer with a number of civic organizations before it presents its own final recommendations.

"Very truly yours,

(Signed) L. DEMING TILTON,
Director of Planning."

November 9th. Meeting of Public Buildings, Lands and City Planning Committee. Present: Supervisors Uhl, Colman, Sullivan. Supervisor Colman practically renewed his request made October 26th, covering the same proposal that the City Planning Commission determine the projects in the order of their importance to the development of the city.

Action: Proposal prepared and recommended to the Board, approving Mayor's idea to call meeting of department heads as well as members of the Buildings Committee for the purpose of arriving at definite action on post-war projects.

November 13th. The following Proposal, recommended by the Public Buildings, Lands and City Planning Committee, appeared on the Calendar of the Board:

Approving Mayor's Intention to Conduct Hearings to Consider Post-War Planning and Suggesting That Calls for Such Hearings Include Public Buildings, Lands and City Planning Committee of the Board of Supervisors, and Any Other Members of the Board Who May Desire to Attend.

Proposal No. 4399, Resolution No. (Series of 1939), as follows:

Whereas, the report of the City Planning Commission on post-war planning is now in the hands of the Mayor for study; and

Whereas, his Honor the Mayor has expressed a feeling that meetings with various heads of departments will be necessary before a definite plan of action can be outlined; now, therefore, be it

Resolved, That this Board of Supervisors heartily approves of the Mayor's intention to conduct hearings on this most important subject as soon as practicable and respectfully suggests that when the calls for hearings are issued, that they include members of the Public Buildings, Lands and City Planning Committee of the Board of Supervisors as well as any other member who may express a desire to attend.

In compliance with the Mayor's request that the matter remain on the calendar for one week, the matter was ordered so to remain, at which time the Mayor assured the Board that he would have a Proposal ready for presentation.

The matter is in the hands of the Mayor. As stated, I am presenting the foregoing to justify my position endeavoring to get action on the important matter of post-war public buildings projects.

I appeal to the Mayor that instead of taking three bites of the apple, he call together at once meeting all the interested parties. I feel that we can get some place in a matter of such vital importance. The State Legislature will meet shortly after January 1, 1945, and we should be prepared to ask for financial aid that might be given to us.

Discussion.

Supervisor Colman in discussing the subject matter of post-war projects, declared that the last action taken by the Public Buildings, Lands and City Planning Committee is just what the Mayor wants, except that the Mayor is going a little further and a little more con-

structively. No time has been lost at all. There is still ample time for further consideration. If the Board approves the Mayor's program, for which he will move approval as substitute for the matter on the Calendar, the Board will be taking a step in the right direction.

His Honor the Mayor, in enlarging on his communication, announced that everyone is anxious to get things done. It is easy to make up our minds as to what we would like to do, but it is another thing to put our desires over. Just asking for something doesn't get it. There should be preliminary meetings with department heads and others to decide as to what is the foremost necessity, and then outside groups should be called in. Everyone must work on it. After deciding on what is desired, there will be the problem of getting the necessary money. It was the Mayor's feeling that procedure such as he had proposed, while it might be slow, would insure greater chance of success.

Supervisor Uhl remarked that any recommendations of the committee, when they are returned to the Board, will be referred to committee by the President.

Thereupon, Supervisor Colman moved that as a substitute for the matter on the Calendar, the Board approve the program as submitted to it by the Mayor, as set forth in his letter. Motion seconded by Supervisor Uhl.

No objection, and motion approved.

Re-reference to Committee.

The following recommendation of Public Health and Welfare Committee was taken up:

Present: Supervisors Brown, Mancuso.

Venereal Disease Ordinance.

Bill No. 3210, Ordinance No. (Series of 1939), as follows:

Amending Part II, Chapter V, Article 2, of the San Francisco Municipal Code by adding thereto a new Section to be designated Section 73, relating to and providing for the preservation and protection of the public health; authorizing the Director of Public Health and his duly-authorized agents to impose quarantine restrictions and to examine certain persons for the purpose of detecting and treating venereal diseases; declaring certain persons to be deemed reasonably suspect of having venereal disease; providing penalties for refusal to comply with orders of the Director of Public Health or his duly-authorized agents; authorizing and directing the Director of Public Health to make rules and regulations for the prevention and control of venereal disease; and providing for a saving clause.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Part II, Chapter V, Article 2, of the San Francisco Municipal Code, is hereby amended by adding thereto a new section to be designated Section 73 to read as follows:

SEC. 73. (a) The Director of Public Health or his duly-authorized deputy, is hereby authorized and directed to quarantine and examine any person of either sex whom he has reasonable grounds to believe is afflicted with a venereal disease and is likely to expose others thereto.

(b) Owing to the prevalence of such diseases among sex offenders, the arrest of any person of either sex for (1) vagrancy involving a sex offense, prostitution, being a keeper, inmate, employee, or frequenter of a house of ill fame, prostitution, or

assignment, being a lewd or dissolute person, or (2) adultery, lewd or lascivious conduct, or other criminal charge involving a sex offense; is to be considered and is hereby declared to furnish reasonable grounds for the examination provided for in the preceding subsection. The term "prostitution" as used in this subsection shall include the giving or receiving of the body for sexual intercourse for hire and the giving or receiving of the body for indiscriminate sexual intercourse without hire.

(c) In furtherance of the purpose of the two preceding subsections, it shall be the duty of the said Director of Public Health, or his duly-authorized deputy, to quarantine and examine in such manner and by such methods as modern science has found to be proper, all persons taken into custody by the Police Department of the City and County of San Francisco who are suspected by the Director of Public Health or his duly-authorized deputy of being afflicted with any venereal disease, and the said Director of Public Health, or his duly-authorized deputy, are hereby authorized and empowered and it shall be his and their duty to order all such persons so taken into custody to be examined for such purpose, and it shall be a misdemeanor for any person who is in the custody of the Police Department, to refuse or neglect to comply with any order made by the Director of Public Health, or his duly-authorized deputy with reference to such examinations.

(d) No person convicted of any of the charges mentioned in subsection (b) of this section shall be released until examined for such venereal diseases by the Director of Public Health, his deputy or assistants.

(e) When any minor has acquired a venereal disease, his or her parents or guardians shall be legally responsible for the compliance of such minors with the requirements of the rules and regulations pertaining to venereal diseases.

(f) In addition to the powers and duties herein mentioned and the other powers and duties imposed upon him, the said Director of Public Health shall have the power to and shall make and promulgate such rules and regulations as are reasonably necessary for the prevention and control of venereal disease in the City and County and to effectuate the provisions of this ordinance.

(g) If any subsection, subdivision, paragraph, sentence, clause or phrase of this section is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this section. The Board of Supervisors hereby declares that it would have passed this section, and each subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more other subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Approved as to form by the City Attorney.

Amendment.

After explanation by Supervisor Sullivan of the foregoing bill, Supervisor Brown offered the following amendment thereto:

Section (h) Nothing in this ordinance shall be construed to require that any person who adheres to the faith or teachings of any well recognized religious sect, denomination, or organization, and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion, shall submit to or receive any medical or physical treatment; but such person, if found to be afflicted with any venereal disease, shall be subject to isolation or quarantine in accordance with this ordinance and the laws of the State of California.

Discussion.

Dr. J. C. Geiger, Director of Public Health, announced that the proposed amendment followed the state law. It was requested by a Christian Science group.

There being no objection, the foregoing amendment was *approved*.

Thereupon, Supervisor MacPhee moved to amend Section 73 (a) by inserting after the words "quarantine and," the symbol and word "/or", making that paragraph read as follows:

SEC. 73. (a) The Director of Public Health or his duly-authorized deputy, is hereby authorized and directed to quarantine and/or examine any person of either sex whom he has reasonable grounds to believe is afflicted with a venereal disease and is likely to expose others thereto.

Motion seconded by Supervisor Mancuso.

After explanation by Supervisor MacPhee, and statement by Dr. Geiger that he had no objection to the amendment, there being no objections raised, motion to amend was *approved*.

Thereupon, Supervisor MacPhee moved as a further amendment, that Section 73 (b) be amended by inserting after the words "in the preceding subsection" the words "provided, however, it shall be the duty of the Director of Public Health or his duly-authorized deputy to examine into each such arrest and the circumstances leading thereto, in order to determine whether there exists in fact reasonable grounds to believe the arrested person to be afflicted with a venereal disease."

Dr. Geiger, in discussing the proposed amendment, stated that Mr. Leavitt of the District Attorney's office had stated that the amendment as suggested might make the ordinance ambiguous. That was a legal question, Dr. Geiger continued, was outside his province.

Thereupon, Supervisor Brown, seconded by Supervisor Green, moved re-reference to committee of the entire subject matter. The amendments being proposed should be given committee hearing.

Supervisor MacPhee, however, suggested that before acting on the motion to postpone, the Board hear from Mr. Leavitt on the question of postponement.

No objection, and further discussion temporarily postponed.

Subsequently during the day's proceedings, Supervisor Brown renewed his motion to re-refer to committee. Motion seconded by Supervisor MacPhee.

No objection, and so ordered.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,
BILLS AND COMMUNICATIONS NOT CONSIDERED OR
REPORTED UPON BY A COMMITTEE.**

Consideration of Mayor's Veto.

The following communication from his Honor the Mayor was received and read by the Clerk:

OFFICE OF THE MAYOR

November 18, 1944.

The Honorable
The Board of Supervisors
City and County of San Francisco
City Hall, San Francisco 2, California.

Gentlemen:

I herewith return, disapproved, Proposal No. 4406, which is a resolu-

tion passed by your Honorable Board supporting the proposed Seaman's Bill of Rights, soon to be discussed by the Congress of the United States.

I can appreciate, because of my former associations, the work that the men of the Merchant Marine are doing in the war effort, but despite this first-hand knowledge, I am convinced that as Mayor of San Francisco I am not within my limits in passing upon the merits of legislation proposed by another unit of our government.

I feel that the citizens of San Francisco elected their officials to concern themselves with the problems of municipal government and that those problems still are of sufficient numbers and importance to demand all the attention we can give them. We have in the State Assembly and the Congress of the United States other elected officials on whom our citizenry can call for support for or against matters of legislation concerning the State or Federal branches of our government.

In disapproving Proposal No. 4406, I feel that I am following the same line of reasoning that I gave in my letter to you of January 28, 1944, when I returned, disapproved, Proposal No. 3808, the resolution on the White Paper issued by the British Government concerning restrictions on the rights of Jews in Palestine. As I said at that time and which I now repeat, you will understand that I am not passing on the merits of the matter. I just think it is not a proper matter for either the Mayor or the Board of Supervisors of San Francisco to pass upon.

Should you decide to override this veto, may I request that copies of this letter to you be attached to any copies of the resolution you may distribute.

Sincerely,

(Signed) R. D. LAPHAM, Mayor.

Endorsing and Urging Approval of Admiral Land's Bill for Merchant Seamen Known as "Seamen's Bill of Rights."

Proposal No. 4406, Resolution No. 4341 (Series of 1939), as follows:

Whereas, there is pending in the House Merchant Marine and Fisheries Committee for hearing on November 21, 1944, an amendment to the so-called Peterson Bill, calculated to make Admiral Emory Land's proposal for Seamen's Bill of Rights a legislative reality; and

Whereas, more than 5,700 merchant seamen have lost their lives or have been reported missing in action and over 500 of them are prisoners of war and thousands of them have been injured or disabled as a result of or in the course of war service; and

Whereas, despite a hard and uncertain calling, merchant seamen do not have the protection of unemployment insurance, workmen's compensation, group life insurance, pensions or retirement plans; and

Whereas, when signing the GI Bill of Rights on June 22, 1944, President Roosevelt stated: "I trust that Congress will soon also provide similar opportunities . . . to the members of the Merchant Marine, who have risked their lives time and again during this war for the welfare of their country"; and

Whereas, the men of the Merchant Marine have gallantly fulfilled their tasks throughout the war period; now, therefore, be it

Resolved, That we, the members of the Board of Supervisors of the City and County of San Francisco, do go on record urging that Admiral Emory Land's bill for merchant seamen, known as the Seamen's Bill of Rights, and including such measures as hospital and medical service, educational opportunities, rehabilitation due to illness and war casualties, readjustment allowances and burial with official honors, be adopted as amendments in the Peterson Bill, hearings on which will be held November 21, 1944, before the House Merchant Marine and Fisheries Committee.

Discussion.

Supervisor Mead, in discussing the Mayor's veto, announced that he disagreed with the views expressed in the veto message. He believed that the merchant seamen were entitled to consideration comparable to that given to the armed forces. In view of action heretofore taken by the Board in memorializing both the State Legislature and Congress on many occasions, even though the Board had adopted a resolution declaring it to be the policy not to interfere in matters in which it was not directly concerned, he believed the Board would not be going too far in overriding the Mayor's veto. However, in order to have a full membership of the Board present he would like to suggest one or two weeks' postponement of consideration of the veto. He believed the matter should receive a full airing by the entire Board of Supervisors.

Supervisor Colman suggested a two weeks' postponement. He would not be present at the next meeting of the Board. If the matter should come to a vote without postponement, he would be very much inclined to vote to support the Mayor's veto on the ground that had the matter been considered in committee the members of the Board would have had the opportunity of learning the Mayor's views thereon. He had not given the matter much thought before, but on Supervisor Mead's recommendation and without looking into the facts very much, he had agreed to suspension of the rules and the adoption of the resolution. The Mayor's policy, Supervisor Colman believed, was a pretty sound one. In voting for the adoption of the resolution in question, he had completely forgotten the incident earlier in the year to which the Mayor had referred.

Supervisor Mead, in reply, stated that he appreciated the action by Supervisor Colman at the meeting on November 13th. However, the policy of the Mayor is not necessarily the policy of the Board; it does not bind the Board to any particular policy. The proposal was suggested by Admiral Land, Supervisor Mead continued, and that should carry some weight with the Board. Since the matter was to be considered in Congress on Tuesday, November 21, 1944, its approval, over the Mayor's objections, if delayed would do no good. He disliked asking Supervisor Meyer to come to the Board meeting, but under the circumstances he felt that to be necessary. Therefore, he requested temporary postponement until Supervisor Meyer could be present.

No objection, and matter was temporarily postponed.

Subsequently during the proceedings, Supervisor Meyer being present, consideration of Proposal No. 4406 was resumed.

Supervisor Mead again explained the matter before the Board, and quoted statement made by President Roosevelt on June 22, 1944, as follows: "I trust, when signing the G. I. Bill that Congress will soon provide similar opportunities to members of the Merchant Marine who have risked their lives time and time again during this war for the welfare of their country."

The Board of Supervisors is only being asked to memorialize Congress to study this matter, and to bring about conditions that might be beneficial to the merchant seamen. The bill is entitled to consideration by the Board of Supervisors. He hoped the Board would override the Mayor's veto.

Mr. James Drury, Business Agent, National Maritime Union; Mr. Sam Kutneck, also of that organization; Mr. Ernest Lavino, Vice-President of Cooks' and Pastry Cooks' Union; Mr. Harry Lewis, Business Agent, Local 110, Dishwashers' Union, and Ann Boylen of the National Maritime Union's Women's Auxiliary, all urged that the Board override the Mayor's veto.

Supervisor Colman again explained his views, stating that the question was not consideration of the merits of proposed bill; it was the

propriety of the Board's taking part in a matter with which it has absolutely nothing to do. He believed far too much importance was being attached to the proposal before the Board. The influence of Admiral Land and of the President should insure proper consideration. While he was in hearty sympathy with the purpose of the legislation, he was in accord with the larger theory of keeping out of matters with which he was not concerned.

Supervisor Brown stated that while he understood the Mayor's position in vetoing the proposal, he believed the individual members of the Board were entitled to their own opinions. He proposed to vote to override the veto.

Supervisor Uhl felt that the matter of the Merchant Marine will be of great importance after the war. He believed the proposed legislation to be good, and he would vote to override the Mayor's veto.

Supervisor Mead, in closing, stated that while Mayor Lapham's fairness could always be depended on, in this instance he must disagree with him. He must also disagree with Supervisor Colman, that was not unusual. Were the Board about to adopt legislation it had no business to adopt, he might agree with the Mayor, but that is not being done. The Board is merely asking Congress to look into the matter. In closing, he urged the members of the Board to override the veto.

Thereupon, the Chair put the question: "Shall Proposal No. 4406 be adopted notwithstanding the Mayor's veto, and the Mayor's veto was *overridden* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Uhl—9.

No: Supervisor Colman—1.

Absent: Supervisor Sullivan—1.

Proposal No. 4419, Resolution No. 4352 (Series of 1939), as follows:

Whereas, on November 3, 1944, bids were received for the replacing of skylights at the de Young Museum, Golden Gate Park; and

Whereas, the lowest bid, submitted by Adam Arras and Son, was in excess of the moneys available for the work, it is necessary to enact a supplemental appropriation ordinance thereby consuming approximately thirty days' time; now, therefore, be it

Commending and Congratulating California Labor School and Those Connected With the School for the Benefits Which Have Resulted Therefrom and Which May Be Expected to Result From Its Continued Operation.

Supervisor Green presented:

Proposal No. 4420, Resolution No. 4353 (Series of 1939), as follows:

Whereas, there was founded in San Francisco approximately two and one-half years ago, the California Labor School, a non-partisan, non-political educational center designed as a forum for the exchange of ideas and the dissemination of knowledge and information by competent authorities upon various subjects designed for the educational advancement of all those desirous of attending, on the subjects of labor and business problems, economics generally, the professions, the arts and a score of other subjects designed to promote the intellectual plane

of our citizens and the general welfare, prosperity and progress of the community; and

Whereas, this school which now represents a strong force for industrial harmony will become more necessary and vital during the post-war era and will be a potent factor in our economic peace and the forward march toward the goal of true and equitable benefits for all our people; and

Whereas, the endeavors of the California Labor School have been highly commended by leaders of both capital and labor who unequivocally have put their stamp of approval upon its aims and purposes and who consider it a particularly necessary institution for the welfare and progress of our community; now, therefore, be it

Resolved, That this Board of Supervisors, appreciative of the noteworthy accomplishments of those responsible for the institution and conduct of the California Labor School, takes this opportunity to congratulate and commend all those who have participated therein and expresses the hope that the achievements which thus far they have accomplished are but a forerunner to the benefits which continued operation of the school must inevitably produce in the future.

Privilege of the Floor.

Mrs. Austin, Public Relations Director of the School, on motion by Supervisor Green, was granted the privilege of the floor. Mrs. Austin addressed the Board briefly, pointing out the results heretofore attained by the school, and explaining the aims of the school and its hopes for the future.

Thereupon, the foregoing proposal was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Uhl—9.

Absent: Supervisors Meyer, Sullivan—2.

Favoring Erection of a Permanent and Fitting Memorial to Soldiers of World War II.

Supervisor Green presented:

Proposal No. 4421, Resolution No. (Series of 1939), as follows:

Whereas, the patriotic devotion of our servicemen of San Francisco who have fallen in this cataclysmic war against Nazism and Totalitarianism to preserve the avowed ideals of our democracy is worthy of a memorial that will adequately preserve to future generations a record as well as an inspiration of their unselfish contribution and supreme sacrifices; and

Whereas, Paris has its tomb to the "unknown soldier" honoring and commemorating the heroic deeds of those who immolated themselves on the altar of freedom and liberty in World War I and who now sleep on the battlefields of France; and

Whereas, the San Francisco *Call-Bulletin* started a campaign some months ago, the object of which is to focus public attention and thought upon the necessity, desirability and nature of such a memorial as will be adequate, appropriate and truly symbolic of the bravery and achievements of our "doughboys" of World War II; and

Whereas, it has been suggested that a monumental shaft, equipped to maintain an everlasting flame, symbolizing the loyalty, patriotism and devotion of our fallen heroes in World War II be erected at some permanent location in San Francisco or in the War Memorial Building—a shrine where all who come may pay their respects to their memory and imbibe the inspiration of love of country their sacrifices so worthily exemplified; now, therefore, be it

Resolved, That this Board of Supervisors goes on record as favoring

the erection of such a permanent and fitting memorial as will give effect to the idea outlined above, and a copy of this resolution be sent to his Honor the Mayor with a view to having it included as one of the first and most important of our local post-war projects.

Referred to Finance Committee.

Supervisor MacPhee presented:

Proposal No. 4422, Resolution No. 4354 (Series of 1939), as follows:

Whereas, Thanksgiving will mark, approximately the second anniversary of the organization of the War Prisoner's Relative Group which association has been holding meetings since its inception; and

Whereas, it is desired, if possible, this year to arrange at Thanksgiving for a greater and more elaborate observance of Thanksgiving by the members of the group at which time a special program has been prepared in honor of the return, to San Francisco of the first boy to return home from the German prison camp which holds American aviation officers, Stalag Luft III; and

Recommending Daily Bible Reading Between Thanksgiving and Christmas.

Supervisor MacPhee presented:

Proposal No. 4423, Resolution No. 4355 (Series of 1939), as follows:

Whereas, appropriately, the period between Thanksgiving and Christmas has been designated by the ecclesiastical and lay agencies of many of the recognized religious denominations as a particular time during which it is urged that there be universal resort to and meditation upon the Holy Bible; and

Whereas, initiated by the American Bible Society and two National Sponsoring Committees, plans have been perfected, pursuant to which it is hoped more thoroughly to cement the spiritual ties among and between vast numbers of our civilian and military population at home and abroad, through the expedient of simultaneous concentration upon the precepts and tenets ordained by the Supreme Being as revealed in several passages selected from the Scriptures and suggested for especial consideration by authorities in various creeds; and

Whereas, it is ardently and enthusiastically hoped that the individual acts of faith and devotion evidenced by sincere consideration of Holy Scripture will, while reminding us of the ultimate purpose of our earthly existence and impelling obedience to God's commands, unite to ascend in such a crescendo of praise, thanksgiving and supplication

as will hasten the day when Almighty God will restore peace to a harassed world and when each of his children shall become imbued with such love for and consideration of his fellow-man as is prescribed and decreed in the Golden Rule; and

Whereas, the simple directive necessary to participation in this glorious crusade is aptly and adequately expressed by President Roosevelt in his proclamation urging nation-wide participation, wherein he entreats: "Let every man of every creed go to his own version of the Scriptures for a renewed and strengthening contact with those eternal truths and majestic principles which have inspired such measure of true greatness as this Nation has achieved"; and

Whereas, it is proper and desirable that the People of the City and County of San Francisco should join with their fellow-men throughout this nation and the world in this inspiring endeavor; now, therefore, be it

Resolved, That the people of the City and County of San Francisco be and are hereby respectfully urged to participate in the plan for daily reading of and reflection upon the Holy Bible, especially between Thanksgiving and Christmas and devoutly to petition Almighty God for early cessation of hostilities, with complete victory for the United States and its Allies; for solace and comfort to the bereaved and wounded; for an honorable, just and lasting peace and for tranquillity and true progress in the affairs, spiritual and otherwise, of this nation and the world; and be it

Further Resolved, That his Honor the Mayor be and is hereby respectfully requested to appoint a committee of citizens whose function and duty it shall be to assist in the dissemination of information relative to this worthy endeavor and to encourage participation of San Francisco citizens therein, in accordance with the schedule of daily readings prepared by the sponsoring organizations.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Uhl—9.

Absent: Supervisors Meyer, Sullivan—2.

Requesting Public Utilities Commission to Inform the Board Whether an Arrangement Can Be Effected for Repair of Buses Acquired From Market Street Railway Company by Private Contract.

Supervisor Mancuso presented:

Proposal No. 4424, Resolution No. (Series of 1939), as follows:

Whereas, although the transportation system in San Francisco is inadequate, properly or efficiently to serve our swollen wartime population, it is reported that now nearly two months after the merger of the Market Street Railway Company and the Municipal Railway there are approximately seventy-five busses out of service and lying idle at the car barns, and because of this situation it is claimed that there is failure to operate many busses each day which could be maintained were these busses put into service; and

Whereas, the reason assigned for the failure to operate these busses is that they are in a state of disrepair and that such mechanics and/or parts as are necessary to their rehabilitation are not presently available to the Municipal Railway; and

Whereas, it is alleged that the reason that the Municipal Railway cannot presently procure the necessary mechanics is because of the opportunity for higher pay in private employment and the reason assigned for inability to procure parts is that the private company which, by contract, formerly repaired the busses of the Market Street Railway Company declines now to make available the necessary parts unless it is also permitted, as before, to do the repair work; and

Whereas, if these representations be true, it would appear that immediate consideration should be given to the expedient, during the period of the war, of letting out to private contract the repair of these busses so necessary to present transportation needs; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby respectfully requested to submit to this Board a statement as to the facts of the situation and if the foregoing representations be true, to give consideration to an arrangement, for the duration of the war, whereby the repair of those busses acquired as a result of the purchase of the Market Street Railway, may be let out to private contract.

Proposal No. 4421, Resolution No. (Series of 1939), as follows:

Whereas, the patriotic devotion of our servicemen of San Francisco who have fallen in this cataclysmic war against Nazism and Totalitarianism to preserve the avowed ideals of our democracy is worthy of a memorial that will adequately preserve to future generations a record as well as an inspiration of their unselfish contribution and supreme sacrifices; and

Whereas, the San Francisco *Call-Bulletin* started a campaign some months ago, the object of which is to focus public attention and thought upon the necessity, desirability and nature of such a memorial as will be adequate, appropriate and truly symbolic of the bravery and achievements of our "doughboys" of World War II; now, therefore, be it

Resolved, That this Board of Supervisors goes on record as favoring the erection of such a permanent and fitting memorial as will give effect to the idea outlined above, and a copy of this resolution be sent to his Honor the Mayor with a view to having it included as one of the first and most important of our local post-war projects.

Whereas, in response to said advertisement Dora G. Crabtree offered to purchase said land for the sum of \$9,850 cash, no higher bids having been made or received; and

Exempting From Charter Residential Requirements, Positions of Wringerman, Tumblerman and Washer.

Proposal No. 4415, Resolution No. 4359 (Series of 1939), as follows:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Proposed Bond Issue for San Francisco Airport.

Supervisor MacPhee called attention to a proposed bond issue for improvement of San Francisco Airport, which, he stated, the Finance Committee had referred to the Board without recommendation. The preliminary legislation for calling an election for voting on such bond

issue was not yet prepared, but, Supervisor MacPhee believed, the Board should discuss the subject and be familiar with it when the appropriate legislation is presented.

Statement by Supervisor MacPhee.

Supervisor MacPhee, thereupon, presented the following statement which was read by the Clerk:

The San Francisco Board of Supervisors has been asked to concur in a request for a \$20,000,000 bond issue to be submitted to the people at a special election, proceeds of which would be used to improve and expand the Municipal Airport.

We are advised that such expenditure will provide additional yearly payrolls of from \$20,000,000 to \$30,000,000.

No one can question the good faith of the Public Utilities Commission in recommending this proposal to the Board of Supervisors. These improvements are needed if San Francisco is to progress and take its place as one of the greatest cities in America.

The method of obtaining the funds to pay for these improvements is a policy matter that rests with the Board of Supervisors. We must determine whether San Francisco shall continue to borrow to pay for the needed improvements or whether we shall exact revenue-producing legislation and "pay as we go." Our first inclination is to say, "Certainly, let's pay as we go." This is a very appealing phrase and very practical, providing we have the money to "pay as we go." However, San Francisco today does not have the money to do this, or other post-war projects on a "pay as you go" basis.

The funds to "pay as we go" can nevertheless be raised by enactment of revenue-producing legislation.

Many cities and counties have expressed their faith in their communities and with courage passed such legislation calculated to produce millions of dollars for current and post-war needs. The federal government itself has broadened its tax base to assist in paying for the costs of war and revenue is now being produced from a score of different sources for this purpose.

Some of the types of revenue-producing legislation already enacted by other communities follow:

Cleveland—revenue from license fees.....	\$ 40,000
San Diego—amusement tax 1%.....	173,000
parking meters	220,000
license tax per establishment and em- ployee	139,000
New York City—1% sales tax.....	34,000,000
Philadelphia—1% income tax.....	24,000,000

Birmingham, Alabama, derives revenue from one-cent gasoline tax, a one-cent per bottle tax on malt and brewed beverages and a 2% retail sales tax on spirituous liquors and a two cents per package cigarette and tobacco tax.

We can be sure that these measures were not passed without strenuous objections from various groups which would be affected thereby. It is only natural for such groups to defend themselves against proposals which would create additional tax responsibilities either direct or indirect. However, if we are to establish a "pay as you go" basis, it will of course be necessary for the various groups in our city to realize they must bear their share of the burden.

Revenue-producing legislation calculated to bring millions of dollars into our treasury for post-war works is now being considered by our

Finance Committee. These are listed below but I stress the fact that no recommendation has as yet been made:

<i>Description</i>	<i>Basis</i>	<i>Estimated Annual Yield</i>
Municipal Sales and Use Tax.....	1%	\$6,000,000
Municipal Personal Income Tax (patterned after state law)	1 to 6%	6,000,000
"Philadelphia Plan" Income Tax.....	1%	9,000,000
Increase of Municipal Railway fares (in addition to established 7¢).....	1¢	2,358,944
Municipal License Taxes (reenactment of repealed ordinances)	Various	700,000
Consumer tax on charges for public utilities:		
Water	5%	360,000
Natural gas	5%	452,500
Electrical energy	5%	823,000
Local telephone service	5%	875,000
Amusement Tax	5¢ per admission	1,250,000
Charge for services rendered private business by City Sealer of Weights and Measures (services in accordance with state law)....	Cost	25,000
State funds for municipal post-war projects. (Senate Bill No. 48—for plans only).....	Matching	837,902
Federal funds for municipal post-war projects. (George Bill allows loans only.)		

To place San Francisco on a "pay as you go" basis for post-war needs will require enactment of one or more of the above proposals or other tax-producing measures. With land values on the assessment rolls already reduced some 15 per cent in value, it is questionable as to how far we should go in continuing to pile up debt that must eventually be paid in a large measure out of the tax rate.

If we can get ourselves on to a "pay as you go" basis this simply means that the saving of millions of dollars in bond interest could be used for additional post-war projects.

Again I repeat, this is a policy matter for the Board of Supervisors and the Administration. Shall we continue to go into debt for our current and post-war needs, or shall we enact the legislation necessary to produce revenues in an amount sufficient to do the right kind of job for San Francisco?

It will require intelligent financial planning, vision and courage to follow the latter course.

On motion by Supervisor Uhl, seconded by Supervisor MacPhee, further consideration of the entire subject matter was *postponed until Monday, December 11, 1944, and made a Special Order of Business at 3:00 P.M.*

Whereas, the Board of State Harbor Commissioners for San Francisco has requested this Board of Supervisors to close and abandon the portion of Gale Street between Townsend Street and King Street under the jurisdiction of the City and County of San Francisco; now, therefore, be it

Crystal Baths.

Supervisor Mead called attention to the financial difficulties which Mr. Cerutti, owner and operator of the Crystal Baths was experiencing,

and pointed out that unless certain necessary repairs are made in the very near future the place will probably be condemned and closed. Whereas, on or about the 23rd day of August, 1944, a resolution, numbered 4188, was adopted and approved by the Board of Supervisors of the City and County of San Francisco the main thought and theme of which was "to focus public attention and thought upon the necessity, desirability and the nature of a memorial to commemorate the heroes of the armed forces who died in the service of their country in World War II"; and

Whereas, subsequently and on or before the 5th day of September, 1944, a resolution was passed and adopted by said Board which provided that a citizens committee be appointed by his Honor Mayor Roger D. Report on Meeting of Board of Directors of County Supervisors' Association.

Supervisor Mancuso reported on meeting of the Board of Directors of the County Supervisors' Association, held at Sacramento on December 1, 1944, and attended by himself, Supervisor Uhl and Mr. Rosenthal, Cost Analyst.

Among the subjects considered were the questions of relief, flood control and necessary work to be done prior to the convening of the State Legislature. There was discussd, also, the question of return to the counties of surplus of some \$100,000,000.

Supervisor Uhl reported that there were two matters of great importance which should be considered by the Board of Supervisors. They were: (1) increase in state sales tax of $\frac{1}{2}$ cent, the amount realized therefrom to be returned to the various counties; (2) change in the length of residence required before being eligible for indigent aid to five years within the State and two years within the county. He believed the Board of Supervisors should invite San Francisco's Assemblymen, the State Senator and all the Supervisors into conference to discuss the matter. The Mayor and the Chief Administrative Officer should also be present at such conference. He would make that as a motion.

Thereupon, Supervisor Uhl moved that such meeting be called for December 14th, in the chambers of the Board of Supervisors, and San Francisco's State Assemblymen, State Senator, the Mayor and the Chief Administrative Officer, as well as the Supervisors, be invited to be present.

Supervisor Colman objected to such motion until after formulating a program, and suggested that the Board meet informally immediately after adjournment of the regular Board meeting.

Supervisor Uhl accepted the suggestion, whereupon, the Board agreed to meet informally after adjournment of the regular meeting.

Consideration of Proposed Airport Bond Issue.

Supervisor Uhl, seconded by Supervisor MacPhee, moved that consideration of proposed airport bond issue, originally set for December 11, 1944, be postponed until January 8, 1944, at 3 p. m.

No objection, and so ordered.

Discussion.

After reading by the Clerk of communication from the Chief of Police explaining the reasons necessitating the passage of the foregoing bill, as well as the bill immediately preceding, as emergency measures,

Supervisor Colman repeated objections heretofore made against emergency legislation. He believed it to be unfair to put the Board in the position of having to declare an emergency. The Board does not want to be governed by emergency measures and he would protest against having to vote for the foregoing bill as an emergency measure. Steps should be taken to avoid such measures.

Supervisor MacPhee explained the reason for the emergency, pointing out that in the past it had been the policy of the Police Department to appropriate such funds from surplus in salary accounts. Under the new policy adopted at the beginning of the current year of setting up a General Fund Compensation Reserve Fund, the previous practice could not be continued. The budgeting procedure for the Police Department, as well as for other departments, will be changed in the next budget.

Mr. David A. Lewis explained the reason, also, for presenting the foregoing matter to the Board on an emergency basis. In order not to hold up payrolls any longer it was so recommended by his Honor the Mayor.

Thereupon, Supervisor Colman announced that he would vote for the appropriation, because he agreed as to its necessity, although he did not agree with the method.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Amended.

The following recommendation of Education, Parks and Recreation Committee was taken up:

Present: Supervisors Colman, MacPhee.

Requesting Chief Administrative Officer to Assign to Park Department Certain Pieces of Art Sculptured by Beniamino Bufano.

Proposal No. 4463, Resolution No. (Series of 1939), as follows:

Resolved, That the Chief Administrative Officer is hereby respectfully requested to assign to the Park Commission the six pieces of art sculptured by Beniamino Bufano and for which the Park Commission had heretofore expressed a preference, namely: Two Fish, Cat and Mouse, Rabbit, Two Sea Lions, Bear and Cubs.

Discussion.

Supervisor Colman, Chairman of the Committee on Education, Parks and Recreation, reported that the Committee had received two requests for statues; one from the Park Commission and the other from the Housing Authority for Valencia Gardens. The Committee had also received a letter from Mr. Paul Verdier, who, speaking as a private citizen, would like to see the statues placed in Lincoln Park.

Mrs. Flore Bride Power, representing artists in general in San Francisco, urged that the collection be held together. That, however, was a secondary matter. She objected to placing the statues at the Zoo, holding that a zoo was a place for live animals, and not for statues.

Supervisor Mead also urged that the statues sculptured by Mr. Bufano be kept in one place, and stated that it was his understanding that the Park Commission did not care whether the statues were placed in the park or not. In view of the attitude of the Park Commission that Commission should be given no consideration at all. For that reason he believed the proposal should be amended by deleting reference to the Park Commission and the names of the animals, and that all the pieces

of statuary should be given to the California Palace of the Legion of Honor, and he would so move.

Motion seconded by Supervisor Sullivan.

Supervisor Brown held that it has not been the practice to concentrate works of any one artist too closely. He believed that a certain amount of selectivity should be exercised in placing the statues so that they would do the greatest good to the artistic mind of the public.

Mr. Lloyd Ackerman, member of the Park Commission, reported that the several pieces of work described in the proposal were offered to the Park Commission some years ago, but that until recently no disposition was made with respect to their permanent setting. The Park Commission has recommended placing all six pieces named in the proposal in the San Francisco Zoological Garden. The Board of Supervisors does not have the disposition of park property. The Park Commission has spent a great deal of time and has inspected a number of sites for the disposition of this statuary. In the opinion of the Commission these pieces would be more attractive in the sites chosen for them.

Mr. George Gearhard, on being granted the privilege of the floor, expressed agreement with the Park Commission. He did not think there was a more appropriate place than the Zoo, for placement of the statues. He was opposed to placing all the statues in one place.

Mr. Paul Verdier stated that to him it seemed ridiculous to place the statues in the Zoo.

Supervisor Colman declared that Supervisor Mead's motion would be an idle act. The Board has no authority to tell the Park Commission where to put the statues. He could not vote for the motion.

Mr. Bufano objected to installing any of the statues at the Zoo. The pieces were made as one collection, and they should not be separated. He would prefer to see them all stored rather than to be separated.

Thereupon, Supervisor Mead moved that the proposal be amended to provide that one entire collection of thirteen pieces be assigned to the Park Commission, said thirteen pieces to be placed at the California Palace of the Legion of Honor, outside the building itself. Motion seconded by Supervisor Sullivan.

Supervisor Colman objected to the motion. The Park Commission wants only six pieces of sculpture. Moreover, the Board of Supervisors could not tell the Park Commission what to do with those pieces. As to the separation of the collection, he could not follow the artist's views; he could see no affinity between the woman's torso, and the cat, for example. As to the proposed location of the pieces, that would not be directly in the Zoo, but on the approaches to the Zoo.

Supervisors Brown and MacPhee both agreed with the views expressed by Supervisor Colman. The Board should not attempt to force the Park Commission to put these statues at any particular location. However, Supervisor Mead's proposal was not, as Supervisor MacPhee understood it, to request the Park Commission to give consideration to placing the statues at Lincoln Park. It was the Chief Administrative Officer who was to make such request of the Park Commission. Under the circumstances the Board was, he believed, on sound grounds. Supervisor MacPhee believed the Park Commission might come to the conclusion that Lincoln Park would be the proper location for the statues. He believed Supervisor Mead's motion was entirely appropriate.

Thereupon, the roll was called and the motion by Supervisor Mead to amend the proposal under consideration was *carried* by the following vote:

Ayes: Supervisors Green, MacPhee, Mead, Meyer, Sullivan, Uhl—6.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Mancuso—5.

Adopted as Amended.

Whereupon, Proposal No. 4463, as amended, and reading as follows, was taken up:

Requesting Chief Administrative Officer to Assign to Park Department Certain Pieces of Art Sculptured by Beniamino Bufano.

Proposal No. 4463, Resolution No. 4393 (Series of 1939), as follows:

Resolved, That the Chief Administrative Officer is hereby respectfully requested to assign to the Park Commission, thirteen pieces of art, sculptured by Beniamino Bufano, and to request the Park Commission to give consideration to the placing of all thirteen pieces in Lincoln Park.

Adopted by the following vote:

Ayes: Supervisors Green, MacPhee, Mead, Meyer, Sullivan, Uhl—6.

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Mancuso—5.

Refused Passage.

The following, from Commercial and Industrial Development Committee with recommendation "Do Not Pass," was taken up:

Authorizing Granting of Concession for Soft Drink Stand at Farmers' Market.

Bill No. 3218, Ordinance No. (Series of 1939), as follows:

Amending Bill No. 2906, Ordinance No. 2761 (Series of 1939), entitled "Authorizing the Chief Administrative Officer to establish for the duration of the war a Farmers' Market and to direct the operations thereof, provided that said market shall be financed by fees and appropriations; fixing a site for said market; authorizing the Chief Administrative Officer to place the operation of said market in any department under his jurisdiction as provided in the Charter and authorizing the Chief Administrative Officer to appoint a committee which will advise with him as to the conduct of said market; providing for the adoption and promulgation by the Chief Administrative Officer of rules and regulations to govern said market; establishing policies providing as to who may make sales at said market, the hours during which said market shall be open and other matters in regard to the conduct of said market; providing that a violation of the provisions of this ordinance or the rules and regulations adopted and promulgated by the Chief Administrative Officer shall constitute a misdemeanor and authorizing the Chief of Police to enforce the penal provisions of this ordinance," by amending Section 8 thereof to permit the establishment and maintenance, at the Farmers' Market, of a soft drink stand.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 8 of Bill No. 2941, Ordinance No. 2784 (Series of 1939), the title of which is recited above, is hereby amended to read as follows:

Section 8. Sales of products made in said market shall be limited to surplus or distressed fresh fruits and vegetables, and said products shall be sold or offered for sale only by the grower thereof or by members of his immediate family or by his bona fide employee who is permanently employed in and about the farm or place where said seller produces said products, *provided, however, that nothing in this ordinance contained shall prohibit the granting of a concession by the Chief Administrative Officer for the establishment and maintenance of one soft drink stand wherein may be sold and dispensed those products usually sold at such an establishment.*

No commission shall be paid by the growers or received by other

persons involved in the transactions occurring at said market, except such commissions or fees as are paid at said market for the privilege of selling the products thereat.

After explanation by Supervisor Mead of the Committee's recommendation, "Do Not Pass," who stated that the Farmers' Market was set up for a specific purpose and if a concession such as was requested were to be granted, there might be many requests for concessions of other types of merchandise. The Committee did not believe that to be advisable.

The Chief Administrative Officer agreed with the views of the Committee.

Thereupon, the roll was called and the foregoing bill was *Refused Passage for Second Reading* by the following vote:

Noes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan, Uhl—11.

Consideration Postponed.

The following recommendation of County, State and National Affairs Committee was taken up:

Present: Supervisors Green, Gartland, Sullivan.

Requesting the Mayor to Direct the Legislative Representative of the City and County of San Francisco to Oppose Any Proposal to Provide for Voting by Mail.

Proposal No. 4464, Resolution No. (Series of 1939), as follows:

Whereas, it has been rumored that at the next session of the State Legislature, a bill will be introduced purporting to amend to Election Code of the State of California so as to require the people of the State to vote by mail; and

Whereas, such an amendment to the Election Code would not only be a violation of one's right of franchise but would also lead to political chaos; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as opposing any amendment to the Election Code that would require the people of the State of California to vote by mail; and be it

Further Resolved, That his Honor, the Mayor, is hereby respectfully requested to direct the Legislative Representative of the City and County of San Francisco to transmit such opposition to the San Francisco delegation in the State Legislature and to cooperate with them to the utmost to defeat any legislation purporting to require the people of the State of California to vote by mail.

On motion by Supervisor Green, consideration of the foregoing proposal was *postponed until Monday, December 18, 1944.*

Discussion.

The following statement by the Police Committee was presented by Supervisor Gartland and read by the Clerk:

On Monday, November 13, 1944, there was introduced in this Board and referred to the Police Committee, Proposal No. 4402, by Supervisor Colman, authorizing and directing the Committee to hold hearings upon the subject of unfair and illegal practices alleged to exist in the automobile passenger carrier service in San Francisco and, if such practices were determined to exist, to present to this Board such legislation as would remedy the conditions complained of.

Although Proposal No. 4402 was never adopted by the Board, the Police Committee, in an endeavor to expedite the matter, proceeded, upon its own initiative, to conduct an investigation in accordance with the terms of the aforementioned Proposal.

Widely publicized hearings on the subject were held by the Police Committee and although no member of the public appeared in person to testify, four or five communications were received reciting instances of overcharges to patrons of public passenger carriers.

Broad latitude was given at the hearings referred to, and all interested parties were given opportunity to present such proposals as they believed would tend to correct the conditions complained of.

It is conceded by representatives, both of the Police Department and the carrier companies, that overcharging and other abuses do exist and in fairness it must be recorded that the Police as well as the carrier company managements have sought to stamp out improper practices, but their efforts have been unsuccessful.

Only a single purported solution to the problem was advanced, and this by a representative for the Yellow Cab Company. That suggestion consisted in a proposed requirement that the operators of the so-called "sedan" services equip their cars with meters; that thus all passengers would be informed of the fares legally permitted to be charged and the present difficulties would be obviated. This suggestion, which, incidentally, provoked much conflict and opposition and many collateral issues, obviously fails to provide a purported remedy for refusal of service or any of the current complaints, other than overcharging.

Even the contention of the Yellow Cab Company that overcharging would be eliminated by the installation of meters in "sedans" appears successfully repudiated by the testimony of a representative of the Police Department, to the effect that overcharging now exists and is practiced in an equal percentage as between metered and non-metered carriers.

No appreciable difficulty was encountered by the Police in the control of this industry prior to the war, but because of the labor shortage, the scope of carrier operations, inadequate transportation facilities and the increased demand for service to accommodate a swollen population, group riding, and the apparent indisposition on the part of the riding public, generally, to cooperate in an endeavor to eliminate the practices referred to, it is confidently asserted by representatives of the Police Department, as well as by representatives of all but one of the carrier companies, that it is impossible through legislation; by Police or company surveillance, or otherwise, to remedy this regrettable, war-time condition.

The matter, strictly a police problem, cannot successfully be controlled except with full cooperation from the riding public and under present exigencies such cooperative assistance is not manifest and unless the characteristics of human nature are somehow miraculously changed, the practices complained of will, except in isolated instances, continue.

Your Committee does not feel that the installation of meters in so-called "sedans" will provide a solution for the problem, nor materially aid in the elimination of such unfair practices as exist, but if it is decided by this Board that it is necessary and proper to require their

installation and in effect to convert certain public carriers (now operating, with vested rights, under limousine permits) into taxicabs, then it would seem prudent and incumbent upon this Board to first authorize a comprehensive study, with the assistance of some fact-finding agency, of the passenger automobile carrier industry in San Francisco, including the matters of permits or certificates of public convenience and necessity, rates and taxi stands, in order to assure that the prediction of certain of the operating companies shall not materialize, i.e., that most of the present companies or individuals now engaged in the industry must, unless equitable measures be adopted, governing the whole field of this type of carrier operation, necessarily retire from business, thus creating, virtually, a monopoly in the industry.

Although your Committee has equal confidence in the belief that printed signs showing authorized rates inscribed upon the doors of so-called "sedans" will not provide a solution to the problem, it is felt that such a requirement is a proper measure looking toward fullest protection of the public interest, consistent with vested rights in the various types of operation of those presently engaged in the business, and it is thought further that because of the decisive disparity in the types of limousine operations, enabling legislation should be provided which will permit of a distinct classification in the limousine field, to legally provide a designation for and a definition of "sedan" and to regulate the rates for the operation of that type of carrier.

That is the legislation which is before you, the enactment of which your Police Committee recommends.

Respectfully submitted,

POLICE COMMITTEE,

JAMES J. GARTLAND,

Chairman.

ADOLPH UHL, Member.

ROBERT MILLER GREEN,
Member.

Mr. Lloyd Ackerman, attorney for the Yellow Cab Company, in urging the passage of the foregoing Bill, stated that the proposed legislation corrected a great many faults in the present ordinance, and was a laudable effort to meet the exigencies of the situation. He believed the committee report was a splendid one. The present fares now asked by sedan companies is the same as provided in the proposed ordinance. At the present time, a rider must depend on the honesty of the driver. In referring to the definition of a "sedan" as compared to the definition of a "limousine," Mr. Ackerman pointed out that it was impossible to tell the distinguishing characteristic of the sedan and the limousine, and suggested an amendment in Section 2 (g), in the definition of a limousine, after the words "a closed automobile," that there be inserted the words "without having any marks distinguishing it from a privately owned car." He suggested also, that the Board fix rates "not less than, or not in excess of"

In Section 3, (d) in Section (d) there is a provision for exchange of sedan permits. That section should contain a time limit.

Mr. Milton Marks, representing the Greyhound Lines, called attention to the seven-passenger limousines operated by that concern. Those limousines do not operate from stands. Proposals by the Yellow Cab Company were rejected by the Police Committee. Now the Yellow Cab Company proposes to regulate companies represented by him, Mr. Marks, even though there have been no complaints against such companies. Mr. Marks was in favor of the ordinance as printed on the Calendar, and he was satisfied to have the rate as set up in Section 3 (c). However, there was a correction that should be made. The Bill provided limousine fare "on a time basis not more than three dollars for the first hour or fraction thereof, . . ." The fraction "one-half" should be inserted

just before the word "hour," making that sentence read as follows: "The rates of fare for limousines shall be as follows: On a time basis not more than three dollars (\$3.00) for the first one-half hour or fraction thereof, . . ."

Supervisor Gartland, seconded by Supervisor Green, moved approval of amendment as proposed.

Mr. Marks suggested also that Section 4 be deleted. Section 4, he claimed, was just opposite to Section 1116(c).

Thereupon, on motion by Supervisor MacPhee, Section 4 was deleted.

The Chair suggested that Section 1134(c) should include the amount of bill.

The Chief of Police pointed out that the waybill was the drivers record. The passenger did not get it.

Supervisor MacPhee inquired from the Chief of Police as to just what type of legislation could be enforced in order to stop "gypping." The present legislation, he stated, was not satisfactory. The Bill was presented by the Police Committee pursuant to resolution presented by Supervisor Colman.

Supervisor Colman stated that he had presented the Resolution in order to have a study made for the purpose of trying to stop "gypping." The legislation as drawn by the Committee, in so far as it abolishes a minimum rate, is good. However, in order to stop gypping compulsory installation of meters is necessary. The rider can then know the amount of his fare. The Police Committee should study the question of meters. He would vote against the Bill now under consideration because he did not believe it covered the situation to a great enough extent. The matter should be returned to committee for further study, and he would so move. Motion seconded by Supervisor Gallagher.

Supervisor Mead opposed the motion to re-refer. He thought the *Call-Bulletin* was responsible for the elimination of a great deal of gypping that was going on because of the widespread publicity that has been given to the matter. The installation of meters will not solve the problem. The Committee should be commended for its work. It has given the entire matter a great deal of thought and deliberation. It may be true that the proposed legislation will not solve the problem, but it is a step in the right direction.

Mr. Anthony Cancilla, representing the Chauffeurs' Union, commended the Police Committee for its work. He also expressed agreement with the views of Supervisor Mead, and stated that he, too, believed that the proposed legislation was a step in the right direction. Reference to committee, he believed, would accomplish nothing.

Thereupon, the Clerk read communication from the Central Council of Civic Clubs, offering suggestions for the solution of the problem. Communication was ordered filed.

The Chief of Police, on being granted the Privilege of the Floor, declined to offer any suggestion in the way of remedial legislation, stating that the Police Department did not desire to be put in the position of recommending legislation. It would enforce whatever legislation was passed by the Board of Supervisors.

Supervisor Uhl opposed re-reference to committee, stating that he believed the committee had gone as far as possible in its attempt to stop gypping.

Walter G. Miller, representing the De Soto Sedan Service, opposed re-reference to committee. His concern did not want meters. He opposed, also, any zoning of San Francisco. The Bill, as presented, was a step in the right direction.

Mr. Lloyd Taylor announced that he had heard no complaints against

limousines or sedans; he had heard complaints against taxicabs. He believed meters should be installed.

Supervisor Colman pointed out that the object of the legislation was to stop gyping. The installation of meters would do away with that, to a very great extent.

Thereupon the roll was called and the motion to re-refer to committee carried by the following vote:

The Clerk presented:

Proposal No. 4466, Resolution No. (Series of 1939), as follows:

“Resolved, That the City and County of San Francisco shall, and does hereby, accept the ownership of the one hundred (100) shares of the common stock of Union Square Garage Corporation, and does hereby agree to transfer said stock to the Trustees under the Declaration of Trust herein described and made a part hereof, and subject to all its terms and conditions; provided that, said Union Square Garage Corporation shall continue to remain bound by and be subject to all the terms and conditions of that certain lease dated the 18th day of March, 1941,

by and between the City and County of San Francisco acting by and through the Board of Park Commissioners of the City and County of San Francisco, as first party, and Union Square Garage Corporation, as second party; and provided further that the City and County of San Francisco shall not waive any of its rights to assess, levy and collect taxes on the leasehold interest of said Union Square Garage Corporation on said property; and provided further that in the event the City and County of San Francisco shall become the sole owner of all the issued and outstanding stock of said Union Square Garage Corporation, said fact shall not constitute or be construed to be a merger of the interest of the lessor and the lessee in and to said lease, but said lease shall remain in full force and effect to the expiration of the full term thereof. That said Declaration of Trust so made a part hereof reads as follows, to wit:

"Whereas, Union Square Garage Corporation (hereinafter sometimes referred to as the 'company') is a corporation duly organized and existing under and by virtue of the laws of the State of California, with an authorized capital of seven thousand (7,000) shares of 6% cumulative preferred stock of the par value of one hundred dollars (\$100) per share and one hundred (100) shares of common stock without nominal or par value, of which there are now issued and outstanding six thousand eight hundred and fifty-six (6,856) shares of preferred stock and one hundred (100) shares of common stock; and

"Whereas, the company intends to offer to the holders of its preferred stock the right to exchange said preferred stock for 6% income debentures of the company, which debentures are to be secured by an indenture executed by the company to Crocker First National Bank of San Francisco as trustee; and

"Whereas, as part of the consideration for the exchange of said preferred shares for income debentures the City and County of San Francisco, as the owner and holder of all the outstanding common shares of the company, has agreed to transfer said shares to the undersigned as trustees, so that the undersigned as the representatives of the holders of said debentures shall have the right to exercise all voting rights and privileges appertaining to said stock until the principal and interest of said debentures shall have been fully paid;

"Now, Therefore, in consideration of the premises it is hereby agreed and declared by the undersigned, R. D. Carpenter, J. V. Costello, Felix Kahn, C. F. Kumler, F. M. McAuliffe, D. J. Murphy, S. H. Palmer, T. L. Pflueger, and C. H. Wall, that the undersigned, their successors and assigns, do hereby stand possessed of said one hundred (100) shares of common stock of Union Square Garage Corporation, in trust for the City and County of San Francisco pursuant to the terms of this Declaration of Trust and for the period and on the trusts hereinafter set forth.

"1. The one hundred (100) shares of common stock of the company to be held by the trustees shall be transferred on the books of the company into the names of the trustees, and in the event of any change in the trustees, no transfer of said shares shall be required. The trustees shall pay or cause to be paid to the City and County of San Francisco the amount of any dividends received by the trustees for the shares of common stock of Union Square Garage Corporation held hereunder during the full term of the trust.

"2. All action to be taken by or questions arising among the trustees from time to time shall be determined by the decision of a majority of those then acting as trustees, either at a meeting or by writing with or without meeting. The trustees shall possess and shall be entitled in their discretion to exercise the unrestricted right to vote the shares of stock held hereunder for any and every purpose whatsoever and to consent to any and every corporate act on the part of the company. In voting the shares of said stock held hereunder the trustees shall exercise their best judgment from time to time to secure suitable directors, to the end that the affairs of the company shall be properly managed and conducted, and in voting and acting on other matters

which shall come before them at stockholders' meetings or otherwise the trustees shall likewise exercise their best judgment, but the trustees assume no responsibility in respect to the management of the company or in respect to any action taken by them or in pursuance of their votes so cast, and no trustee shall incur any liability by reason of any error of judgment or of law of any matter or thing done or omitted to be done under this Declaration or in the management of the affairs of the company or otherwise except for his individual wilful misconduct. The trustees may delegate to a proxy or proxies, who shall be one or more of the trustees, the right to vote and/or act for them at any and all meetings of the stockholders or as stockholders of the company.

"3. Any trustee may at any time resign by filing his written resignation with the trustees, such resignation to be effective ten (10) days thereafter. Vacancies occurring in the trustees shall be filled by the appointment of a successor or successors to be named in writing by a majority of the remaining trustees in office. The holder or holders of 6% income debentures of Union Square Garage Corporation representing not less than twenty-five per cent (25%) of the par value of said debentures at any time issued and outstanding may call a meeting of said debenture holders for the purpose of removing the trustees or any of them and electing new trustees to serve in their place and stead. Such meeting shall be called by a notice mailed at least one week prior to the date for which such meeting shall be called to each registered debenture holder at the respective addresses on the books of Crocker First National Bank of San Francisco, as trustee for said debenture holders, or by like notice published at least twice a week for one week in a daily newspaper of general circulation printed and published in the City and County of San Francisco, State of California. At such meeting the holders of such debentures shall be entitled to one vote, in person or by proxy, for each one hundred dollars (\$100) of par value of said debentures, and the owners and holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) of the par value of said debentures issued and outstanding shall constitute a quorum for the transaction of business at said meeting. In the event the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) of the par value of said debentures shall vote to remove the trustees or any of them and elect new trustees in their place and stead, the term of office of the trustees so removed shall at once cease and terminate and the new trustees elected at said meeting by such vote as aforesaid shall assume the duties and responsibilities of the trustees so removed.

"4. This trust shall terminate upon the payment of the principal and interest of all the 6% income debentures of Union Square Garage Corporation at any time issued and outstanding, but in no event shall the trust continue beyond January 1, 1970. Upon termination of this trust the trustees shall deliver the one hundred (100) shares of common stock of Union Square Garage Corporation held by them to the City and County of San Francisco, and upon such delivery the authority, duties and responsibilities of the trustees shall immediately cease and terminate.

"5. The term 'trustees' whenever used herein refers, unless otherwise indicated to the contrary, to the trustees at the time acting as such trustees, and the expression 'successors' or any equivalent term shall be taken to denote not only the successor or successors of the trustees named herein, but also the successor or successors of any such successor trustee.

"6. The trustees shall receive no compensation for their duties hereunder. All taxes levied and assessed upon the stock of Union Square Garage Corporation held by the trustees, or on any dividends paid on said stock, shall be paid by the City and County of San Francisco, and the trustees shall not be liable for any taxes or assessments on said stock or on any dividends paid thereon.

"7. In the event the City and County of San Francisco shall, directly or indirectly, become the sole owner of all the issued and outstanding stock of Union Square Garage Corporation, said fact shall not constitute

or be construed to be a merger of the interest of the lessor and the lessee in and to said lease, but said lease shall remain in full force and effect to the expiration of the full term thereof."

His Honor the Mayor Requested to Direct the Legislative Representative to Contact State Assemblymen in Endeavor to Secure Appropriation to Subsidize Log Cabin Ranch School.

Supervisor MacPhee presented:

Proposal No. 4469, Resolution No. (Series of 1939), as follows:

Whereas, at the present time the City and County of San Francisco is operating the Log Cabin Ranch School for delinquent boys; and

Whereas, when the Log Cabin Ranch School was moved to its present site in San Mateo County on July 1, 1941, they moved into an abandoned S.R.A. Camp; and

Whereas, since July 1, 1941, the City and County of San Francisco

has spent approximately \$37,000 for the construction of buildings for the School and \$25,000 for the purchase of land required for the School; and

Whereas, as a result of a recent fire at the Log Cabin Ranch School it will cost approximately \$16,500 to reconstruct the buildings; and

Whereas, in 1941, 27 boys were committed to State institutions from San Francisco, and in 1944, after the Log Cabin Ranch School had been operating three years, only 13 boys from San Francisco were committed to State institutions; and

Whereas, the average attendance at the Log Cabin Ranch School is approximately 45 boys at a cost to the City and County of San Francisco of from \$85 to \$90 per month per boy; and

Whereas, statistics issued by the State show that at Preston State School it costs the State \$73.20 per month per boy for 651 boys, and at Whittier State School it costs \$101.24 per month per boy for 230 boys; and

Whereas, if the Log Cabin Ranch School were not operating almost all of the boys there would be sent to a State institution at an increased cost to the people of the State; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request his Honor, the Mayor, to direct the Legislative Representative of the City and County of San Francisco to contact the members of the San Francisco delegation in the State Legislature and seek their cooperation to the end that an annual appropriation may be made from the Welfare and Institution Fund of the State of California to subsidize the Log Cabin Ranch School now being operated in San Mateo County by the City and County of San Francisco for delinquent boys; and be it

Further Resolved, That a copy of this resolution be forwarded to Senator Shelley and each of our State Assemblymen.

Requesting the Mayor to Direct the Legislative Representative of the City and County of San Francisco to Oppose Any Proposal to Provide for Voting by Mail.

Proposal No. 4464, Resolution No. (Series of 1939), as follows:

Whereas, it has been rumored that at the next session of the State Legislature, a bill will be introduced purporting to amend to Election Code of the State of California so as to require the people of the State to vote by mail; and

Whereas, such an amendment to the Election Code would not only be a violation of one's right of franchise but would also lead to political chaos; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as opposing any amendment to the Election Code that would require the people of the State of California to vote by mail; and be it

Further Resolved, That his Honor, the Mayor, is hereby respectfully requested to direct the Legislative Representative of the City and County of San Francisco to transmit such opposition to the San Francisco delegation in the State Legislature and to cooperate with them to the utmost to defeat any legislation purporting to require the people of the State of California to vote by mail.

On motion by Supervisor Green, consideration was *postponed until Tuesday, December 26, 1944.*

His Honor the Mayor Requested to Direct the Legislative Representative to Contact State Assemblymen in Endeavor to Secure Appropriation to Subsidize Log Cabin Ranch School.

Proposal No. 4469, Resolution No. (Series of 1939), as follows:

Whereas, at the present time the City and County of San Francisco is operating the Log Cabin Ranch School for delinquent boys; and

Whereas, when the Log Cabin Ranch School was moved to its present site in San Mateo County on July 1, 1941, they moved into an abandoned S.R.A. Camp; and

Whereas, since July 1, 1941, the City and County of San Francisco has spent approximately \$37,000 for the construction of buildings for

the School and \$25,000 for the purchase of land required for the School; and

Whereas, as a result of a recent fire at the Log Cabin Ranch School it will cost approximately \$16,500 to reconstruct the buildings; and

Whereas, in 1941, 27 boys were committed to State institutions from San Francisco, and in 1944, after the Log Cabin Ranch School had been operating three years, only 13 boys from San Francisco were committed to State institutions; and

Whereas, the average attendance at the Log Cabin Ranch School is approximately 45 boys at a cost to the City and County of San Francisco of from \$85 to \$90 per month per boy; and

Whereas, statistics issued by the State show that at Preston State School it costs the State \$73.20 per month per boy for 651 boys, and at Whittier State School it costs \$101.24 per month per boy for 230 boys; and

Whereas, if the Log Cabin Ranch School were not operating almost all of the boys there would be sent to a State institution at an increased cost to the people of the State; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request his Honor, the Mayor, to direct the Legislative Representative of the City and County of San Francisco to contact the members of the San Francisco delegation in the State Legislature and seek their cooperation to the end that an annual appropriation may be made from the Welfare and Institution Fund of the State of California to subsidize the Log Cabin Ranch School now being operated in San Mateo County by the City and County of San Francisco for delinquent boys; and be it

Further Resolved, That a copy of this resolution be forwarded to Senator Shelley and each of our State Assemblymen.

Indigent Aid—Proposed Increase in Residential Qualifications.

December 5, 1944.

County, State and National Affairs, Committee,
Board of Supervisors,
City and County of San Francisco.

Gentlemen:

The City and County of San Francisco, during the first years after the current war, will probably be called upon to render indigent aid to a great number of people, primarily immigrants, now gainfully employed in war industries and other work. This will tax our resources to the limit if the present residential qualifications for county aid to indigents are not amended.

To illustrate the cost to the City and County of such indigent aid in the past: The highest point that the total indigent caseload ever reached in San Francisco was in March, 1933, when 74,881 persons were aided at a cost of \$603,931.68. The lowest point reached, based on available data, was in January, 1944, when 1,159 persons were aided at a cost of \$38,790.75. Remember, this is a monthly total of cases and a monthly cost.

It is believed that during the transition period when industry, now

primarily engaged in war work, is reorganizing for peacetime activity, our indigent caseload will reach its peak, and this peak may exceed that of March, 1933. If, when this occurs, the residential qualifications for aid have not been amended, San Francisco will be faced with a serious financial problem.

In order that San Francisco may not be called upon to overburden its taxpayers to provide indigent relief to persons who have no other qualifications for aid other than residence within the State for a period of three years and continuous residence within the county for one year immediately preceding application for aid, it is respectfully suggested that your Committee consider the advisability of recommending to the State Legislature a bill to amend Sections 2555 and 2556 of the Welfare and Institutions Code, relating to residential qualifications for state residence for county aid to indigents, by providing that the qualifications for state residence be changed from three years to five years and that the qualifications for county residence be changed from one year to two years.

Respectfully submitted,

ADOLPH UHL,

Supervisor.

On motion by Supervisor Green, consideration was *postponed until Tuesday, December 26, 1944.*

"Resolved, That the City and County of San Francisco shall, and does hereby, accept the ownership of the one hundred (100) shares of the common stock of Union Square Garage Corporation, and does hereby agree to transfer said stock to the Trustees under the Declaration of Trust herein described and made a part hereof, and subject to all its terms and conditions; provided that, said Union Square Garage Corporation shall continue to remain bound by and be subject to all the terms and conditions of that certain lease dated the 18th day of March, 1941, by and between the City and County of San Francisco acting by and through the Board of Park Commissioners of the City and County of San Francisco, as first party, and Union Square Garage Corporation, as second party; and provided further that the City and County of San Francisco shall not waive any of its rights to assess, levy and collect taxes on the leasehold interest of said Union Square Garage Corporation on said property; and provided further that in the event the City and County of San Francisco shall become the sole owner of all the issued and outstanding stock of said Union Square Garage Corporation, said fact shall not constitute or be construed to be a merger of the interest of the lessor and the lessee in and to said lease, but said lease shall remain in full force and effect to the expiration of the full term thereof. That said Declaration of Trust so made a part hereof reads as follows, to wit:

"Whereas, Union Square Garage Corporation (hereinafter sometimes referred to as the 'company') is a corporation duly organized and existing under and by virtue of the laws of the State of California, with an authorized capital of seven thousand (7,000) shares of 6% cumulative preferred stock of the par value of one hundred dollars (\$100) per share and one hundred (100) shares of common stock without nominal or par value, of which there are now issued and outstanding six thousand eight hundred and fifty-six (6,856) shares of preferred stock and one hundred (100) shares of common stock; and

"Whereas, the company intends to offer to the holders of its preferred stock the right to exchange said preferred stock for 6% income debentures of the company, which debentures are to be secured by an indenture executed by the company to Crocker First National Bank of San Francisco as trustee; and

"Whereas, as part of the consideration for the exchange of said preferred shares for income debentures the City and County of San Francisco, as the owner and holder of all the outstanding common shares of the company, has agreed to transfer said shares to the undersigned as trustees, so that the undersigned as the representatives of the holders of said debentures shall have the right to exercise all voting rights and privileges appertaining to said stock until the principal and interest of said debentures shall have been fully paid;

"Now, Therefore, in consideration of the premises it is hereby agreed and declared by the undersigned, R. D. Carpenter, J. V. Costello, Felix Kahn, C. F. Kumler, F. M. McAuliffe, D. J. Murphy, S. H. Palmer, T. L. Pflueger, and C. H. Wall, that the undersigned, their successors and assigns, do hereby stand possessed of said one hundred (100) shares of common stock of Union Square Garage Corporation, in trust for the City and County of San Francisco pursuant to the terms of this Declaration of Trust and for the period and on the trusts hereinafter set forth.

"1. The one hundred (100) shares of common stock of the company to be held by the trustees shall be transferred on the books of the company into the names of the trustees, and in the event of any change in the trustees, no transfer of said shares shall be required. The trustees shall pay or cause to be paid to the City and County of San Francisco the amount of any dividends received by the trustees for the shares of common stock of Union Square Garage Corporation held hereunder during the full term of the trust.

"2. All action to be taken by or questions arising among the trustees from time to time shall be determined by the decision of a majority of those then acting as trustees, either at a meeting or by writing with or without meeting. The trustees shall possess and shall be entitled in their discretion to exercise the unrestricted right to vote the shares of stock held hereunder for any and every purpose whatsoever and to consent to any and every corporate act on the part of the company. In voting the shares of said stock held hereunder the trustees shall exercise their best judgment from time to time to secure suitable directors, to the end that the affairs of the company shall be properly managed and conducted, and in voting and acting on other matters which shall come before them at stockholders' meetings or otherwise the trustees shall likewise exercise their best judgment, but the trustees assume no responsibility in respect to the management of the company or in respect to any action taken by them or in pursuance of their votes so cast, and no trustee shall incur any liability by reason of any error of judgment or of law of any matter or thing done or omitted to be done under this Declaration or in the management of the affairs of the company or otherwise except for his individual wilful misconduct. The trustees may delegate to a proxy or proxies, who shall be one or more of the trustees, the right to vote and/or act for them at any and all meetings of the stockholders or as stockholders of the company.

"3. Any trustee may at any time resign by filing his written resignation with the trustees, such resignation to be effective ten (10) days thereafter. Vacancies occurring in the trustees shall be filled by the appointment of a successor or successors to be named in writing by a majority of the remaining trustees in office. The holder or holders of 6% income debentures of Union Square Garage Corporation representing not less than twenty-five per cent (25%) of the par value of said debentures at any time issued and outstanding may call a meeting of said debenture holders for the purpose of removing the trustees or any of them and electing new trustees to serve in their place and stead. Such meeting shall be called by a notice mailed at least one week prior to the date for which such meeting shall be called to each registered debenture holder at the respective addresses on the books of Crocker First

National Bank of San Francisco, as trustee for said debenture holders, or by like notice published at least twice a week for one week in a daily newspaper of general circulation printed and published in the City and County of San Francisco, State of California. At such meeting the holders of such debentures shall be entitled to one vote, in person or by proxy, for each one hundred dollars (\$100) of par value of said debentures, and the owners and holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) of the par value of said debentures issued and outstanding shall constitute a quorum for the transaction of business at said meeting. In the event the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) of the par value of said debentures shall vote to remove the trustees or any of them and elect new trustees in their place and stead, the term of office of the trustees so removed shall at once cease and terminate and the new trustees elected at said meeting by such vote as aforesaid shall assume the duties and responsibilities of the trustees so removed.

"4. This trust shall terminate upon the payment of the principal and interest of all the 6% income debentures of Union Square Garage Corporation at any time issued and outstanding, but in no event shall the trust continue beyond January 1, 1970. Upon termination of this trust the trustees shall deliver the one hundred (100) shares of common stock of Union Square Garage Corporation held by them to the City and County of San Francisco, and upon such delivery the authority, duties and responsibilities of the trustees shall immediately cease and terminate.

"5. The term 'trustees' whenever used herein refers, unless otherwise indicated to the contrary, to the trustees at the time acting as such trustees, and the expression 'successors' or any equivalent term shall be taken to denote not only the successor or successors of the trustees named herein, but also the successor or successors of any such successor trustee.

"6. The trustees shall receive no compensation for their duties hereunder. All taxes levied and assessed upon the stock of Union Square Garage Corporation held by the trustees, or on any dividends paid on said stock, shall be paid by the City and County of San Francisco, and the trustees shall not be liable for any taxes or assessments on said stock or on any dividends paid thereon.

"7. In the event the City and County of San Francisco shall, directly or indirectly, become the sole owner of all the issued and outstanding stock of Union Square Garage Corporation, said fact shall not constitute or be construed to be a merger of the interest of the lessor and the lessee in and to said lease, but said lease shall remain in full force and effect to the expiration of the full term thereof."

Health Committee to Consider Ways and Means of Aiding Those Afflicted With Psychiatric Ailments.

Supervisor Mancuso presented:

Proposal No. 4476, Resolution No. (Series of 1939), as follows:

Whereas, it has been represented by certain members of the medical profession in San Francisco specializing in psychiatry, that due to the increase in population in San Francisco and the consequent lack of hos-

Bill No. 3258, Ordinance No. (Series of 1939), as follows:

Authorizing agreement with County of San Mateo relative to disposal of sewage from Canyon Sanitarium into Hassler Health Home Sewage System.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Chief Administrative Officer, the Mayor and the Clerk of the Board of Supervisors, on behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a written agreement with the County of San Mateo, dated as of December 5, 1944, as follows:

THIS AGREEMENT, made by and between CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation, the first party, hereinafter referred to as "City," and COUNTY OF

SAN MATEO, a political subdivision of the State of California, the second party, hereinafter referred to as "County,"

WITNESSETH:

Whereas, the County is the owner of the Canyon Sanitarium in San Mateo County, California, adjoining the City's Hassler Health Home; and

Whereas, the County has requested permission from the City to discharge sewage from the Canyon Sanitarium into the Hassler Health Home sewage system for treatment and disposal, and the County proposes to construct the necessary connecting sewer; and

Whereas, the City has determined that the pro rata cost to the County of operating said treatment plant and sewer shall be \$600.00 per annum, based on an assumed population of 100 for the Canyon Sanitarium and 350 for the Hassler Health Home;

Now, Therefore, the parties hereto agree as follows:

1. The County shall have the right to construct, maintain, operate, repair and use said connecting sewer and appurtenances in and along a strip of land 10 feet in width through that certain real property known as the Hassler Health Home, situated in the County of San Mateo, State of California, which real property is that certain 301.6 acre tract of land conveyed to the City by deed recorded March 27, 1924, in Volume 110, at page 143, Official Records of San Mateo County, said 10-foot strip of land being 5 feet on each side of the following described center line:

Beginning at a point on the southeasterly line of said 301.6 acre tract of land, distant along said line north 62° 06' east 77.51 feet from the most easterly corner of that certain 10 acre tract of land described as Parcel 1 in deed from Libby A. Scheier to the County of San Mateo, recorded December 18, 1941, in Volume 998, at page 168, Official Records of San Mateo County; thence from said point of beginning north 2° 03' west 59.47 feet; thence north 57° 17' east 290.20 feet; thence north 59° 54' east 330.10 feet and south 30° 06' east 28.10 feet.

2. The City reserves the right to use said strip of land for any purpose not inconsistent with the use thereof by the County under the provisions hereof. The City also reserves the right to grant easements to other parties over, in and upon said land, provided such easements do not interfere with the use of said connecting sewer, which sewer shall be laid below the surface of the ground.

3. Within a period of one year from date hereof the County shall construct said connecting sewer from the Canyon Sanitarium to the Hassler Health Home treatment plant, in and along the strip of land hereinbefore described. Said construction work shall be done in a manner satisfactory to the City Engineer of San Francisco. The expense of construction, maintenance, operation and repair of said sewer shall be borne by the County.

4. In consideration of payment by the County to the City of the sum of \$600.00 per year in lawful money of the United States of America, annually in advance, commencing on the date when said connecting sewer is completed and put into service, the City shall treat and dispose of such sewage from the Canyon Sanitarium after delivery through said connecting sewer, continuing thereafter for a period of five years, subject to the terms and conditions hereof. Any holding over of said period shall be on a year to year basis on the same terms and conditions as herein provided.

5. The County shall at all times keep said strip of land in

good and sightly condition so far as the same may be affected by its operations hereunder, and shall abide by all laws and governmental orders or regulations and amendments thereto controlling or limiting in any way the use of said connecting sewer.

6. The City shall not be liable to the County or to any other party for any death, injury or damage that may result to any person or property due directly or indirectly to the County's occupation and use of the City's land herein described, and the County shall promptly pay any and all just claims therefor. The County shall indemnify and hold the City harmless from all claims and liens of every kind and nature in connection therewith, and shall defend the City against any and all such claims and liability.

7. Upon the violation of any of the terms or conditions hereof and the failure of the County to remedy the same within 60 days after written notice from the City so to do, or in the event the County abandons the use of said connecting sewer for a period of one year, then the City may terminate this agreement and the County shall surrender possession of the premises to the City and deliver to the City a good and sufficient quitclaim deed, if and when requested.

8. The City shall have the right to proportionately increase the consideration to be paid by the County if and when the population of the Canyon Sanitarium exceeds 100.

9. This instrument may be changed or modified by further agreement between the parties hereto.

10. The rights and conditions herein set forth shall inure to the benefit of and bind the successors and assigns of the parties hereto.

Section 2. Said agreement has been executed by the County of San Mateo, pursuant to Resolution No. 1505, adopted by its Board of Supervisors on December 5, 1944.

Adopted.

The following recommendations of County, State and National Affairs Committee were taken up:

Present: Supervisors Green, Gartland, Meyer, Sullivan.

Re-reference to Committee.

Report of County, State and National Affairs Committee.

Supervisor Green presented:

A series of meetings of the County, State and National Affairs Committee were held between the 1st and 20th days of December for the following purpose:

"To determine to the highest possible degree a general legislative program for the benefit of San Francisco to be presented to the Assemblymen and Senator from San Francisco for action by the California State Legislature when it convenes at Sacramento in January, 1945, in regular session."

Notice of the time and place of said meetings was forwarded to the heads of all of the departments and commissions of the City and

County government as well as to groups representing business, labor, fraternal and civic organizations and the individual members of the Legislature representing San Francisco therein.

Splendid cooperation was manifested as most all interested groups were represented.

The committee took cognizance of the fact that their recommendations must necessarily be most general and in the nature of a request to our legislators to consider the phases of certain fields of legislation rather than a statement of absolute policy on the part of the Board of Supervisors. We fully understand it is only when bills have been introduced upon a particular subject that we may crystallize our views and then take a stand for that which we deem to be for the best interests of San Francisco.

With this thought in mind the committee announced that there will be a series of meetings during the month of February, 1945, to consider bills introduced in the Legislature during January that might affect San Francisco either favorably or adversely. In this connection Russell L. Wolden, Assessor, echoed the sentiment of many of the department heads when he stated that although he desired to work with the committee whole-heartedly he felt that his department was in good running order and that we must wait for and oppose bills adverse to the administration of his department as and when they are introduced.

However, Mr. Wolden did submit a thought of policy determination which the committee recommends to the Board.

1. That in the case of sales tax subvention from the State the administration of the funds therefrom should be by local determination rather than by State control.

Mayor Lapham was extremely cooperative, appearing before the committee and joining in the general discussion. He stated a desire to work with the committee at all times and to consult with the members as matters of policy arise. We discussed:

2. The matter of the return of operation and control of San Francisco's harbor from State jurisdiction. The Mayor expressed the opinion that such a controversial measure should not be part of our program until after the war. Assemblyman Edward Gaffney replied that we should keep the issue alive by presenting a bill calling for such return whether the bill was pushed or not. The committee favored Mayor Lapham's view that no such bill be introduced at this session of the Legislature and such is our recommendation.

3. The third recommendation in respect to a legislative program centered about the Log Cabin Ranch for Boys. We believe that the benefits derived by the boys as to rehabilitation, etc., is a State as well as local concern and we therefore urge that State funds be provided therefor and that Supervisor MacPhee's work and resolution pertaining thereto be highly commended.

4. The matter of a consolidated Airport Authority embracing the nine Bay Area counties was considered. Supervisor Green had introduced a resolution looking to the study of the feasibility of such a plan. The resolution was referred to the Bay Area Development Council where a further and comprehensive study was given to it. The representatives of said counties (city planners, councilmen and supervisors) were unanimous that a coordinated plan for Bay Area airports should be studied by the 1945 Legislature.

The State law now provides that a particular area may join together for a mutual airport district. When and if this were set up the area would not only be benefited by lack of duplication but then State and Federal funds could be forthcoming. The committee recommends that the San Francisco delegation caucus with the representatives of the Bay Area counties outside of San Francisco, i.e., Marin, Sonoma, Contra Costa, Solano, Alameda, San Mateo, Santa Clara and Santa Cruz to determine the feasibility of such a program.

5. Dodge Reidy, City Architect, and Sidney Hester, representing the Board of Public Works, recommended to the committee that the San

Francisco delegation attempt to effect such legislation as would provide appropriations to counties for the benefit and upkeep of the streets as distinguished from highways. The committee passed favorably upon this.

6. The committee went on record as being opposed to proposed legislation making it compulsory upon all voters to vote by mail. Registrar of Voters Cameron King pointed out the dangers of such a scheme as far as the privacy of the ballot is concerned and explained further that \$2,000,000 invested in voting machines would be lost.

7. It was proposed and recommended by the committee that legislation be introduced making Market Street from Van Ness over Twin Peaks to Portola Drive, then over Junipero Serra to Nineteenth Avenue a part of the State Highway System so that more State aid may be forthcoming.

8. A favorable recommendation was that the Golden Gate Bridge District be made part of the State Highway System. Legislation looking to this end has been defeated in past sessions of the Legislature but we urge that our legislators re-introduce the same and fight for its passage.

9. Mr. Uhl's resolution re increasing the sales tax from 2½ per cent to 3 per cent was put over at the request of the author.

10. Mr. Uhl's resolution re indigent aid was referred to the Board without recommendation.

11. The Divisional Highway Project was discussed but no action was taken.

We submit that it is difficult to be as concrete as we should have liked to have been in respect to matters of policy but these matters are tempered by legislation introduced and general trends. We shall continue to work with the Mayor, department heads and civic leaders together with Mr. Don Cleary, our legislative representative. We shall hold a series of meetings during the legislative recess to compile at that time bills affecting San Francisco and shall make definite recommendations as to whether we favor or disapprove.

Motion.

Supervisor MacPhee moved that Supervisor Green's report be referred to committee, that it be printed, together with the resolution on indigent aid, and that recommendations be made seriatim thereon and that the entire matter appear on the Calendar for the next meeting.

No objection and *so ordered*.

Requesting the Mayor to Direct the Legislative Representative of the City and County of San Francisco to Oppose Any Proposal to Provide for Voting by Mail.

Proposal No. 4464, Resolution No. 4404 (Series of 1939), as follows:

Whereas, it has been rumored that at the next session of the State Legislature, a bill will be introduced purporting to amend to Election Code of the State of California so as to require the people of the State to vote by mail; and

Whereas, such an amendment to the Election Code would not only be a violation of one's right of franchise but would also lead to political chaos; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as opposing any amendment to the Election Code that would require the people of the State of California to vote by mail; and be it

Further Resolved, That his Honor, the Mayor, is hereby respectfully requested to direct the Legislative Representative of the City and County of San Francisco to transmit such opposition to the San Francisco delegation in the State Legislature and to cooperate with them to

the utmost to defeat any legislation purporting to require the people of the State of California to vote by mail.

His Honor the Mayor Requested to Direct the Legislative Representative to Contact State Assemblymen in Endeavor to Secure Appropriation to Subsidize Log Cabin Ranch School.

Proposal No. 4469, Resolution No. 4405 (Series of 1939), as follows:

Whereas, at the present time the City and County of San Francisco is operating the Log Cabin Ranch School for delinquent boys; and

Whereas, when the Log Cabin Ranch School was moved to its present site in San Mateo County on July 1, 1941, they moved into an abandoned S.R.A. Camp; and

Whereas, since July 1, 1941, the City and County of San Francisco has spent approximately \$37,000 for the construction of buildings for the School and \$25,000 for the purchase of land required for the School; and

Whereas, as a result of a recent fire at the Log Cabin Ranch School it will cost approximately \$16,500 to reconstruct the buildings; and

Whereas, in 1941, 27 boys were committed to State institutions from San Francisco, and in 1944, after the Log Cabin Ranch School had been operating three years, only 13 boys from San Francisco were committed to State institutions; and

Whereas, the average attendance at the Log Cabin Ranch School is approximately 45 boys at a cost to the City and County of San Francisco of from \$85 to \$90 per month per boy; and

Whereas, statistics issued by the State show that at Preston State School it costs the State \$73.20 per month per boy for 651 boys, and at Whittier State School it costs \$101.24 per month per boy for 230 boys; and

Whereas, if the Log Cabin Ranch School were not operating almost all of the boys there would be sent to a State institution at an increased cost to the people of the State; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request his Honor, the Mayor, to direct the Legislative Representative of the City and County of San Francisco to contact the members of the San Francisco delegation in the State Legislature and seek their cooperation to the end that an annual appropriation may be made from the Welfare and Institution Fund of the State of California to subsidize the Log Cabin Ranch School now being operated in San Mateo County by the City and County of San Francisco for delinquent boys; and be it

Further Resolved, That a copy of this resolution be forwarded to Senator Shelley and each of our State Assemblymen.

Monday, December 18, 1944—Consideration continued until Tuesday, December 26, 1944.

Discussion.

Supervisors Brown and Colman voiced their disapproval of the proposal in which his Honor the Mayor is requested to direct the Legislative Representative to contact State Assemblymen in endeavor to secure

appropriation to subsidize the Log Cabin Ranch School. Supervisor Brown explained his stand by stating that in his opinion the smaller political subdivision should not incur an expense and then attempt to have the State or Federal governments subsidize them.

Supervisor Meyer also expressed disapproval of the expense now involved in maintaining the Log Cabin Ranch School, further stating that years ago the school was run more economically and more efficiently when it was located in Mendocino County.

Supervisor MacPhee spoke of the good work the Log Cabin Ranch School has been doing in the rehabilitation of youths sent to it; that it was a case of sending the boys to either a reform school, namely, Preston or Whittier or to the Log Cabin and at that at the Log Cabin Ranch School they had the opportunity of rebuilding their lives and becoming good citizens.

Whereupon, the roll was called and Proposal No. 4469 was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mancuso, Mead, Meyer, Sullivan—8.

Noes: Supervisors Brown, Colman—2.

The following, from Committee on County, State and National Affairs, without recommendation, was taken up:

Indigent Aid—Proposed Increase in Residential Qualifications.

December 5, 1944.

County, State and National Affairs, Committee,
Board of Supervisors,
City and County of San Francisco.

Gentlemen:

The City and County of San Francisco, during the first years after the current war, will probably be called upon to render indigent aid to a great number of people, primarily immigrants, now gainfully employed in war industries and other work. This will tax our resources to the limit if the present residential qualifications for county aid to indigents are not amended.

To illustrate the cost to the City and County of such indigent aid in the past: The highest point that the total indigent caseload ever reached in San Francisco was in March, 1933, when 74,881 persons were aided at a cost of \$603,931.68. The lowest point reached, based on available data, was in January, 1944, when 1,159 persons were aided at a cost of \$38,790.75. Remember, this is a monthly total of cases and a monthly cost.

It is believed that during the transition period when industry, now primarily engaged in war work, is reorganizing for peacetime activity, our indigent caseload will reach its peak, and this peak may exceed that of March, 1933. If, when this occurs, the residential qualifications for aid have not been amended, San Francisco will be faced with a serious financial problem.

In order that San Francisco may not be called upon to overburden its taxpayers to provide indigent relief to persons who have no other qualifications for aid other than residence within the State for a period of three years and continuous residence within the county for one year immediately preceding application for aid, it is respectfully suggested that your Committee consider the advisability of recommending to the State Legislature a bill to amend Sections 2555 and 2556 of the Welfare

and Institutions Code, relating to residential qualifications for state residence for county aid to indigents, by providing that the qualifications for state residence be changed from three years to five years and that the qualifications for county residence be changed from one year to two years.

Respectfully submitted,

ADOLPH UHL,

Supervisor.

Monday, December 18, 1944—*Consideration continued until Tuesday, December 26, 1944.*

Discussion.

Supervisor MacPhee moved that the letter from Supervisor Uhl having to do with the proposed increase in residential requirements for those seeking indigent aid, be made a part of the report as submitted by Supervisor Green. Motion failed for want of a second.

Supervisor Green explained the aims of Supervisor Uhl in making mandatory residence in the State of California for five years with at least two years' residence in the county in which indigent aid is to be sought and doing away with the present requirements which call for three years' residence in the State and one year in the county.

Supervisor Brown moved, seconded by Supervisor Mead, that the Clerk be instructed to draft a resolution embodying the requirements as outlined in Supervisor Uhl's letter and that the resolution be sent to committee for study.

Whereupon, the Chair *re-referred the matter to the County, State and National Affairs Committee.*

Supervisor Green thereupon called a meeting of the County, State and National Affairs Committee for Friday, December 29, 1944, at 3 p. m., and asked that the Department of Social Welfare and other interested parties be notified.

Adopted.

The following recommendation of Public Health and Welfare Committee was taken up:

Present: Supervisors Sullivan, Mancuso.

Statement by Supervisor MacPhee on Fire Which Virtually Destroyed Residence at 180 Santa Ana Avenue.

Supervisor MacPhee explained in some detail the origin of the fire that engulfed the residence at 120 Santa Ana Avenue and where, un-

fortunately, an elderly gentlemen, 76 years of age, was trapped on the second floor, and perished. Supervisor MacPhee did not place the blame on anyone but deplored the fact that water was not available at the time when it was needed most. He further stressed the fact that if fuse blocks are put on wires there would not be the danger of fire by short-circuit nor by ignition of the dried needles by the overheated Christmas tree globes. Supervisor MacPhee suggested that the matter of enacting legislation making it mandatory to install fuse blocks when Christmas trees are set up, be referred to the proper committee and that the Department of Electricity and Fire Department be notified.
